COUNCIL COMMUNICATION

Meeting Date: 3/21/19

Item Title: CIP Funds Transfer
Department: Finance
Presented by: Melissa Wright, City Recorder *MW*

Requested Council Action:

- Ordinance
 - Resolution
 - Motion
 - Direction
 - Information
-

Summary

Notification to Council of City Manager approved CIP transfer.

Background Information

Funding for capital improvement projects is provided by TMBF Loans / Bonds after being allocated and approved by City Council. When reallocation of these funds becomes necessary a request for CIP Funds Transfers is submitted to the City Manager for approval and then placed on the Consent Agenda to serve as notification to City Council. The following CIP Transfer has been approved:

Property Acquisition Costs

Previously funding had been provided by bonds to pay for costs related to condemnation settlements. At the present time, there is no funding available for this purpose, and \$75,000 has been requested. The costs of Lytle Street Phase 2 are expected to be lower than anticipated due to Rutherford County's cost sharing in the project. After this transfer, the remaining balance for Lytle Street Phase 2 will be \$849,572.82 (2018 Bond).

Airport Underground Utilities

Additional funding in the amount of \$10,378.71 is needed to complete the utilities project at the airport. The Recreation Maintenance Facilities Project has been reduced to include only one building so it has excess funds available for this transfer. After this transfer, the remaining balance in the Recreation Maintenance Facilities Project will be \$936,868.17 (2018 Bond).

Senior Center Parking Improvements

\$200,000 has been requested for parking improvements at the Senior Citizens Center. The Recreation Maintenance Facilities Project has been reduced to include only one

building so it has excess funds available for this transfer. After this transfer, the remaining balance in the Recreation Maintenance Facilities Project will be \$402,349.41 (2016 Bond).

Recreation Vehicles

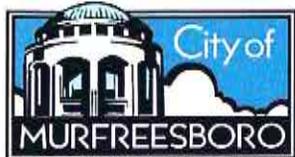

\$270,000 has been requested for the purchase of Recreation vehicles. The Recreation Maintenance Facilities Project has been reduced to include only one building so it has excess funds available for this transfer. After this transfer, the remaining balance in the Recreation Maintenance Facilities Project will be \$132,349.41 (2016 Bond).

Fiscal Impacts

None

COUNCIL COMMUNICATION

Meeting Date: 3/21/2019

Item Title: FY 2019 City Manager Approved Budget Amendments

Department: Finance

Presented by: Melissa B. Wright *MSW*

Requested Council Action:

- Ordinance
 - Resolution
 - Motion
 - Direction
 - Information
-

Summary

Notification to Council of City Manager approved budget amendments.

Background Information

Ordinance 15-O-48 requires notification to Council of City Manager approved budget amendments. The following budget amendments have been approved:

Street Department

The Police Department has transferred funds to the Street Department for the landfill tipping fees associated with tearing down and disposal of six nuisance homes. Move \$25,000 from Police Operating Expenses roll up category, Office Supplies and Materials object code, into the Street Operating Expenses roll up category, Violation Remediation object code.

Legal Department

The transfer is to purchase an annual unlimited single user license to AIA Contract Documents. Move \$1,250 from Legal Fixed Assets Expenses roll up category, Computer Equipment object code, into the Legal Operating Expenses roll up category, Professional Services - Subscriptions object code.

General Government Buildings

The first transfer is to purchase equipment to allow more building repairs and maintenance to be completed in-house. Move \$22,123 from General Government Buildings Operating Expenses roll up category, Household & Janitor Supplies object code, into the General Government Buildings Fixed Asset Expenses roll up category, Machinery & Equipment object code.

The second transfer is to purchase two 2019 Ford F-250 Regular Cab 4x2 trucks and one 2019 Ford F-250 Crew Cab 4x4 truck. Move \$68,000 from General Government Buildings Operating Expenses roll up category, Electric object code; move \$19,866 from General Government Buildings Operating Expenses roll up category, Household & Janitor Supplies object code; move \$11,500 from General Government Buildings Operating Expense roll up category, Repair & Maint. Buildings, into the General Government Buildings Fixed Asset Expenses roll up category, Transp Equipment object code.

Operational Issues

These transfers improve operational efficiencies and provide the City with the equipment or operational support necessary for cost-effective service delivery and enhanced management of fiscal responsibilities.

Fiscal Impacts

The transfers are within the General Fund and will have no effect on fund balance.

COUNCIL COMMUNICATION

Meeting Date: 03/07/2019

Item Title: A. Purchase of two (2) 2019 Ford F-250 Regular Cab 4x2 Trucks;
B. Purchase of a 2019 Ford F-250 Crew Cab 4x4 Truck

Department: Facilities Management

Presented by: Bo Jones, Facilities Superintendent

Requested Council Action:

Ordinance	<input type="checkbox"/>
Resolution	<input type="checkbox"/>
Motion	<input checked="" type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Purchase of two (2) 2019 Ford F-250 Regular Cab 4x2 Trucks and a 2019 Ford F-250 Crew Cab 4x4 Truck under the State of Tennessee, Department of General Services Central Procurement Office with Ford of Murfreesboro.

Staff Recommendation

Approve the cooperative purchase of two (2) 2019 Ford F-250 Regular Cab 4x2 Trucks and a 2019 Ford F-250 Crew Cab 4x4 Truck from Ford of Murfreesboro through the State of Tennessee, Department of General Services Central Procurement Office.

Background Information

The purchase of two (2) 2019 Ford F-250 Regular Cab 4x2 Trucks and a 2019 Ford F-250 Crew Cab 4x4 Truck will replace a 1993 Pontiac Bonneville and a 1994 Chevy Pickup, both with high mileage and the repair costs have exceeded the value of the vehicles. The new vehicles are available for purchase through the Department of General Services Central Procurement Office, Contract No. 56446, with Ford of Murfreesboro for a \$68,698.00 and \$30,668.00, respectfully. State statute and Council Resolution 13-R-11 authorizes cooperative purchases without competitive bidding from Department of General Services Central Procurement Office, Contract No. 56446.

Fiscal Impacts

Funding for this purchase is available through the FY19 Operating Budget and upon approval, will be transferred to Fixed Assets for the approved purchase.

Contract Number: 000000000000000000056446

Title: SWC# 209 - Vehicles

Start Date : October 05, 2017 End Date: September 30, 2019

Is this contract available to local government agencies in addition to State agencies?: Yes

Authorized Users. This Contract establishes a source or sources of supply for all Tennessee State Agencies. "Tennessee State Agency" refers to the various departments, institutions, boards, commissions, and agencies of the executive branch of government of the State of Tennessee with exceptions as addressed in Tenn. Comp. R. & Regs. 0690-03-01-.01. The Contractor shall provide all goods or services and deliverables as required by this Contract to all Tennessee State Agencies. The Contractor shall make this Contract available to the following entities, who are authorized to and who may purchase off of this Statewide Contract ("Authorized Users"):

- a. all Tennessee State governmental entities (this includes the legislative branch; judicial branch; and, commissions and boards of the State outside of the executive branch of government);
- b. Tennessee local governmental agencies;
- c. members of the University of Tennessee or Tennessee Board of Regents systems;
- d. any private nonprofit institution of higher education chartered in Tennessee; and,
- e. any corporation which is exempted from taxation under 26 U.S.C. Section 501(c)(3), as amended, and which contracts with the Department of Mental Health and Substance Abuse to provide services to the public (Tenn. Code Ann. § 33-2-1001).

These Authorized Users may utilize this Contract by purchasing directly from the Contractor according to their own procurement policies and procedures. The State is not responsible or liable for the transactions between the Contractor and Authorized Users.

Note: If "no", attach exemption request addressed to the Central Procurement Officer.

Vehicle Replacement Request

Requesting Department

Facilities Maintenance

Criteria for replacement of vehicles includes operating costs, safety standards, departmental needs, age and mileage. Before any vehicle is recommended for replacement, a technical/maintenance evaluation will be performed by Fleet Management staff.

Existing vehicle (Make, model, age, mileage, fuel efficiency and Fleet ID No.)

The vehicle targeted for replacement is a 1993 Pontiac Bonneville with 173,850 miles and is Fleet #90849

Driver/Operator of Vehicle

Hours in Operation per day/week

Mileage last 12 months

1,900

Justification for vehicle replacement

The vehicle does not start or operate in any capacity. The cost to fix the car would far exceed it's value and a different type of vehicle is needed for this department to operate efficiently.

Suggested Replacement Vehicle

F250 with utility bed with lift gate

Additional Equipment (e.g. utility body, tool boxes, emergency lights)

utility bed and lift gate

Requested Budget for Replacement Vehicle

Purchase Cost	34,439
Fuel	1,200
Annual repair & maintenance	
Insurance Costs	
	35,639

Fleet Services Recommendation

Approved as Requested

Denied and reasons

Existing vehicle (Make, model, age, mileage, fuel efficiency and Fleet ID No.)

The vehicle targeted for replacement is a 1994 Chevy pickup with 122,746 miles and is Fleet #54766.

Driver/Operator of Vehicle

P/T Maintenance technicians

Hours in Operation per day/week

20

Mileage last 12 months.

1722

Justification for vehicle replacement

This truck was a truck that was already targeted for replacement by the Street Division and was sitting at Fleet ready to be sold when we transferred it over to this department. It is currently being utilized by our part time staff when they need to operate independently from their crew leader. However the truck does not fit our needs and when replaced the new vehicle will become the primary for the maintenance technician and the older less reliable will be our backup for the part time staff to drive when necessary.

Suggested Replacement Vehicle

F250 with utility bed

Additional Equipment (e.g. utility body, tool boxes, emergency lights)

utility bed and lift gate.

Requested Budget for Replacement Vehicle

Purchase Cost	34,439
Fuel	1,200
Annual repair & maintenance	
Insurance Costs	

35,639

Summary

Consider amendment No. 3 to the Middle Tennessee Blvd agreement between the City and TDOT.

Staff Recommendation

Approval of the amendment No. 3 to TDOT agreement for Middle Tennessee Blvd.

Background Information

On 2/26/2009, Council approved an Agreement between the City and TDOT for the funding of the Middle Tennessee Blvd Improvement Project for the section of this roadway between Main Street and Greenland Drive. Since that time, the project has been designed, bid, and is currently under construction. The original contract was set to expire on 1/13/2014 and was extended to 1/31/2018 by Amendment No. 1. Subsequently, Amendment No. 2 was executed to further extend the contract date to 4/30/2018.

Staff has requested and received Amendment No. 3 to the original Agreement that extends the contract expiration date to 4/30/2018. Though the construction project will be completed in the summer months, the requested time will ensure adequate time for project closeout with TDOT and FHWA.

Council Priorities Served

Safe and Livable Neighborhoods

The improvements to Middle Tennessee will enhance the mobility of the corridor.

Strong and Sustainable Financial and Economic Health

Improvement of the roadway infrastructure with federal dollars allows local fund to be used for other community purposes.

Fiscal Impacts

Extensions of the term of the Agreement avoid federal funding on the project being lost.

Attachments:

Amendment No. 3 to Agreement No. 090036 between the City and TDOT

Amendment Number: 3

Agreement Number: 090036

Project Identification Number: 112090.00

Federal Project Number: HPP/CM/STP-M-9311(19)

State Project Number: 75LPLM-F3-016

THIS AGREEMENT AMENDMENT is made and entered into this _____ day of _____, 20__ by and between the STATE OF TENNESSEE DEPARTMENT OF TRANSPORTATION, an agency of the State of Tennessee (hereinafter called the "Department") and the CITY OF MURFREESBORO (hereinafter called the "Agency"), for the purpose of providing an understanding among the parties of their respective obligations related to the management of the project described as:

“Middle Tennessee Boulevard, From E. Main Street to Greenland Drive in Murfreesboro”

1. The language of Agreement # 090036 dated August 9, 2016, Section B.2 a) Completion Date is amended to change the first sentence of Section B.2 a) from:

The Agency agrees to complete the herein assigned phases of the Project on or before **APRIL 30, 2019**.

to

The Agency agrees to complete the herein assigned phases of the Project on or before **APRIL 30, 2020**.

All provisions of the original contract not expressly amended hereby shall remain in full force and effect.

IN WITNESS WHEREOF, the parties have caused this instrument to be executed by their respective authorized officials on the date first above written.

Summary

Purchase of a Takeuchi TB290 Excavator and related equipment under the State General Services Central Procurement Office Contract with Cumberland Tractor & Equip LLC.

Staff Recommendation

Approve the cooperative purchase of a Takeuchi TB290 Excavator and related equipment from Cumberland Tractor & Equip.

Background Information

The purchase of a Takeuchi TB290 Excavator and related equipment will be an addition to our Stormwater construction fleet. This Excavator is available for purchase through the State's General Services Central Procurement Office with Cumberland Tractor & Equip for \$108,730. State statute and Council Resolution 13-R-11 authorizes cooperative purchases without competitive bidding under the State's General Services Central Procurement Office contracts.

This is a budgeted item and will be paid from the FY19 Stormwater Fund. The Excavator was budgeted in the amount of \$175,000. Therefore, the contract price for the Excavator and related equipment is under the budgeted amount by \$66,270.

**CONTRACT BETWEEN
CITY OF MURFREESBORO
AND
CUMBERLAND TRACTOR & EQUIPMENT, LLC
FOR PURCHASE OF EQUIPMENT**

This Contract is entered into and effective as of the 13th day of March 2019, by and between the **CITY OF MURFREESBORO**, a municipal corporation of the State of Tennessee ("City") and **CUMBERLAND TRACTOR & EQUIPMENT, LLC**, a limited liability company of the State of Tennessee ("Contractor").

This Contract consists of the following documents:

- *This Contract*
- *Contractor's State of Tennessee Contract 48462 with Cumberland Tractor & Equipment, LLC*
- *Price Quote Sheet from Cumberland Tractor & Equipment, LLC for Takeuchi TB290 Excavator and related equipment dated February 5, 2019*
- *Any properly executed amendments to this Agreement*

In the event of conflicting provisions, all documents shall be construed according to the following priorities:

- *First, any properly executed amendment or change order to this Contract (most recent amendment or change order given first priority)*
- *Second, this Contract*
- *Third, Contractor's State of Tennessee Contract 48462 with Cumberland Tractor & Equipment, LLC*
- *Lastly, Price Quote Sheet from Cumberland Tractor & Equipment, LLC for Takeuchi TB290 Excavator and related equipment dated February 5, 2019*

1. **Duties and Responsibilities of Contractor.** Contractor agrees to provide, and City agrees to purchase one Takeuchi TB290 Excavator and related equipment as set forth in the State of Tennessee Contract 48462 with Cumberland Tractor & Equipment, LLC, and Contractor's Price Quote Sheets dated February 5, 2019. Furthermore, the City may utilize this Contract to procurement additional equipment from Contractor per the State of Tennessee Contract 48462 through the term of the contract. Such future procurements shall be executed through a Purchase Order after purchases exceeding \$25,000 have been approved by Council.
2. **Term.** The term of this contract shall be from March 5, 2019 to the expiration of the State of Tennessee Contract 48462, November 30, 2019. Contractor's performance may be terminated in whole or in part:
 - a. Upon 30-day prior notice, for the convenience of the City.
 - b. For the convenience of Contractor, provided that Contractor notifies the City in writing of its intent to terminate under this paragraph at least 30 days prior to the effective date of the termination.
 - c. For cause, by either party where the other party fails in any material way to perform its obligations under this Agreement. Termination under this subsection is subject to the condition that the terminating party notifies the other party of its intent to terminate, stating with reasonable specificity the grounds therefore, and the other party fails to remedy the problem within 15 days after receiving the notice.

- d. Should Contractor fail to fulfill in a timely and proper manner its obligations under this Agreement or if it should violate any of the terms of this Agreement, the City has the right to immediately terminate the Agreement. Such termination does not relieve Contractor of any liability to the City for damages sustained by virtue of any breach by Contractor.
- e. Should the appropriation for Contractor's work be withdrawn or modified, the City has the right to terminate the Agreement immediately upon written notice to Contractor.

3. Price; Compensation; Method of Payment.

- a. The price for the goods and other items to be provided under this Contract is set forth in the Price Quote Sheet from Cumberland Tractor & Equipment, LLC for Takeuchi TB290 Excavator and related equipment dated February 5, 2019, which reflects a purchase price of \$108,730.00. Any compensation due Contractor under the Agreement shall be made upon submittal of an invoice after delivery and acceptance of the goods and/or services which each payment represents. The City agrees to pay Contractor after goods and/or services have been received, accepted, and properly invoiced as indicated in the Contract and/or purchase order. Invoices must bear the purchase order number. Final payment shall not be made until after performance is complete.
 - b. Deliveries of all items for the Murfreesboro Street Department shall be made the Street Department, 620 West Main Street, Murfreesboro, TN 37130. Contact Person Raymond Hillis (tel. 615-893-4380; email. rhillis@murfreesborotn.gov) must be notified of delivery date and time within two (2) calendar days prior to delivery. Deliveries shall be made during the normal working hours of the City, Monday through Friday.
 - c. Deliveries of all items shall be made as stated in the Contract documents. Should the Contractor fail to deliver items on or before its stated date, the City reserves the right to cancel the order or contract. The Contractor shall be responsible for making any and all claims against carriers for missing or damaged items.
 - d. Delivered items will not be considered "accepted" until an authorized agent for the City has, by inspection or test of such items, determined that they fully comply with specifications. The City may return, for full credit and at no expense to the City, any item(s) received which fail to meet the specifications as stated in the Invitation to Bid.
 - e. All deliveries made pursuant to the contract must be made pursuant to the written purchase order of the City. The City assumes no liability for goods and/or services provided without a written purchase order from the City. Delivery and freight charges are to be prepaid and included in the bid price.
4. **Warranty.** Unless otherwise specified, every item bid shall meet the warranty requirements set forth in the specifications.

5. **Indemnification.**

- a. Contractor must indemnify, defend, and hold harmless the City, its officers, agents and employees from any claims, penalties, damages, costs and attorney fees (“Expenses”) arising from injuries or damages resulting from, in part or in whole, the negligent or intentional acts or omissions of contractor, its officers, employees and/or agents, including its subcontractors or independent contractors, in connection with the performance of this Agreement, and, Expenses arising from any failure of Contractor, its officers, employees and/or agents, including its subcontractors or independent contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws.
- b. Pursuant to Tennessee Attorney General Opinion 93-01, the City will not indemnify, defend or hold harmless in any fashion Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that Contractor may provide.
- c. Copyright, Trademark, Service Mark, or Patent Infringement.
 - i. Contractor, at its own expense, is entitled to and has the duty to defend any suit which may be brought against the City to the extent that it is based on a claim that the products or services furnished infringe a copyright, Trademark, Service Mark, or patent. Contractor will indemnify, defend, and hold harmless the City against any award of damages and costs made against the City. The City will provide Contractor immediate notice in writing of the existence of such claim and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority from the City in order to enable Contractor to do so. The City reserves the right to participate in the defense of any such action. Contractor has the right to enter into negotiations for and the right to effect settlement or compromise of any such action provided (i) any amounts due to effectuate fully the settlement are immediate due and payable and paid by Contractor; (ii) no cost or expense whatsoever accrues to the City at any time; and (iii) such settlement or compromise is binding upon the City upon approval by the Murfreesboro City Council.
 - ii. If the products or services furnished under this Agreement are likely to, or do become, the subject of such a claim of infringement, then without diminishing Contractor's obligation to satisfy the final award, Contractor may at its option and expense:
 1. Procure for the City the right to continue using the products or services.
 2. Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to the City, so that they become non-infringing.
 3. Remove the products or discontinue the services and cancel any future charges pertaining thereto; provided however, Contractor will not exercise this option until Contractor and the City have determined that each of the other options are impractical.
 - iii. Contractor has no liability to the City if any such infringement or claim thereof is based upon or arises out of the use of the products or services in combination

with apparatus or devices not supplied or else approved by Contractor, the use of the products or services in a manner for which the products or services were neither designated nor contemplated, or the claimed infringement in which the City has any direct or indirect interest by license or otherwise, separate from that granted herein.

6. **Notices.** Notice of assignment of any rights to money due to Contractor under this Contract must be mailed first class mail or hand delivered to the following:

Notices to City shall be sent to:

Department: City of Murfreesboro Administration
Attention: City Manager
Address: Post Office Box 1139
111 West Vine Street
Murfreesboro, TN 37133-1139

Notices to Contractor shall be sent to:

Contractor: Cumberland Tractor & Equipment, LLC
Attention: Dennis Stanley, Jr.
Address: 3570 Dickerson Road
Nashville, TN 37207
Phone: (615) 865-7800

7. **Taxes.** The City of Murfreesboro is exempt from State sales tax and will issue a tax exemption certificate to the Contractor as requested. City shall not be responsible for any taxes that are imposed on Contractor. Furthermore, Contractor understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to City.
8. **Compliance with Laws.** Contractor agrees to comply with any applicable federal, state and local laws and regulations.
9. **Maintenance of Records.** Contractor shall maintain documentation for all charges against City. The books, records, and documents of Contractor, insofar as they relate to work performed or money received under the contract, shall be maintained for a period of three (3) full years from the date of final payment and will be subject to audit, at any reasonable time and upon reasonable notice by City or its duly appointed representatives. The records shall be maintained in accordance with the Generally Accepted Accounting Principles.
10. **Modification.** This Contract may be modified only by written amendment executed by all parties and their signatories hereto.
11. **Relationship of the Parties.** Nothing herein may in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties. None of the parties hereto may hold itself out in a manner contrary to the terms of this paragraph. No party becomes liable for any representation, act, or omission of any other party contrary to this section.
12. **Waiver.** No waiver of any provision of this contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
13. **Employment.** Contractor shall not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying-off of any individual due to race, creed, color, national origin, age, sex, veteran status, or any other status or class protected under federal or state law or which is in violation of applicable laws concerning the employment of individuals with disabilities.

14. **Non-Discrimination.** It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, veteran status, disability, or other status or class protected under federal or state law in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Agreement, Contractor certifies and warrants it will comply with this policy. No person may be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or be discriminated against in treatment or employment in the City's contracted programs or activities, on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or Tennessee State Constitutional or statutory law; nor may they be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of contracts with the City or in the employment practices of the City's Contractors. Accordingly, all proposers entering into contracts with the City may upon request be required to show proof of such nondiscrimination and to post in conspicuous places that are available to all employees and applicants, notices of nondiscrimination.
15. **Gratuities and Kickbacks.** It is a breach of ethical standards for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therewith. It is a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Agreement, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under the City contracts.
16. **Assignment.** The provisions of this Agreement inure to the benefit of and are binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Agreement, neither this Agreement nor any of the rights and obligations of Contractor hereunder may be assigned or transferred in whole or in part without the prior written consent of the City. Any such assignment or transfer does not release Contractor from its obligations hereunder
17. **Integration.** This Contract and State contract set forth the entire agreement between the parties with respect to the subject matter hereof and govern the respective duties and obligations of the parties.
18. **Force Majeure.** No party has any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by force majeure, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of public enemy, or other cause of similar or dissimilar nature beyond its control.
19. **Governing Law and Venue.** The validity, construction and effect of this Agreement and any and all extensions or modifications thereof are governed by the laws of the state of Tennessee regardless of choice of law doctrine or provision in any attachment or other document that Contractor may provide. Any action between the parties arising from this agreement may only be filed in the courts of Rutherford County, Tennessee.
20. **Severability.** Should any provision of this contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of this contract.

21. **Attorney Fees.** In the event any party takes legal action to enforce any provision of the Agreement, should the City prevail, Contractor will pay all expenses of such action including attorney fees, expenses, and costs at all stages of the litigation and dispute resolution
22. **Effective Date.** This Contract shall not be binding upon the parties until signed by each of the Contractor and authorized representatives of the City and is thereafter effective as of the date set forth above.

[signatures appear on the following page]

IN WITNESS WHEREOF, the parties enter into this agreement as of March 13, 2019 (the "Effective Date").

Summary

Purchase of a New Holland Tractor with a side rotary mower under the State's General Services Central Procurement Office Contract with Dickson County Equipment Company.

Staff Recommendation

Approve the purchase of a tractor and side rotary mower from Dickson County Equipment Company under the State's General Services Central Procurement Office.

Background Information

The purchase of a new tractor and side rotary mower will be replacing a tractor that is more than 20 years old and at the end of its useful life. This equipment is available for purchase through the State's General Services Central Procurement Office for \$68,500. State statute and Council Resolution 13-R-11 authorizes cooperative purchases without competitive bidding by working through the State's General Services Central Procurement Office.

Fiscal Impact

This is a budgeted item and will be paid from the FY18 CIP Fund. The tractor with mower was budgeted in the amount of \$65,000. The contract price for the tractor with mower is over the budgeted amount by \$3,500; however, funds are available because other budgeted equipment was purchased for less than the budgeted amount.

Start Date : March 16, 2015 End Date: March 15, 2020

Is this contract available to local government agencies in addition to State agencies?: Yes

Authorized Users. This Contract establishes a source or sources of supply for all Tennessee State Agencies. "Tennessee State Agency" refers to the various departments, institutions, boards, commissions, and agencies of the executive branch of government of the State of Tennessee with exceptions as addressed in Tenn. Comp. R. & Regs. 0690-03-01-.01. The Contractor shall provide all goods or services and deliverables as required by this Contract to all Tennessee State Agencies. The Contractor shall make this Contract available to the following entities, who are authorized to and who may purchase off of this Statewide Contract ("Authorized Users"):

- a. all Tennessee State governmental entities (this includes the legislative branch; judicial branch; and, commissions and boards of the State outside of the executive branch of government);
- b. Tennessee local governmental agencies;
- c. members of the University of Tennessee or Tennessee Board of Regents systems;
- d. any private nonprofit institution of higher education chartered in Tennessee; and,
- e. any corporation which is exempted from taxation under 26 U.S.C. Section 501(c)(3), as amended, and which contracts with the Department of Mental Health and Substance Abuse to provide services to the public (Tenn. Code Ann. § 33-2-1001).

These Authorized Users may utilize this Contract by purchasing directly from the Contractor according to their own procurement policies and procedures. The State is not responsible or

liable for the transactions between the Contractor and Authorized Users.

Note: If "no", attach exemption request addressed to the Central Procurement Officer.

DATE

**CONTRACT BETWEEN
CITY OF MURFREESBORO
AND
DICKSON COUNTY EQUIPMENT COMPANY, INC.
FOR PURCHASE OF TRACTOR AND SIDE ROTARY MOWER**

This Contract is entered into and effective as of the _____ day of _____ 2019, by and between the **CITY OF MURFREESBORO**, a municipal corporation of the State of Tennessee ("City") and **DICKSON COUNTY EQUIPMENT COMPANY, INC.**, a corporation of the State of Tennessee ("Contractor").

This Contract consists of the following documents:

- *This Contract*
- *Contractor's State of Tennessee Contract 45201 with Dickson County Equipment Company, Inc.*
- *Price Quote Sheet from Dickson County Equipment Company, Inc. for one New Holland Powerstar 90 Tractor, one Diamond DSR060-CO Side Rotary Mower and related equipment dated March 6, 2019*
- *Any properly executed amendments to this Agreement*

In the event of conflicting provisions, all documents shall be construed according to the following priorities:

- *First, any properly executed amendment or change order to this Contract (most recent amendment or change order given first priority)*
- *Second, this Contract*
- *Third, Contractor's State of Tennessee Contract 45201 with Dickson County Equipment Company, Inc.*
- *Lastly, Price Quote Sheet from Dickson County Equipment Company, Inc. for one New Holland Powerstar 90 Tractor, one Diamond DSR060-CO Side Rotary Mower and related equipment dated March 6, 2019*

1. **Duties and Responsibilities of Contractor.** Contractor agrees to provide, and City agrees to purchase one New Holland Powerstar 90 Tractor, one Diamond DSR060-CO Side Rotary Mower and related equipment dated March 6, 2019. Furthermore, the City may utilize this Contract to procurement additional equipment from Contractor per the State of Tennessee Contract 48462 through the term of the contract. Such future procurements shall be executed through a Purchase Order after purchases exceeding \$25,000 have been approved by Council.
2. **Term.** The term of this contract shall be from March 12, 2019 to the expiration of the State of Tennessee Contract 45201, March 15, 2020. Contractor's performance may be terminated in whole or in part:
 - a. Upon 30-day prior notice, for the convenience of the City.
 - b. For the convenience of Contractor, provided that Contractor notifies the City in writing of its intent to terminate under this paragraph at least 30 days prior to the effective date of the termination.
 - c. For cause, by either party where the other party fails in any material way to perform its obligations under this Agreement. Termination under this subsection is subject to the condition that the terminating party notifies the other party of its intent to terminate,

stating with reasonable specificity the grounds therefore, and the other party fails to remedy the problem within 15 days after receiving the notice.

- d. Should Contractor fail to fulfill in a timely and proper manner its obligations under this Agreement or if it should violate any of the terms of this Agreement, the City has the right to immediately terminate the Agreement. Such termination does not relieve Contractor of any liability to the City for damages sustained by virtue of any breach by Contractor.
- e. Should the appropriation for Contractor's work be withdrawn or modified, the City has the right to terminate the Agreement immediately upon written notice to Contractor.

3. **Price; Compensation; Method of Payment.**

- a. The price for the goods and other items to be provided under this Contract is set forth in the Price Quote for one New Holland Powerstar 90 Tractor, one Diamond DSR060-CO Side Rotary Mower and related equipment dated March 6, 2019, which reflects a purchase price of \$68,500.00. Any compensation due Contractor under the Agreement shall be made upon submittal of an invoice after delivery and acceptance of the goods and/or services which each payment represents. The City agrees to pay Contractor after goods and/or services have been received, accepted, and properly invoiced as indicated in the Contract and/or purchase order. Invoices must bear the purchase order number. Final payment shall not be made until after performance is complete.
- b. Deliveries of all items for the Murfreesboro Street Department shall be made the Street Department, 620 West Main Street, Murfreesboro, TN 37130. Contact Person Raymond Hillis (tel. 615-893-4380; email. rhillis@murfreesborotn.gov) must be notified of delivery date and time within two (2) calendar days prior to delivery. Deliveries shall be made during the normal working hours of the City, Monday through Friday.
- c. Deliveries of all items shall be made as stated in the Contract documents. Should the Contractor fail to deliver items on or before its stated date, the City reserves the right to cancel the order or contract. The Contractor shall be responsible for making any and all claims against carriers for missing or damaged items.
- d. Delivered items will not be considered "accepted" until an authorized agent for the City has, by inspection or test of such items, determined that they fully comply with specifications. The City may return, for full credit and at no expense to the City, any item(s) received which fail to meet the specifications as stated in the Invitation to Bid.
- e. All deliveries made pursuant to the contract must be made pursuant to the written purchase order of the City. The City assumes no liability for goods and/or services provided without a written purchase order from the City. Delivery and freight charges are to be prepaid and included in the bid price.

- 4. **Warranty.** Unless otherwise specified, every item bid shall meet the warranty requirements set forth in the specifications.

5. **Indemnification.**

- a. Contractor must indemnify, defend, and hold harmless the City, its officers, agents and employees from any claims, penalties, damages, costs and attorney fees (“Expenses”) arising from injuries or damages resulting from, in part or in whole, the negligent or intentional acts or omissions of contractor, its officers, employees and/or agents, including its subcontractors or independent contractors, in connection with the performance of this Agreement, and, Expenses arising from any failure of Contractor, its officers, employees and/or agents, including its subcontractors or independent contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws.
- b. Pursuant to Tennessee Attorney General Opinion 93-01, the City will not indemnify, defend or hold harmless in any fashion Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that Contractor may provide.
- c. **Copyright, Trademark, Service Mark, or Patent Infringement.**
 - i. Contractor, at its own expense, is entitled to and has the duty to defend any suit which may be brought against the City to the extent that it is based on a claim that the products or services furnished infringe a copyright, Trademark, Service Mark, or patent. Contractor will indemnify, defend, and hold harmless the City against any award of damages and costs made against the City. The City will provide Contractor immediate notice in writing of the existence of such claim and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority from the City in order to enable Contractor to do so. The City reserves the right to participate in the defense of any such action. Contractor has the right to enter into negotiations for and the right to effect settlement or compromise of any such action provided (i) any amounts due to effectuate fully the settlement are immediate due and payable and paid by Contractor; (ii) no cost or expense whatsoever accrues to the City at any time; and (iii) such settlement or compromise is binding upon the City upon approval by the Murfreesboro City Council.
 - ii. If the products or services furnished under this Agreement are likely to, or do become, the subject of such a claim of infringement, then without diminishing Contractor's obligation to satisfy the final award, Contractor may at its option and expense:
 - 1. Procure for the City the right to continue using the products or services.
 - 2. Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to the City, so that they become non-infringing.
 - 3. Remove the products or discontinue the services and cancel any future charges pertaining thereto; provided however, Contractor will not exercise this option until Contractor and the City have determined that each of the other options are impractical.
 - iii. Contractor has no liability to the City if any such infringement or claim thereof is based upon or arises out of the use of the products or services in combination

with apparatus or devices not supplied or else approved by Contractor, the use of the products or services in a manner for which the products or services were neither designated nor contemplated, or the claimed infringement in which the City has any direct or indirect interest by license or otherwise, separate from that granted herein.

6. **Notices.** Notice of assignment of any rights to money due to Contractor under this Contract must be mailed first class mail or hand delivered to the following:

Notices to City shall be sent to:

Department: City of Murfreesboro Administration
Attention: City Manager
Address: Post Office Box 1139
111 West Vine Street
Murfreesboro, TN 37133-1139

Notices to Contractor shall be sent to:

Contractor: Dickson County Equipment Company, Inc.
Attention: Keith Perales
Address: 552 Highway 46 South
P.O. Box 1227
Dickson, TN 37055
Phone: (888) 446-8114
Fax: (615) 446-2102

7. **Taxes.** The City of Murfreesboro is exempt from State sales tax and will issue a tax exemption certificate to the Contractor as requested. City shall not be responsible for any taxes that are imposed on Contractor. Furthermore, Contractor understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to City.
8. **Compliance with Laws.** Contractor agrees to comply with any applicable federal, state and local laws and regulations.
9. **Maintenance of Records.** Contractor shall maintain documentation for all charges against City. The books, records, and documents of Contractor, insofar as they relate to work performed or money received under the contract, shall be maintained for a period of three (3) full years from the date of final payment and will be subject to audit, at any reasonable time and upon reasonable notice by City or its duly appointed representatives. The records shall be maintained in accordance with the Generally Accepted Accounting Principles.
10. **Modification.** This Contract may be modified only by written amendment executed by all parties and their signatories hereto.
11. **Relationship of the Parties.** Nothing herein may in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties. None of the parties hereto may hold itself out in a manner contrary to the terms of this paragraph. No party becomes liable for any representation, act, or omission of any other party contrary to this section.
12. **Waiver.** No waiver of any provision of this contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
13. **Employment.** Contractor shall not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying-off of any individual due to race, creed, color,

national origin, age, sex, veteran status, or any other status or class protected under federal or state law or which is in violation of applicable laws concerning the employment of individuals with disabilities.

14. **Non-Discrimination.** It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, veteran status, disability, or other status or class protected under federal or state law in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Agreement, Contractor certifies and warrants it will comply with this policy. No person may be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or be discriminated against in treatment or employment in the City's contracted programs or activities, on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or Tennessee State Constitutional or statutory law; nor may they be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of contracts with the City or in the employment practices of the City's Contractors. Accordingly, all proposers entering into contracts with the City may upon request be required to show proof of such nondiscrimination and to post in conspicuous places that are available to all employees and applicants, notices of nondiscrimination.
15. **Gratuities and Kickbacks.** It is a breach of ethical standards for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therewith. It is a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Agreement, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under the City contracts.
16. **Assignment.** The provisions of this Agreement inure to the benefit of and are binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Agreement, neither this Agreement nor any of the rights and obligations of Contractor hereunder may be assigned or transferred in whole or in part without the prior written consent of the City. Any such assignment or transfer does not release Contractor from its obligations hereunder
17. **Integration.** This Contract and State contract set forth the entire agreement between the parties with respect to the subject matter hereof and govern the respective duties and obligations of the parties.
18. **Force Majeure.** No party has any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by force majeure, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of public enemy, or other cause of similar or dissimilar nature beyond its control.
19. **Governing Law and Venue.** The validity, construction and effect of this Agreement and any and all extensions or modifications thereof are governed by the laws of the state of Tennessee regardless of choice of law doctrine or provision in any attachment or other document that Contractor may provide. Any action between the parties arising from this agreement may only be filed in the courts of Rutherford County, Tennessee.

20. **Severability.** Should any provision of this contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of this contract.
21. **Attorney Fees.** In the event any party takes legal action to enforce any provision of the Agreement, should the City prevail, Contractor will pay all expenses of such action including attorney fees, expenses, and costs at all stages of the litigation and dispute resolution
22. **Effective Date.** This Contract shall not be binding upon the parties until signed by each of the Contractor and authorized representatives of the City and is thereafter effective as of the date set forth above.

[signatures appear on the following page]

IN WITNESS WHEREOF, the parties enter into this agreement as of _____, 2019 (the "Effective Date").

Summary

Purchase of a 2019 Elgin Crosswind One Regen Sweeper Truck under the National Joint Powers Alliance (NJPA) with Sansom Equipment Co, Inc.

Staff Recommendation

Approve the cooperative purchase of a 2019 Elgin Crosswind One Regen Sweeper Truck from Sansom Equipment Co., Inc. through the National Joint Powers Alliance (NJPA), Contract No. 122017-FSC.

Background Information

The purchase of a 2019 Elgin Crosswind One Regen Sweeper Truck will replace a 17-year-old sweeper truck that the repair costs have exceeded the value of the equipment. A new, replacement sweeper is available for purchase through the National Joint Powers Alliance (NJPA), Contract No. 122017-FSC with Sansom Equipment Co., Inc. for \$245,685.00. State statute and Council Resolution 13-R-11 authorizes cooperative purchases without competitive bidding from National Joint Powers Alliance (NJPA).

Fiscal Impacts

This is a budgeted item and will be paid from the FY19 Stormwater Fund. The Street Sweeper was budgeted in the amount of \$230,000.00.

The contract price for the Street Sweeper is over the budgeted amount by \$15,685.00.

1 DEFINITIONS

A. CONTRACT

Contract means this RFP, current pricing information, fully executed Forms C, D, F, & P from the Proposer's response pursuant to this RFP, and a fully executed Form E ("Acceptance and Award") with final terms and conditions. Form E will be executed after a formal award and will provide final clarification of terms and conditions of the award.

B. PROPOSER

A Proposer is a company, person, or entity delivering a timely response to this RFP. This RFP may also use the terms "respondent" or "proposed Vendor," which is interchangeable with Proposer as the context allows.

C. SOURCED GOOD or OPEN MARKET ITEM

A Sourced Good or Open Market Item is a product within the RFP's scope 1) that is not currently available under the Vendor's NJPA contract, 2) that a member wants to buy under contract from an awarded Vendor, and 3) that is generally deemed incidental to the total transaction or purchase of contract items.

D. VENDOR

A Proposer whose response has been awarded a contract pursuant to this RFP.

2 ADVERTISEMENT OF RFP

2.1 NJPA advertises this solicitation: 1) in the hard copy print and online editions of the USA Today; 2) once each in Oregon's Daily Journal of Commerce, South Carolina's The State and Utah's Salt Lake Tribune; 3) on NJPA's website; and 4) on other third-party websites deemed appropriate by NJPA. Other third-party advertisers may include Onvia, PublicPurchase.com, MERX, and Biddingo.

2.2 NJPA also notifies and provides solicitation documentation to each state-level procurement departments for possible re-posting of the solicitation within their systems and at their option for future use and to meet specific state requirements.

3 INTRODUCTION

A. ABOUT NJPA

3.1 The National Joint Powers Alliance[®] (NJPA) is a public agency serving as a national municipal contracting agency established under the Service Cooperative statute by Minnesota Legislative Statute §123A.21 with the authority to develop and offer, among other services, cooperative procurement services to its membership. Eligible membership and participation includes states, cities, counties, all government agencies, both public and non-public educational agencies, colleges, universities and non-profit organizations.

3.2 Under the authority of Minnesota state laws and enabling legislation, NJPA facilitates a competitive solicitation and contracting process on behalf of the needs of itself and the needs of current and potential member agencies nationally. This process results in national procurement contracts with various Vendors of products/equipment and services which NJPA Member agencies desire to procure. These procurement contracts are created in compliance with applicable Minnesota Municipal Contracting Laws. A complete listing of NJPA cooperative procurement contracts can be found at www.njpacoop.org.

3.3 NJPA is a public agency governed by publicly elected officials that serve as the NJPA Board of Directors. NJPA's Board of Directors oversees and authorizes the calls for all new proposals and holds those resulting Contracts for the benefit of its own and its Members use.

3.4 NJPA currently serves over 50,000 member agencies nationally. Both membership and utilization of NJPA contracts continue to expand, due in part to the increasing acceptance of Cooperative Purchasing throughout the government and education communities nationally.

B. JOINT EXERCISE OF POWERS LAWS

3.5 NJPA cooperatively shares those contracts with its Members nationwide through various Joint Exercise of Powers Laws or Cooperative Purchasing Statutes established in Minnesota, other states and Canadian provinces. The Minnesota Joint Exercise of Powers Law is Minnesota Statute §471.59 which states "Two or more governmental units...may jointly or cooperatively exercise any power common to the contracting parties..." This Minnesota Statute allows NJPA to serve Member agencies located in all other states. Municipal agencies nationally can participate in cooperative purchasing activities under their own state law. These laws can be found on our website at <http://www.njpacoop.org/national-cooperative-contract-solutions/legal-authority/>.

3.5.1 For Members within the Commonwealth of Virginia, this RFP is intended to be a "joint procurement agreement" as described in Vir. Code § 2.2-4304(A), and those Virginia Members identified in Appendix C may agree to be a Joint Purchaser under this RFP.

C. WHY RESPOND TO A NATIONAL COOPERATIVE PROCUREMENT CONTRACT

3.6 National Cooperative Procurement Contracts create value for Municipal and Public Agencies, as well as for Vendors of products/equipment and services in a variety of ways:

3.6.1 National cooperative contracts potentially save time and effort for municipal and public agencies, who otherwise would have to solicit vendor responses to individual RFPs, resulting in individual contracts, to meet the procurement needs of their respective agencies. Considerable time and effort is also potentially saved by the Vendors who would have had to otherwise respond to each of those individual RFPs. A single, nationally advertised RFP, resulting in a single, national cooperative contract can potentially replace thousands of individual RFPs for the same equipment/products/services that might have been otherwise advertised by individual NJPA member agencies.

3.6.2 NJPA contracts offer our Members nationally leveraged volume purchasing discounts. Our contract terms and conditions offer the opportunity for Vendors to recognize individual member procurement volume commitment through additional volume based contract discounts.

3.7 State laws that permit or encourage cooperative purchasing contracts do so with the belief that cooperative efficiencies will result in lower prices, better overall value, and considerable time savings.

3.8 The collective purchasing power of thousands of NJPA Member agencies nationwide offers the opportunity for volume pricing discounts. Although no sales or sales volume is guaranteed by an NJPA Contract resulting from this RFP, substantial volume is anticipated and volume pricing is requested and justified.

3.9 NJPA and its Members desire the best value for their procurement dollar as well as a competitive price. Vendors have the opportunity to display and highlight value-added attributes of their company, equipment/products and services without constraints of a typical individual proposal process.

D. THE INTENT OF THIS RFP

3.10. National contract awarded by NJPA: NJPA seeks the most responsive and responsible Vendor relationship(s) to reflect the best interests of NJPA and its Member agencies. Through a competitive proposal and evaluation process, the NJPA Proposal Evaluation Committee recommends vendors for a national contract awarded by the action of the NJPA Chief Procurement Officer. NJPA's primary intent is to establish and provide a national cooperative procurement contract that offer opportunities for NJPA and our current and potential Member agencies throughout the United States and Canada to procure quality product/equipment and services as desired and needed. The contracts will be marketed nationally through a cooperative effort between the awarded vendor(s) and NJPA. Contracts are expected to offer price levels reflective of the potential and collective volume of NJPA and the nationally established NJPA membership base.

3.11 Beyond our primary intent, NJPA further desires to:

3.11.1 Award a four-year contract with a fifth-year contract option resulting from this RFP. Any fifth-year extension is exercised at NJPA's discretion and results from NJPA's contracting needs or from Member requests; this extension is not intended merely to accommodate an awarded Vendor's request. If NJPA grants a fifth-year extension, it may also terminate the contract (or cause it to expire) within the fifth year if the extended contract is replaced by a resolicited or newly solicited contract. In exigent circumstances, NJPA may petition NJPA's Board of Directors to extend the contract term beyond five years. This rarely used procedure should be employed only to avoid a gap in contract coverage while a replacement contract is being solicited;

- 3.11.2** Offer and apply any applicable technological advances throughout the term of a contract resulting from this RFP;
- 3.11.3** Deliver “Value Added” aspects of the company, equipment/products and services as defined in the “Proposer’s Response”;
- 3.11.4** Deliver a wide spectrum of solutions to meet the needs and requirements of NJPA and NJPA Member agencies; and
- 3.11.5** Award an exclusive contract to the most responsive and responsible vendor when it is deemed to be in the best interest of NJPA and the NJPA Member agencies.

3.12 Exclusive or Multiple Awards: Based on the scope of this RFP and on the responses received, NJPA may award either an exclusive contract or multiple contracts. In some circumstances, a single national supplier may best meet the needs of NJPA Members; in other situations, multiple vendors may be in the best interests of NJPA and the NJPA Members and preferred by NJPA to provide the widest array of solutions to meet the member agency’s needs. NJPA retains sole discretion to determine which approach is in the best interests of NJPA Member agencies.

3.13 Non-Manufacturer Awards: NJPA reserves the right to make an award under this RFP to a non-manufacturer or dealer/distributor if such action is in the best interests of NJPA and its Members.

3.14 Manufacturer as a Proposer: If the Proposer is a manufacturer or wholesale distributor, the response received will be evaluated on the basis of a response made in conjunction with that manufacturer’s authorized dealer network. Unless stated otherwise, a manufacturer or wholesale distributor Proposer is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this RFP on behalf of the manufacturer or wholesale distributor Proposer. Any such dealer will be considered a sub-contractor of the Proposer/Vendor. The relationship between the manufacturer and wholesale distributor Proposer and its dealer network may be proposed at the time of the submission if that fact is properly identified.

3.15 Dealer/Reseller as a Proposer: If the Proposer is a dealer or reseller of the products and/or services being proposed, the response will be evaluated based on the Proposer’s authorization to provide those products and services from their manufacturer. When requested by NJPA, Proposers must document their authority to offer those products and/or services.

E. SCOPE OF THIS RFP

3.16 Scope: The scope of this RFP is to award a contract to a qualifying vendor defined as a manufacturer, provider, or dealer/distributor, established as a Proposer, and deemed responsive and responsible through our open and competitive proposal process. Vendors will be awarded contracts based on the proposal and responders demonstrated ability to meet the expectations of the RFP and demonstrate the overall highest valued solutions which meet and/or exceed the current and future needs and requirements of NJPA and its Member agencies nationally within the scope of SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES.

3.17 Additional Scope Definitions: In addition to SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES, **this solicitation should be read to include, but not to be limited to:**

- 3.17.1** Equipment, accessories and supplies for the purpose of cleaning sewer lines, catch basins and storm sewers, such as sewer vacuums, jetters, rodders, and self-propelled or chassis-mounted hydro-excavators; and,

3.17.2 Equipment, accessories and supplies for the purpose of street or parking lot sweeping, such as mechanical, vacuum, air, and high efficiency sweepers.

3.17.3 NJPA reserves the right to limit the scope of this solicitation for NJPA and current and potential NJPA member agencies.

3.17.3.1 Respondent's proposal may include no more than an incidental offering of trailer or skid-mounted hydro-excavation equipment. Respondent's primary offerings must be the equipment identified in sub-sections 3.17.1 or 3.17.2 above.

3.17.3.2 This solicitation is not intended to include pumps. Such items in a proposal will be considered out of scope.

3.18 Overlap of Scope: When considering equipment/products/services, or groups of equipment/products/services submitted as a part of your response, and whether inclusion of such will fall within a "Scope of Proposal," please consider the validity of an inverse statement.

3.18.1 For example, pencils and post-it-notes can generally be classified as office supplies and office supplies generally include pencils and post-it-notes.

3.18.2 In contrast, computers (PCs and peripherals) can generally be considered office supplies; however, the scope of office supplies does not generally include computer servers and infrastructure.

3.18.3 In conclusion: With this in mind, individual products and services must be examined individually by NJPA, from time to time and in its sole discretion, to determine their compliance and fall within the original "Scope" as intended by NJPA.

3.19 Best and Most Responsive – Responsible Proposer: It is the intent of NJPA to award a Contract to the best and most responsible and responsive Proposer(s) offering the best overall quality and selection of equipment/products and services meeting the commonly requested specifications of the NJPA and NJPA Members, provided the Proposer's Response has been submitted in accordance with the requirements of this RFP. Qualifying Proposers who are able to anticipate the current and future needs and requirements of NJPA and NJPA member agencies; demonstrate the knowledge of any and all applicable industry standards, laws and regulations; and possess the willingness and ability to distribute, market to and service NJPA Members in all 50 states are preferred. NJPA requests proposers submit their entire product line as it applies and relates to the scope of this RFP.

3.20 Sealed Proposals: NJPA will receive sealed proposal responses to this RFP in accordance with accepted standards set forth in the Minnesota Procurement Code and Uniform Municipal Contracting Law. Awards may be made to responsible and responsive Proposers whose proposals are determined in writing to be the most advantageous to NJPA and its current or qualifying future NJPA Member agencies.

3.21 Use of Contract: Any Contract resulting from this solicitation shall be awarded with the understanding that it is for the sole convenience of NJPA and its Members. NJPA and/or its members reserve the right to obtain like equipment/products and services solely from this contract or from another contract source of their choice or from a contract resulting from their own procurement process.

3.22 Awarded Vendor's interest in a contract resulting from this RFP: Awarded Vendors will be able to offer to NJPA, and current and potential NJPA Members, only those products/equipment and services specifically awarded on their NJPA Awarded Contract(s). Awarded Vendors may not offer as "contract compliant," products/equipment and services which are not specifically identified and priced in their NJPA Awarded Contract.

3.23 Sole Source of Responsibility- NJPA desires a “Sole Source of Responsibility” Vendor. This means that the Vendor will take sole responsibility for the performance of delivered equipment/products/ services. NJPA also desires sole responsibility with regard to:

3.23.1 Scope of Equipment/Products/Services: NJPA desires a provider for the broadest possible scope of products/equipment and services being proposed over the largest possible geographic area and to the largest possible cross-section of NJPA current and potential Members.

3.23.2 Vendor use of sub-contractors in sourcing or delivering equipment/product/services: NJPA desires a single source of responsibility for equipment/products and services proposed. Proposers are assumed to have sub-contractor relationships with all organizations and individuals whom are external to the Proposer and are involved in providing or delivering the equipment/products/services being proposed. Vendor assumes all responsibility for the equipment/products/services and actions of any such Sub-Contractor. Suggested Solutions Options include:

3.23.3 Multiple solutions to the needs of NJPA and NJPA Members are possible. Examples could include:

3.23.3.1 Equipment/Products Only Solution: Equipment/Products Only Solution may be appropriate for situations where NJPA or NJPA Members possess the ability, either in-house or through local third party contractors, to properly install and bring to operation those equipment/products being proposed.

3.23.3.2 Turn-Key Solutions: A Turn-Key Solution is a combination of equipment/products and services that provides a single price for equipment/products, delivery, and installation to a properly operating status. Generally this is the most desirable solution because NJPA and NJPA Members may not possess, or desire to engage, personnel with the necessary expertise to complete these tasks internally or through other independent contractors

3.23.3.3 Good, Better, Best: Where appropriate and properly identified, Proposers may offer the choice “of good, better, best” multiple-grade solutions to meet NJPA Members’ needs.

3.23.3.4 Proven – Accepted – Leading-Edge Technology: Where appropriate and properly identified, Proposers may provide a spectrum of technology solutions to complement or enhance the proposed solutions to meet NJPA Members’ needs.

3.23.4 If applicable, Contracts will be awarded to Proposer(s) able to deliver a proposal meeting the entire needs of NJPA and its Members within the scope of this RFP. NJPA prefers Proposers submit their complete product line of products and services described in the scope of this RFP. NJPA reserves the right to reject individual, or groupings of specific equipment/products and services proposals as a part of the award.

3.24 Geographic Area to be Proposed: This RFP invites proposals to provide SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES to NJPA and NJPA Members throughout the entire United States and possibly internationally. Proposers will be expected to express willingness to explore service to NJPA Members located abroad; however the lack of ability to serve Members outside of the United States will not be cause for non-award. The ability and willingness to serve Canada, for instance, will be viewed as a value-added attribute.

3.25 Contract Term: At NJPA’s option, a Contract resulting from this RFP will become effective either on the date awarded by the NJPA Board of Directors or on the day following the expiration date of an existing NJPA procurement contract for the same or similar product/equipment and services.

3.25.1 NJPA is seeking a Contract base term of four years as allowed by Minnesota Contracting Law. Full term is expected. However, one additional one-year renewal/extension may be offered by NJPA to Vendor beyond the original four year term if NJPA deems such action to be in the best interests of NJPA and its Members. NJPA reserves the right to conduct periodic business reviews throughout the term of the contract.

3.26 Minimum Contract Value: NJPA anticipates considerable activity resulting from this RFP and subsequent award; however, no commitment of any kind is made concerning actual quantities to be acquired. NJPA does not guarantee usage. Usage will depend on the actual needs of the NJPA Members and the value of the awarded contract.

3.27 [This section is intentionally blank.]

3.28 Contract Availability: This Contract must be available to all current and potential NJPA Members who choose to utilize this NJPA Contract to include all governmental and public agencies, public and private primary and secondary education agencies, and all non-profit organizations nationally.

3.28.1 With respect to Members within the Commonwealth of Virginia, this RFP is intended to be a “joint procurement agreement” as described in Vir. Code § 2.2-4304(A), and those Virginia Members identified in Appendix C must be allowed to use this Contract as a Joint Purchaser.

3.29 Proposer’s Commitment Period: In order to allow NJPA the opportunity to evaluate each proposal thoroughly, NJPA requires any response to this solicitation be valid and irrevocable for ninety (90) days after the date proposals are opened.

F. EXPECTATIONS FOR EQUIPMENT/PRODUCTS AND SERVICES BEING PROPOSED

3.30 Industry Standards: Except as contained herein, the specifications or solutions for this RFP shall be those accepted guidelines set forth by the SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES industry, as they are generally understood and accepted within that industry across the nation. Submitted products/equipment, related services and accessories, and their warranties and assurances are required to meet and/or exceed all current, traditional and anticipated standards, needs, expectations, and requirements of NJPA and its Members.

3.30.1 Deviations from industry standards must be identified by the Proposer and explained how, in their opinion, the equipment/products and services they propose will render equivalent functionality, coverage, performance, and/or related services. Failure to detail all such deviations may comprise sufficient grounds for rejection of the entire proposal.

3.30.2 Technical Descriptions/Specifications. Excessive technical descriptions and specifications that unduly enlarge the proposal response may cause NJPA to reduce the evaluation points awarded on Form G. Proposers must supply sufficient information to:

3.30.2.1 demonstrate the Proposer’s knowledge of industry standards and Member agency needs and expectations;

3.30.2.2 Identify the equipment/products and services being proposed as applicable to the needs and expectations of NJPA Member agencies; and

3.30.2.3 differentiate equipment/products and services from other industry manufacturers and providers.

3.31 New Current Model Equipment/Products: Proposals submitted shall be for new, current model equipment/products and services with the exception of certain close-out products allowed to be offered on the Proposer’s “Hot List” described herein.

3.32 Compliance with laws and standards: All items supplied on this Contract shall comply with any current applicable safety or regulatory standards or codes.

3.33 Delivered and operational: Products/equipment offered herein are to be proposed based upon being delivered and operational at the NJPA Member’s site. Exceptions to “delivered and operational” must be clearly disclosed in the “Total Cost of Acquisition” section of the proposal.

3.34 Warranty: The Proposer warrants that all products, equipment, supplies, and services delivered under this Contract shall be covered by the industry standard or better warranty. All products and equipment should carry a minimum industry standard manufacturer’s warranty that includes materials and labor. The Proposer has the primary responsibility to submit product specific warranty as required and accepted by industry standards. Dealer/Distributors agree to assist the purchaser in reaching a solution in a dispute over warranty’s terms with the manufacturer. Any manufacturer’s warranty that is effective past the expiration of the warranty will be passed on to the NJPA member. Failure to submit a minimum warranty may result in non-award.

3.35 Additional Warrants: The Proposer warrants that all products/equipment and related services furnished hereunder will be free from liens and encumbrances; defects in design, materials, and workmanship; and will conform in all respects to the terms of this RFP including any specifications or standards. In addition, Proposer/Vendor warrants the products/equipment and related services are suitable for and will perform in accordance with the ordinary use for which they are intended.

G. SOLUTIONS-BASED SOLICITATION

3.36 The NJPA solicitation and contract award process is not based on detailed specifications. Instead, this RFP is a “Solutions-Based Solicitation.” NJPA expects respondents to understand and anticipate the current and future needs of NJPA and its members—within the scope of this RFP—and to propose solutions that are commonly desired or required by law or industry standards. Proposal will be evaluated in part on your demonstrated ability to meet or exceed the needs and requirements of NJPA and our member agencies within the defined scope of this RFP.

3.37 While NJPA does not typically provide product and service specifications, the RFP may contain scope refinements and industry-specific questions. Where specific items are specified, those items should be considered the minimum required, which the proposal can exceed in order to meet Members’ needs. NJPA may award all of the respondent’s proposal or may limit the award to a subset of the proposal.

3 INSTRUCTIONS FOR PREPARING YOUR PROPOSAL

A. INQUIRY PERIOD

4.1 The inquiry period begins on the date of first advertisement and continues until to the Deadline for Submission.” RFP packages will be distributed to potential Vendors during the inquiry period.

B. PRE-PROPOSAL CONFERENCE

4.2 A pre-proposal conference will be held at the date and time specified in the timeline on page one of this RFP. Conference information will be sent to all potential Proposers, and attendance is optional. The purpose of this conference is to allow potential Proposers to ask questions regarding this RFP and NJPA’s

competitive contracting process. Only answers issued in writing by NJPA to questions asked before or during the pre-proposal conference are binding on the parties to an awarded contract.

C. IDENTIFICATION OF KEY PERSONNEL

4.3 Awarded Vendors will designate one senior staff member to represent the Vendor to NJPA. This contact person will correspond with members for technical assistance, questions, or concerns that may arise, including instructions regarding different contacts for different geographical areas or product lines.

4.4 These designated individuals should also act as the primary contact for marketing, sales, and any other area deemed essential by the Proposer and NJPA.

D. PROPOSER'S EXCEPTIONS TO TERMS AND CONDITIONS

4.5 Any exceptions, deviations, or contingencies regarding this RFP that a Proposer requests must be documented on Form C, Exceptions To Proposal, Terms, Conditions And Solutions Request.

4.6 Exceptions, deviations or contingencies requested in the Proposer's response, while possibly necessary in the view of the Proposer, may result in lower scoring or disqualification of a proposal.

E. PROPOSAL FORMAT

4.7 All Proposers must examine the entire RFP package to seek clarification of any item or requirement that may not be clear and to check all responses for accuracy before submitting a proposal.

4.8 All proposals must be properly labeled and sent to "The National Joint Powers Alliance, 202 12th Street NE Staples, MN 56479."

4.9 All proposals must be physically delivered to NJPA at the above address with all required hard copy documents and signature forms/pages inserted as loose pages at the front of the Vendor's response. The proposal must include these items.

4.9.1 Hard copy original of completed, signed, and dated Forms C, D, F; hard copy of the signed signature-page only from Forms A and P from this RFP;

4.9.2 Signed hard copies of all addenda issued for the RFP;

4.9.3 Hard copy of Certificate of Insurance verifying the coverage identified in this RFP; and

4.9.4 A complete copy of your response on a flash drive (or other approved electronic means). The electronic copy must contain completed Forms A, B, C, D, F, and P, your statement of products and pricing (including apparent discount), and all appropriate attachments. In order to ensure that your full response is evaluated, you must provide an electronic version of any material that you provide in a hard copy format.

As a public agency, NJPA's proposals, responses, and awarded contracts are a matter of public record, except for such data that is classified as nonpublic. Accordingly, public data is available for review through a properly submitted public records request. To redact nonpublic information from your proposal (under Minnesota Statute §13.37), you must make your request within thirty (30) days of the contract award or non-award date.

4.10 All Proposal forms must be submitted in English and must be legible. All appropriate forms must be executed by an authorized signatory of the Proposer. Blue ink is preferred for signatures.

4.11 Proposal submissions should be submitted using the electronic forms provided. Proposers that use alternative documents are responsible for ensuring that the content is substantially similar to the NJPA form and that the document is readable by NJPA.

4.12 The Proposer must ensure that the proposal is in the physical possession of NJPA before the submission deadline.

4.12.1 Proposals must be submitted in a sealed envelope or box properly addressed to NJPA and prominently identifying the proposal number, proposal category name, the message “**Hold for Proposal Opening,**” and the deadline for proposal submission. NJPA is not responsible for untimely proposals. Proposals received by the deadline for proposal submission will be opened and the name of each Proposer and other appropriate information will be publicly read.

4.13 Proposers are responsible for checking directly with the NJPA website for any addendums to this RFP. Addendums to this RFP can change the terms and conditions of the RFP, including the proposal submission deadline.

F. QUESTIONS AND ANSWERS ABOUT THIS RFP

4.14 Upon examination of this RFP document, Proposer should promptly notify NJPA of any ambiguity, inconsistency, or error they may discover. Interpretations, corrections, and changes to this RFP will be considered by NJPA through a written addendum. Interpretations, corrections, or changes that are made in any other manner are not binding, and Proposers must not rely on them.

4.15 Submit all questions about this RFP, in writing, referencing SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES to Chris Robinson at NJPA 202 12th Street NE, Staples, MN 56479 or to RFP@njpacoop.org. You may also call Chris Robinson at (218) 895-4168. NJPA urges potential Proposers to communicate all concerns well in advance of the submission deadline to avoid misunderstandings. Questions received within seven (7) days before the submission deadline generally cannot be answered. NJPA may, however, field purely procedural questions, questions about NJPA-issued addenda, or questions involving a Proposer withdrawing its response before the RFP submission deadline.

4.16 If NPJA deems that its answer to a question has a material impact on other potential Proposers or on the RFP itself, NJPA will create an addendum to this RFP.

4.17 If NJPA deems that its answer to a question merely clarifies the existing terms and conditions and does not have a material impact on other potential Proposers or the RFP itself, no further documentation of that question is required.

4.18 Addenda are written instruments issued by NJPA that modify or interpret the RFP. All addenda issued by NJPA become a part of the RFP. Addenda will be delivered to all Potential Proposers using the same method of delivery of the original RFP material. NJPA accepts no liability in connection with the delivery of any addenda. Copies of addenda will also be made available on the NJPA website at www.njpacoop.org (under “Current and Pending Solicitations”) and from the NJPA offices. All Proposers must acknowledge their receipt of all addenda in their proposal response.

4.19 Any amendment to a submitted proposal must be in writing and must be delivered to NJPA by the RFP submission deadline.

4.20 through 4.21 [These sections are intentionally blank.]

G. MODIFICATION OR WITHDRAWAL OF A SUBMITTED PROPOSAL

4.22 A submitted proposal must not be modified, withdrawn, or cancelled by the Proposer for a period of ninety (90) days following the date proposals were opened. Before the deadline for submission of proposals, any proposal submitted may be modified or withdrawn by notice to the NJPA Procurement Manager. Such notice must be submitted in writing and must include the signature of the Proposer. The notice must be delivered to NJPA before the deadline for submission of proposals and must be so worded as not to reveal the content of the original proposal. The original proposal will not be physically returned to the potential Proposer until after the official proposal opening. Withdrawn proposals may be resubmitted up to the time designated for the receipt of the proposals if they fully conform with the proposal instructions.

H. PROPOSAL OPENING PROCEDURE

4.23 Sealed and properly identified responses for this RFP entitled SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES will be received by Chris Robinson, Procurement Manager, at NJPA Offices, 202 12th Street NE, Staples, MN 56479 until the deadline identified on page one of this RFP. All Proposal responses must be submitted in a sealed package. The outside of the package must plainly identify SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES and the RFP number. To avoid premature opening, the Proposer must label the Proposal response properly. **NJPA documents the receipt of proposals by immediately time- and date-stamping them.** At the time of the public opening, the NJPA Director of Procurement or a representative from the NJPA Proposal Evaluation Committee will read the Proposer's names aloud and will determine whether each submission has met Level-1 responsiveness.

I. NJPA'S RIGHTS RESERVED

4.24 NJPA may exercise the following rights with regard to the RFP.

4.24.1 Reject any and all proposals received in response to this RFP;

4.24.2 Disqualify any Proposer whose conduct or proposal fails to conform to the requirements of this RFP;

4.24.3 Duplicate without limitation all materials submitted for purposes of RFP evaluation, and duplicate all public information in response to data requests regarding the proposal;

4.24.4 Consider and accept for evaluation a late modification of a proposal if 1) the proposal itself was submitted on time, 2) the modifications were requested by NJPA, and 3) the modifications make the terms of the proposal more favorable to NJPA or its members;

4.24.5 Waive any non-material deviations from the requirements and procedures of this RFP;

4.24.6 Extend the Contract, in increments determined by NJPA, not to exceed a total Contract term of five years;

4.24.7 Cancel the Request for Proposal at any time and for any reason with no cost or penalty to NJPA;

4.24.8 Correct or amend the RFP at any time with no cost or penalty to NJPA. If NJPA corrects or amends any segment of the RFP after submission of proposals and before the announcement of the awarded Vendor, all proposers will be afforded a reasonable opportunity to revise their proposals in order to accommodate the RFP amendment and the new submission dates. NJPA will not be liable for any errors in the RFP or other responses related to the RFP; and

4.24.9 Extend proposal due dates.

5.1 NJPA requests that potential Proposers respond to this RFP only if they are able to offer a wide array of products and services at lower prices and with better value than what they would ordinarily offer to a single government agency, a school district, or a regional cooperative.

5.2 This RFP requests pricing for an indefinite quantity of products or related services with potential national sales distribution and service. While most RFP categories represent significant sales opportunities, NJPA makes no guarantees about the quantity of products or services that members will purchase. **The estimated annual value of this contract is \$150 Million.**

Vendors are expected to anticipate additional volume through potential government, educational, and not-for-profit agencies that would find value in a national contract awarded by NJPA.

5.3 Regardless of the payment method selected by NJPA or an NJPA member, the total cost associated with any purchase option of the products and services must always be disclosed in the proposal and at the time of purchase.

5.4 All proposers must submit “Primary Pricing” in the form of either “Line-Item Pricing,” or “Percentage Discount from Catalog Pricing,” or a combination of these pricing strategies. Proposers are also encouraged to offer optional pricing strategies such as “Hot List,” “Sourced Products,” and “Volume Discounts,” as well as financing options such as leasing. All pricing documents should include a clear effective date.

A. LINE-ITEM PRICING

5.5 Line-item pricing is a pricing format in which individual products or services are offered at specific Contract prices. Products or services are individually priced and described by characteristics such as manufacture name, stock or part number, size, or functionality. This method of pricing may offer the least amount of confusion, but Proposers with a large number of items may find this method cumbersome. In these situations, a percentage discount from catalog or category pricing model may make more sense and may increase the clarity of the contract pricing format.

5.6 All line-item pricing items must be numbered, organized, sectioned (including SKUs, when applicable), and prepared to be easily understood by the Evaluation Committee and members.

5.7 Submit Line-Item Pricing items in an Excel spreadsheet format and include all appropriate identification information necessary to discern the line item from other line items in each Responder’s proposal.

5.8 Line-item pricing must be submitted to NJPA in a searchable spreadsheet format (e.g., Microsoft® Excel®) in order to facilitate quickly finding any particular item of interest. For that reason, Proposers are responsible for providing the appropriate product and service identification information along with the pricing information that is typically found on an invoice or price quote for such product or services.

5.9 All products or services typically appearing on an invoice or price quote must be individually priced and identified on the line-item price sheet, including any and all ancillary costs.

5.10 Proposers should provide both a published “List Price” as well as a “Proposed Contract Price” in their pricing matrix. Published List Price will be the standard “quantity of one” price currently available to government and educational customers, excluding cooperative and volume discounts.

B. PERCENTAGE DISCOUNT FROM CATALOG OR CATEGORY

5.11 This pricing model involves a specific percentage discount from a catalog or list price, defined as a published Manufacturer’s Suggested Retail Price (MSRP) for the products or services being proposed.

5.12 Individualized percentage discounts can be applied to any number of defined product groupings.

5.13 A percentage discount from MSRP may be applied to all elements identified in MSRP, including all manufacturer options applicable to the products or services.

5.14 When a Proposer elects to use “Percentage Discount from Catalog or Category,” Proposer will be responsible for providing and maintaining current published MSRP with NJPA, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.

C. COST PLUS A PERCENTAGE OF COST

5.15 “Cost plus a percentage of cost” as a primary pricing mechanism is not desirable. It is, however, acceptable for pricing sourced goods or services.

D. HOT LIST PRICING

5.16 Where applicable, a Vendor may opt to offer a specific selection of products or services, defined as “Hot List” pricing, at greater discounts than those listed in the standard Contract pricing. All product and service pricing, including the Hot List Pricing, must be submitted electronically in a format that is acceptable to NJPA. Hot List pricing must be submitted in a line-item format. Products and services may be added or removed from the Hot List at any time through an NJPA Price and Product Change Form.

5.17 Hot List program and pricing may also be used to discount and liquidate close-out and discontinued products and services as long as those close-out and discontinued items are clearly labeled as such. Current ordering process and administrative fees apply. This option must be published and made available to all NJPA Members.

E. CEILING PRICE

5.18 Proposal pricing is to be established as a ceiling price. At no time may the proposed products or services be offered under this Contract at prices above this ceiling price without a specific request and approval by NJPA. Contract prices may be reduced at any time, for example, to reflect volume discounts or to meet the needs of an NJPA Member.

5.19 [This section is intentionally blank.]

F. VOLUME PRICE DISCOUNTS / ADDITIONAL QUANTITIES

5.20 through 5.23 [These sections are intentionally blank.]

G. TOTAL COST OF ACQUISITION

5.24 The Total Cost of Acquisition for the equipment/products and related services being proposed, including those payable by NJPA Members to either the Proposer or a third party, is the cost of the proposed equipment/products product/equipment and related services delivered and operational for its intended purpose in the end-user’s location. For example, if you are proposing equipment/products FOB Proposer’s dock, your proposal should reflect that the contract pricing does not provide for delivery beyond Proposer’s dock, nor any set-up activities or costs associated with those delivery or set-up activities. Any additional costs for delivery and set-up should be clearly disclosed. In contrast, a proposal could state that there are no additional costs of acquisition if the product is delivered to and operational at the end-user’s location.

H. SOURCED GOOD or OPEN MARKET ITEM

5.25 A Sourced Good or an Open Market Item is a product that a member wants to buy under contract that is not currently available under the Vendor’s NJPA contract. This method of procurement can be satisfied

through a contract sourcing process. Sourcing options serve to provide a more complete contract solution to meet our members' needs. Sourced items are generally deemed incidental to the total transaction or purchase of contract items.

5.26 NJPA or NJPA Members may request products, equipment, and related services that are within the related scope of this RFP, even if they are not included in an awarded Vendor's line-item price list or catalog. These items are known as Sourced Goods or Open Market Items.

5.27 An awarded Vendor may source such items to the extent that the items are identified as "Sourced Products/Equipment" or "Open Market Items" on any quotation issued in reference to an NJPA awarded contract, and that this information is provided to either NJPA or an NJPA Member. NJPA is not responsible for determining whether a Sourced Good is an incidental portion of the overall purchase or whether a Member is able to consider a Sourced Good a purchase under an NJPA contract.

5.28 "Cost plus a percentage" pricing is an acceptable option in pricing of Sourced Goods.

I. PRODUCT & PRICE CHANGES

5.29 Awarded Vendors may request product or service changes, additions, or deletions at any time throughout the contract term. All requests must be made in written format by completing the NJPA Price and Product Change Request Form (located at the end of this RFP and on the NJPA website), signed by an authorized Vendor representative. All changes are subject to review and approval by NJPA. Submit your requests through email to your assigned Contract Manager and to PandP@njpacoop.org.

5.30 NJPA will determine whether the request is both within the scope of the original RFP and in the best interests of NJPA and NJPA Members. Approved Price and Product Change Request Forms will be returned to the Vendor contact through email.

5.31 The Vendor must 1) complete this change request form and individually list or attach all items subject to change, 2) provide a sufficiently detailed explanation and documentation for the change, and 3) include a complete restatement of pricing document in appropriate format (preferably Excel). The pricing document must identify all products and services being offered and must conform to the following NJPA product and price change naming convention: (Vendor Name) (NJPA Contract #) (effective pricing date); for example, "COMPANY 012411-CPY effective 02-12-2016."

5.32 **The new pricing restatement must include all products and services offered, even for those items whose pricing remains unchanged**, and must include a new effective date on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each vendor and creates a historical record of pricing.

5.33 ADDITIONS. New products and related services may be added to a Contract resulting from this RFP at any time during that Contract term to the extent that those products and related services are within the scope of this RFP. Allowable new products and related services generally include updated models of products and enhanced services that reflect new technology and improved functionality.

5.34 DELETIONS. New products and related services may be deleted from a contract if an item is no longer available.

5.35 PRICE CHANGES. A Vendor may request pricing changes by providing reasonable justification for the change. For example, a request for a 3% increase in a product line that relies heavily on petroleum products may be reasonable if the raw cost of required petroleum products has increased substantially. Conversely, a request for a 3% increase in prices based only on a 3% increase in a cost-of-living index may be considered unreasonable. Although NJPA is sensitive to the possibility of fluctuations in raw material costs, prospective Vendors should make every reasonable attempt to account for normal cost changes by proposing pricing that will be effective throughout the duration of the four-year Contract.

5.35.1 *Price decreases:* NJPA expects Vendors to propose their very best prices and anticipates price reductions that are due to advancement in technology and marketplace efficiencies.

5.35.2 *Price increases:* A Vendor must include reasonable documentation for price-increase requests, along with both current and proposed pricing. Appropriate documentation should be attached to the Price and Product Change Request Form, including letters from suppliers announcing price increases. Price increases must not exceed the industry standard.

5.36 through 5.37 [These sections are intentionally blank.]

5.38 Proposers representing multiple manufacturers, or carrying multiple related product lines may also request the addition of new manufacturers or product lines to their Contract to the extent they remain within the scope of this RFP.

5.39 through 5.43 [These sections are intentionally blank.]

K. SALES TAX

5.44 Sales and other taxes should not be included in the prices quoted. The Vendor will charge state and local sales and other applicable taxes on items for which a valid tax-exemption certification has not been provided. Each NJPA Member is responsible for providing verification of tax-exempt status to the Vendor. When ordering, NJPA Members must indicate that they are tax-exempt entities. Except as set forth herein, no party is responsible for taxes imposed on another party as a result of or arising from the transactions under a Contract resulting from this RFP.

L. SHIPPING

5.45 Shipping costs can constitute a significant portion of the overall cost of procurement. Consequently, significant weight will be given to the quality of a prospective Vendor's shipping program. Shipping charges should reasonably reflect the actual cost of shipping. NJPA understands that Vendors may use other shipping cost methods for simplicity or for transparency. But to the extent that shipping costs are determined to disproportionately increase a Vendor's profit, NJPA may reduce the points awarded in the "Pricing" criteria.

5.46 through 5.47 [These sections are intentionally blank.]

5.48 All shipping and restocking fees must be identified in the price program. Certain industries providing made-to-order products may not allow returns. Proposals will be evaluated not only on the actual costs of shipping, but on the relative flexibility extended to NJPA Members relating to restocking fees, shipping errors, customized shipping requirements, the process for rejecting damaged or delayed shipments, and similar subjects.

5.49 through 5.50 [These sections are intentionally blank.]

5.51 Delivered products must be properly packaged. Damaged products may be rejected. If the damage is not readily apparent at the time of delivery, the Vendor must permit the products to be returned within a reasonable time at no cost to NJPA or NJPA Member. NJPA and NJPA Members reserve the right to inspect the products at a reasonable time subsequent to delivery where circumstances or conditions prevent effective inspection of the products at the time of delivery.

5.52 The Vendor must deliver Contract-conforming products in each shipment and may not substitute products without the express approval from NJPA or the NJPA Member.

5.53 NJPA reserves the right to declare a breach of Contract if the Vendor intentionally delivers substandard or inferior products that are not under Contract and described in its paper or electronic price lists or sourced upon request of any Member under this Contract. In the event of the delivery of nonconforming products, the NJPA Member will notify the Vendor as soon as possible and the Vendor will replace nonconforming products with conforming products that are acceptable to the NJPA member.

5.54 Throughout the term of the Contract, Proposer agrees to pay for return shipment on products that arrive in a defective or inoperable condition. Proposer must arrange for the return shipment of the damaged products.

5 EVALUATION OF PROPOSALS

A. PROPOSAL EVALUATION PROCESS

6.1 The NJPA proposal evaluation committee will evaluate proposals received based on a 1,000 point evaluation system. The committee establishes both the evaluation criteria and designates the relative weight of each criterion by assigning possible scores for each category on Form G of this RFP. The committee may adjust the relative weight of the criteria for each RFP. (For example, if the “Warranty” criterion does not apply to a particular RFP, the points normally awarded under “Warranty” may be used to increase the number of potential points in another evaluation category or categories.) The “Pricing” criterion will contain at least a plurality of points for every RFP.

6.2 NJPA uses a scoring system that gives primary importance to “Pricing.” But pricing includes more than just the absolute lowest initial cost of purchasing, for example, a particular product. Other considerations include the total cost of the acquisition and whether the Proposer’s offering represents the best value. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting NJPA Members’ needs. Pricing points may be awarded based on pricing clarity and ease of use. NJPA may also award points based on whether a response contains exceptions, exclusions, or limitations of liabilities.

6.3 The NJPA Board of Directors will consider making awards to the selected Proposer(s) based on the recommendations of the proposal evaluation committee. To qualify for the final evaluation, a Proposer must have been deemed responsive as a result of the criteria set forth under “Proposer Responsiveness,” found just below.

B. PROPOSER RESPONSIVENESS

6.4 All responses are evaluated for Level-One and Level-Two Responsiveness. If a response does not substantially conform to substantially all of the terms and conditions in the solicitation, or if it requires unreasonable exceptions, it may be considered nonresponsive.

6.5 All proposals must contain suitable responses to the questions in the proposal forms. The following requirements must be satisfied in order to meet Level-One Responsiveness, which is typically ascertained on the proposal opening date. If these standards are not met, your response may be disqualified as nonresponsive.

6.6 Level-One Responsiveness means that the response

6.6.1 is received before the deadline for submission or it will be returned unopened;

6.6.2 is properly addressed and identified as a sealed proposal with a specific RFP number and an opening date and time;

- 6.6.3** contains a pricing document (with apparent discounts) and all other forms fully completed, even if “not applicable” is the answer;
- 6.6.4** includes the original (hard copy) completed, dated, and signed RFP forms C, D, and F. In addition, the response must include the hard-copy signed signature page only from RFP Forms A and P and, if applicable, all signed addenda that have been issued in relation to this RFP;
- 6.6.5** contains an electronic (CD, flash drive, or other suitable) copy of the entire response; and

6.7 Level-Two Responsiveness (including whether the response is within the RFP’s scope) is determined while evaluating the remaining items listed under Proposal Evaluation Criteria below. These items are not arranged in order of importance. Each item draws from multiple questions, and a Proposer’s responses may affect scoring in multiple evaluation criteria. For example, the answers to Industry-Specific Questions may help determine scoring relative to a Proposer’s marketplace success, ability to sell and service nationwide, and financial strength. Any questions not answered without an explanation will likely result in a loss of points and may lead to a nonaward if the proposal evaluation committee cannot effectively review your response.

C. PROPOSAL EVALUATION CRITERIA

6.8 Forms A and P include a series of questions that address the following categories:

- 6.8.1** Company Information and Financial Strength
- 6.8.2** Industry Requirements and Marketplace Success
- 6.8.3** Ability to Sell and Deliver Service Nationwide
- 6.8.4** Marketing Plan
- 6.8.5** Other Cooperative Procurement Contracts
- 6.8.6** Value-Added Attributes
- 6.8.7** Payment Terms and Financing Options
- 6.8.8** Warranty
- 6.8.9** Equipment/Products/Services
- 6.8.10** Pricing and Delivery
- 6.8.11** Industry-Specific Questions

6.9 [This section is intentionally blank.]

D. OTHER CONSIDERATIONS

6.10 In evaluating RFP responses, NJPA has no obligation to consider information that is not provided in the Proposer’s response. NJPA may, however, consider additional information outside the Proposer’s response. This research may include such sources as the Proposer’s website, industry publications, listed references, and user interviews.

6.11 NJPA may organize RFP responses into separate classes or subcategories, depending on the range of responses. For example, NJPA might receive numerous submissions for “Widgets and Related Products and Services.” NJPA may organize these responses into subcategories, such as manufacturers of fully operational Widgets, manufacturers of component parts for Widgets, and providers of parts and service for Widgets. NJPA reserves the right to award Proposers in some or all of such subcategories without regard to the evaluation score given to Proposers in another subcategory. This specifically allows NJPA to award

Vendors that might not have, for instance, the breadth of products of Proposers in another subcategory, but that nonetheless meet a substantial and articulated need of NJPA Members.

6.12 [This section is intentionally blank.]

6.13 NJPA reserves the right to request and test equipment/products and related services and to seek clarification from Proposers. Before the Contract award, the Proposer must furnish the requested information within three (3) days (or within another agreed-to time frame) or provide an explanation for the delay along with a requested time frame for providing the requested information. Proposers must make reasonable efforts to supply test products promptly. All Proposer products remain the property of the Proposer, and NJPA will return such products after the evaluation process. NJPA may make provisional contract awards, subject to a Proposer's proper response to a request for information or products.

6.14 A Proposer's past performance under previously awarded contracts to schools, governmental agencies, and not-for-profit entities is relevant in evaluating a Proposer's current response. Past performance includes the Proposer's record of conforming to published specifications and to standards of good workmanship, as well as the Proposer's history for reasonable and cooperative behavior and for commitment to Member satisfaction. Incumbency as an awarded Vendor does not, by itself, merit positive consideration for a future Contract award.

6.15 NJPA reserves the right to reject any or all proposals.

E. COST COMPARISON

6.16 NJPA may use a variety of evaluation methods, including cost comparisons of specific products. NJPA reserves the right to use this process when the proposal evaluation committee determines that this will help to make a final determination.

6.17 This direct cost comparison process will award points for being low to high Proposer for each cost evaluation item selected. A "Market Basket" of identical (or substantially similar) equipment/products and related services may be selected by the proposal evaluation committee, and the unit cost will be used as a basis for determining the point value. NJPA will select the "Market Basket" from all appropriate product categories as determined by NJPA.

F. MARKETING PLAN

6.18 A Proposer's marketing plan is a critical component of the RFP response. An awarded Vendor's sales force will likely be the primary source of communication with NJPA Members and will directly affect the contract's success. Marketing success depends on communicating the contract's value, knowing the contract thoroughly, and communicating the proper use of contracted products and services to the end user. Much of the success and sales reward is a direct result of the commitment to the contract by the awarded Vendor's sales teams. NJPA reserves the right to deem a Proposer Level-Two nonresponsive or not to award a contract based on an unacceptable or incomplete marketing plan.

6.19 NJPA marketing expectations include the following components.

6.19.1 An awarded Vendor must demonstrate the ability to deploy a national sales force or dealer network. The best RFP responses demonstrate the ability to sell, deliver, and service products through acceptable distribution channels to NJPA members in all 50 states. Proposers' responses should fully demonstrate their sales and service capabilities, should outline their national sales force network (both numerically geographically), and should describe their method of distribution of the offered products and related services. Service may be independent of the product sales pricing, but NJPA encourages related services to be a part of Proposers' response. Despite its preference for awarding contracts to Vendors that demonstrate nationwide sales and service, NJPA reserves the right to award contracts that meet specific Member needs locally or regionally.

6.19.2 Proposers are invited to demonstrate their ability to successfully market, promote, and communicate the benefits of an NJPA contract to current and potential Members nationwide. NJPA desires a marketing plan that communicates the value of the contract to as many Members as possible.

6.19.3 Proposers are expected to be receptive to NJPA trainings. Awarded Vendors must provide an appropriate training venue for both management and the sales force. NJPA commits to providing training on all aspects of communicating the value of the awarded contract, including the authority of NJPA to offer the contract to its Members, the value and utility the contract delivers to NJPA Members, the scope of NJPA Membership, the authority of Members to use NJPA procurement contracts, the preferred marketing and sales methods, and the successful use of specific business sector strategies.

6.19.4 Awarded Vendors are expected to demonstrate a commitment to fully embrace the NJPA contract. Proposers should identify both the appropriate levels of sales management and sales force that will need to understand the value of the NJPA contract, as well as the internal procedures needed to deliver the appropriate messaging to NJPA Members. NJPA will provide a general schedule and a variety of methods describing when and how those individuals should be trained.

6.19.5 Proposers should outline their proposed involvement in promoting an NJPA contract through applicable industry trade show exhibits and related customer meetings. Proposers are encouraged to consider participation with NJPA at NJPA-endorsed national trade shows.

6.19.6 Proposers must exhibit the willingness and ability to actively market and develop contract-specific marketing materials including the following items.

6.19.6.1 Complete Marketing Plan. Proposers must submit a marketing plan outlining how they will launch the NJPA contract to current and potential NJPA Members. NJPA requires awarded Vendors to embrace and actively promote the contract in cooperation with the NJPA.

6.19.6.2 Printed Marketing Materials. Awarded Vendors will produce and maintain full color print advertisements in camera-ready electronic format, including company logos and contact information to be used in the NJPA directory and other approved marketing publications.

6.19.6.3 Contract announcements and advertisements. Proposers should outline in the marketing plan their anticipated contract announcements, advertisements in industry periodicals, and other direct or indirect marketing activities promoting the awarded NJPA contract.

6.19.6.4 Proposer's Website. Proposers should identify how an awarded Contract will be displayed and linked on the Proposer's website. An online shopping experience for NJPA Members is desired whenever possible.

6.19.7 An NJPA Vendor contract launch will be scheduled during a reasonable time frame after the award and held at the NJPA office in Staples, MN unless the Vendor and NJPA agree to a different location.

6.20 Proposer shall identify their commitment to develop a sales/communication process to facilitate NJPA membership and establish status of current and potential agencies/members. Proposer should further express their commitment to capturing sufficient member information as is deemed necessary by NJPA.

G. CERTIFICATE OF INSURANCE

6.21 Proposers must provide evidence of liability insurance coverage identified below in the form of a Certificate of Insurance (COI) or an ACORD binder form with their proposal. Upon an award issued under this RFP and before the execution of any commerce relating to such award, the awarded Vendor must provide verification, in the form of a Certificate of Insurance, identifying the coverage required below and identifying NJPA as a “Certificate Holder.” The Vendor must maintain such insurance coverage at its own expense throughout the term of any contract resulting from this solicitation.

6.22 Any exceptions or assumptions to the insurance requirements must be identified on Form C of this RFP. Exceptions and assumptions will be considered as part of the evaluation process. Any exceptions or assumptions that Proposers submit must be specific. If a Proposer does not include specific exceptions or assumptions when submitting the proposal, NJPA will typically not consider any additional exceptions or assumptions during the evaluation process. Upon contract award, the awarded Vendor must provide the Certificate of Insurance identifying the coverage as specified.

6.23 Insurance Liability Limits. The awarded Vendor must maintain, for the duration of its contract, \$1.5 million in general liability insurance coverage or general liability insurance in conjunction with an umbrella for a total combined coverage of \$1.5 million. Work on the Contract will not begin until after the awarded Vendor has submitted acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or an acceptable alternative method of insurance will be deemed a breach of contract.

6.23.1 Minimum Scope and Limits of Insurance. An awarded Vendor must provide coverage with limits of liability not less than those stated below. An excess liability policy or umbrella liability policy may be used to meet the minimum liability requirements provided that the coverage is written on a “following form” basis.

6.23.1.1 Commercial General Liability—Occurrence Form

Policy shall include bodily injury, property damage and broad form contractual liability and XCU coverage.

6.23.1.2 Each Occurrence

\$1,500,000

6.24 Insurance Requirements: The limits listed in this RFP are minimum requirements for this Contract and in no way limit any indemnity covenants contained in this Contract. NJPA does not warrant that the minimum limits contained herein are sufficient to protect the Vendor from liabilities that might arise out of the performance of the work under this Contract by the Vendor, its agents, representatives, employees, or subcontractors, and the Vendor is free to purchase additional insurance as may be determined necessary.

6.25 Acceptability of Insurers: Insurance is to be placed with insurers duly licensed or authorized to do business in the State of Minnesota and with an “A.M. Best” rating of not less than A- VII. NJPA does not warrant that the above required minimum insurer rating is sufficient to protect the Vendor from potential insurer solvency.

6.26 Subcontractors: Vendors’ certificate(s) must include all subcontractors as additional insureds under its policies, or the Vendor must furnish to NJPA separate certificates for each subcontractor. All coverage for subcontractors are be subject to the minimum requirements identified above.

H. ORDER PROCESS AND/OR FUNDS FLOW

6.27 NJPA Members typically issue a purchase order directly to a Vendor under a Contract resulting from this RFP. Alternatively, a separate contract may be created to facilitate acquiring products or services offered in response to this RFP. Nothing in this Contract restricts the Member and Vendor from agreeing

to add terms or conditions to a purchase order or a separate contract provided that such terms or conditions must not be less favorable to NJPA's Members.

6.28 [This section is intentionally blank.]

I. ADMINISTRATIVE FEES

6.29 Vendors will pay to NJPA an administrative fee in exchange for NJPA facilitating this Contract with its current and potential Members. NJPA may grant a conditional contract award to a Proposer if the proposed administrative fee is unclear, inadequate, or unduly burdensome for NJPA to administer. Sales under this Contract should not be processed until the parties resolve the administrative fee issue.

6.29.1 The administrative fee is typically calculated as a percentage of the dollar volume of all products and services by NJPA Members under this Contract, including anything represented to NJPA Members as falling under this Contract.

6.29.2 The administrative fee is included in, and not added to, the pricing included in Proposer's response to the RFP. Awarded Vendors must not charge NJPA Members more than permitted in the then current price list in order to offset the administrative fee.

6.29.3 The administrative fee is designed to cover the costs of NJPA's involvement in contract management, facilitating marketing efforts, Vendor training, and any order processing tasks relating to the Contract. Administrative fees may also be used for other purposes as allowed by Minnesota law.

6.29.4 The typical administrative fee under this Contract is two percent (2%). While NJPA does not dictate the particular fee percentage, we require that the Proposer articulate a specific fee in its response. For example, merely stating that "we agree to pay an administrative fee" is considered nonresponsive. NJPA acknowledges that the administrative fee percentage may differ between vendors, industries, and responses.

6.29.5 NJPA awarded Vendors are responsible for paying the administrative fee at least quarterly and for generating all related reporting. Vendors agree to cooperate with NJPA in auditing these reports to ensure that the administrative fee is paid on all items purchased under the Contract.

6.30 through 6.32 [This section is intentionally blank.]

J. VALUE-ADDED ATTRIBUTES

6.33 Desirability of Value-Added Attributes: Value-added attributes in an RFP response will be given positive consideration in NJPA's evaluation process. Such attributes may increase the benefit of a product or service by improving functionality, performance, maintenance, manufacturing, delivery, energy efficiency, ordering, or other items while remaining within the scope of this RFP.

6.34 Women and Minority Business Enterprise (WMBE), Small Business, and Other Favored Businesses: Some NJPA Members give formal preference to certain types of vendors or contractors. Proposers should document WMBE (or other) status for both their organization and for any affiliates (e.g., supplier networks) involved in fulfilling the terms of this RFP. The ability of a Proposer to provide preferred business entity "credits" to NJPA and NJPA Members under a Contract will be evaluated positively by NJPA and reflected in the "value added" area of the evaluation.

6.35 Environmentally Preferred Purchasing Opportunities: Many NJPA Members consider the environmental impact of the products and services they purchase. "Green" characteristics demonstrated by Proposers will be evaluated positively by NJPA and reflected in the "value added" area of the evaluation. Please identify any green characteristics of any offering in your proposal and identify the sanctioning body

determining that characteristic. Where appropriate, please indicate which products have been certified as green and by which certifying agency.

6.36 Online Requisitioning Systems: When applicable, online requisitioning systems will be viewed as a value-added characteristic. Proposers should demonstrate how their system makes online ordering easier for NJPA Members, including how Members could integrate their current e-Procurement or enterprise resource planning (ERP) systems into the Proposer’s ordering process.

6.37 Financing: The ability of the Proposer to provide financing solutions to Members for the products and services being proposed will be viewed as a value-added attribute.

6.38 Technology: Technological advances that appreciably improve the proposed products or services will be considered value-added attributes.

K. WAIVER OF FORMALITIES

6.39 NJPA reserves the right to waive minor formalities (or to accept minor irregularities) in any proposal, when it determines that considering the proposal may be in the best interest of its Members.

7 POST-AWARD OPERATING ISSUES

A. SUBSEQUENT AGREEMENTS

7.1 Purchase Order. Purchase orders for products and services may be executed between NJPA Members and the awarded Vendor (or Vendor’s sub-contractors) under this Contract. NJPA Members and Vendors must indicate on the face of such purchase orders that “This purchase order is issued under NJPA contract #XXXXXX” (insert the relevant contract number). Purchase order flow and procedure will be developed jointly between NJPA and an awarded Vendor after an award is made.

7.2 Governing Law. Purchase orders must be construed in accordance with, and governed by, the laws of a competent jurisdiction with respect to the Member. (See also Section 8.5 of this RFP.) All provisions required by law to be included in the purchase order should be read and enforced as if they were included. If through mistake or otherwise any such provision is not included, then upon application of either party the Contract shall be physically amended to make such inclusion or correction. The venue for any litigation arising out of disputes related to purchase order will be a court of competent jurisdiction with respect to the Member.

7.3 Additional Terms and Conditions. Additional terms and conditions to a purchase order may be proposed by NJPA, NJPA Members, or Vendors. Acceptance of these additional terms and conditions is optional to all parties to the purchase order. One purpose of these additional terms and conditions is to address job- or industry-specific requirements of law such as prevailing wage legislation. Additional terms and conditions may also include specific local policy requirements and standard business practices of the issuing Member or the Vendor. Such additional terms and conditions are not considered valid to the extent that they interfere with the general purpose, intent, or currently established terms and conditions contain in this RFP document. For example, a Vendor and Member may agree to add a “net 30” payment requirement to the purchase order instead of applying a “net 10” requirement. But the added terms and conditions must not be less favorable to the Member unless NJPA, the Member, and the Vendor agree to a Contract amendment or similar modification.

7.4 Specialized Service Requirements. In the event that the NJPA Member desires service requirements or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in the Contract resulting from this RFP, the NJPA Member and the Vendor may enter into a separate, standalone agreement, apart from a Contract resulting from this RFP. Any proposed service requirements or specialized performance requirements require pre-approval by the Vendor. Any separate agreement developed to address these

specialized service or performance requirements is exclusively between the NJPA Member and Vendor. NJPA, its agents, and employees shall not be made a party to any claim for breach of such agreement. Product sourcing is not considered a service. NJPA Members will need to conduct procurements for any specialized services not identified as a part of or within the scope of the awarded Contract.

7.5 Performance Bond. At the request of the Member, a Vendor will provide all performance bonds typically and customarily required in their industry. These bonds will be issued pursuant to the requirements of purchase orders for products and services. If a purchase order is cancelled for lack of a required performance bond by the member agency, NJPA recommends that the current pending purchase order be canceled. Each Member has the final decision on purchase order continuation. Any performance bonding required by the Member, the Member's state laws, or by local policy is to be mutually agreed upon and secured between the Vendor and the Member.

7.6 Asset Management Contracts: Asset Management-type Contracts can be initiated under a Contract resulting from this RFP at any time during the term of this Contract. Such a contract could involve, for example, picking up, storing, repairing, inventorying, salvaging, and delivery products falling within the scope of this Contract. The intention in using Asset Management Contracts is to promote the long-term efficiency of NJPA's contracts by (among other things) extending the use and re-use of products. Asset Management Contracts cannot be created under this Contract unless they are executed within the authorized term of a Contract resulting from this RFP. The actual term of the Asset Management Contract may, however, extend beyond the expiration date of this Contract.

B. NJPA MEMBER SIGN-UP PROCEDURE

7.7 Awarded Vendors are responsible for familiarizing their sales and service forces with the various forms of NJPA membership documentation and will encourage and assist potential Members in establishing membership with NJPA. NJPA membership is available at no cost, obligation, or liability to the Member or the Vendor.

C. REPORTING OF SALES ACTIVITY

7.8 Awarded Vendors must report at least quarterly the total gross dollar volume of all products and services purchased by NJPA Members as it applies to this RFP and Contract. This report must include the name and address of the purchasing agency, Member number, amount of purchase, and a description of the items purchased.

7.8.1 Zero sales reports: Awarded Vendors must provide a quarterly Contract sales report regardless of the amount of sales.

D. AUDITS

7.9 NJPA relies substantially on the reasonable auditing efforts of both Members and awarded Vendors to ensure that Members are obtaining the products, services, pricing, and other benefits under all NJPA contracts. Nonetheless, the Vendor must retain and make available to NJPA all order and invoicing documentation related to purchases that Members make from the Vendor under the awarded Contract. NJPA must not request such information more than once per calendar year, and NJPA must make such requests in writing with at least fourteen (14) days' notice. NJPA may employ an independent auditor at its own expense or conduct an audit on its own. In either event, the Vendor agrees to cooperate fully with NJPA or its agents in order to ensure compliance with this Contract.

E. HUB PARTNER

7.10 Hub Partner: NJPA Members may request special services through a "Hub Partner" for the purpose of complying with a law, regulation, or rule that an NJPA Member deems to apply in its jurisdiction. Hub

Partners may bring value to the proposed transactions through consultancy, through qualifying for disadvantaged business entity credits, or through other means.

7.11 Hub Partner Fees: NJPA Members are responsible for any transaction fees, costs, or expenses that arise under this Contract for special service provided by the Hub Partner. The fees, costs, or expenses levied by the Hub Vendor must be clearly itemized in the transaction documentation. To the extent that the Vendor stands in the chain of title during a transaction resulting from this RFP, the documentation must clearly indicate that the transaction is “Executed for the Benefit of [NJPA Member name].”

F. TRADE-INS

7.12 The value in US Dollars for Trade-ins will be negotiated between NJPA or an NJPA Member, and an Awarded Vendor. That identified “Trade-In” value shall be viewed as a down payment and credited in full against the NJPA purchase price identified in a purchase order issued pursuant to any Awarded NJPA procurement contract. The full value of the trade-in will be consideration.

G. OUT OF STOCK NOTIFICATION

7.13 The Vendor must immediately notify NJPA Members when they order an out-of-stock item. The Vendor must also tell the Member when the item will be available and whether there are equivalent substitutes. The Member must have the option of accepting the suggested substitute or canceling the item from the order. Under no circumstance may the Vendor make unauthorized substitutions. Unfilled or substituted items must be indicated on the packing list.

H. CONTRACT TERMINATION FOR CAUSE AND WITHOUT CAUSE

7.14 NJPA reserves the right to cancel all or any part of this Contract if the Vendor fails to fulfill any material obligation, term, or condition as described in the following procedure. Before any such termination for cause, the NJPA will provide written notice to the Vendor, an opportunity to respond, and a reasonable opportunity to cure the breach. The following are some examples of material breaches.

7.14.1 The Vendor provides products or services that do not meet reasonable quality standards and that are not remedied under the warranty;

7.14.2 The Vendor fails to ship the products or to provide the services within a reasonable amount of time;

7.14.3 NJPA reasonably believes that the Vendor will not or cannot perform to the requirements or expectations of the Contract, NJPA issues a request for assurance, and the Vendor fails to respond;

7.14.4 The Vendor fails to fulfill any of the material terms and conditions of the Contract;

7.14.5 The Vendor fails to follow the established procedure for purchase orders, invoices, or receipt of funds as established by NJPA and the Vendor;

7.14.6 The Vendor fails to properly report quarterly sales;

7.14.7 The Vendor fails to actively market this Contract within the guidelines provided in this RFP and defined in the NJPA contract launch.

7.15 Upon receipt of the written notice of breach, the Vendor will have ten (10) business days to provide a satisfactory response to NJPA. If the Vendor fails to reasonably address all issues in the written notice, NJPA may terminate the Contract immediately. If NJPA allows the Vendor more time to remedy the breach, such forbearance does not limit NJPA’s authority to immediately terminate the Contract for continued

breaches for which notice was given to the Vendor. Termination of the Contract for cause does not relieve either party of the financial, product, or service obligations incurred before the termination.

7.16 NJPA may terminate the Contract if the Vendor files for bankruptcy protection or is acquired by an independent third party. The Vendor must disclose to NJPA any litigation, bankruptcy, or suspensions/disbarments that occur during the Contract period. Failure to disclose such information authorizes NJPA to immediately terminate the Contract.

7.17 NJPA may terminate the Contract without cause by giving the Vendor sixty (60) days' written notice of termination. Termination of the Contract without cause does not relieve either party of the financial, product, or service obligations incurred before the termination.

7.18 NJPA may immediately terminate any Contract without further obligation if any NJPA employee significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of NJPA has colluded with any Proposer for personal gain. NJPA may also immediately cancel a Contract if it finds that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by the Vendor or any agent or representative of the Vendor, to any employee of NJPA. Such terminations are effective upon written notice from NJPA or at a later date designated in the notice. Termination of the Contract does not relieve either party of the financial, product, or service obligations incurred before the termination.

8 GENERAL TERMS AND CONDITIONS

8. ADVERTISING A CONTRACT RESULTING FROM THIS RFP

8.1 Proposer/Vendor must not advertise or publish information concerning this Contract before the award is announced by NJPA. Once the award is made, a Vendor is expected to advertise the awarded Contract to both current and potential NJPA Members.

B. APPLICABLE LAW

8.2 [This section is intentionally blank.]

8.3 NJPA Compliance with Minnesota Procurement Law: NJPA has designed its procurement process to comply with best practices in the State of Minnesota. NJPA's solicitation methods are also created to comply with many of the various requirements that our Members must satisfy in their own procurement processes. But these requirements may differ considerably and may change from time to time. So each NJPA Member must make its own determination whether NJPA's solicitation process satisfies the procurement rules in the Member's jurisdiction.

8.4 Governing law with respect to delivery and acceptance: All applicable portions of the Minnesota Uniform Commercial Code, all other applicable Minnesota laws, and the applicable laws and rules of delivery and inspection of the Federal Acquisition Regulations (FAR) laws will govern NJPA contracts resulting from this solicitation.

8.5 Jurisdiction: Any claims that arise against NJPA pertaining to this RFP, and any resulting contract that develops between NJPA and any other party, must be brought only in courts in Todd County in the State of Minnesota unless otherwise agreed to.

8.5.1 Purchase orders or other agreements created pursuant to a contract resulting from this solicitation must be construed in accordance with, and governed by, the laws of the issuing Member. Any claim arising from such a purchase order or agreement must be filed and venued in a court of competent jurisdiction of the Member unless otherwise agreed to.

8.6 through 8.7 [This section is intentionally blank.]

8.8 Indemnification: Each party is responsible for its own acts and is not responsible for the acts of the other party and the results thereof. NJPA's liability is governed by the Minnesota Tort Claims Act (Minn. Stat. §3.736) and other applicable law.

8.9 Prevailing wage: The Vendor must comply with applicable prevailing wage legislation in effect in the jurisdiction of the NJPA Member. The Vendor must monitor the prevailing wage rates as established by the appropriate federal governmental entity during the term of this Contract and adjust wage rates accordingly.

8.10 Patent and copyright infringement: The Vendor agrees to indemnify and hold harmless NJPA and NJPA Members against any and all suits, claims, judgments, and costs instituted or recovered against the Vendor, NJPA, or NJPA Members by any person on account of the use or sale of any articles by NJPA or NJPA Members if the Vendor supplied such articles in violation of applicable patent or copyright laws.

C. ASSIGNMENT OF CONTRACT

8.11 No right or interest in this Contract may be assigned or transferred by the Vendor without prior written permission by the NJPA. No delegation of any duty of the Vendor under this Contract may be made without prior written permission of the NJPA. NJPA will notify Members by posting approved assignments on the NJPA website (www.njpacoop.org).

8.12 If the original Vendor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor-in-interest must perform all obligations under this Contract. NJPA reserves the right to reject the acquiring entity as a Vendor. A change of name agreement will not change the contractual obligations of the Vendor.

D. LIST OF PROPOSERS

8.13 NJPA will not maintain a list of interested proposers, nor will it automatically send RFPs to them. All interested proposers must request the RFP as a result of NJPA's national solicitation advertisements. Because of the wide scope of the potential Members and qualified national suppliers, NJPA has determined this to be the best method of fairly soliciting proposals.

E. CAPTIONS, HEADINGS, AND ILLUSTRATIONS

8.14 The captions, illustrations, headings, and subheadings in this RFP are for convenience and ease of understanding and in no way define or limit the scope or intent of this request.

F. DATA PRACTICES

8.15 All materials submitted in response to this RFP become NJPA's property and become public records (under Minn. Stat. §13.591) after the evaluation process is completed. If the Proposer submits information in response to this RFP that it requests to be classified as nonpublic information (as defined by the Minnesota Government Data Practices Act, Minn. Stat. §13.37), the Proposer must meet the following requirements.

8.15.1 The Proposer must make the request within thirty (30) days of the award/nonaward notification, and include the appropriate statutory justification. Pricing, marketing plans, and financial information is generally not redactable. The NJPA Legal Department will review the request to determine whether the information can be withheld or redacted. If NJPA determines that it must disclose the information upon a proper request for such information, NJPA will inform the Proposer of such determination.

8.15.2 The Proposer must defend any action seeking release of the materials that it believes to be nonpublic information, and it must indemnify and hold harmless NJPA, its agents, and employees,

from any judgments or damages awarded against NJPA in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the term of any contract awarded under this RFP. In submitting a response to this RFP, the Proposer agrees that this indemnification survives as long as NJPA possesses the confidential information.

8.16 [This section is intentionally blank.]

G. ENTIRE AGREEMENT

8.17 This Contract, as defined herein, constitutes the entire agreement between the parties to this Contract. A Contract resulting from this RFP is formed when the NJPA Board of Directors approves and signs the applicable Contract Award & Acceptance document (Form E).

H. FORCE MAJEURE

8.18 Except for payments of sums due, neither party is liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented due to force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence including, but not limited to, the following: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, snow, earthquakes, tornadoes or violent wind, tsunamis, wind shears, squalls, Chinooks, blizzards, hail storms, volcanic eruptions, meteor strikes, famine, sink holes, avalanches, lockouts, injunctions-intervention-acts, terrorist events or failures or refusals to act by government authority and/or other similar occurrences where such party is unable to prevent by exercising reasonable diligence. The force majeure is deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and is deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with a Contract resulting from this RFP. Force majeure does not include late deliveries of products and services caused by congestion at a manufacturer's plant or elsewhere, an oversold condition of the market, inefficiencies, or other similar occurrences. If either party is delayed at any time by force majeure, then the delayed party must (if possible) notify the other party of such delay within forty-eight (48) hours.

8.19 through 8.20 [These sections are intentionally blank.]

I. LICENSES

8.21 The Vendor must maintain a valid status on all required federal, state, and local licenses, bonds, and permits required for the operation of the business that the Vendor conducts with NJPA and NJPA Members.

8.22 All responding Proposers must be licensed (where required) and must have the authority to sell and distribute the offered products and services to NJPA and NJPA Members. Documentation of the required licenses and authorities, if applicable, should be included in the Proposer's response to this RFP.

J. MATERIAL SUPPLIERS AND SUB-CONTRACTORS

8.23 The awarded Vendor must supply the names and addresses of sourcing suppliers and sub-contractors as a part of the purchase order when requested by NJPA or an NJPA Member.

K. NON-WAIVER OF RIGHTS

8.24 No failure of either party to exercise any power given to it hereunder, nor a failure to insist upon strict compliance by the other party with its obligations hereunder, nor a custom or practice of the parties at variance with the terms hereof, nor any payment under a Contract resulting from this RFP constitutes a waiver of either party's right to demand exact compliance with the terms hereof. Failure by NJPA to take action or to assert any right hereunder does not constitute a waiver of such right.

L. PROTESTS OF AWARDS MADE

8.25 And protests must be filed with NJPA's Executive Director and must be resolved in accordance with appropriate Minnesota rules. Protests will only be accepted from Proposers. A protest of an award or nonaward must be filed in writing with NJPA within ten (10) calendar days after the public notice or announcement of the award or nonaward. A protest must include the following items.

8.25.1 The name, address, and telephone number of the protester;

8.25.2 The original signature of the protester or its representative (you must document the authority of the representative);

8.25.3 Identification of the solicitation by RFP number;

8.25.4 Identification of the statute or procedure that is alleged to have been violated;

8.25.5 A precise statement of the relevant facts;

8.25.6 Identification of the issues to be resolved;

8.25.7 The aggrieved party's argument and supporting documentation;

8.25.8 The aggrieved party's statement of potential financial damages; and

8.25.9 A protest bond in the name of NJPA and in the amount of 10% of the aggrieved party's statement of potential financial damages.

M. SUSPENSION OR DISBARMENT STATUS

8.26 If within the past five (5) years, any firm, business, person or Proposer responding to an NJPA solicitation has been lawfully terminated, suspended, or precluded from participating in any public procurement activity with a federal, state, or local government or education agency, the Proposer must include a letter with its response setting forth the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter or to disclose pertinent information may result in the termination of a Contract. By signing the proposal affidavit, the Proposer certifies that no current suspension or debarment exists.

N. AFFIRMATIVE ACTION AND IMMIGRATION STATUS CERTIFICATION

8.27 An Affirmative Action Plan, Certificate of Affirmative Action, or other documentation regarding Affirmative Action may be required by NJPA or NJPA Members relating to a transaction from this RFP. Vendors must comply with any such requirements or requests.

8.28 Immigration Status Certification may be required by NJPA or NJPA Members relating to a transaction from this RFP. Vendors must comply with any such requirements or requests.

O. SEVERABILITY

8.29 In the event that any of the terms of a Contract resulting from this RFP are in conflict with any rule, law, or statutory provision, or are otherwise unenforceable under the laws or regulations of any government or subdivision thereof, such terms will be deemed stricken from the Contract, but such invalidity or unenforceability shall not invalidate any of the other terms of an awarded Contract resulting from this RFP.

P. RELATIONSHIP OF PARTIES

8.30 No Contract resulting from this RFP may be considered a contract of employment. The relationship between NJPA and an awarded Vendor is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. The parties neither intend the proposed Contract to create, nor is to be construed as creating, a partnership, joint venture, master-servant, principal-agent, or any other, relationship. Except as provided elsewhere in this RFP, neither party may be held liable for acts of omission or commission of the other party and neither party is authorized or has the power to obligate the other party by contract, agreement, warranty, representation, or otherwise in any manner whatsoever except as may be expressly provided herein.

[THE REST OF THIS PAGE HAS BEEN LEFT INTENTIONALLY BLANK.]

PROPOSER QUESTIONNAIRE- General Business Information
(Products, Pricing, Sector Specific, Services, Terms and Warranty are addressed on **Form P**)

Proposer Name: _____ Questionnaire completed by: _____

Please identify the person NJPA should correspond with from now through the Award process:

Name: _____ E-Mail address: _____

Please answer the questions below using the Microsoft Word® version of this document. This allows NJPA evaluators to cut and paste your answers into a separate worksheet. Place your answer directly below each question. NJPA prefers a brief but thorough response to each question. Please do not merely attach additional documents to your response without also providing a substantive response. Do not leave answers blank; mark “NA” if the question does not apply to you (preferably with an explanation). Please create a response that is easy to read and understand. For example, you may consider using a different font and color to distinguish your answer from the questions.

Company Information & Financial Strength

- 1) Provide the full legal name, mailing and email addresses, tax identification number, and telephone number for your business.
- 2) Provide a brief history of your company, including your company’s core values, business philosophy, and longevity in the SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES industry.
- 3) Provide a detailed description of the products and services that you are offering in your proposal.
- 4) What are your company’s expectations in the event of an award?
- 5) Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters.
- 6) What is your US market share for the solutions that you are proposing? What is your Canadian market share, if any?
- 7) Has your business ever petitioned for bankruptcy protection? Please explain in detail.
- 8) How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization.
 - a) If your company is best described as a distributor/dealer/reseller (or similar entity), please provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned?
 - b) If your company is best described as a manufacturer or service provider, please describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?
- 9) If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.
- 10) Provide all “Suspension or Disbarment” information that has applied to your organization during the past ten years.
- 11) Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.

Industry Recognition & Marketplace Success

- 12) Describe any relevant industry awards or recognition that your company has received in the past five years.
- 13) Supply three references/testimonials from your customers who are eligible for NJPA membership. At a minimum, please include the entity's name, contact person, and phone number.
- 14) Provide a list of your top five governmental or educational customers (entity name is optional), including entity type, the state the entity is located in, scope of the projects, size of transactions, and dollar volumes from the past three years.
- 15) Indicate separately what percentages of your sales are to the government and education sectors in the past three years?
- 16) List any state or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?
- 17) List any GSA contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?

Proposer's Ability to Sell and Deliver Service Nationwide

- 18) Describe your company's capability to meet NJPA Member's needs across the country. Your response should address at least the following areas.
 - a) Sales force.
 - b) Dealer network or other distribution methods.
 - c) Service force.Please include details, such as the locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employers (or employees of a third party), and any overlap between the sales and service functions.
- 19) Describe in detail the process and procedure of your customer service program, if applicable. Please include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.
- 20)
 - a) Identify any geographic areas of the United States that you will NOT be fully serving through the proposed contract.
 - b) Identify any NJPA Member sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Please explain your answer. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?
- 21) Define any specific contract requirements or restrictions that would apply to our Members in Hawaii and Alaska and in US Territories.

Marketing Plan

- 22) If you are awarded a contract, how will you train your sales management, dealer network, and direct sales teams (whichever apply) to ensure maximum impact? Please include how you will communicate your NJPA pricing and other contract detail to your sales force nationally.
- 23) Describe your marketing strategy for promoting this contract opportunity. Please include representative samples of your marketing materials in electronic format.
- 24) Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.

- 25) In your view, what is NJPA’s role in promoting contracts arising out of this RFP? How will you integrate an NJPA-awarded contract into your sales process?
- 26) Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.

Value-Added Attributes

- 27) Describe any product, equipment, maintenance, or operator training programs that you offer to NJPA Members. Please include details, such as whether training is standard or optional, who provides training, and any costs that apply.
- 28) Describe any technological advances that your proposed products or services offer.
- 29) Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.
- 30) Describe any Women or Minority Business Entity (WMBE) or Small Business Entity (SBE) accreditations that your company or hub partners have obtained.
- 31) What unique attributes does your company, your products, or your services offer to NJPA Members? What makes your proposed solutions unique in your industry as it applies to NJPA members?
- 32) Identify your ability and willingness to provide your products and services to NJPA member agencies in Canada.

NOTE: Questions regarding Payment Terms, Warranty, Products/Equipment/Services, Pricing and Delivery, and Industry Specific Items are addressed on Form P.

PROPOSER ASSURANCE OF COMPLIANCE

Proposal Affidavit Signature Page

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swears that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.
2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.
3. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted in writing and have been included with the Proposer's RFP response.
4. The Proposer will, if awarded a Contract, provide to NJPA Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.
5. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to NJPA Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to NJPA Members under an awarded Contract.
6. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
7. The Proposer understands that NJPA will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
8. The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify NJPA for reasonable measures that NJPA takes to uphold such a data designation.

[The rest of this page has been left intentionally blank. Signature page below]

By signing below, Proposer is acknowledging that he or she has read, understands, and agrees to comply with the terms and conditions specified above.

PROPOSER QUESTIONNAIRE

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: _____

Questionnaire completed by: _____

Payment Terms and Financing Options

- 1) What are your payment terms (e.g., net 10, net 30)?
- 2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?.
- 3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.
- 4) Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?

Warranty

- 5) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.
 - Do your warranties cover all products, parts, and labor?
 - Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
 - Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
 - Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?
 - Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
 - What are your proposed exchange and return programs and policies?
- 6) Describe any service contract options for the items included in your proposal.

Pricing, Delivery, Audits, and Administrative Fee

- 7) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.
- 8) Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

- 9) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.
- 10) The pricing offered in this proposal is
- _____ a. the same as the Proposer typically offers to an individual municipality, university, or school district.
 - _____ b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
 - _____ c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
 - _____ d. other than what the Proposer typically offers (please describe).
- 11) Describe any quantity or volume discounts or rebate programs that you offer.
- 12) Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.
- 13) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.
- 14) If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.
- 15) Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.
- 16) Describe any unique distribution and/or delivery methods or options offered in your proposal.
- 17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.
- 18) Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor’s sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member’s cost of goods. (See RFP Section 6.29 and following for details.)

Industry-Specific Questions

- 19) Describe the top three market differentiators of your products/services relative to the industry.
- 20) Identify how your products, services and supplies address the scope of this RFP.

10 PRE-SUBMISSION CHECKLIST

Check when Completed	Contents of Your Bid Proposal	Hard Copy Required Signed and Dated	Electronic Copy Required - CD or Flash Drive
	Form A: Proposer Questionnaire with all questions answered completely	X - signature page only	X
	Form B: Proposer Information		X
	Form C: Exceptions to Proposal, Terms, Conditions, and Solutions Request	X	X
	Form D: Formal Offering of Proposal	X	X
	Form E. Contract Acceptance and Award		X
	Form F: Proposers Assurance of Compliance	X	X
	Form P: Proposer Questionnaire with all questions answered completely	X-signature page only	X
	Certificate of Insurance with \$1.5 million coverage	X	X
	Copy of all RFP Addendums issued by NJPA	X	X
	Pricing for all Products/Equipment/Services within the RFP being proposed		X
	Entire Proposal submittal including signed documents and forms.		X
	All forms in the Hard Copy Required Signed and Dated should be inserted in the front of the submitted response, unbound.		
	Package containing your proposal labeled and sealed with the following language: "Competitive Proposal Enclosed, Hold for Public Opening XX-XX-XXXX"		
	Response Package mailed and delivered prior to deadline to: NJPA, 202 12th St NE, Staples, MN 56479		

11 NJPA VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

Section 1. Instructions for Vendor

Requests for product or service changes, additions, or deletions will be considered at any time throughout the awarded contract term. All requests must be made in writing by completing sections 2, 3, and 4 of this NJPA Price and Product Change Request Form and signed by an authorized Vendor representative in section 5. All changes are subject to review by the NJPA Contracts & Compliance Manager and to approval by NJPA's Chief Procurement Officer. Submit request through email to your assigned NJPA Contract Administrator.

NJPA will determine whether the request is 1) within the scope of the original RFP, and 2) in the best interests of NJPA and NJPA Members. Approved Price and Product Change Request Forms will be signed and emailed to the Vendor contact.

The Vendor must complete this change request form and individually list or attach all items or services subject to change, must provide sufficiently detailed explanation and documentation for the change, and must include a complete restatement of pricing documentation in an appropriate format (preferably Microsoft® Excel®). The pricing document must identify all products and services being offered and must conform to the following NJPA product/price change naming convention: (Vendor Name) (NJPA Contract #) (effective pricing date); for example, "Acme Widget Company #012416-AWC eff. 01-01-2017."

NOTE: New pricing restatements must include all products and services offered regardless of whether their prices have changed and must include a new "effective date" on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each Vendor and creates a historical record of pricing.

ADDITIONS. New products and related services may be added to a contract if such additions are within the scope of the original RFP.

DELETIONS. New products and related services may be deleted from a contract if, for example, they are no longer available or have been modified to a point where they are outside the scope of the RFP.

PRICE CHANGES: Vendors may request price changes if they provide sufficient rationale for the change. For example, a Vendor that manufactures products that require substantial petroleum-related material might request a 3% price increase because of a 20% increase in petroleum costs.

Price decreases: NJPA expects Vendors to propose their very best prices and anticipates that price reductions might occur because of improved technologies or marketplace efficiencies.

Price increases: Acceptable price increases typically result from specific Vendor cost increases. The Vendor must include reasonable justification for the price increase and must not, for example, offer merely generalized statements about an increase in a cost-of-living index. Appropriate documentation should be attached to this form, including such items as letters from suppliers announcing price increases.

Refer to the RFP for complete "Pricing" details.

Section 2. Vendor Name and Type of Change Request

CHECK ALL CHANGES THAT APPLY:

AWARDED VENDOR NAME:

- Adding Products/Services
- Deleting Products/Services
- Price Increase
- Price Decrease

NJPA CONTRACT NUMBER:

Section 3. Detailed Explanation of Need for Changes

List the products and/or services that are changing or being added or deleted from the previous contract price list, along with the percentage change for each item or category. (Attach a separate, detailed document if changing more than 10 items.)

Provide a general statement and documentation explaining the reasons for these price and/or product changes.

EXAMPLES: 1) "All pricing for paper products and services are increased 5% because of increased raw material and transportation costs (see attached documentation of fuel and raw materials increase)." 2) "The 6400 series floor polisher is being added to the product list as a new model, replacing the 5400 series. The 6400 series 3% increase reflects technological changes that improve the polisher's efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% discount from the previous pricing until the remaining inventory is liquidated."

If adding products, state how these are within the scope of the original RFP.

If changing prices or adding products or services, state how the pricing is consistent with existing NJPA contract pricing.

Appendix A

NJPA The National Joint Powers Alliance® (NJPA), on behalf of NJPA and its current and potential Member agencies, which includes all governmental, higher education, K-12 education, not-for-profit, tribal governmental, and all other public agencies located in all fifty states, Canada, and internationally, issues this Request For Proposal (RFP) to result in a national contract solution.

ADDENDUM ONE (1)

To that certain

NJPA RFP #122017

Issued by

National Joint Powers Alliance®

For the procurement of

SEWER VACUUM, HYDRO-EXCAVATION, AND STREET SWEEPER EQUIPMENT, WITH RELATED ACCESSORIES AND SUPPLIES

Consider the following to be part of the above-titled RFP: **Question and Answer.**

QUESTION: Are sewer pipeline inspection cameras within the scope?

ANSWER: Yes, as equipment or an accessory used in the cleaning of sewer lines, sewer pipeline inspection cameras are within the scope of this RFP. |

Acknowledgment of Addendum One (1) to RFP 122017 emailed on December 7, 2017.

COMPANY NAME: _____

Please include this signed Addendum with your RFP response.

FORM E
CONTRACT ACCEPTANCE AND AWARD

(Top portion of this form will be completed by NJPA if the vendor is awarded a contract. The vendor should complete the vendor authorized signatures as part of the RFP response.)

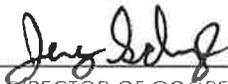

NJPA Contract #: 122017-FSC

Proposer's full legal name: Federal Signal Corp.

Based on NJPA's evaluation of your proposal, you have been awarded a contract. As an awarded vendor, you agree to provide the products and services contained in your proposal and to meet all of the terms and conditions set forth in this RFP, in any amendments to this RFP, and in any exceptions that are accepted by NJPA.

The effective date of the Contract will be February 20, 2018 and will expire on February 20, 2022 (no later than the later of four years from the expiration date of the currently awarded contract or four years from the date that the NJPA Chief Procurement Officer awards the Contract). This Contract may be extended for a fifth year at NJPA's discretion.

PROPOSER ASSURANCE OF COMPLIANCE

Proposal Affidavit Signature Page

PROPOSER'S AFFIDAVIT

The undersigned, authorized representative of the entity submitting the foregoing proposal (the "Proposer"), swear that the following statements are true to the best of his or her knowledge.

1. The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to NJPA members agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.
2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of NJPA, or any person, firm, or corporation under contract with NJPA, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.
3. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted in writing and have been included with the Proposer's RFP response.
4. The Proposer will, if awarded a Contract, provide to NJPA Members the /products and services in accordance with the terms, conditions, and scope of this RFP, with the Proposer-offered specifications, and with the other documents in this solicitation.
5. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to NJPA Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to NJPA Members under an awarded Contract.
6. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
7. The Proposer understands that NJPA will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
8. The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify NJPA for reasonable measures that NJPA takes to uphold such a data designation.

[The rest of this page has been left intentionally blank. Signature page below]

By signing below, Proposer is acknowledging that he or she has read, understands, and agrees to comply with the terms and conditions specified above.

PROPOSER QUESTIONNAIRE

Payment Terms, Warranty, Products and Services, Pricing and Delivery, and Industry-Specific Questions

Proposer Name: _____ Federal Signal Corp (Elgin and Vactor) _____

Questionnaire completed by: _____ David Panizzi _____

Payment Terms and Financing Options

1) What are your payment terms (e.g., net 10, net 30)?
Payment terms are determined between the ESG dealer and the NJPA member. General terms between dealer and the ESG are Net 30.

2) Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?

Available leasing or financing programs are determined between the ESG Dealer and NJPA member. We do sponsor third party full service lease and turnkey maintenance program for our dealer. We have also worked with National Cooperative Leasing (NCL), an NJPA contract holding vendor, to provide information on leasing and financing solutions through our dealer network.

3) Briefly describe your proposed order process. Please include enough detail to support your ability to report quarterly sales to NJPA. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the NJPA Members' purchase orders.

NJPA member submits a Purchase Order to the ESG Dealer with payment made by the NJPA member to the ESG Dealer. ESG dealer will facilitate and process all product orders and invoicing. Elgin and Vactor equipment is exclusively provided by contracted dealers. If required, a detailed listing of dealers can be provided.

Our dealers report NJPA sales through their local Regional Sales Manager (RSM) who, in-turn, provide quarterly updates to internal Sales management. We are working to implement an enhanced process designed to gather all pertinent reporting information (Entity name, location, contact and transaction price) at the time of order. Manual reporting will be required for existing dealer stock inventory that is sold to NJPA members.

4) Do you accept the P-card procurement and payment process? If so, is there any additional cost to NJPA Members for using this process?

Not Applicable.

Warranty

5) Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may include in your response a copy of your warranties, but at a minimum please also answer the following questions.

Standard Warranty is for 12 months on the complete unit but certain components have longer standard warranties (i.e. aux engines). These are identified in our standard limited warranty statement. The Statement also defines start date, applications, etc. Units are registered for warranty using our on-line

warranty system. Warranty repairs are performed by our contracted and certified dealers. Claims are filed by the ESG Service provider/dealer within the system as well. Additionally, the ESG service parts and warranty guide is published on the ESG Dealer website and contains claim submissions standards and guidelines for conducting warranty repairs. Generally, qualifying warranty claims for parts and labor are covered. Extended warranties are available for additional charge.

- Do your warranties cover all products, parts, and labor?
All Standard Warranty include material and labor to either repair or replace our option.
- Do your warranties impose usage restrictions or other limitations that adversely affect coverage?
Standard Limited Warranty is based on in service days only. There is no restriction on hours.
- Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?
ESG dealers are compensated for travel time up to 3 hours round trip, per reasonably required trip.
- Are there any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs? How will NJPA Members in these regions be provided service for warranty repair?
ESG Dealer network covers the entire U.S. and Canada. NJPA members can arrange with ESG dealer in their respective area to receive warranty work.
- Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?
Warranties for items made by other manufactures are covered by the original equipment manufacture. We can and have intervened on behalf of our dealers and end-user customers to get the required OEM support (i.e. chassis or engine manufacturers).
- What are your proposed exchange and return programs and policies?
A product return or exchange is extremely rare. If circumstances merit that a product be returned or exchanged due to performance or other situation, we will review and handle on a case by case basis. If this ultimately means a return or exchange then we, along with our dealer, will work to facilitate the return or exchange with the goal of complete customer satisfaction and to be life-long repeat customers.

Regarding product trade-in or buybacks - Our dealers do provide product trade-in or buy-back amounts for many of our products. This is at our dealer discretion and can be discussed during the proposal/quoting process.

- 6) Describe any service contract options for the items included in your proposal.
Service contracts are not offered at the manufacture level. Most ESG dealerships do offer service contract options. This could be as simple as a maintenance agreement with the end user to a full-service parts, maintenance and exchange program. these programs vary by dealers.

Pricing, Delivery, Audits, and Administrative Fee

- 7) Provide a general narrative description of the equipment/products and related services you are offering in your proposal.

Elgin Street Sweepers including mechanical, pure vacuum and regenerative air sweepers. Vactor Combination Sewer Cleaners, Stand-alone Catch-basin Cleaners and Jetters, and Hydro Excavation Machines.

- 8) Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the NJPA discounted price) on all of the items that you want NJPA to consider as part of your RFP response. Provide a SKU for each item in your proposal. (Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract. See the body of the RFP and the Price and Product Change Request Form for more detail.)

Elgin will use Excel Spreadsheets for each street sweeper model. Vactor will use pdf files for each product category including combination sewer cleaners, jetters and the various hydro-excavation

products. The price sheets/files will list top-level models with line item pricing for all available option content. The price sheets do contain a great deal of information but are separated by model or product category to help the NJPA members understand.

- 9) Please quantify the discount range presented in this response. For example, indicate that the pricing in your response represents is a 50% percent discount from the MSRP or your published list.

NJPA Members enjoy a 3% discount from list price. The Elgin price sheets provided will show line-item pricing and calculate and apply the 3% NJPA discount. The Vactor pdf pricing files will have the 3% discount already calculated and applied to each line item. This will represent the ceiling based price. Additional discounting may be considered for volume purchases or unique situations. This is handled on a case-by-case basis

- 10) The pricing offered in this proposal is

- a. the same as the Proposer typically offers to an individual municipality, university, or school district.
- b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
- c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.
- d. other than what the Proposer typically offers (please describe).

- 11) Describe any quantity or volume discounts or rebate programs that you offer.

Quantity or Volume discounts may be considered but this would be on a case-by-case basis.

- 12) Propose a method of facilitating "sourced" products or related services which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.

Elgin and Vactor offer "special" option capability which allows engineering to research and design unique product features. These "specials" will be priced using our specials process (to determine a list price) and discounted at the 3% level (minimum).

The "sourced" product would be stock chassis or special chassis options to which the 3% discount would not apply. Our stock (Elgin or Vactor spec) chassis are considered a "pass-through" cost item. This means we do not look to profit from required "sourced product" and therefore look to only recoup our costs. That's why no discount would apply to the "sourced" product.

- 13) Identify any total cost of acquisition costs that are **NOT** included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

Any Dealer costs for dealer installed items including local freight and PDI are not included in our pricing submittal. Any costs associated with the delivery of a piece of equipment to an NJPA member AFTER it has been delivered to the respective ESG dealer is negotiated between the ESG Dealer and the NJPA member. Such costs could be delivery from ESG Dealer to the NJPA member, putting the unit into service, special or additional training, recommended spare parts, etc.

These additional costs would only be imposed by our authorized dealers.

- 14) If delivery or shipping is an additional cost to the NJPA Member, describe in detail the complete shipping and delivery program.

Any costs associated with the delivery of a piece of equipment to an NJPA member AFTER it has been delivered to the respective ESG dealer is negotiated between the ESG Dealer and the NJPA member.

Such costs could be delivery from ESG Dealer to the NJPA member, putting the unit into service, specialized or additional training, recommended spare parts, etc.

- 15) Specifically describe those shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

ESG has Dealers in Alaska, Hawaii and Canada (and through out the world). Elgin and Vactor works with the ESG dealer to deliver the unit to their specified location and the ESG dealer would deliver the unit to the NJPA customer. We currently have products operating in Alaska, Hawaii and Canada. Delivery to these locations are standard practices that may include packaging for water/sea freight.

- 16) Describe any unique distribution and/or delivery methods or options offered in your proposal.

ESG delivers the piece of equipment to the ESG Dealer who works with the NJPA member on delivery method. Because of the size of our products unique or varied delivery options may not be available or work logistically.

- 17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with NJPA. This process includes ensuring that NJPA Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to NJPA.

Dealers are required to indicate an NJPA member purchase on their purchase order to us. Dealers are required to report customer information including Name, Contact information, and transaction price. ESG Director of Dealer Sales tracks and reports on all NJPA contract sales on a Quarterly basis. The only exception to this are for units that are existing dealer inventory (dealer stock) that are sold after the transaction between us and our dealer has transpired. The sales are more difficult to track and have delayed reporting in the past. We will be tasking our Regional Sales Managers with gathering and reporting this information in a timely manner.

- 18) Identify a proposed administrative fee that you will pay to NJPA for facilitating, managing, and promoting the NJPA Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)

We proposed to pay a 0.5% administrative fee to the NJPA for contract administration, facilitation and promotion. This fee would be calculated on the dealer-to-NJPA member transaction price less the price of the required chassis. This fee is consistent with our previous NJPA contract and will not be included as part of the pricing to NJPA members.

Industry-Specific Questions

- 19) Describe the top three market differentiators of your products/services relative to the industry.

We offer the most comprehensive product line in both the street sweeper and sewer cleaning industry.

We have various models of sweepers that use mechanical, regenerative air and pure vacuum sweeping technologies. We focus on what is best for a specific user's application and do not push one technology over another. We offer alternative fueled vehicles as well as waterless dust suppression that not all competitors can match. Again, this allows us to cater to the specific customer's needs rather than using a generic model and trying to "option" it to fit.

With sewer cleaners we offer various sizes from tow-behind trailer units to full size units with extra axels for appropriate weight distribution and bridge law. We offer air movement (vacuum) options from Fan to Positive Displacement (PD blower) units. We have recently introduced options that provide for extra production efficiencies and convenience including water recycling and new control packages.

Advancing security and well-being.

ELGIN
VACTOR

March 4, 2019

City of Murfreesboro

To Whom It May Concern,

Thank you and everyone involved within the City of Murfreesboro for your continued interest in our Elgin Sweeper products. Sansom Equipment Company is the authorized administrator and vendor for Elgin products purchased through the Sourcwell contract award number 122017-FSC in the state of Tennessee.

This statement is submitted on behalf of Federal Signal Corporation, Elgin Sweeper Company, and Sansom Equipment Company. If you have any questions or concerns regarding this matter, please do not hesitate to call me.

Sincerely,

A handwritten signature in black ink, appearing to read 'B. Sangalli', is written over a light blue horizontal line.

Bob Sangalli
Regional Sales Manager
Elgin Sweeper Company
(847) 778-8135

Agreement for Sweeper Truck

This Agreement is entered into and effective as of the ____ day of _____ 2019, by and between the **City of Murfreesboro**, a municipal corporation of the State of Tennessee (the "City"), and **Sansom Equipment Company, Inc.**, a corporation of the State of Alabama ("Contractor").

This Agreement consists of the following documents:

- This document
- Federal Signal Corporation's Sourcewell (formerly known as National Joint Powers Alliance) Contract Award No. 122017-FSC
- Contractor's Quote #201902584 dated February 5, 2019
- Any properly executed amendments to this Agreement

In the event of conflicting provisions, all documents shall be construed according to the following priorities:

- First, any properly executed amendment or change order to this Agreement (most recent amendment or change order given first priority)
- Second, this Agreement
- Third, Federal Signal Corporation's Sourcewell (formerly known as National Joint Powers Alliance) Contract Award No. 122017-FSC
- Lastly, Contractor's Quote #201902584 dated February 5, 2019

1. **Duties and Responsibilities of Contractor.** Contractor agrees to provide, and City agrees to purchase a 2019 Elgin Crosswind One Regen Sweeper Truck from the Federal Signal Corporation's Sourcewell (formerly known as National Joint Powers Alliance) Contract Award No. 122017-FSC in accordance with Contractor's Quote #201902584 dated February 5, 2019. Contractor is the authorized administrator and vendor for Elgin products purchased through Federal Signal Corporation's Sourcewell contract award number 122017-FSC in the state of Tennessee.

2. **Term.** Contractor's performance may be terminated in whole or in part:
- a. Upon 30-day prior notice, for the convenience of the City.
 - b. For the convenience of Contractor, provided that Contractor notifies the City in writing of its intent to terminate under this paragraph at least 30 days prior to the effective date of the termination.
 - c. For cause, by either party where the other party fails in any material way to perform its obligations under this Agreement. Termination under this subsection is subject to the condition that the terminating party notifies the other party of its intent to terminate, stating with reasonable specificity the grounds therefore, and the other party fails to remedy the problem within 15 days after receiving the notice.
 - d. Should Contractor fail to fulfill in a timely and proper manner its obligations under this Agreement or if it should violate any of the terms of this Agreement, the City has the right to immediately terminate the Agreement. Such termination does not relieve Contractor of any liability to the City for damages sustained by virtue of any breach by Contractor.
 - e. Should the appropriation for Contractor's work be withdrawn or modified, the City has the right to terminate the Agreement immediately upon written notice to Contractor.

3. **Price; Compensation; Method of Payment.**

- a. The price for the goods and other items to be provided under this Agreement is set forth in the Contractor's Quote #201902584 dated February 5, 2019, which reflects a total purchase price of \$245,685.00. Any compensation due Contractor under the Agreement shall be made upon submittal of an invoice after delivery and acceptance of the goods and/or services which each payment represents. The City agrees to pay Contractor after goods and/or services have been received, accepted, and properly invoiced as indicated in the Agreement and/or purchase order. Invoices must bear the purchase order number. Final payment shall not be made until after performance is complete.
 - b. Deliveries of all items shall be made within 180 calendar days of order at the Street Department, 620 West Main Street, Murfreesboro, TN 37130. Contact Person Raymond Hillis (tel. 615-893-4380; email. rhillis@murfreesborotn.gov) must be notified of delivery date and time within two (2) calendar days prior to delivery. Deliveries shall be made during the normal working hours of the City, Monday through Friday.
 - c. Deliveries of all items shall be made as stated in the Federal Signal Corporation's Sourcewell (formerly known as National Joint Powers Alliance) Contract Award No. 122017-FSC and Contractor's Quote #201902584 dated February 5, 2019. Should the Contractor fail to deliver items on or before its stated date, the City reserves the right to cancel the order or Agreement. The Contractor shall be responsible for making any and all claims against carriers for missing or damaged items.
 - d. Delivered items will not be considered "accepted" until an authorized agent for the City has, by inspection or test of such items, determined that they fully comply with specifications. The City may return, for full credit and at no expense to the City, any item(s) received which fail to meet the specifications as stated in the Federal Signal Corporation's Sourcewell (formerly known as National Joint Powers Alliance) Contract Award No. 122017-FSC and Contractor's Quote #201902584 dated February 5, 2019.
 - e. All deliveries made pursuant to the Agreement must be made pursuant to the written purchase order of the City. The City assumes no liability for goods and/or services provided without a written purchase order from the City. Delivery and freight charges are to be prepaid and included in the purchase price.
4. **Warranty.** Unless otherwise specified, every item bid shall meet the warranty requirements set forth in the specifications.
 5. **Taxes.** The City of Murfreesboro is exempt from State sales tax and will issue a tax exemption certificate to the Contractor as requested. City shall not be responsible for any taxes that are imposed on Contractor. Furthermore, Contractor understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to City.
 6. **Work Product.** Except as otherwise provided herein, all data, documents and materials produced and provided by Contractor under this Agreement are the property of the City, which retains the exclusive right to publish, disclose, distribute and otherwise use, in whole or in part, any such data, documents or other materials. Any of the City's property, including but not limited to books, records and equipment, that is in Contractor's possession must be maintained in good condition and repair and returned to the City by Contractor at the end of this Agreement.
 7. **Insurance.** During the term of this Agreement, Contractor must maintain comprehensive general liability insurance with limits of not less than \$1,000,000, as well as automotive and workers' compensation insurance policies. Contractor will provide to the City: (i) a standard certificate of insurance evidencing this coverage prior to commencement of work and upon renewal or expiration of the policies reflected thereupon, (2) upon request, an endorsement naming the City

as additional insured under the terms of the policy as follows: "The City of Murfreesboro, Tennessee, its officers, employees, contractors, consultants, and agents."

8. Indemnification.

- a. Contractor must indemnify, defend, and hold harmless the City, its officers, agents and employees from any claims, penalties, damages, costs and attorney fees ("Expenses") arising from injuries or damages resulting from, in part or in whole, the negligent or intentional acts or omissions of contractor, its officers, employees and/or agents, including its subcontractors or independent contractors, in connection with the performance of this Agreement, and, Expenses arising from any failure of Contractor, its officers, employees and/or agents, including its subcontractors or independent contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws.
- b. Pursuant to Tennessee Attorney General Opinion 93-01, the City will not indemnify, defend or hold harmless in any fashion Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that Contractor may provide.
- c. Copyright, Trademark, Service Mark, or Patent Infringement.
 - i. Contractor, at its own expense, is entitled to and has the duty to defend any suit which may be brought against the City to the extent that it is based on a claim that the products or services furnished infringe a copyright, Trademark, Service Mark, or patent. Contractor will indemnify, defend, and hold harmless the City against any award of damages and costs made against the City. The City will provide Contractor immediate notice in writing of the existence of such claim and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority from the City in order to enable Contractor to do so. The City reserves the right to participate in the defense of any such action. Contractor has the right to enter into negotiations for and the right to effect settlement or compromise of any such action provided (i) any amounts due to effectuate fully the settlement are immediate due and payable and paid by Contractor; (ii) no cost or expense whatsoever accrues to the City at any time; and (iii) such settlement or compromise is binding upon the City upon approval by the Murfreesboro City Council.
 - ii. If the products or services furnished under this Agreement are likely to, or do become, the subject of such a claim of infringement, then without diminishing Contractor's obligation to satisfy the final award, Contractor may at its option and expense:
 1. Procure for the City the right to continue using the products or services.
 2. Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to the City, so that they become non-infringing.
 3. Remove the products or discontinue the services and cancel any future charges pertaining thereto; provided however, Contractor will not exercise this option until Contractor and the City have determined that each of the other options are impractical.
 - iii. Contractor has no liability to the City if any such infringement or claim thereof is based upon or arises out of the use of the products or services in combination with apparatus or devices not supplied or else approved by Contractor, the use of the products or services in a manner for which the products or services were neither designated nor contemplated, or the claimed infringement in which the

City has any direct or indirect interest by license or otherwise, separate from that granted herein.

9. **Notices.** Notice of assignment of any rights to money due to Contractor under this Agreement must be mailed first class mail or hand delivered to the following:

If to the City of Murfreesboro:

City Manager
City of Murfreesboro
111 West Vine Street
Murfreesboro, TN 37130

If to the Contractor:

Ryan Cherry, Sales Representative
3196 Hwy 231 North
Shelbyville, TN 37160
Office: 615-696-7066
Fax: 615-413-5323
ryan@secequip.com

10. **Compliance with Laws.** Contractor agrees to comply with any applicable federal, state and local laws and regulations.
11. **Maintenance of Records.** Contractor must maintain documentation for all charges against the City. The books, records, and documents of Contractor, insofar as they relate to work performed or money received under the Agreement, must be maintained for a period of three full years from the date of final payment and will be subject to audit, at any reasonable time and upon reasonable notice by the City or its duly appointed representatives. Accounting records must be maintained in accordance with the Generally Accepted Accounting Principles.
12. **Modification.** This Agreement may be modified only by written amendment executed by all parties and their signatories hereto.
13. **Relationship of the Parties.** Nothing herein may in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties. None of the parties hereto may hold itself out in a manner contrary to the terms of this paragraph. No party becomes liable for any representation, act, or omission of any other party contrary to this section.
14. **Waiver.** No waiver of any provision of this Agreement affects the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
15. **Employment.** Contractor may not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying-off of any individual due to race, creed, color, national origin, age, sex, veteran status, or any other status or class protected under federal or state law or which is in violation of applicable laws concerning the employment of individuals with disabilities.
16. **Non-Discrimination.** It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, veteran status, disability, or other status or class protected under federal or state law in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Agreement, Contractor certifies and warrants it will comply with this policy. No person may be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or

be discriminated against in treatment or employment in the City's contracted programs or activities, on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or Tennessee State Constitutional or statutory law; nor may they be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of contracts with the City or in the employment practices of the City's Contractors. Accordingly, all proposers entering into contracts with the City may upon request be required to show proof of such nondiscrimination and to post in conspicuous places that are available to all employees and applicants, notices of nondiscrimination.

17. **Gratuities and Kickbacks.** It is a breach of ethical standards for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therewith. It is a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Agreement, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under the City contracts.
18. **Assignment.** The provisions of this Agreement inure to the benefit of and are binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Agreement, neither this Agreement nor any of the rights and obligations of Contractor hereunder may be assigned or transferred in whole or in part without the prior written consent of the City. Any such assignment or transfer does not release Contractor from its obligations hereunder.
19. **Integration.** This Agreement sets forth the entire agreement between the parties with respect to the subject matter hereof and governs the respective duties and obligations of the parties.
20. **Force Majeure.** No party has any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by *force majeure*, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of public enemy, or other cause of similar or dissimilar nature beyond its control.
21. **Governing Law and Venue.** The validity, construction and effect of this Agreement and any and all extensions or modifications thereof are governed by the laws of the state of Tennessee regardless of choice of law doctrine or provision in any attachment or other document that Contractor may provide. Any action between the parties arising from this agreement may only be filed in the courts of Rutherford County, Tennessee.
22. **Severability.** Should any provision of this Agreement be declared to be invalid by any court of competent jurisdiction, such provision will be severed and not affect the validity of the remaining provisions of this Agreement.

23. **Attorney Fees.** In the event any party takes legal action to enforce any provision of the Agreement, should the City prevail, Contractor will pay all expenses of such action including attorney fees, expenses, and costs at all stages of the litigation and dispute resolution.
24. **Effective Date.** This Agreement is not binding upon the parties until signed by each of the Contractor and authorized representatives of the City and is thereafter effective as of the date set forth above.

[signatures appear on the following page]

IN WITNESS WHEREOF, the parties enter into this agreement as of _____, 2019 (the "Effective Date").

CITY OF MURFREESBORO, TENNESSEE

SANSOM EQUIPMENT COMPANY, INC.

Summary

Purchase equipment for 35 police SUV's and one utility van from the Capital Improvement Program Fund

Staff Recommendation

Approve the purchase of equipment for police vehicles.

Background Information

Council approved the use of Capital Improvement Program Funds towards the purchase of equipment for police vehicles. All equipment will be purchased pursuant to the City's purchasing policy, the fourth amendment to the contract between the City and Truckers Lighthouse entered August 29, 2014, and the fourth amendment to the contract between the City and On-Duty Depot entered 8/29/2014, and City contracts and Insight Public Sector U.S. Communities IT Products, Services Solutions Contract No. 4400006644 for \$842,223.

Council Priorities Served

Safe and Livable Neighborhoods

Provide officers with equipped vehicles to respond to calls for service and provide other support functions

Fiscal Impacts

The purchase cost of the equipment \$842,223 and will be funded from with CIP funds.

NOTE

**FOURTH AMENDMENT
TO THE
CONTRACT
BETWEEN THE CITY OF MURFREESBORO
AND
TRUCKERS LIGHTHOUSE
FOR
VEHICLE EQUIPMENT**

This Forth Amendment ("Fourth Amendment") to the Contract entered August 29, 2014 ("Contract") is effective as of this 1 Day of July, 2018, by and between the City of Murfreesboro ("City"), a municipal corporation of the State of Tennessee and Truckers Lighthouse, a corporation of the State of Tennessee, ("Contractor").

RECITALS

WHEREAS, on August 29, 2014, the City entered into a contract with Truckers Lighthouse, for Vehicle Equipment for the Murfreesboro Police Department; and,

WHEREAS, the term of the contract between the City and Contractor is currently from July 1, 2017 to June 30, 2018, and,

WHEREAS, the City and Contractor wish to extend the Contract term pursuant to provision 2 of the current Contract for an additional year:

NOW THEREFORE, the City and Contractor mutually agree to extend the term of the current Contract, from July 1, 2018 until June 30, 2019.

Partitions

Flat Panel Partitions-All VS Series Partitions Include a Full Lower Extension Panel

Fold Down Windows **** TALL MAN PARTITION MODELS AVAILABLE, PLEASE ADD SUFFIX "TM" TO PART ID****

PK03181TU12	#5VS Fold-Down Window Coated Polycarbonate	\$799.00
PK03191TU12	#5/8VS Fold-Down Window - 1/2 Coated Polycarbonate and 1/2 Expanded Metal	\$809.00

Stationary Windows

PK01161TU12	#6VS Window Coated Polycarbonate	\$674.00
PK01151TU12	#6VS Window Uncoated Polycarbonate	\$639.00
PK03261TU12	#6/7VS 3-Piece Window - Expanded Metal Center Section - Coated Poly Outer	\$734.00
PK01171TU12	#7VS Vinyl Coated Expanded Metal	\$684.00
PK01191TU12	#8VS 1/2 Coated Polycarbonate 1/2 Vinyl Coated Expanded Metal	\$704.00
PK01181TU12	#8VS 1/2 Uncoated Polycarbonate 1/2 Vinyl Coated Expanded Metal	\$684.00

Vertical Sliding Windows

PK03511TU12	#9VS Uncoated Polycarbonate (Coated Not Available)	\$809.00
PK03521TU12	#9K VS Vinyl Coated Expanded Metal	\$849.00

Horizontal Sliding Window

PK01211TU12	#10VS Coated Polycarbonate	\$769.00
PK01201TU12	#10VS Uncoated Polycarbonate	\$724.00
PK03501TU12	#10VS C Coated Polycarbonate With Expanded Metal Window Security Screen	\$809.00
PK06011TU12	#10VS C Uncoated Polycarbonate With Expanded Metal Window Security Screen	\$769.00
PK02261TU12	#10VS C2 Coated Polycarbonate With Slotted Polycarbonate Window Security Screen	\$819.00
PK02251TU12	#10VS C2 Uncoated Polycarbonate With Slotted Polycarbonate Window Security Screen	\$779.00
PK04431TU12	#10VS Coated Polycarbonate Sliding Door for use with K9 Containment System	\$1029.00
PK04451TU12	#10VS Uncoated Polycarbonate Sliding Door for use with K9 Containment System	\$989.00

Recessed Panel Partitions-All VS Recessed Panels Include 2 PC Lower Extension Panels

Stationary Windows **** TALL MAN PARTITION MODELS AVAILABLE, PLEASE ADD SUFFIX "TM" TO PART ID****

PK03741TU12	#6VS Recessed Panel Coated Polycarbonate	\$819.00
PK03731TU12	#6VS Recessed Panel Uncoated Polycarbonate	\$779.00
PK05171TU12	#6/7VS Recessed Panel 3-Piece Window - Expanded Metal Center - Coated Poly Outer	\$894.00
PK04201TU12	#7VS Recessed Panel Vinyl Coated Expanded Metal	\$819.00
PK03691TU12	#8VS Recessed Panel 1/2 Coated Polycarbonate 1/2 Vinyl Coated Expanded Metal	\$839.00
PK03981TU12	#8VS Recessed Panel 1/2 Uncoated Polycarbonate 1/2 Vinyl Coated Expanded Metal	\$809.00

U.S. Communities IT Products, Services and Solutions Contract No. 4400006644

Insight Public Sector (IPS) is proud to be a contract holder for the U.S. Communities Technology Products, Services, Solutions & Related Products and Services Contract.

This competitively solicited contract is available to participating agencies of the U.S. Communities Government Purchasing Alliance. U.S. Communities assists local and state government agencies, school districts (K-12), higher education, and nonprofits in reducing the cost of purchased goods by pooling the purchasing power of public agencies nationwide. This is an optional use program with no minimum volume requirements and no cost to agencies to participate.

Regarding tariff impacts on IPS contract quotes, Insight is communicating with the contracting officials on the contracts held by Insight to minimize the impact of tariffs to our clients.

Thanks for choosing Insight!

Insight Global Finance has a wide variety of flexible financing options and technology refresh solutions. Contact your Insight representative for an innovative approach to maximizing your technology and developing a strategy to manage your financial options.

The U.S. government has imposed tariffs on technology-related goods. Many of Insight's OEM and distribution partners have notified Insight that these tariffs will result in frequent and significant price increases. Some of our major partners have already provided Insight with cost increases, in some instances multiple times per day, while other providers are still assessing their situations. Due to the situation it is possible this quote may be subject to cost changes for Insight which will necessitate changes to the quoted pricing, or withdrawal of the quote.

This purchase is subject to Insight's online Terms of Sale unless you have a separate purchase agreement signed by both your company and Insight, in which case, that separate agreement will govern. Insight's online Terms of Sale can be found at: http://www.insight.com/en_US/help/terms-of-sale-products-ips.html

U.S. Communities IT Products, Services and Solutions Contract No. 4400006644

Insight Public Sector (IPS) is proud to be a contract holder for the U.S. Communities Technology Products, Services, Solutions & Related Products and Services Contract.

This competitively solicited contract is available to participating agencies of the U.S. Communities Government Purchasing Alliance. U.S. Communities assists local and state government agencies, school districts (K-12), higher education, and nonprofits in reducing the cost of purchased goods by pooling the purchasing power of public agencies nationwide. This is an optional use program with no minimum volume requirements and no cost to agencies to participate.

Regarding tariff impacts on IPS contract quotes, Insight is communicating with the contracting officials on the contracts held by Insight to minimize the impact of tariffs to our clients.

Thanks for choosing Insight!

Insight Global Finance has a wide variety of flexible financing options and technology refresh solutions. Contact your Insight representative for an innovative approach to maximizing your technology and developing a strategy to manage your financial options.

The U.S. government has imposed tariffs on technology-related goods. Many of Insight's OEM and distribution partners have notified Insight that these tariffs will result in frequent and significant price increases. Some of our major partners have already provided Insight with cost increases, in some instances multiple times per day, while other providers are still assessing their situations. Due to the situation it is possible this quote may be subject to cost changes for Insight which will necessitate changes to the quoted pricing, or withdrawal of the quote.

This purchase is subject to Insight's online Terms of Sale unless you have a separate purchase agreement signed by both your company and Insight, in which case, that separate agreement will govern. COUNCIL COMMUNICATION

Meeting Date: 03/21/2019

Item Title: Banner Request

Department: Street Department

Presented by: Jenny Licsko

Requested Council Action:

- | | |
|-------------|-------------------------------------|
| Ordinance | <input type="checkbox"/> |
| Resolution | <input type="checkbox"/> |
| Motion | <input checked="" type="checkbox"/> |
| Direction | <input type="checkbox"/> |
| Information | <input type="checkbox"/> |
-

Summary

Requests from Murfreesboro Parks & Recreation and Junior League of Murfreesboro to hang banner across East Main Street.

Staff Recommendation

Approve request for banner to be displayed as follows:

- 1) Murfreesboro Parks and Recreation display for the Health and Wellness Expo for Seniors: September 6, 2019 – September 13, 2019
- 2) Junior League of Murfreesboro's display for the Hollyday Market Place: November 25, 2019 – December 2, 2019.

Council Priorities Served

Engaging Our Community

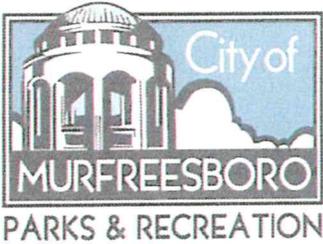

Allowing banners to be hung across East Main Street is an excellent way to communicate special events to the general public.

Fiscal Impacts

None

Attachments:

1. Letter of request from Murfreesboro Parks & Recreation
2. Letter of request from Junior League of Murfreesboro

March 1, 2019

Honorable Mayor and City Council:

The Murfreesboro Parks and Recreation Department is requesting to hang a banner across East Main Street from September 6-13, 2019, to promote the Health and Wellness Expo for Seniors 60 and over. The event is scheduled for Thursday, September 26, 2019, at the St. Clair Street Senior Center. Jenny Licsko with the Street Department has indicated that these dates are available.

Thank you for your consideration of this request.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nate Williams".

Nate Williams
Director
Murfreesboro Parks and Recreation
615-890-5333

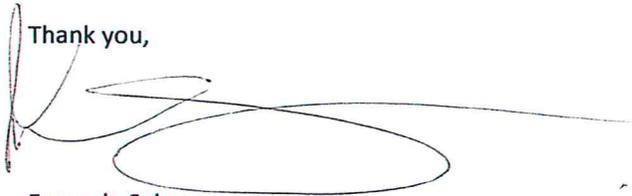

Hollyday MARKET PLACE

March 4, 2019

To the Mayor and City Council,

Junior League of Murfreesboro is requesting to hang a banner across East Main Street from Nov 25, 2019 - Dec 2, 2019 to promote our annual Hollyday Marketplace held at the Tennessee Miller Coliseum which will be held on December 6-7th, 2019. Jenny Liesko has indicated these dates are available.

Thank you,

Francela Salas
Hollyday Marketplace Chair
Junior League of Murfreesboro
(931) 841-1138

COUNCIL COMMUNICATION

Meeting Date: 03/21/2019

Item Title: Position Addition
Department: Administration
Presented by: Erin Tucker, Budget Director
Requested Council Action:

Ordinance	<input type="checkbox"/>
Resolution	<input type="checkbox"/>
Motion	<input checked="" type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

As an item for consent agenda, the addition of a Legal Assistant position for the Administration Department is requested. In addition, a temporary Legal Assistant position is requested for the Legal Department.

Staff Recommendation

Approve the addition of positions as presented.

Background Information

As the Administration Department has expanded, there is a need for a Legal Assistant to assist with administering Council and City Manager priorities. Additionally, a Legal Assistant in the Legal Department is retiring. In order to have her replacement in place and trained before her retirement requires adding a temporary Legal Assistant position for transitional purposes.

Council Priorities Served

Excellent Services with a Focus on Customer Service

Fiscal Impact

Anticipated savings in General Fund are expected to cover the additional costs for the remainder of FY 2019. Full year costs will be presented as part of the FY 2020 budget.

COUNCIL COMMUNICATION

Meeting Date: 3/21/2019

Item Title: Purchase of Nine Vehicles

Department: Parks and Recreation

Presented by: Nate Williams, Director

Requested Council Action:

- Ordinance
- Resolution
- Motion
- Direction
- Information

Summary

Request to purchase nine vehicles for the Parks & Recreation Department using a State contract.

Staff Recommendation

Approve the purchase of nine vehicles.

Background Information

MPRD requests to purchase nine vehicles to continue successful maintenance operations and to transport MPRD patrons for various activities/programs. Five vehicles will replace current vehicles that are more than 20 years old and are now undependable and costly to repair. The other four vehicles to be purchased are for the ongoing and increasing needs of department. The vehicles requested for purchase are listed below:

Vehicles Needed	Reason to Buy	Vendor	Unit Price	Total Price
(3) F-250 Regular Cabs – 4 X 2	Replacement Vehicles	Ford of Murfreesboro	\$23,869 each	\$71,607.00
(2) 18-passenger buses – with wheelchair lift	Replacement Vehicles	Mid-South Bus	\$52,540 each	\$105,080
(2) Ford Escapes	Dept. Operations	Ford of Murfreesboro	\$19,322 each	\$38,644.00
(2) F-150 Crew Cabs 4 X 4 - with Tow Pkg.	Dept. Operations	Ford of Murfreesboro	\$28,858 each	\$57,716.00
			TOTAL	\$273,047

Council Priorities Served

Excellent Services with a Focus on Customer Service

The addition of the requested vehicles to the fleet of MPRD will help the maintenance and recreational staff to continue providing superior facilities, outdoor spaces, and programs to the public.

Fiscal Impacts

CIP funding in the amount of \$270,000 is allocated in the 2016 bonds for the purchase of department vehicles. The remaining \$3,047.00 needed to cover the cost for the nine requested vehicles is available in the fixed assets of the MPRD budget. Cooperative purchases without competitive bidding are allowed through state contract.

Attachments:

1. Quote for Three 2019 Ford F-250 Regular Cabs (each 4 X 2)
2. Quote for Two 2019 18-Passenger Buses with Wheelchair Lifts
3. Quote for Two 2019 Ford Escapes
4. Quote for Two 2019 Ford F-150 Crew Cabs (each 4 X 4)

Ford of Murfreesboro

1550 NW Broad St. Murfreesboro, TN 37129

COUNCIL COMMUNICATION

Meeting Date: 3/21/19

Item Title: Rezoning approximately 0.51 acres located along Blackman Road [2018-435]
(Second Reading)

Department: Planning

Presented By: Matthew Blomeley, AICP, Assistant Planning Director

Requested Council Action:

Ordinance	<input checked="" type="checkbox"/>
Resolution	<input type="checkbox"/>
Motion	<input type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Zoning of approximately 0.51 acres located along Lyle McDonald Court and Blackman Road simultaneous with annexation.

Staff Recommendation

Pass and adopt the ordinance on second and final reading establishing the requested zoning.

The Planning Commission recommended approval of the rezoning by a vote of 6-0.

Background Information

In 2017, Donald McDonald initiated a petition of annexation for his property at 1803 Blackman Road. When the City Council subsequently approved the annexation of Mr. McDonald's property, a 10' strip of his parcel was omitted from the annexation in order to avoid surrounding unincorporated parcels with the City limits. Since that time, however, based upon changes made to State annexation law, the City Legal Department has determined that it is no longer necessary to avoid surrounding unincorporated parcels with the City limits. Consequently, on January 17, 2019, the City Council took action to approve the annexation and plan of services for the 10' strip of this parcel (as well as several rights-of-way). Additionally, the Planning Department presents a zoning application [2018-435] for the 10' strip of the subject parcel (approximately 0.51 acres located along Blackman Road and Lyle McDonald Court) to be zoned CH simultaneous with annexation, which is consistent with the zoning of the balance of the subject parcel.

During its regular meeting on November 7, 2018, the Planning Commission conducted a public hearing on this matter. After the public hearing, the Planning Commission discussed the matter and then voted to recommend its approval. On

January 17, 2019, Council held a public hearing and approved this matter on First Reading.

Attachments:

1. Ordinance 18-OZ-68

ORDINANCE 18-OZ-68 amending the Zoning Ordinance and the Zoning Map of the City of Murfreesboro, Tennessee, as heretofore amended and as now in force and effect to zone approximately 0.51 acres along Blackman Road and Lyle McDonald Court as Highway Commercial (CH) District, simultaneous with annexation; City of Murfreesboro Planning Department, applicant. [2018-435]

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That the same having been heretofore recommended to the City Council by the City Planning Commission, the Zoning Ordinance and the Zoning Map of the City of Murfreesboro, Tennessee, as herein referred to, adopted and made a part of this Ordinance as heretofore amended and as now in force and effect, be and the same are hereby amended so as to zone the territory indicated on the attached map.

SECTION 2. That from and after the effective date hereof the area depicted on the attached map be zoned and approved as Highway Commercial (CH) District, as indicated thereon, and shall be subject to all the terms and provisions of said Ordinance applicable to such districts. The City Planning Commission is hereby authorized and directed to make such changes in and additions to said Zoning Map as may be necessary to show thereon that said area of the City is zoned as indicated on the attached map. This zoning change shall not affect the applicability of any overlay zone to the area.

SECTION 3. That this Ordinance shall take effect fifteen (15) days after its passage upon second and final reading, the public welfare and the welfare of the City requiring it.

COUNCIL COMMUNICATION

Meeting Date: 3/21/19

Item Title: Zoning for 39.9 acres along Manson Court and Manson Pike
[2017-420]
(Second Reading)

Department: Planning

Presented by: Matthew Blomeley, AICP, Assistant Planning Director

Requested Council Action:

Ordinance	<input checked="" type="checkbox"/>
Resolution	<input type="checkbox"/>
Motion	<input type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Zoning of approximately 39.9 acres located along Manson Court and Manson Pike.

Staff Recommendation

Pass and adopt the ordinance on second and final reading establishing the requested zoning.

The Planning Commission unanimously recommended approval of the zoning request by a vote of 7-0.

Background Information

Crescent Homes presented to the City a zoning application [2018-420] for approximately 39.9 acres located along Manson Court and Manson Pike to be zoned PUD simultaneous with annexation (Shelton Grove PUD previously referred to as Hardeman Grove PUD). During its regular meeting on September 5, 2018, the Planning Commission conducted a public hearing on this matter. After the public hearing, the Planning Commission discussed the matter and then voted to recommend its approval. The City Council conducted a public hearing on November 1, 2018 and deferred the matter after expressing several concerns. On January 31, 2019, after having had its concerns addressed, Council approved this matter on First Reading.

COUNCIL COMMUNICATION

Meeting Date: 3/21/19

Item Title: Plan of Services, Annexation, and Zoning for approximately 112.3 acres located along Veals Road [2018-510 & 431] (First Reading)

Department: Planning

Presented By: Matthew Blomeley, AICP, Assistant Planning Director

Requested Council Action:

Ordinance	<input checked="" type="checkbox"/>
Resolution	<input checked="" type="checkbox"/>
Motion	<input type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Annexation and zoning of approximately 112.3 and 109.1 acres, respectively, located along Veals Road.

Staff Recommendation

Approve the Plan of Services and the requested annexation. The Planning Commission recommended approval of the annexation request by a vote of 6-1.

Pass and adopt the ordinance establishing the requested zoning on first reading. The Planning Commission unanimously recommended approval of the zoning request.

Background Information

Philip McAfee and The Hall Family Real Estate Partnership, LP, have initiated a petition of annexation [2018-510] for approximately 112.3 acres located along Veals Road. The City developed its plan of services for this area. Additionally, Mr. McAfee presented to the City a zoning application [2018-431] for approximately 109.1 acres located along Veals Road to be zoned RS-6 (approximately 18.4 acres), RS-10 (approximately 85.8 acres), and RS-12 (approximately 4.8 acres).

During its regular meeting on October 3, 2018, the Planning Commission conducted public hearings on these matters. After the public hearings, the Planning Commission discussed the matters and then voted to recommend their approval. On November 29, 2018, the City Council conducted public hearings on these matters as well. However, after the public hearing on annexation, the City Council expressed concerns about annexing the right-of-way of Veals Road all the way to Bradyville Pike. In addition, at that time, Staff did not have a process in place for obtaining consent from Rutherford County to annex County rights-of-way. Since that time, however, a process to gain consent has been established, and the County Road Board subsequently granted consent to annex the right-of-way of Veals Road directly in

front of the subject parcels. Staff has revised the plan of services to include only the Veals Road right-of-way in front of the subject parcels and to exclude the Veals Road right-of-way from the western edge of the subject parcels westward back to Bradyville Pike. The revised annexation study area exhibit and plan of services are included in the agenda materials. Staff recommends that Council approve the annexation of the revised study area as well as the revised plan of services.

8. Other miscellaneous exhibits

**MURFREESBORO PLANNING COMMISSION
STAFF COMMENTS, PAGE 1
OCTOBER 3, 2018
PROJECT PLANNER: DIANNA TOMLIN**

3.d. Annexation plan of services and annexation petition [2018-510] for approximately 136.1 acres along Veals Road, Phillip McAfee, Stephanie Hall Bryan, and The Hall Family Real Estate Partnership, LP applicant.

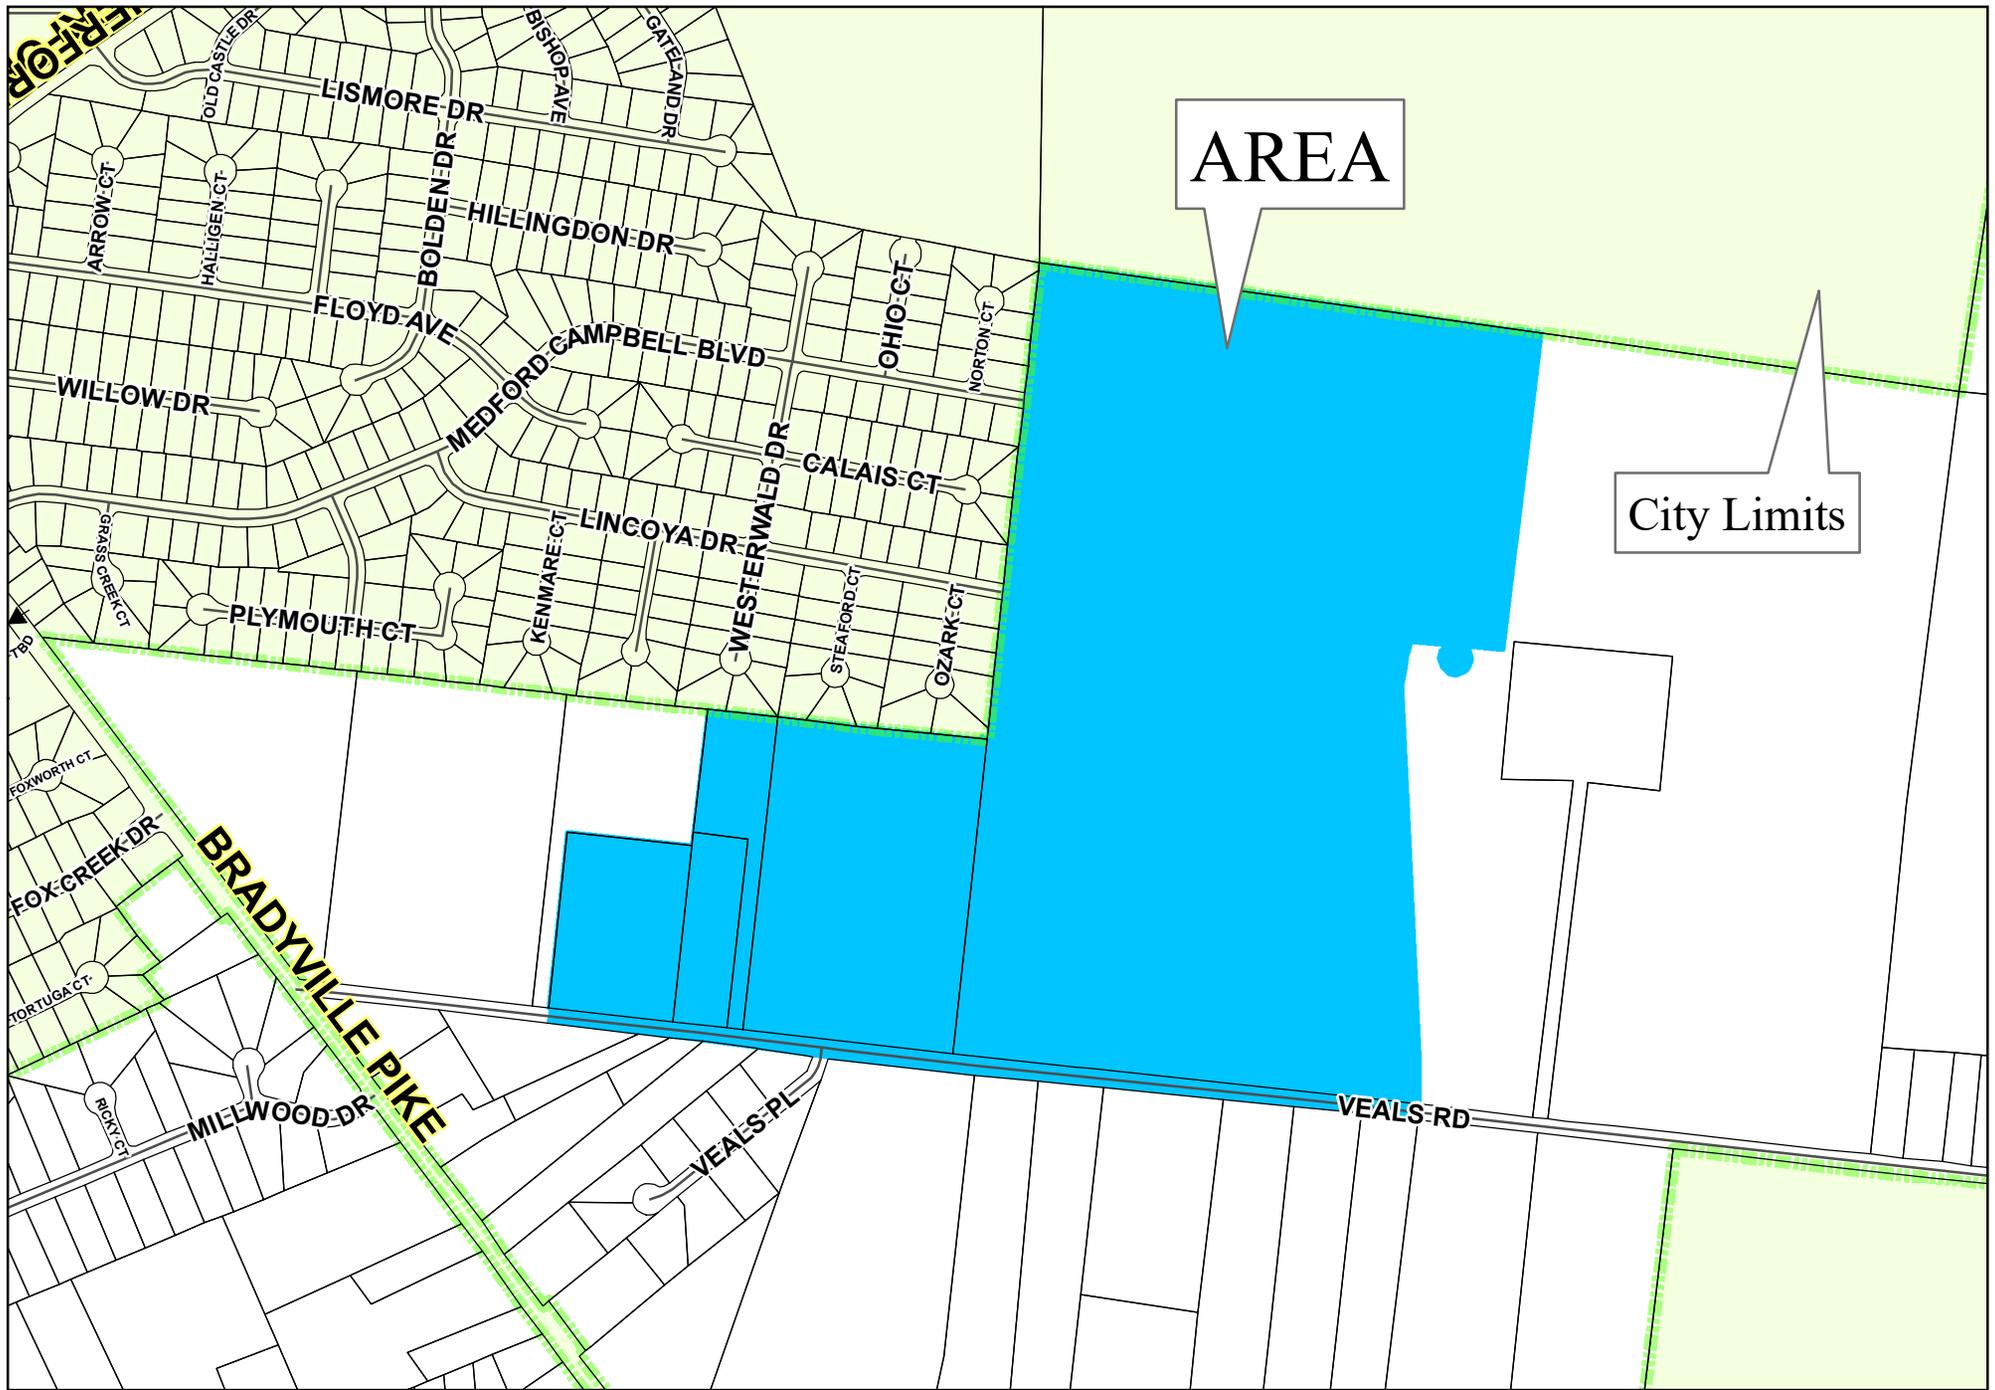

The study area is located along the north side of Veals Road east of its intersection with Bradyville Pike. It totals 136.1 acres and includes the following parcels and right-of-way:

- Tax Map 112, Parcel 15.01 (approx. 15.1 acres)
- Tax Map 112, Parcel 15.04 (approx. 5 acres)
- Tax Map 112, Parcel 15.05 (approx. 2.4 acres)
- Tax Map 112, Parcel 15.06 (approx. 2.7 acres)
- A portion of Tax Map 112, Parcel 16.00 (approx. 0.3 acres)
- A portion of Tax Map 112, Parcel 16.04 (approx. 106.3 acres)
- Approx. 3,900 linear feet of Veals Road right-of-way (approx. 4.3 acres)

Written petitions requesting the annexation of the subject parcels have been filed with the City by the respective property owners. The study area is located within the City's Urban Growth Boundary and is contiguous with the existing City limits on its north and west sides.

Staff has prepared a plan of services for the annexation of the subject property. It indicates that the City will be able to provide services to the subject property upon annexation. Of note, sanitary sewer is not available to serve the study area. However, the Murfreesboro Water Resources Board has approved the use of a STEP (Septic Tank Effluent Pumping) system instead. In addition, there is an existing barn located within the study area. This barn will need to be demolished prior to the effective date of annexation, because the Murfreesboro Fire and Rescue Department will not be able to provide fire protection to this structure upon annexation.

The Planning Commission will need to conduct a public hearing, after which it will need to discuss this matter and then formulate a recommendation for City Council. An application to have the property zoned RS-6, RS-10, and RS-12 (Single-family Residential Districts) simultaneous with annexation has also been filed and this zoning application is the next item on the agenda.

**PREPARED FOR THE OCTOBER 3, 2018 PLANNING COMMISSION MEETING
REVISED OCTOBER 18, 2019 FOR THE NOVEMBER 29, 2018 CITY COUNCIL MEETING
REVISED MARCH 12, 2019 FOR THE MARCH 21, 2019 CITY COUNCIL MEETING**

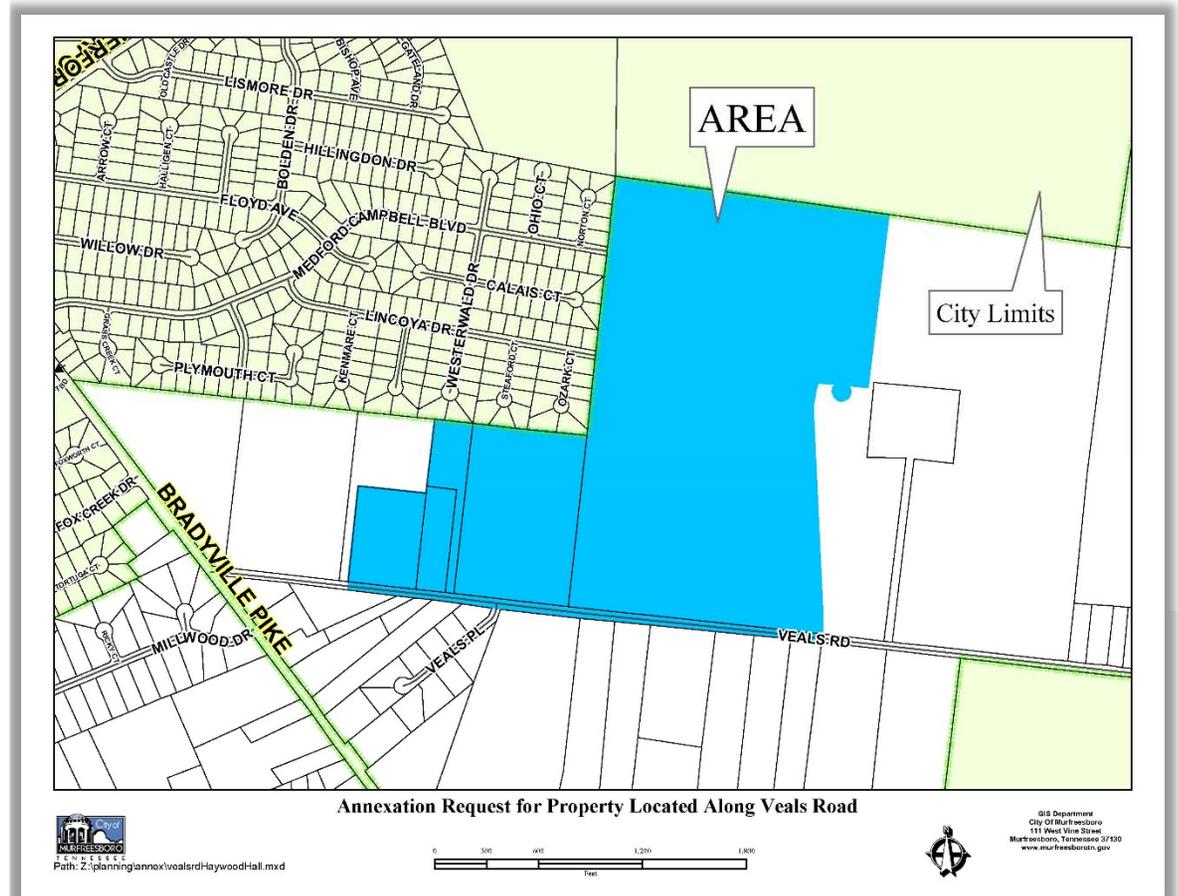

INTRODUCTION

OVERVIEW

Philip McAfee and The Hall Family Real Estate Partnership, LP, have initiated a petition to annex into the City of Murfreesboro the area depicted in blue on the map to the right. The subject property is located along the north side of Veals Road. The requested property is undeveloped and contains no structures. The total study area is approximately 112.3 acres, and consists of the following parcels and right-of-way:

- Tax Map 112, Parcel 15.01 (approx. 15.1 acres)
- Tax Map 112, Parcel 15.04 (approx. 5 acres)
- Tax Map 112, Parcel 15.05 (approx. 2.4 acres)
- Tax Map 112, Parcel 15.06 (approx. 2.7 acres)
- A portion of Tax Map 112, Parcel 16.04 (approx. 83.9 acres)
- Approximately 2,750 linear feet of Veals Road right-of-way (approx. 3.2 acres).

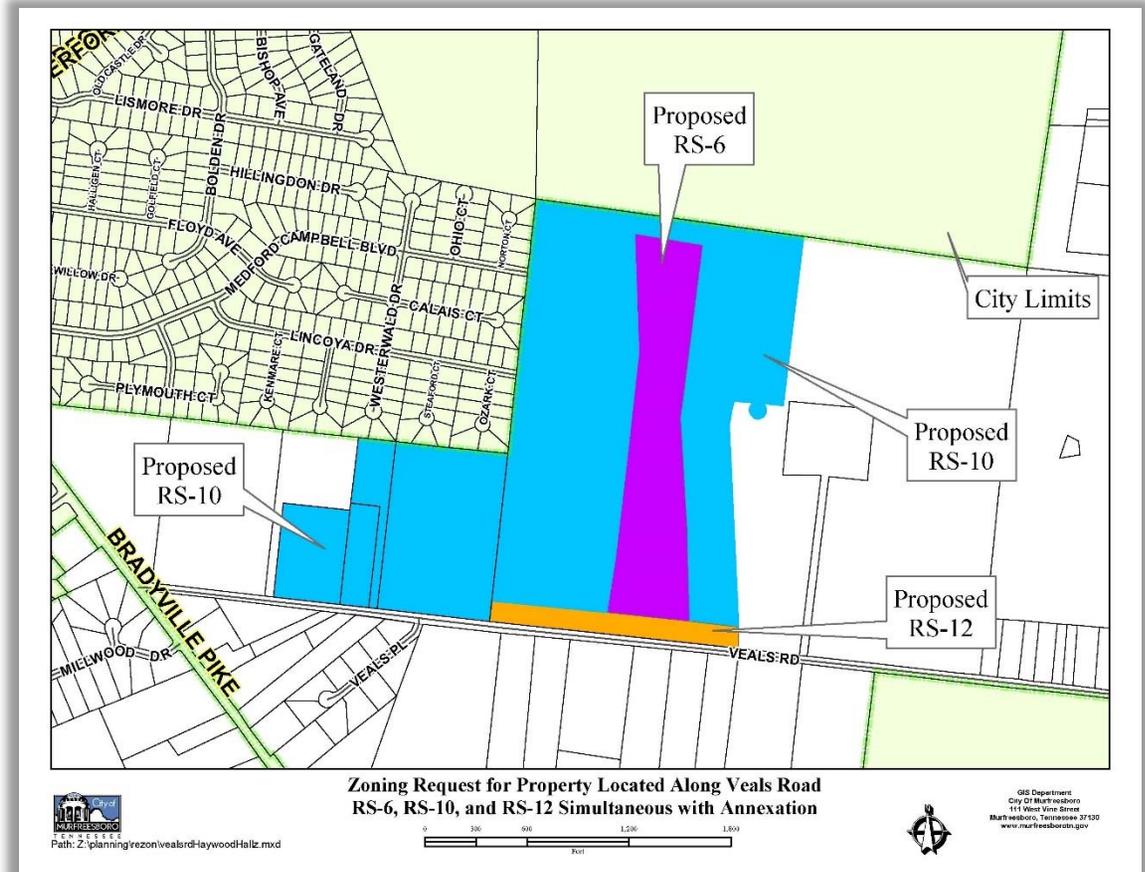

The study area lies within the City of Murfreesboro's Urban Growth Boundary.

CITY ZONING

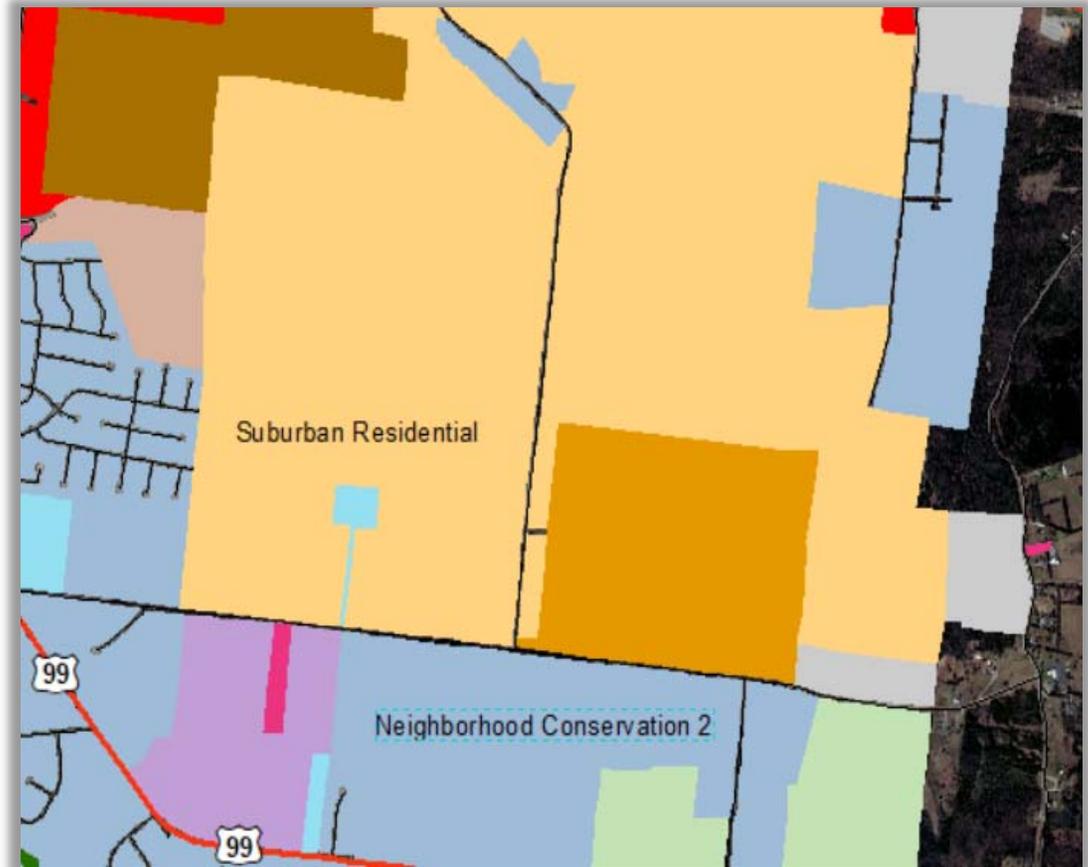

The subject property is zoned Residential Medium-Density (RM) in unincorporated Rutherford County. This zone is similar to the City's RS-15 (Single-Family Residential District 15) zone. Simultaneous with the annexation, a request for rezoning for the subject property to RS-6, RS-10 and RS-12 has been filed. The requested rezoning would allow for single-family residential development.

The nearest City incorporated properties are directly adjacent to the northwest and north of the study area. The study area abuts City single-family residential zoning to the northwest (RS-10). Directly north of the study area is property that was rezoned in 2018 to RS-A2, RS-6, and RS-10.

MURFREESBORO 2035
FUTURE LAND USE
DESIGNATION

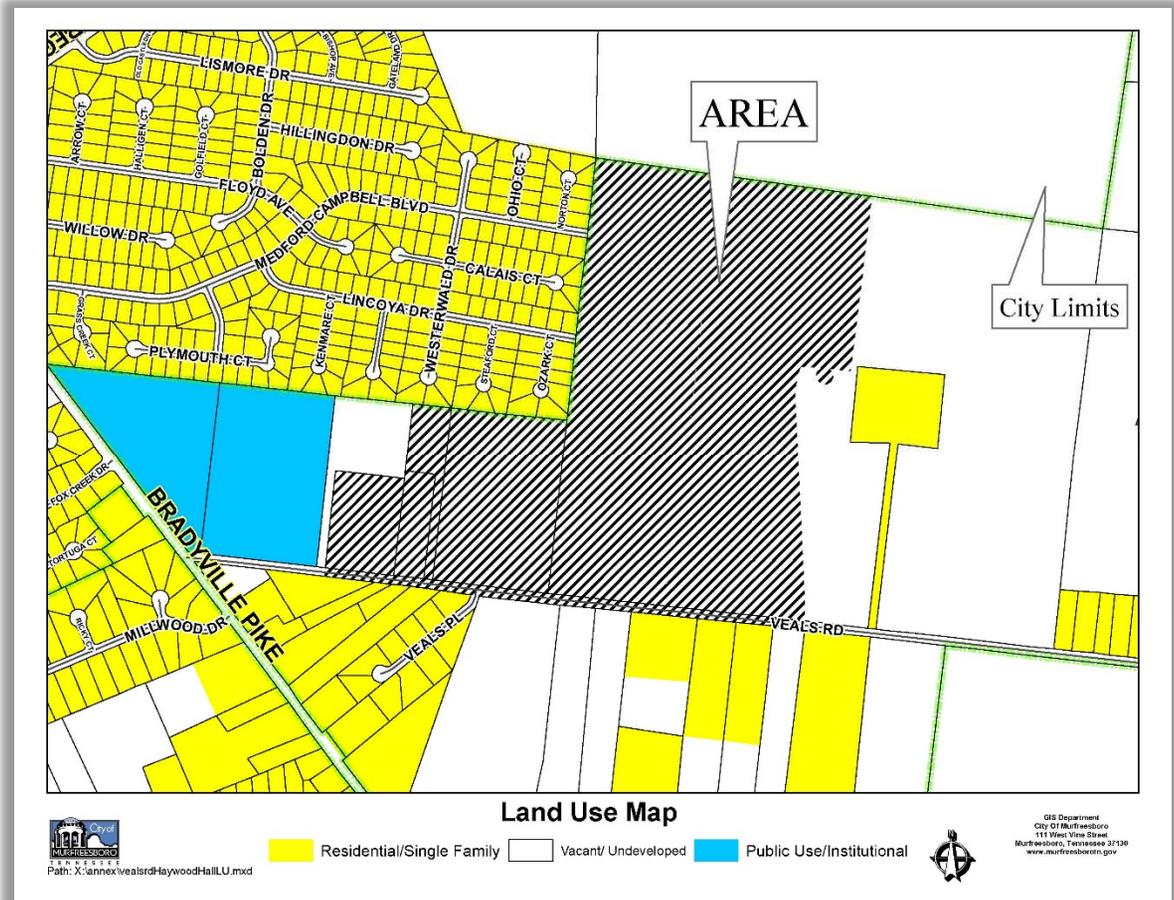

The future land use map contained in the Murfreesboro 2035 Comprehensive Plan, which was adopted by the Planning Commission in July 2017, depicts a future land use classification of *Suburban Residential* for the subject area.

PRESENT AND SURROUNDING LAND USE

The study area contains no existing structures. Surrounding land uses include:

- Single-family residential, shown in yellow,
- Vacant/Undeveloped, unshaded.
- Institutional, shown in blue

TAXES AND REVENUE

The first City tax bill for all property annexed during the calendar year of 2019 will be due on December 31, 2020. City taxes are calculated upon the property appraisal and assessment of the Rutherford County Property Assessor's Office. The current tax rate for the City of Murfreesboro is \$0.9494/\$100.00 assessed value. Residential property is assessed at a rate of 25% of its appraised value, and commercial property is assessed at a rate of 40% of its appraised value. Table I below shows total assessment and estimated City taxes that would be collected if the property were to be annexed in its present state.

Table I
Estimated Taxes from Site

Owner of Record	Parcel ID	Acres	Land Value	Improvements Value	Total Assessment	Estimated City Taxes
Hall Family Real Estate Partnership LP	112/16.04	83.9*	\$126,303	\$0	\$31,575	\$299
Philip McAfee	112/15.01	15.1	\$118,500	\$0	\$29,625	\$281
Philip McAfee	112/15.06	2.7	\$49,700	\$0	\$12,425	\$118
Philip McAfee	112/15.05	2.4	\$57,300	\$0	\$14,325	\$136
Philip McAfee	112/15.04	5	\$64,200	\$0	\$16,050	\$152
TOTAL		109.1	\$416,003	\$0	\$104,000	\$986

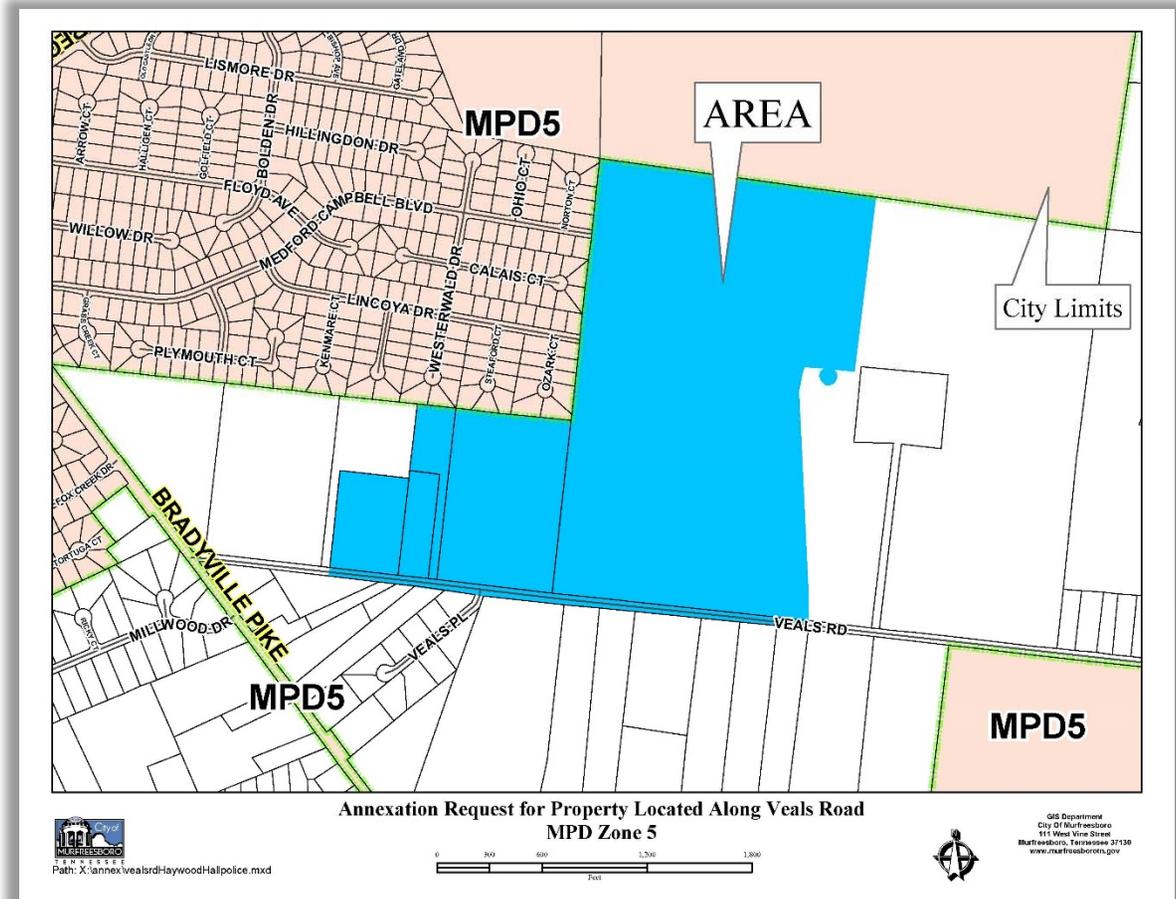

*Only a portion of this parcel is included in the study area. Appraisal, assessment, and tax numbers are estimated based on the percentage of the parcel included in the area.

PLAN OF SERVICES

POLICE PROTECTION

At present, the study area receives police service through the Rutherford County Sheriff's Department. If annexed, the Murfreesboro Police Department will begin providing services such as patrol, criminal investigation, community policing, traffic operations, canine, DARE, and other community crime prevention programs to the study area immediately upon the effective date of annexation.

This annexation will have no negative impact on the Murfreesboro Police Department. The Murfreesboro Police Department can provide police services to the property as it currently exists with no additional fiscal impact. This property is located in Police Zone #5.

STREETS AND ACCESS

The requested parcels have access to existing Veals Road and the study area includes approximately 2,750 linear feet of Veals Road right-of-way (ROW). Veals Road is an existing 2-lane, ditch-section roadway. Upon annexation, the City will be responsible for operation and maintenance of this street. Based on a 15-year repaving cycle for Veals Road, the annualized maintenance cost is \$5,500 with State Street Aid and General Fund as funding sources. The addition of the ROW will also result in approximately \$925 of initial capital cost with State Street Aid and General Fund as funding sources. Any new connections to Veals Road must be approved by the City Engineer. Additionally, development along Veals Road will require participation in construction of improvements to Veals Road and ROW/easement dedication in accordance with the City's Substandard Street requirements.

No additional public roadways are included in the study area. Any new public roadways to serve the study area must be constructed to City Standards.

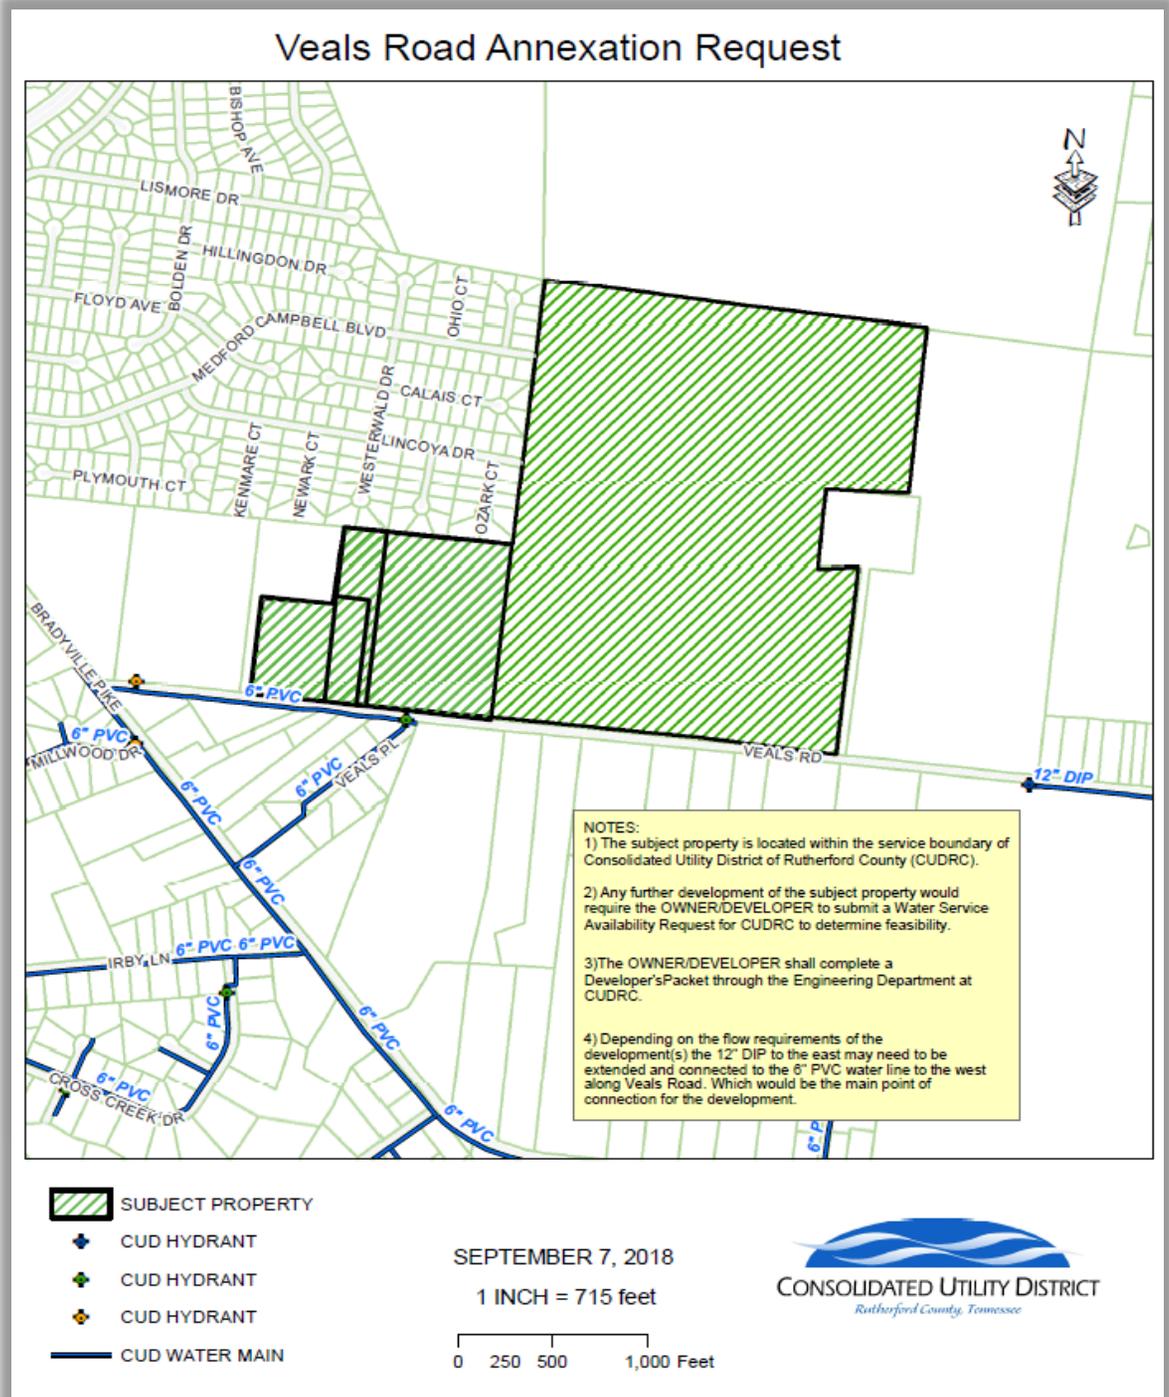

REGIONAL TRAFFIC & TRANSPORTATION

The 2014 Level of Service Model in the proposed 2040 Major Transportation Plan shows Veals Road to be operating at a Level of Service A in the study area using average daily traffic (ADT) counts. The 2040 Level of Service Model indicates that Veals Road operates at a Level of Service B without the proposed improvements recommended in the 2040 Plan. With the improvements proposed in the 2040 plan, this section of roadway will operate at a level of service B.

The study area is impacted by Mid-Term Improvement (MTI) #19 on the 2040 Major Transportation Plan. MTI #19 is planned as a 3-lane extension of Irby Lane from Bradyville Pike northward to East Main Street/Woodbury Pike. The proposed route for MTI #19 traverses through the study area. Any development of the study area must make accommodations for MTI #19, including construction of the roadway itself through the study area and the dedication of ROW and easements.

WATER SERVICE

The study area is located within the service boundary of Consolidated Utility District of Rutherford County (CUDRC). Any further development of the subject property would require the Owner/Developer to submit a Water Service Availability Request for CUDRC to determine feasibility. A developer's packet would also need to be completed. Depending on the flow requirements of the development, the 12" ductile iron pipe to the east may need to be extended and connected to the 6" PVC water line to the west along Veals Road. This would be the main point of connection for the development.

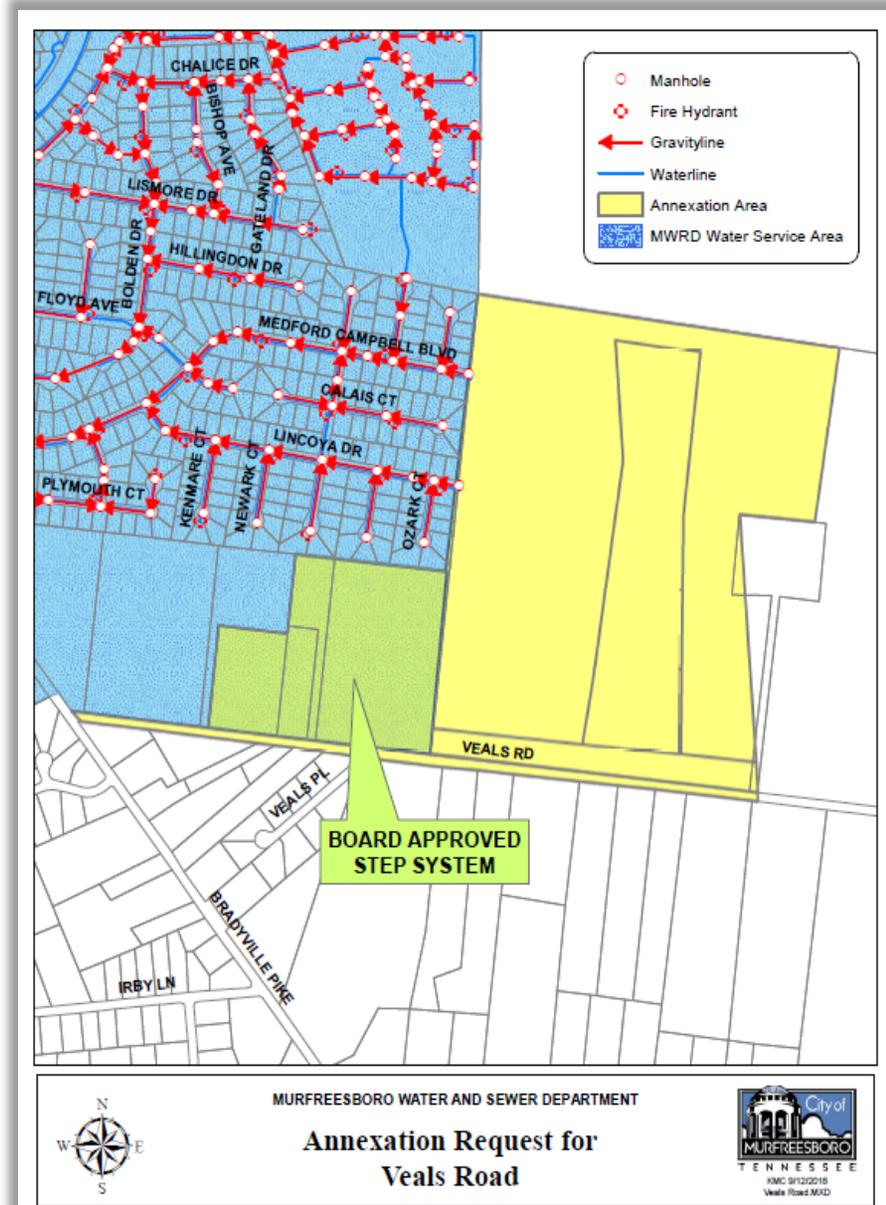

SANITARY SEWER SERVICE

The Murfreesboro Water Resources Department's (MWRD's) current definition of "available" is defined as gravity sanitary sewer that is adjacent to the property line within an easement or in a public right-of-way. Currently, public sanitary sewer is not available to the study area. The gravity sewer mains adjacent to the property are at capacity and will not allow any additional connections.

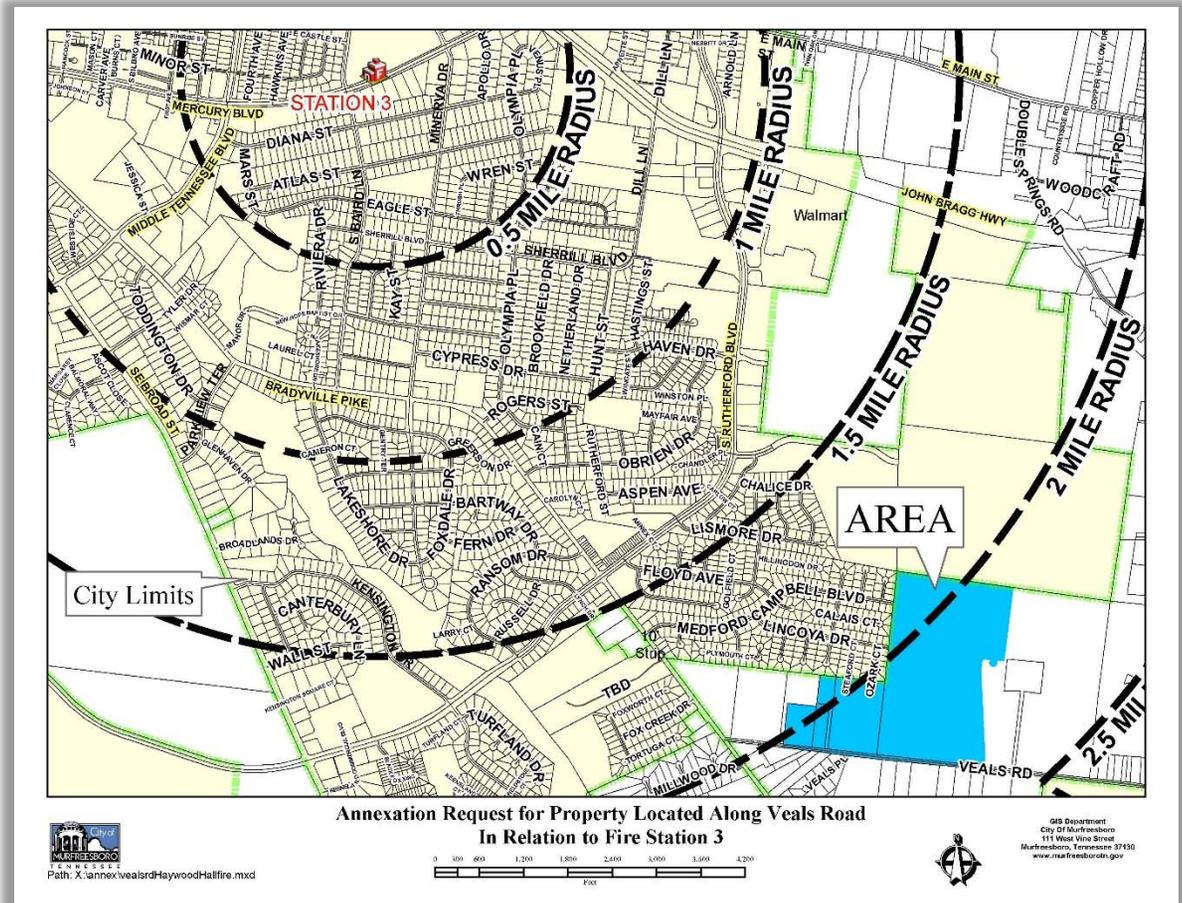

The applicant wishes to serve the study area with the use of a STEP (Septic Tank Effluent Pumping) system, as the means of sewage disposal and for MWRD to operate and maintain the system once it is constructed by the developer and operational. At the December 5, 2017 and the September 25, 2018 meetings, the Murfreesboro Water Resources Board approved the use of a STEP system for the study area.

Being that this non-conventional system will not connect to existing public sewer infrastructure, the standard sewer connection fees will not apply for sanitary sewer connections within the subdivision. All sewerage improvement should be installed in accordance with the applicable State Design Criteria and Regulations, the Department's Design Standards, CUD's construction specifications for STEP systems, and the Development Policies and Procedures of the Murfreesboro Water Resources Department.

FIRE AND EMERGENCY SERVICE

Currently the study area is located 2.8 miles from Fire Station #3 (1511 Mercury Blvd) and 4.0 miles from Station #1 (202 E. Vine St). In addition, it is anticipated that a new fire station will be constructed on the southeast side of the City in the next several years. Any development of the study area must provide adequate fire flows and install water lines and fire hydrants per the Murfreesboro Water Resources Department policies and procedures. Per the Murfreesboro Fire and Rescue Department (MFRD), there is a 12-inch CUD water line along Veals Road that can provide adequate fire flows for fire protection in the study area. MFRD can provide medical first responder service to the study area immediately upon the effective date of annexation and will be able to provide fire protection to the study area upon development.

SOLID WASTE COLLECTION

The Solid Waste Department will not provide services until the study area is developed, because until development occurs, there is nowhere for solid waste trucks to turn around safely on Veals Road. Once development occurs, however, and adequate turnarounds are constructed, the City will provide brush/debris removal every two to three weeks and weekly curbside solid waste collection service. It is unknown at this time how many residential lots will be built, so the exact future impact on the department is unknown at this time.

ELECTRIC SERVICE

The study area is within the Murfreesboro Electric Department's (MED's) service area. MED will serve the property upon development. It has indicated that there is adequate capacity in the area and that infrastructure can be extended.

STREET LIGHTING

According to MED, there are two street lights along Veals Road near its intersection with Bradyville Pike. MED will install street lights eastward along Veals Road upon the development of the study area. If street lighting is needed before development occurs, or if additional street lights are needed in the future along Veals Road beyond what is installed by MED at the time of development, then they may be installed at the

request and discretion of the City Engineer and paid for out of the Street Lighting Fund. In addition, street lighting will be installed along all new public streets when the study area is developed.

GEOGRAPHIC INFORMATION SYSTEMS

The property is within the area photographed and digitized as part of the City's Geographic Information Systems (G.I.S.) program.

CITY SCHOOLS

The Murfreesboro City School system serves grades kindergarten through sixth and is offered to students who are within the jurisdiction of the City of Murfreesboro. This area is zoned for Black Fox Elementary. Currently Black Fox has 877 students and is built for 1,000 students. The school will be able to accommodate any additional elementary students the study area might generate upon development.

PARKS AND RECREATION

Currently Murfreesboro has two multi-purpose facilities, one community center, a wilderness facility, over 1,000 acres of parks, a network of greenways, and recreational sports. These facilities and programs are wholly funded by the Murfreesboro taxpayers. Children who are residents of the City of Murfreesboro, attend Murfreesboro Elementary Schools, and receive free or reduced lunches also receive free or reduced recreational fees.

PLANNING, ENGINEERING, AND ZONING

The property will come within the City's jurisdiction for planning and engineering code enforcement immediately upon the effective date of annexation. Among other duties, the Planning and Engineering Departments will inspect and monitor new construction of streets and drainage structures for compliance with the City's development regulations.

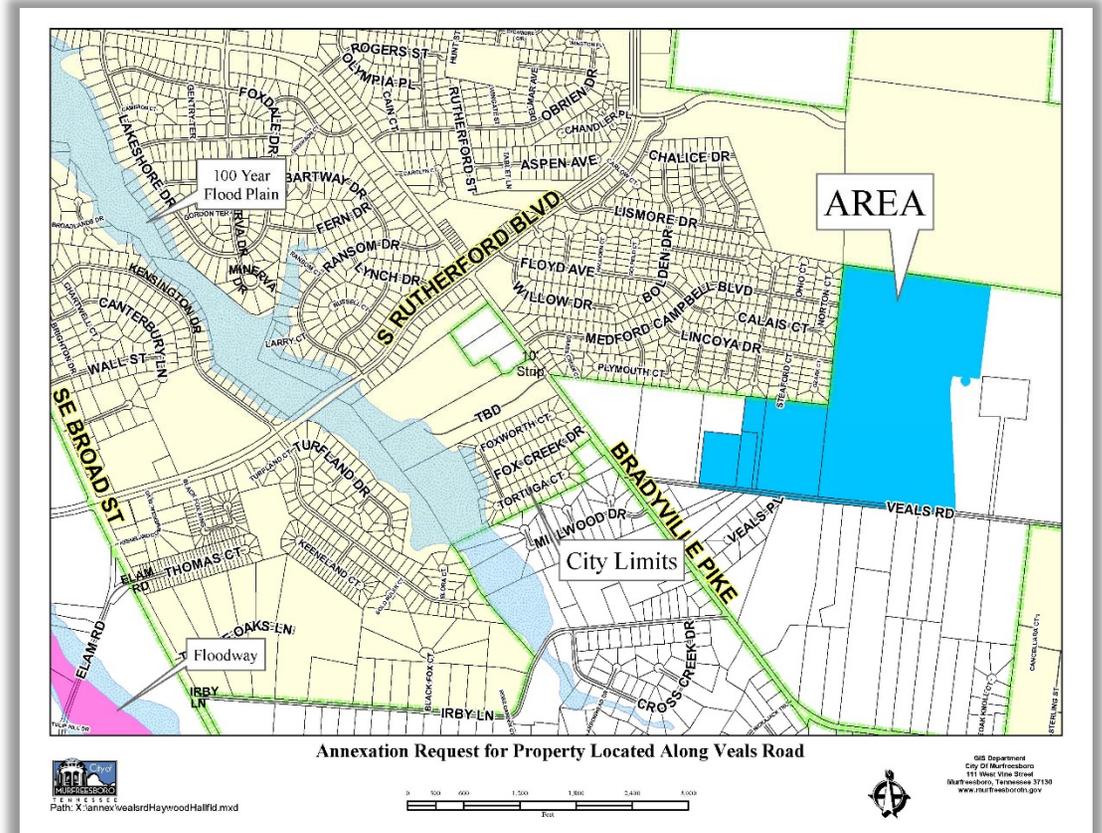

BUILDING AND CODES

The property will come within the City's jurisdiction for code enforcement immediately upon the effective date of annexation. The City's Building and Codes Department will begin issuing building and construction permits and enforcing the codes and inspecting new construction for compliance with the City's construction codes immediately upon the effective date of annexation. The Building and Codes Department will also ensure that any new signs associated with the development of the property comply with the Sign Ordinance. No additional costs are expected.

FLOODWAY

No portion of the study area is located within the floodway or 100-year floodplain as delineated on the Flood Insurance Rate Maps (FIRM) developed by the Federal Emergency Management Agency (FEMA).

The adjacent map shows the floodway boundary in pink and the 100-year floodplain boundary in blue.

STORMWATER MANAGEMENT

Stormwater Management and Utility Fees

Upon annexation, stormwater management services provided by the City of Murfreesboro will be available to the study area, and existing and new improvements will be subject to the Stormwater Utility Fee. The study area is currently vacant. It is proposed to be developed with a single-family residential subdivision. If developed with 246 residential lots, it could be projected that the site will generate approximately \$9,600 annually in revenue for the Stormwater Utility Fund upon full build-out.

Drainage

Public Drainage

Public drainage facilities available to the study area are located within the ROW of Veals Road. The drainage facility within Veals Road will become the responsibility of the City upon annexation. Routine maintenance for these facilities is included within the expected annual maintenance costs for the public roadway. State Street Aid and Stormwater Utility Fee are anticipated sources for funding the public drainage facilities operation and maintenance. No additional public drainage facilities are included in the study area. Any new public drainage

facilities proposed to serve the study area in the future must meet City standards.

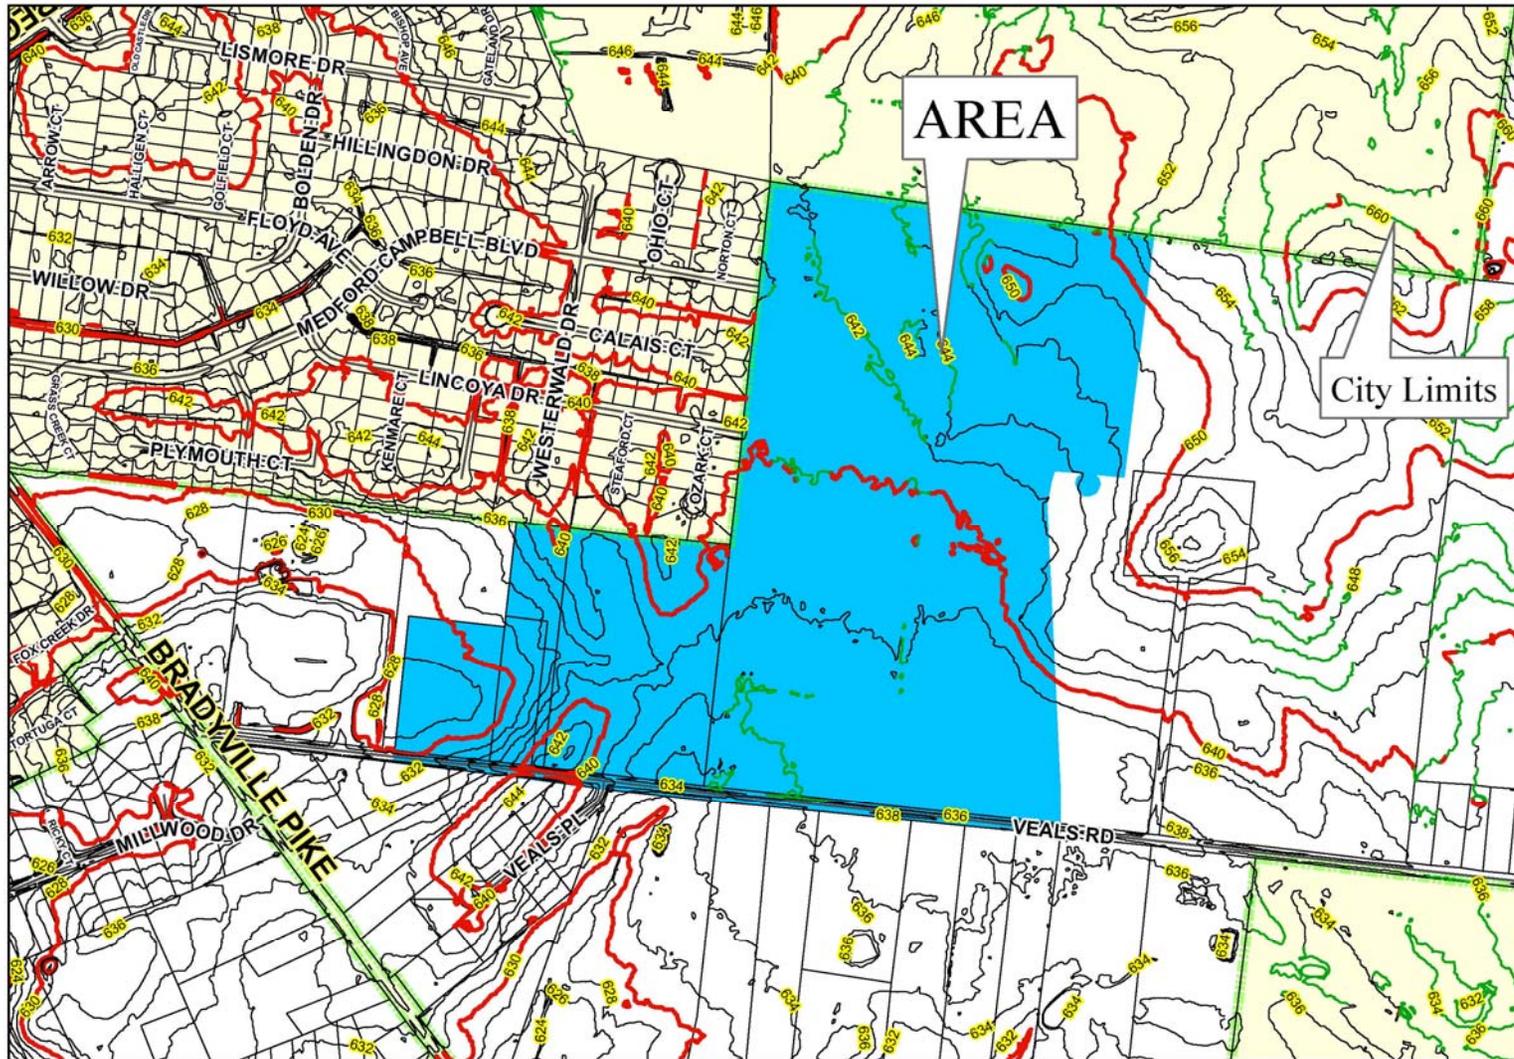

Regional Drainage Conditions

A review of the regional drainage patterns indicates that the study area drains from the northeast corner of the property to the right-of-way of Veals Road. An absence of surface streams indicates most properties are poorly-drained or internally-drained to sinkholes or slowly-draining closed depressions.

Property and Development

The property drains to the ROW of Veals Road. A review of historic aerial photography and topography indicates closed depressions which pond water from time to time. These features may be associated with sinkholes and/or wetlands. The features should be evaluated to determine if sinkholes or wetlands are present and appropriate approvals and permits obtained for disturbance or modification during development. A topographic map can be found on the following page.

New development should comply with the City's Stormwater Quality Regulations by providing stormwater quality, streambank protection, and detention.

Annexation Request for Property Located Along Veals Road

Path: X:\annex\vealsrdHaywoodHalltopo.mxd

GIS Department
 City of Murfreesboro
 111 West Vine Street
 Murfreesboro, Tennessee 37130
www.murfreesborotn.gov

ANNEXATION FOLLOW-UP

The Murfreesboro City Council will be responsible for ensuring that this property will receive City services described in this plan. According to the Tennessee Growth Policy Act, six months following the effective date of annexation, and annually thereafter until all services have been extended, a progress report is to be prepared and published in a newspaper of general circulation. This report will describe progress made in providing City services according to the plan of services and any proposed changes to the plan. A public hearing will also be held on the progress report.

MINUTES OF THE MURFREESBORO PLANNING COMMISSION OCTOBER 3, 2018

Annexation plan of services and annexation petition [2018-510] for approximately 136.1 acres along Veals Road, Phillip McAfee, Stephanie Hall Bryan, and The Hall Family Real Estate Partnership, LP applicant.

Ms. Dianna Tomlin began by making known there were fewer parcels to be presented than what had been provided in the agenda packet. The City Legal Department stated the request and public hearing could continue due to this request being for a smaller property. In addition, the changes would be amended in the annexation plan of services and annexation petition.

Continuing, Ms. Tomlin explained the study area is located along the north side of Veals Road east of its intersection with Bradyville Pike. The parcels and right-of-way information have been updated on a revised map which had been distributed before the meeting.

Written petitions requesting the annexation of the subject parcels have been filed with the City by the respective property owners. The study area is located within the City's Urban Growth Boundary and is contiguous with the existing City limits on its north and west sides.

Staff had prepared a plan of services for the annexation of the subject property. It indicates that the City would be able to provide services to the subject property upon annexation. Of note, sanitary sewer is not available to serve the study area. However, the Murfreesboro Water Resources Board has approved the use of a STEP (Septic Tank Effluent Pumping) system instead.

Mr. Matthew Blomeley made known any approval from the annexation plan of services and annexation petition should be subject to the revised map and revising the plan of services according to the revised study area prior to the City Council's consideration.

MINUTES OF THE MURFREESBORO PLANNING COMMISSION OCTOBER 3, 2018

Chairman Bob Lamb opened the public hearing. No one came forward to speak for or against the annexation plan of services and annexation petition; therefore, Chairman Bob Lamb closed the public hearing.

Mr. Eddie Smotherman commented on the annexation request, noting that it includes two church properties and a flag lot. He asked if the flag lot includes a cell tower. Mr. Blomeley answered yes. Continuing, Mr. Smotherman wanted to know why would the City of Murfreesboro want the responsibility to annex and maintain the roadway adjacent to these properties. Chairman Bob Lamb commented that emergency services would have to go through the county to respond to this property. Mr. Sam Huddleston came forward to explain the anticipation of development in this area would include significant modifications along Veals Road. If this area remains as county road, then it would require the developer to coordinate between two different agencies. The county requirements are different than the city's requirements for road improvements. In addition, the delivery of city services for police, fire, and solid waste would be addressed. It is in the best interest of the city to control the street when we are using the street for access of those delivery services. The annexation study provides information on the cost to maintain the roadway and right-of-way. However, there would be costs taking over the street.

Vice Chairman Kirt Wade made a motion to approve the annexation plan of services and annexation petition subject to all staff comments, seconded by Ms. Jennifer Garland. There was one no vote made by Mr. Eddie Smotherman. The motion passed.

Single-Family Residential Fifteen (RS-15) District to Planned Residential Development (PRD) District; LandQuestor, LLC, applicant [2018-430],” was read to the Council and offered for passage on first reading upon motion made by Mr. Smotherman, seconded by Mr. Wade. Upon roll call said ordinance was passed on first reading by the following vote:

Aye: Madelyn Scales Harris
Rick LaLance
Ronnie Martin
Bill Shacklett
Eddie Smotherman
Kirt Wade
Shane McFarland

Nay: None

The following letter from the Principal Planner was presented to the Council:

(Insert letter dated November 29, 2018 here.)

Mayor McFarland announced that the next item on the agenda is to conduct a public hearing, pursuant to RESOLUTION 18-R-PH-61 adopted by the City Council on October 18, 2018, to consider (1) Adoption of a Plan of Services for and annexation of 113.2 acres and (2) Zoning of approximately 109.1 acres along Veals Road to Single-Family Residential Six (RS-6) District (approximately 18.4 acres); Single-Family Residential Ten (RS-10) District (approximately 85.8 acres); and Single-Family Residential Twelve (RS-12) District (approximately 4.8 acres); Philip McAfee and The Hall Family Real Estate Partnership, LP, applicants [2018-510 & 2018-431]. Notice of said public hearing was published in the November 13, 2018 issue of a local newspaper as follows:

(Insert notice here.)

Ms. Dianna Tomlin, Principal Planner, presented the recommendation of the Planning Commission with a vote of 6-1 to approve the Plan of Services and Annexation of approximately 113.2 acres along Veals Road for the development of 246 single-family homes. Sanitary sewer is not available to the study area; therefore, a STEP (Septic Tank Effluent Pumping) System will be utilized instead. There were no questions from the Council.

Mayor McFarland then declared the public hearing open and invited those present who wished to speak for or against the proposed Plan of Services and annexation along Veals Road come forward to lectern. There was no one present who wished to speak for or against the proposed Plan of Services and annexation and, after ample time had been given, Mayor McFarland declared the public hearing closed.

The following RESOLUTION 18-R-PS-61 to adopt a Plan of Services for approximately 113.2 acres along Veals Road was presented to the Council.

Mr. Smotherman had concerns with the County being on both sides of the roadway. The City Attorney was unavailable to address some of those concerns.

Mr. Smotherman made a motion to defer RESOLUTION 18-R-PS-61 and RESOLUTION 18-R-A-61. Mr. LaLance seconded the motion and all members of the Council voted "Aye".

Mayor McFarland announced that the next item is to conduct a public hearing to consider zoning of 109.1 acres along Veals Road to Single-Family Residential Six (RS-6) District (approximately 18.4 acres), Single-Family Residential Ten (RS-10) District (approximately 85.8 acres), and Single-Family Residential Twelve (RS-12) District (approximately 4.8 acres), simultaneous with annexation; Philip McAfee, applicant [2018-431].

Ms. Dianna Tomlin, Principal Planner, presented the Planning Commission's recommendation. The Future Land Use Map in the Murfreesboro 2035 Comprehensive Plan depicts a future land use classification of "Suburban Residential" for the subject area. This development will consist of 246 single-family homes, and it is felt that the overall density is consistent with City's 2035 Comprehensive Plan. As mentioned, a STEP System will be utilized in the absence of sanitary sewer not being available.

Mayor McFarland then declared the public hearing open and invited those present who wished to speak for or against the proposed zoning of approximately 109.1 acres along Veals Road to RS-6, RS-10 and RS-12 come forward to the lectern. There was no one present who wished to speak for or against the proposed zoning and, after ample time had been given, Mayor McFarland declared the public hearing closed.

Mr. Smotherman made a motion to defer first reading on ORDINANCE 18-OZ-61 to zone an area along Veals Road. Mr. Martin seconded the motion and all members of the Council voted "Aye".

The following letter from the Principal Planner was presented to the Council:

(Insert letter dated November 29, 2018 here.)

Mayor McFarland announced that the next item on the agenda is to conduct a public hearing to consider an amendment to approximately 22.5 acres in the Planned Residential Development (PRD) District located along New Salem Highway (Bell Tower Apartments PRD); Bell Tower Investment, LLC, applicant [2018-432]. Notice of said public hearing was published in the November 13, 2018 issue of a local newspaper as follows:

(Insert notice here.)

Ms. Marina Rush, Principal Planner, presented the unanimous recommendation of the Planning Commission to amend the Bell Tower Apartments PRD by reducing the number of buildings from 7 to 6 to create more open space. This reduction would also include reducing the number of 2 and 3-bedroom units and increasing the number of 1-bedroom units. The total unit count within this development would remain the same. Building architecture and

**MURFREESBORO PLANNING COMMISSION
 STAFF COMMENTS, PAGE 1
 OCTOBER 3, 2018
 PROJECT PLANNER: DIANNA TOMLIN**

3.e. Zoning application [2018-431] for approximately 131.6 acres located along Veals Road to be zoned RS-10, RS-6 and RS-12, Philip McAfee developer.

The study area is located along the north side of Veals Road, east of Bradyville Pike and west of Double Springs Road. It is currently within Rutherford County's jurisdiction and is zoned RM (Residential Medium-Density District). The requested area totals approximately 131.6 acres, consists of the following:

- Tax Map 112, Parcel 15.01 (approx. 15.1 acres)
- Tax Map 112, Parcel 15.04 (approx. 5 acres)
- Tax Map 112, Parcel 15.05 (approx. 2.4 acres)
- Tax Map 112, Parcel 15.06 (approx. 2.7 acres)
- A portion of Tax Map 112, Parcel 16.00 (approx. 0.3 acres)
- A portion of Tax Map 112, Parcel 16.04 (approx. 106.3 acres)

The previous item on the agenda was the annexation of the subject area. The applicant has requested that the property be zoned in the following manner simultaneous with annexation: approximately 22.1 acres to be zoned RS-6 (Single-Family Residential District 6); approximately 103.1 acres to be zoned RS-10 (Single-Family Residential District 10); and approximately 6.4 acres to be zoned RS-12 (Single-Family Residential District 12). These zones allow for single-family residential development with respective minimum lot sizes of 6,000, 10,000, and 12,000 square feet. As mentioned with the annexation, sanitary sewer is not available to the study area. A STEP (Septic Tank Effluent Pumping) system will be utilized instead. If annexed and zoned as requested, the density with the STEP system will be less than what would be allowed if the property were to be develop on sanitary sewer.

The adjacent zoning districts are as follows:

Zoning of Property abutting to the North	RS-15, RM-12
Zoning of Property abutting to the South	County RM
Zoning of Property abutting to the East	County RM
Zoning of Property abutting to the West	RS-10, County RM

Of note, the Planning Commission recommended approval of a rezoning request on the property directly to the north of the requested area. It is currently zoned RS-15 but will be considered by City Council to be rezoned to RS-A, Type 2 (approximately 26 acres) and RS-6 (approximately 140 acres) in November. Institutional uses and single-family detached development are to the west of the property. Property south and east are predominantly large tract agricultural lots with single-family homes and an auto repair shop.

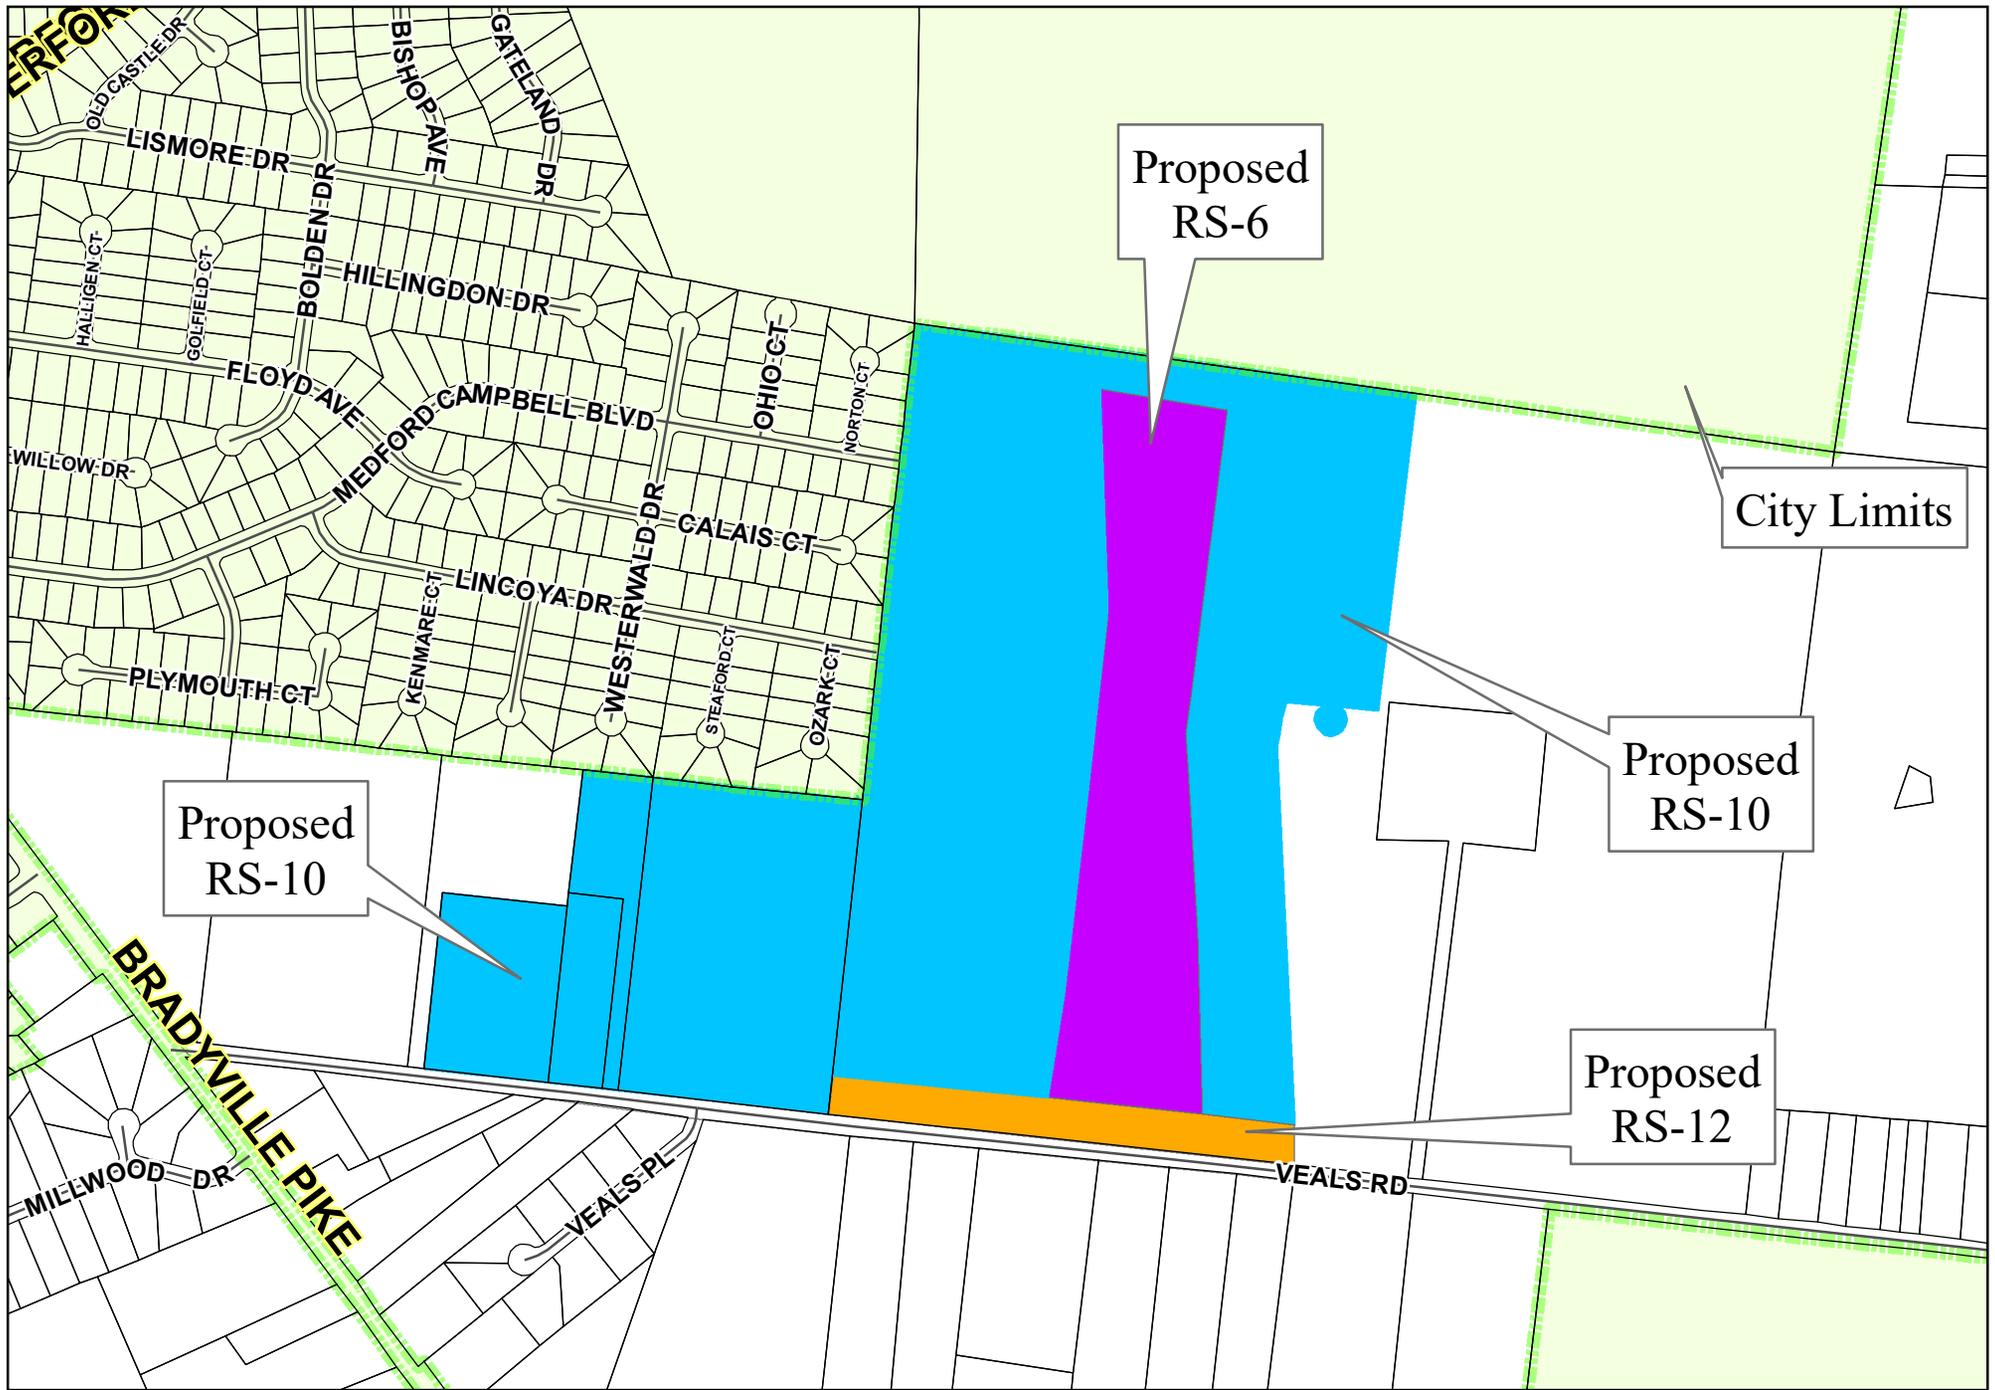

MURFREESBORO 2035 FUTURE LAND USE MAP

The future land use map contained in the *Murfreesboro 2035 Comprehensive Plan*, which was adopted by the Planning Commission in July 2017, depicts a future land use classification of “Suburban Residential” for the subject area. (An excerpt of the map can be found on the following page.) This community character classification is intended to be very different from the “Urban” and “Auto-Urban (General) Residential” character categories. The category is intended as a transitional zone to lower density from urban development. This character type includes small acreages or large lot estate development or may also be smaller lots clustered around common open space. Development in this area will “borrow” the rural views of undeveloped land, but these adjacent views that contribute to a semi-rural character are temporary, rather than permanent. As additional development occurs, the character will change. It is important in this area to consider the design of new subdivisions and whether they use the adjacent land or incorporate permanent open space into the development to sustain its original character. Development types for the Suburban Residential are detached residential dwellings, planned developments may be appropriate when increased open space is provided to preserve the suburban character setting.

The recommended density for the Suburban Residential character is 2.0 – 3.54 dwelling units per acre. Zoning districts that the comprehensive plan indicates are consistent with the Suburban Residential character are RS-15, RS-12, and RS-10. The requested RS-12 and RS-10 zones are consistent with the recommendations of the plan for this property. While the RS-6 zone generally permits a higher density than 3.54 dwelling units per acre, the overall density of any proposed development on the subject property will be significantly reduced with the use of a STEP system. Because of this, it is Staff’s opinion that this zoning request is consistent with the recommendations of the comprehensive plan.

The Planning Commission will need to conduct a public hearing, after which it will need to discuss this matter and then formulate a recommendation for City Council.

Zoning & Rezoning Applications – other than rezoning to planned unit development	\$700.00
Zoning & Rezoning Applications – Planned Unit Development, initial or amended	\$950.00

Procedure for applicant:

The applicant must submit the following information to initiate a rezoning:

1. A completed rezoning application (below).
2. A plot plan, property tax map, survey, and/or a legal description of the property proposed for rezoning. (Please attach to application.)
3. A non-refundable application fee (prices listed above).

For assistance or questions, please contact a planner at 615-893-6441.

SURVEY NOTES

1. IN TENNESSEE, IT IS A REQUIREMENT PER "THE UNDERGROUND UTILITY DAMAGE PREVENTION ACT" THAT ANYONE WHO ENGAGES IN EXCAVATION MUST NOTIFY ALL KNOWN UNDERGROUND UTILITY OWNERS, NO LESS THAN THREE NOR MORE THAN TEN WORKING DAYS OF THEIR INTENT TO EXCAVATE. A LIST OF THESE UTILITIES MAY BE OBTAINED FROM THE COUNTY REGISTER OF DEEDS. THOSE UTILITIES THAT PARTICIPATE IN THE TENNESSEE ONE CALL SYSTEM CAN BE NOTIFIED BY CALLING TOLL FREE 1-800-351-1111.
2. UNDERGROUND UTILITIES SHOWN WERE LOCATED USING AVAILABLE ABOVE-GROUND EVIDENCE, AND ALSO FROM INFORMATION OBTAINED FROM THE RESPECTIVE UTILITY COMPANIES. THE EXISTENCE OR NON-EXISTENCE OF THE UTILITIES SHOWN AND ANY OTHER UTILITIES WHICH MAY BE PRESENT ON THIS SITE OR ADJACENT SITES SHOULD BE CONFIRMED WITH THE UTILITY OWNER PRIOR TO COMMENCING ANY WORK.

MINUTES OF THE MURFREESBORO PLANNING COMMISSION OCTOBER 3, 2018

Zoning application [2018-431] for approximately 131.6 acres located along Veals Road to be zoned RS-10, RS-6 and RS-12, Philip McAfee developer.

Ms. Dianna Tomlin began by making known there were fewer parcels being presented than what had been provided in the agenda packet. The City Legal Department has stated the request and public hearing could continue due to there being less property.

Continuing, Ms. Dianna Tomlin made known the study area located along the north side of Veals Road, east of Bradyville Pike and west of Double Springs Road. It is currently within Rutherford County's jurisdiction and is zoned RM (Residential Medium-Density District). The requested area of property has been reduced from the original request. In addition, the tax map, parcels and adjacent zoning districts would be updated to reflect the changes.

In addition, the applicant would be updating the property they are asking to be zoned simultaneous with annexation. As mentioned with the annexation, sanitary sewer is not available to the study area. A STEP (Septic Tank Effluent Pumping) system would be utilized instead. If annexed and zoned as requested, the density with the STEP system would be less than what would be allowed if the property were to be develop on sanitary sewer.

Of note, the Planning Commission recently recommended approval of a rezoning request on the property directly to the north of the requested area. It is currently zoned RS-15 but would be considered by City Council to be rezoned to RS-A, Type 2 (approximately 26 acres) and RS-6 (approximately 140 acres) in November. Institutional uses and single-family detached development are to the west of the property. Property south and east are

MINUTES OF THE MURFREESBORO PLANNING COMMISSION OCTOBER 3, 2018

predominantly large tract agricultural lots with single-family homes and an auto repair shop.

The future land use map contained in the *Murfreesboro 2035 Comprehensive Plan*, which was adopted by the Planning Commission in July 2017, depicts a future land use classification of “Suburban Residential” for the subject area. This community character classification is intended to be very different from the “Urban” and “Auto-Urban (General) Residential” character categories. The category is intended as a transitional zone to lower density from urban development. This character type includes small acreages or large lot estate development or may also be smaller lots clustered around common open space. Development in this area would “borrow” the rural views of undeveloped land, but these adjacent views that contribute to a semi-rural character are temporary, rather than permanent. As additional development occurs, the character would change. It is important in this area to consider the design of new subdivisions and whether they use the adjacent land or incorporate permanent open space into the development to sustain its original character. Development types for the Suburban Residential are detached residential dwellings, planned developments may be appropriate when increased open space is provided to preserve the suburban character setting.

The recommended density for the Suburban Residential character is 2.0 – 3.54 dwelling units per acre. Zoning districts that the comprehensive plan indicates are consistent with the Suburban Residential character are RS-15, RS-12, and RS-10. The requested RS-12 and RS-10 zones are consistent with the recommendations of the plan for this property. While the RS-6 zone generally permits a higher density than 3.54 dwelling units per acre, the overall density of any proposed development on the subject property would be

MINUTES OF THE MURFREESBORO PLANNING COMMISSION OCTOBER 3, 2018

significantly reduced with the use of a STEP system. Because of this, it is Staff's opinion that this zoning request is consistent with the recommendations of the comprehensive plan.

Chairman Bob Lamb opened the public hearing. No one came forward to speak for or against the zoning request; therefore, Chairman Bob Lamb closed the public hearing.

Mr. Matthew Blomeley stated, this zoning request is for the revised zoning map that had been presented.

Mr. Ken Halliburton made to approve the revised zoning request and revised zoning map that had been provided subject to all staff comments, seconded by Mr. Eddie Smotherman. The motion carried by unanimous vote in favor.

Zoning application [2018-432] to amend the Bell Tower Apartments PRD on approximately 22.5 acres located along New Salem Highway, Bell Tower Investment, LLC developer. Mr. Donald Anthony began by making known the applicant wishes to amend the Bell Tower Apartments PRD, which was approved June 2017. The subject property is located along the north side of New Salem Highway (Highway 99), east of the intersection with St. Andrews Drive and west of Cason Lane. The site includes two tax parcels which had been provided the agenda packet.

The PRD includes the entirety of Parcel 3.0 and an 18.70-acre portion of Parcel 31.01, for a multi-family residential apartment complex of 384 units (17.07 du). Consistent with the original approval, the residential structures are 4-stories, 52 feet height, detached garage buildings (60 spaces) and clubhouse are 1.0 to 1.5 stories. Building materials remain a mix of brick, stone, and cementitious siding. Vinyl or aluminum would be used in the soffit areas. Proposed amenities include a swimming pool, playground, and dog park. Typical building elevations had been provided in the applicant's pattern book.

Mr. Smotherman made a motion to defer RESOLUTION 18-R-PS-61 and RESOLUTION 18-R-A-61. Mr. LaLance seconded the motion and all members of the Council voted "Aye".

Mayor McFarland announced that the next item is to conduct a public hearing to consider zoning of 109.1 acres along Veals Road to Single-Family Residential Six (RS-6) District (approximately 18.4 acres), Single-Family Residential Ten (RS-10) District (approximately 85.8 acres), and Single-Family Residential Twelve (RS-12) District (approximately 4.8 acres), simultaneous with annexation; Philip McAfee, applicant [2018-431].

Ms. Dianna Tomlin, Principal Planner, presented the Planning Commission's recommendation. The Future Land Use Map in the Murfreesboro 2035 Comprehensive Plan depicts a future land use classification of "Suburban Residential" for the subject area. This development will consist of 246 single-family homes, and it is felt that the overall density is consistent with City's 2035 Comprehensive Plan. As mentioned, a STEP System will be utilized in the absence of sanitary sewer not being available.

Mayor McFarland then declared the public hearing open and invited those present who wished to speak for or against the proposed zoning of approximately 109.1 acres along Veals Road to RS-6, RS-10 and RS-12 come forward to the lectern. There was no one present who wished to speak for or against the proposed zoning and, after ample time had been given, Mayor McFarland declared the public hearing closed.

Mr. Smotherman made a motion to defer first reading on ORDINANCE 18-OZ-61 to zone an area along Veals Road. Mr. Martin seconded the motion and all members of the Council voted "Aye".

The following letter from the Principal Planner was presented to the Council:

(Insert letter dated November 29, 2018 here.)

Mayor McFarland announced that the next item on the agenda is to conduct a public hearing to consider an amendment to approximately 22.5 acres in the Planned Residential Development (PRD) District located along New Salem Highway (Bell Tower Apartments PRD); Bell Tower Investment, LLC, applicant [2018-432]. Notice of said public hearing was published in the November 13, 2018 issue of a local newspaper as follows:

(Insert notice here.)

Ms. Marina Rush, Principal Planner, presented the unanimous recommendation of the Planning Commission to amend the Bell Tower Apartments PRD by reducing the number of buildings from 7 to 6 to create more open space. This reduction would also include reducing the number of 2 and 3-bedroom units and increasing the number of 1-bedroom units. The total unit count within this development would remain the same. Building architecture and

RESOLUTION 18-R-PS-61 to adopt a Plan of Services for approximately 112.3 acres along Veals Road, Philip McAfee and The Hall Family Real Estate Partnership, LP, applicants. [2018-510]

WHEREAS, the Owner(s) of the territory identified on the attached map as the “Area to be Annexed” have either petitioned for annexation or given written consent to the annexation of such territory; and

WHEREAS, a proposed Plan of Services for such territory was prepared and published as required by T.C.A. §6-51-102 and T.C.A. §6-51-104; and

WHEREAS, the proposed Plan of Services was submitted to the Murfreesboro Planning Commission on October 3, 2018 for its consideration and a written report, at which time the Planning Commission held a public hearing and thereafter recommended approval of the Plan of Services to the City Council;

WHEREAS, a Public Hearing on the proposed Plan of Services was held before the City Council of the City of Murfreesboro, Tennessee, on November 29, 2018, pursuant to a Resolution passed and adopted by the City Council on October 18, 2018, and notice thereof published in The Murfreesboro Post, a newspaper of general circulation in said City, on November 13, 2018; and,

WHEREAS, the Plan of Services for the territory identified on the attached map as the “Area to be Annexed” establishes the scope of services to be provided and the timing of such services and satisfies the requirements of T.C.A. §6-51-102.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That, pursuant to authority conferred by T.C.A. Sections 6-51-101, et seq., the Plan of Services attached hereto for the territory identified on the attached map as the “Area to be Annexed” is hereby adopted as it is reasonable with respect to the scope of services to be provided and the timing of such services.

SECTION 2. That this Resolution shall take effect upon the effective date of the Annexation Resolution with respect to the territory, **Resolution 18-R-A-61**, the public welfare and the welfare of the City requiring it.

REVISED MARCH 12, 2019 FOR THE MARCH 21, 2019 CITY COUNCIL MEETING**

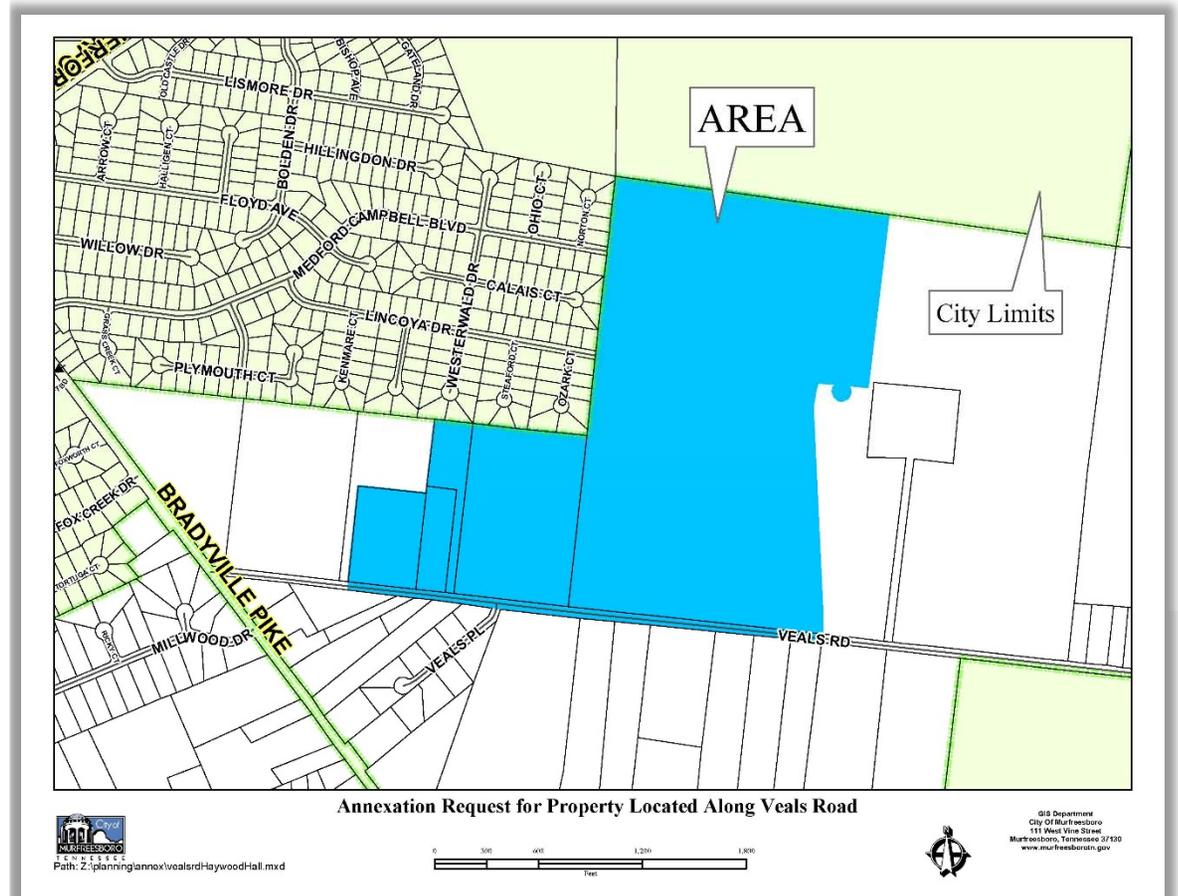

INTRODUCTION

OVERVIEW

Philip McAfee and The Hall Family Real Estate Partnership, LP, have initiated a petition to annex into the City of Murfreesboro the area depicted in blue on the map to the right. The subject property is located along the north side of Veals Road. The requested property is undeveloped and contains no structures. The total study area is approximately 112.3 acres, and consists of the following parcels and right-of-way:

- Tax Map 112, Parcel 15.01 (approx. 15.1 acres)
- Tax Map 112, Parcel 15.04 (approx. 5 acres)
- Tax Map 112, Parcel 15.05 (approx. 2.4 acres)
- Tax Map 112, Parcel 15.06 (approx. 2.7 acres)
- A portion of Tax Map 112, Parcel 16.04 (approx. 83.9 acres)
- Approximately 2,750 linear feet of Veals Road right-of-way (approx. 3.2 acres).

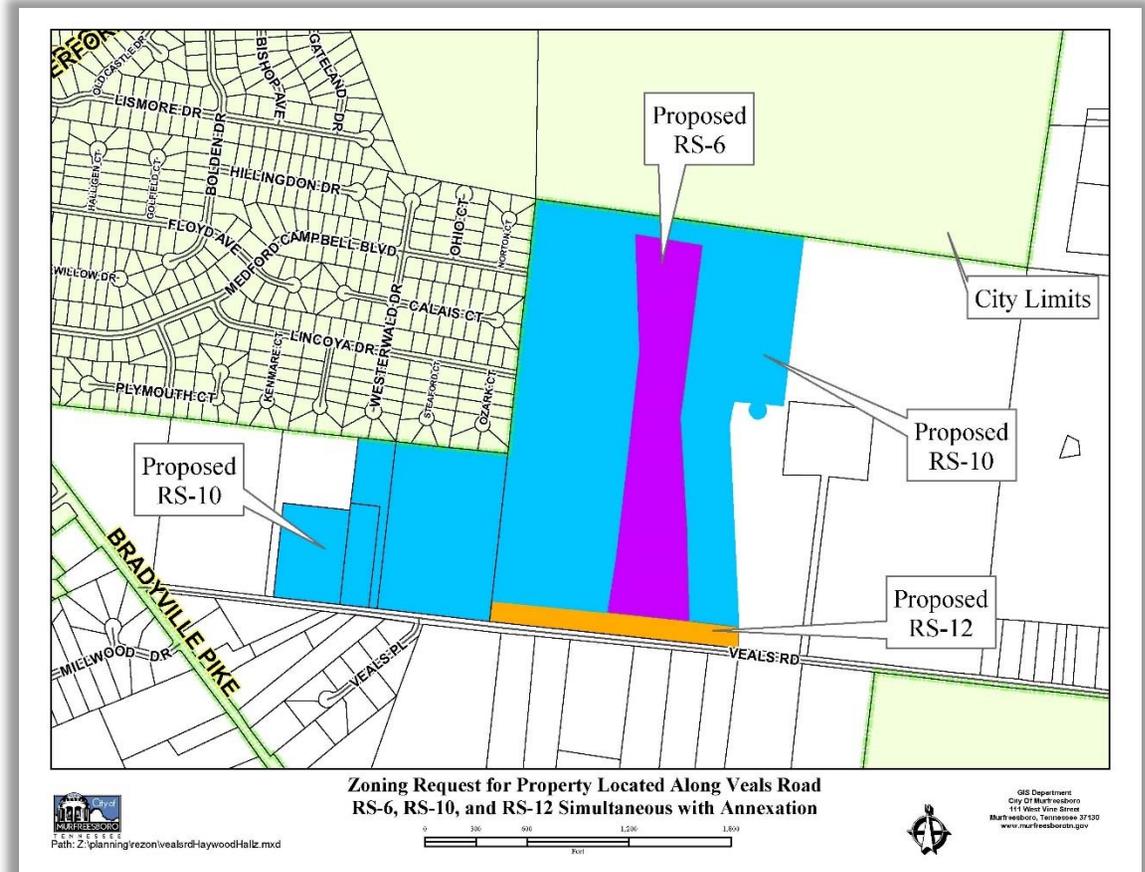

The study area lies within the City of Murfreesboro's Urban Growth Boundary.

CITY ZONING

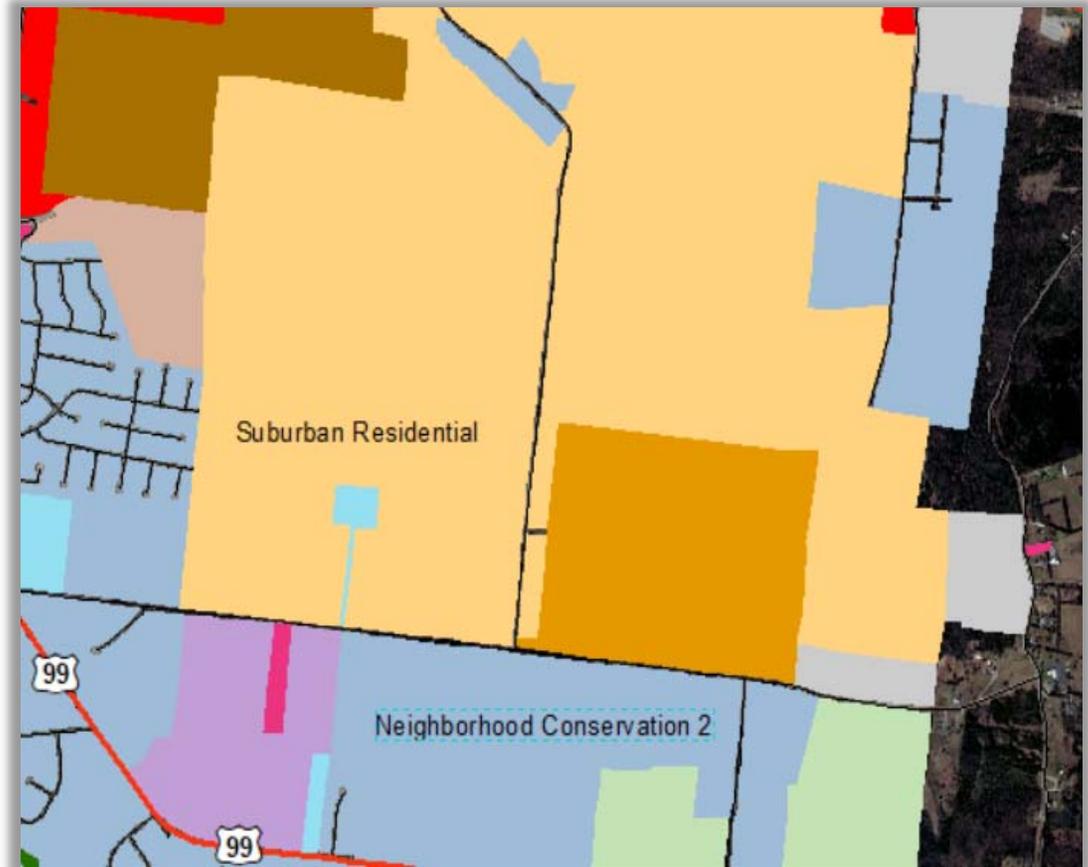

The subject property is zoned Residential Medium-Density (RM) in unincorporated Rutherford County. This zone is similar to the City's RS-15 (Single-Family Residential District 15) zone. Simultaneous with the annexation, a request for rezoning for the subject property to RS-6, RS-10 and RS-12 has been filed. The requested rezoning would allow for single-family residential development.

The nearest City incorporated properties are directly adjacent to the northwest and north of the study area. The study area abuts City single-family residential zoning to the northwest (RS-10). Directly north of the study area is property that was rezoned in 2018 to RS-A2, RS-6, and RS-10.

MURFREESBORO 2035
FUTURE LAND USE
DESIGNATION

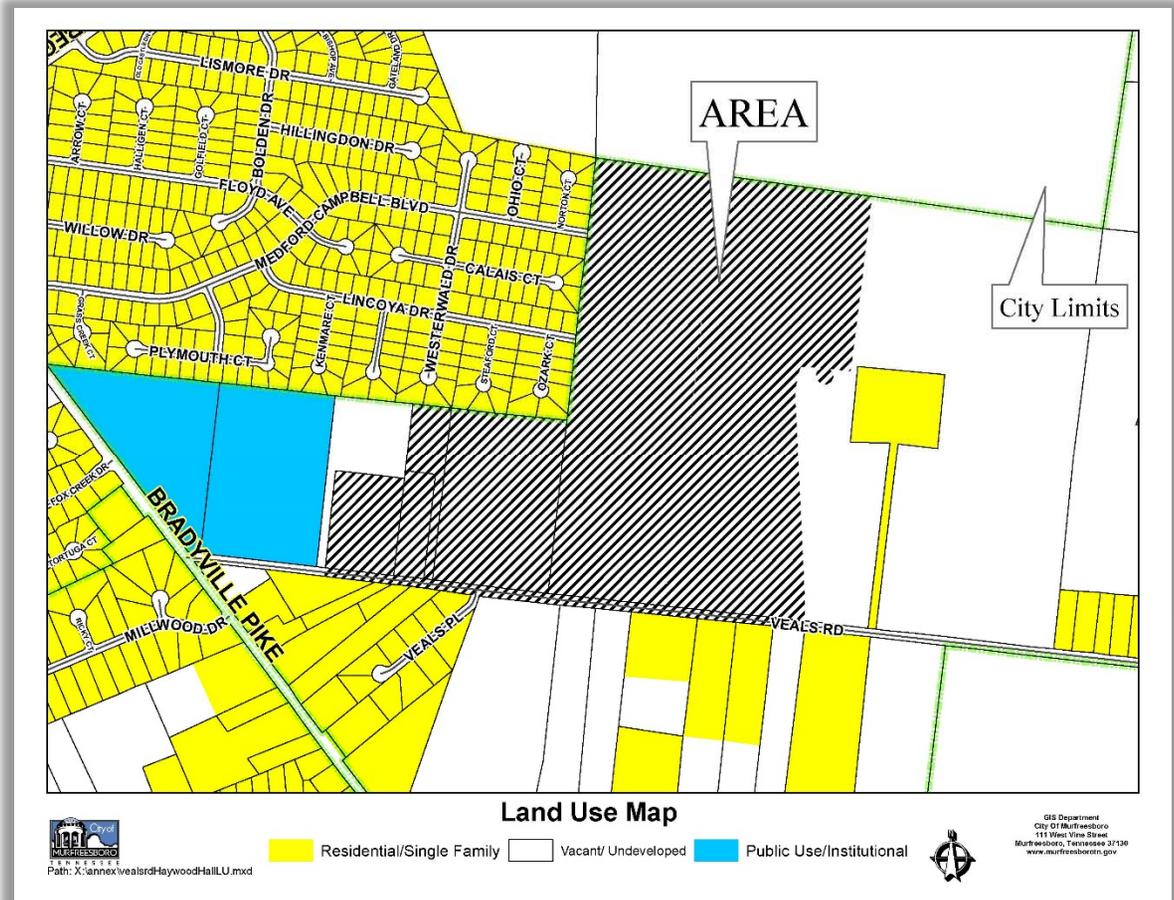

The future land use map contained in the Murfreesboro 2035 Comprehensive Plan, which was adopted by the Planning Commission in July 2017, depicts a future land use classification of *Suburban Residential* for the subject area.

PRESENT AND SURROUNDING LAND USE

The study area contains no existing structures. Surrounding land uses include:

- Single-family residential, shown in yellow,
- Vacant/Undeveloped, unshaded.
- Institutional, shown in blue

TAXES AND REVENUE

The first City tax bill for all property annexed during the calendar year of 2019 will be due on December 31, 2020. City taxes are calculated upon the property appraisal and assessment of the Rutherford County Property Assessor's Office. The current tax rate for the City of Murfreesboro is \$0.9494/\$100.00 assessed value. Residential property is assessed at a rate of 25% of its appraised value, and commercial property is assessed at a rate of 40% of its appraised value. Table I below shows total assessment and estimated City taxes that would be collected if the property were to be annexed in its present state.

Table I
Estimated Taxes from Site

Owner of Record	Parcel ID	Acres	Land Value	Improvements Value	Total Assessment	Estimated City Taxes
Hall Family Real Estate Partnership LP	112/16.04	83.9*	\$126,303	\$0	\$31,575	\$299
Philip McAfee	112/15.01	15.1	\$118,500	\$0	\$29,625	\$281
Philip McAfee	112/15.06	2.7	\$49,700	\$0	\$12,425	\$118
Philip McAfee	112/15.05	2.4	\$57,300	\$0	\$14,325	\$136
Philip McAfee	112/15.04	5	\$64,200	\$0	\$16,050	\$152
TOTAL		109.1	\$416,003	\$0	\$104,000	\$986

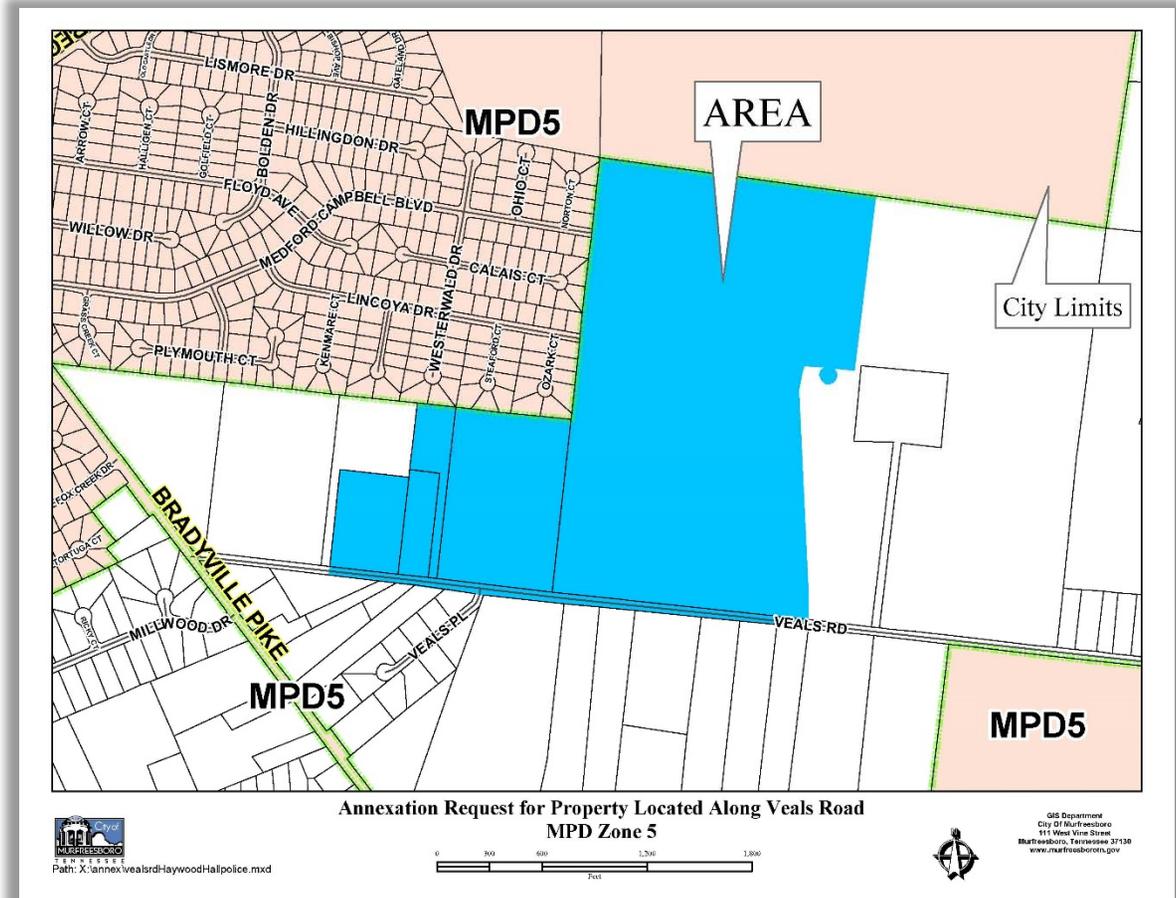

*Only a portion of this parcel is included in the study area. Appraisal, assessment, and tax numbers are estimated based on the percentage of the parcel included in the area.

PLAN OF SERVICES

POLICE PROTECTION

At present, the study area receives police service through the Rutherford County Sheriff's Department. If annexed, the Murfreesboro Police Department will begin providing services such as patrol, criminal investigation, community policing, traffic operations, canine, DARE, and other community crime prevention programs to the study area immediately upon the effective date of annexation.

This annexation will have no negative impact on the Murfreesboro Police Department. The Murfreesboro Police Department can provide police services to the property as it currently exists with no additional fiscal impact. This property is located in Police Zone #5.

STREETS AND ACCESS

The requested parcels have access to existing Veals Road and the study area includes approximately 2,750 linear feet of Veals Road right-of-way (ROW). Veals Road is an existing 2-lane, ditch-section roadway. Upon annexation, the City will be responsible for operation and maintenance of this street. Based on a 15-year repaving cycle for Veals Road, the annualized maintenance cost is \$5,500 with State Street Aid and General Fund as funding sources. The addition of the ROW will also result in approximately \$925 of initial capital cost with State Street Aid and General Fund as funding sources. Any new connections to Veals Road must be approved by the City Engineer. Additionally, development along Veals Road will require participation in construction of improvements to Veals Road and ROW/easement dedication in accordance with the City's Substandard Street requirements.

No additional public roadways are included in the study area. Any new public roadways to serve the study area must be constructed to City Standards.

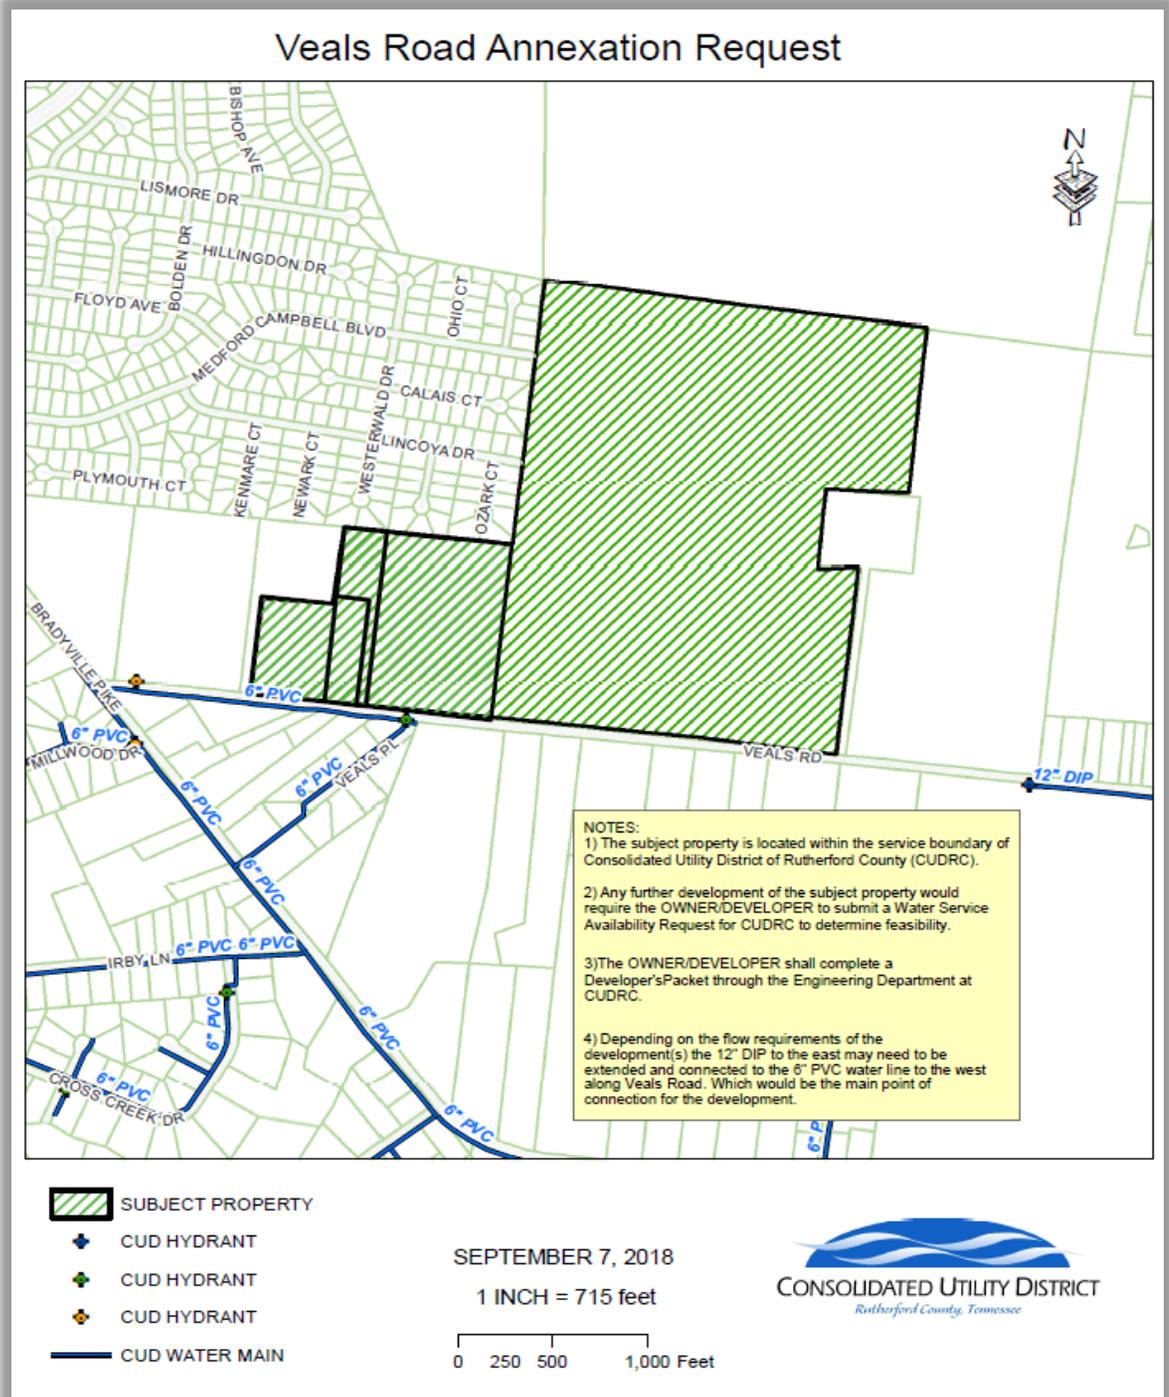

REGIONAL TRAFFIC & TRANSPORTATION

The 2014 Level of Service Model in the proposed 2040 Major Transportation Plan shows Veals Road to be operating at a Level of Service A in the study area using average daily traffic (ADT) counts. The 2040 Level of Service Model indicates that Veals Road operates at a Level of Service B without the proposed improvements recommended in the 2040 Plan. With the improvements proposed in the 2040 plan, this section of roadway will operate at a level of service B.

The study area is impacted by Mid-Term Improvement (MTI) #19 on the 2040 Major Transportation Plan. MTI #19 is planned as a 3-lane extension of Irby Lane from Bradyville Pike northward to East Main Street/Woodbury Pike. The proposed route for MTI #19 traverses through the study area. Any development of the study area must make accommodations for MTI #19, including construction of the roadway itself through the study area and the dedication of ROW and easements.

WATER SERVICE

The study area is located within the service boundary of Consolidated Utility District of Rutherford County (CUDRC). Any further development of the subject property would require the Owner/Developer to submit a Water Service Availability Request for CUDRC to determine feasibility. A developer's packet would also need to be completed. Depending on the flow requirements of the development, the 12" ductile iron pipe to the east may need to be extended and connected to the 6" PVC water line to the west along Veals Road. This would be the main point of connection for the development.

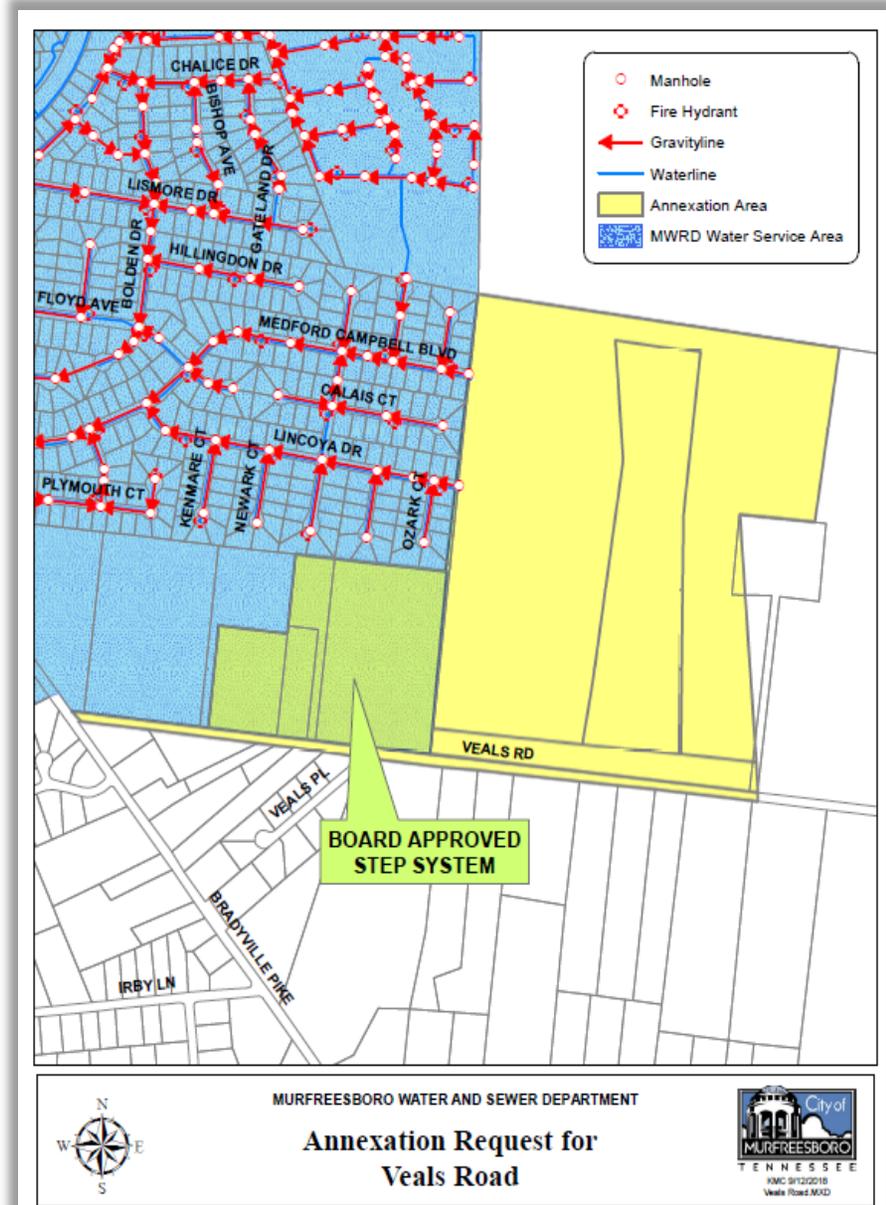

SANITARY SEWER SERVICE

The Murfreesboro Water Resources Department's (MWRD's) current definition of "available" is defined as gravity sanitary sewer that is adjacent to the property line within an easement or in a public right-of-way. Currently, public sanitary sewer is not available to the study area. The gravity sewer mains adjacent to the property are at capacity and will not allow any additional connections.

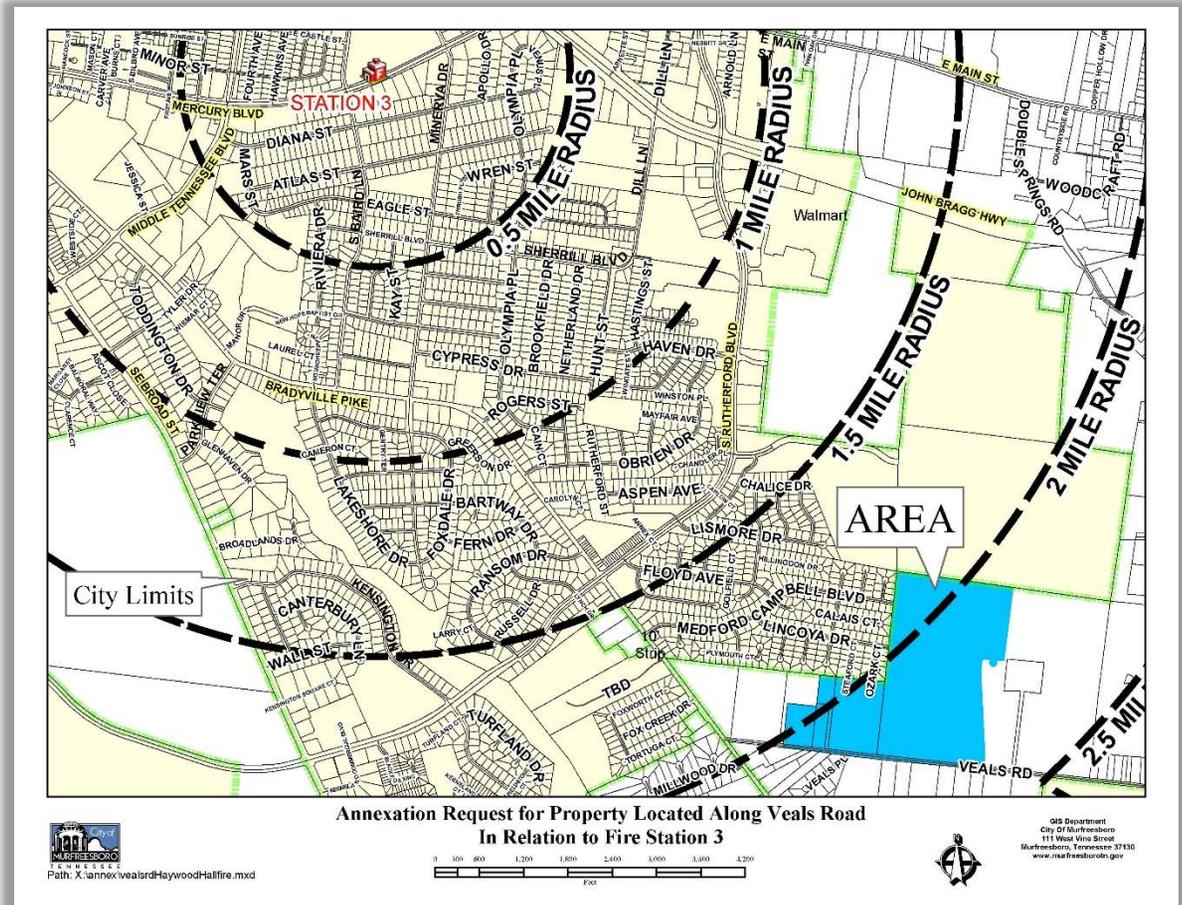

The applicant wishes to serve the study area with the use of a STEP (Septic Tank Effluent Pumping) system, as the means of sewage disposal and for MWRD to operate and maintain the system once it is constructed by the developer and operational. At the December 5, 2017 and the September 25, 2018 meetings, the Murfreesboro Water Resources Board approved the use of a STEP system for the study area.

Being that this non-conventional system will not connect to existing public sewer infrastructure, the standard sewer connection fees will not apply for sanitary sewer connections within the subdivision. All sewerage improvement should be installed in accordance with the applicable State Design Criteria and Regulations, the Department's Design Standards, CUD's construction specifications for STEP systems, and the Development Policies and Procedures of the Murfreesboro Water Resources Department.

FIRE AND EMERGENCY SERVICE

Currently the study area is located 2.8 miles from Fire Station #3 (1511 Mercury Blvd) and 4.0 miles from Station #1 (202 E. Vine St). In addition, it is anticipated that a new fire station will be constructed on the southeast side of the City in the next several years. Any development of the study area must provide adequate fire flows and install water lines and fire hydrants per the Murfreesboro Water Resources Department policies and procedures. Per the Murfreesboro Fire and Rescue Department (MFRD), there is a 12-inch CUD water line along Veals Road that can provide adequate fire flows for fire protection in the study area. MFRD can provide medical first responder service to the study area immediately upon the effective date of annexation and will be able to provide fire protection to the study area upon development.

SOLID WASTE COLLECTION

The Solid Waste Department will not provide services until the study area is developed, because until development occurs, there is nowhere for solid waste trucks to turn around safely on Veals Road. Once development occurs, however, and adequate turnarounds are constructed, the City will provide brush/debris removal every two to three weeks and weekly curbside solid waste collection service. It is unknown at this time how many residential lots will be built, so the exact future impact on the department is unknown at this time.

ELECTRIC SERVICE

The study area is within the Murfreesboro Electric Department's (MED's) service area. MED will serve the property upon development. It has indicated that there is adequate capacity in the area and that infrastructure can be extended.

STREET LIGHTING

According to MED, there are two street lights along Veals Road near its intersection with Bradyville Pike. MED will install street lights eastward along Veals Road upon the development of the study area. If street lighting is needed before development occurs, or if additional street lights are needed in the future along Veals Road beyond what is installed by MED at the time of development, then they may be installed at the

request and discretion of the City Engineer and paid for out of the Street Lighting Fund. In addition, street lighting will be installed along all new public streets when the study area is developed.

GEOGRAPHIC INFORMATION SYSTEMS

The property is within the area photographed and digitized as part of the City's Geographic Information Systems (G.I.S.) program.

CITY SCHOOLS

The Murfreesboro City School system serves grades kindergarten through sixth and is offered to students who are within the jurisdiction of the City of Murfreesboro. This area is zoned for Black Fox Elementary. Currently Black Fox has 877 students and is built for 1,000 students. The school will be able to accommodate any additional elementary students the study area might generate upon development.

PARKS AND RECREATION

Currently Murfreesboro has two multi-purpose facilities, one community center, a wilderness facility, over 1,000 acres of parks, a network of greenways, and recreational sports. These facilities and programs are wholly funded by the Murfreesboro taxpayers. Children who are residents of the City of Murfreesboro, attend Murfreesboro Elementary Schools, and receive free or reduced lunches also receive free or reduced recreational fees.

PLANNING, ENGINEERING, AND ZONING

The property will come within the City's jurisdiction for planning and engineering code enforcement immediately upon the effective date of annexation. Among other duties, the Planning and Engineering Departments will inspect and monitor new construction of streets and drainage structures for compliance with the City's development regulations.

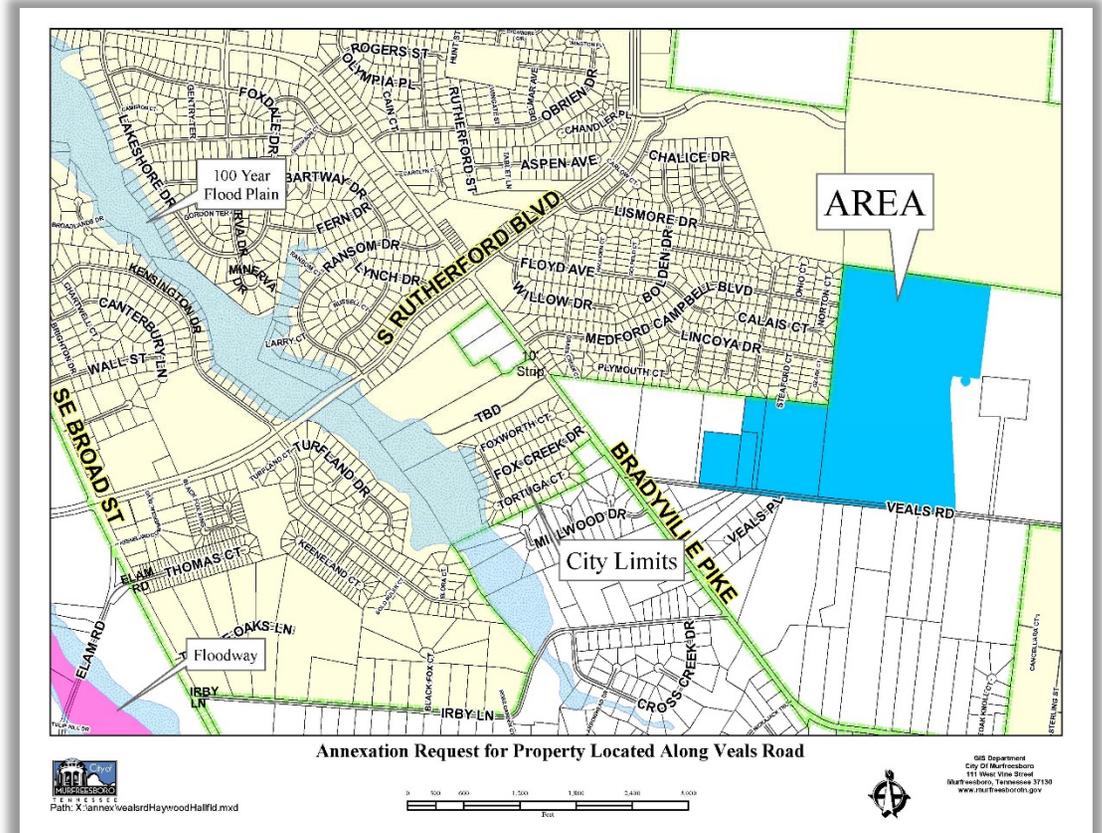

BUILDING AND CODES

The property will come within the City's jurisdiction for code enforcement immediately upon the effective date of annexation. The City's Building and Codes Department will begin issuing building and construction permits and enforcing the codes and inspecting new construction for compliance with the City's construction codes immediately upon the effective date of annexation. The Building and Codes Department will also ensure that any new signs associated with the development of the property comply with the Sign Ordinance. No additional costs are expected.

FLOODWAY

No portion of the study area is located within the floodway or 100-year floodplain as delineated on the Flood Insurance Rate Maps (FIRM) developed by the Federal Emergency Management Agency (FEMA).

The adjacent map shows the floodway boundary in pink and the 100-year floodplain boundary in blue.

STORMWATER MANAGEMENT

Stormwater Management and Utility Fees

Upon annexation, stormwater management services provided by the City of Murfreesboro will be available to the study area, and existing and new improvements will be subject to the Stormwater Utility Fee. The study area is currently vacant. It is proposed to be developed with a single-family residential subdivision. If developed with 246 residential lots, it could be projected that the site will generate approximately \$9,600 annually in revenue for the Stormwater Utility Fund upon full build-out.

Drainage

Public Drainage

Public drainage facilities available to the study area are located within the ROW of Veals Road. The drainage facility within Veals Road will become the responsibility of the City upon annexation. Routine maintenance for these facilities is included within the expected annual maintenance costs for the public roadway. State Street Aid and Stormwater Utility Fee are anticipated sources for funding the public drainage facilities operation and maintenance. No additional public drainage facilities are included in the study area. Any new public drainage

facilities proposed to serve the study area in the future must meet City standards.

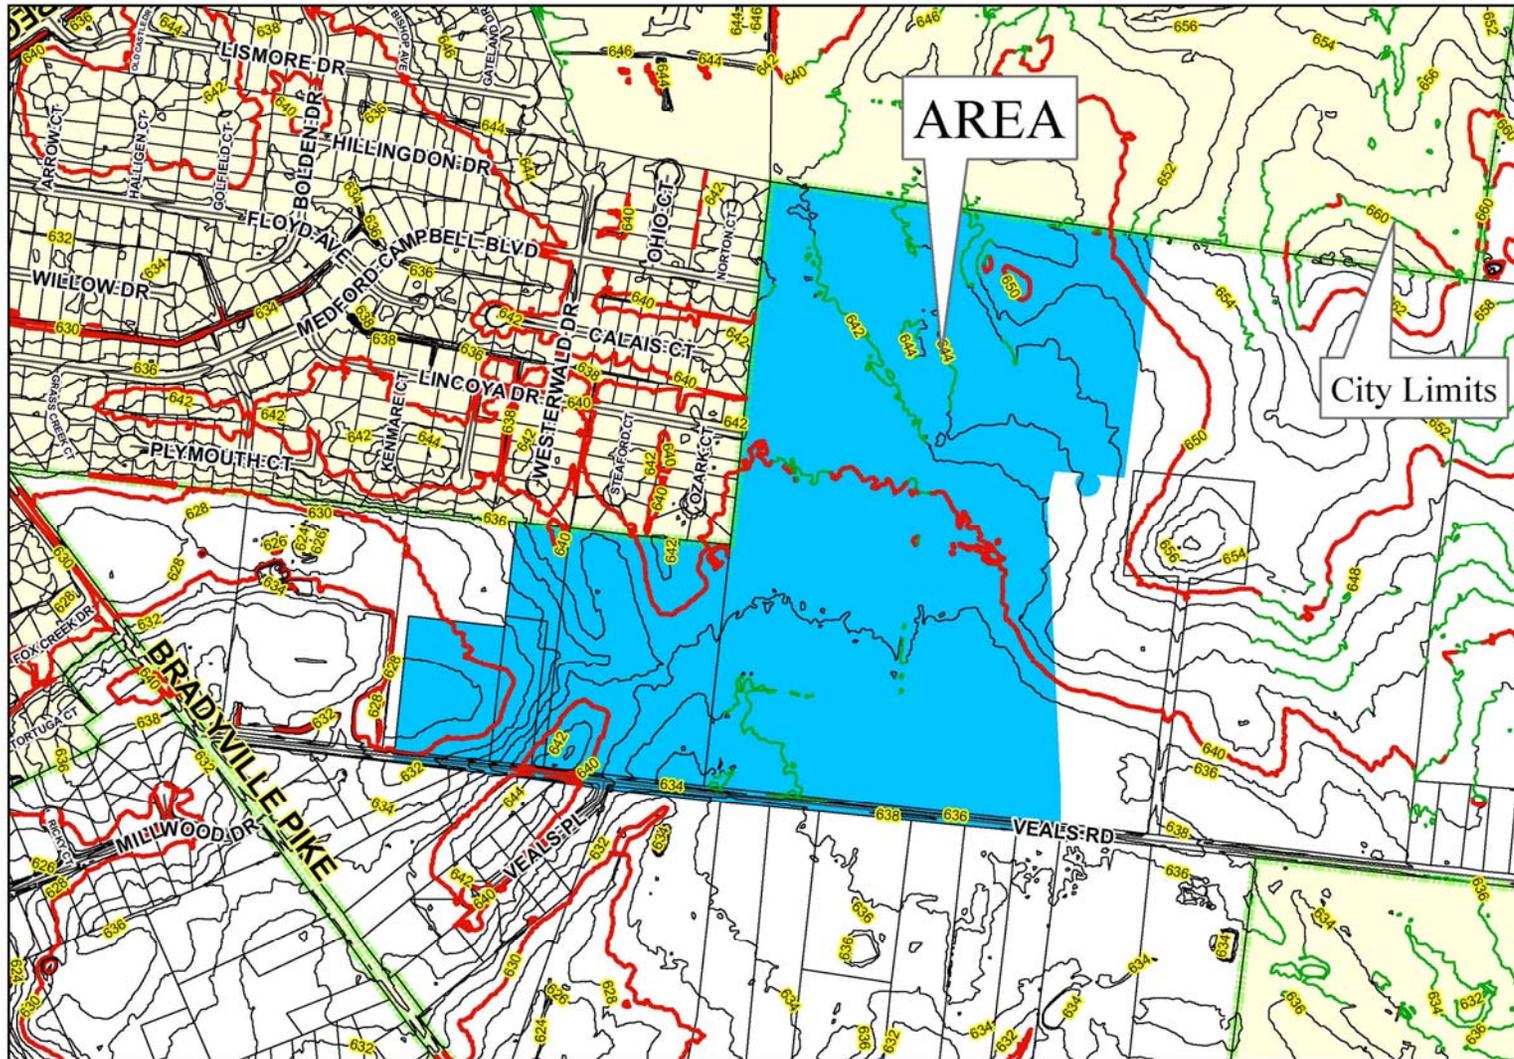

Regional Drainage Conditions

A review of the regional drainage patterns indicates that the study area drains from the northeast corner of the property to the right-of-way of Veals Road. An absence of surface streams indicates most properties are poorly-drained or internally-drained to sinkholes or slowly-draining closed depressions.

Property and Development

The property drains to the ROW of Veals Road. A review of historic aerial photography and topography indicates closed depressions which pond water from time to time. These features may be associated with sinkholes and/or wetlands. The features should be evaluated to determine if sinkholes or wetlands are present and appropriate approvals and permits obtained for disturbance or modification during development. A topographic map can be found on the following page.

New development should comply with the City's Stormwater Quality Regulations by providing stormwater quality, streambank protection, and detention.

ANNEXATION FOLLOW-UP

The Murfreesboro City Council will be responsible for ensuring that this property will receive City services described in this plan. According to the Tennessee Growth Policy Act, six months following the effective date of annexation, and annually thereafter until all services have been extended, a progress report is to be prepared and published in a newspaper of general circulation. This report will describe progress made in providing City services according to the plan of services and any proposed changes to the plan. A public hearing will also be held on the progress report.

RESOLUTION 18-R-A-61 to annex approximately 112.3 acres along Veals Road, and to incorporate the same within the corporate boundaries of the City of Murfreesboro, Tennessee, Philip McAfee and The Hall Family Real Estate Partnership, LP, applicants. [2018-510]

WHEREAS, the Owner(s) of the territory identified on the attached map as the “Area Annexed” have either petitioned for annexation or given written consent to the annexation of such territory; and

WHEREAS, a Plan of Services for such territory was adopted by **Resolution 18-R-PS-61** on _____; and

WHEREAS, the Planning Commission held a public hearing on the proposed annexation of such territory on October 3, 2018 and recommended approval of the annexation; and

WHEREAS, the annexation of such territory is deemed beneficial for the welfare of the City of Murfreesboro as a whole.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That, pursuant to authority conferred by T.C.A. Sections 6-51-101, et seq., the territory identified on the attached map as the “Area Annexed” is hereby annexed to the City of Murfreesboro, Tennessee and incorporated within the corporate boundaries thereof.

SECTION 2. That this Resolution shall take effect upon the effective date of the Zoning Ordinance with respect to the annexed territory, **Ordinance 18-OZ-61**, the public welfare and the welfare of the City requiring it.

ORDINANCE 18-OZ-61 amending the Zoning Ordinance and the Zoning Map of the City of Murfreesboro, Tennessee, as heretofore amended and as now in force and effect to zone approximately 109.1 acres along Veals Road as Single-Family Residential Six (RS-6) District (approx. 18.4 acres), Single-Family Residential Ten (RS-10) District (approx. 85.8 acres), and Single-Family Residential Twelve (RS-12) District (approx. 4.8 acres), simultaneous with annexation; Philip McAfee, applicant. [2018-431]

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That the same having been heretofore recommended to the City Council by the City Planning Commission, the Zoning Ordinance and the Zoning Map of the City of Murfreesboro, Tennessee, as herein referred to, adopted and made a part of this Ordinance as heretofore amended and as now in force and effect, be and the same are hereby amended so as to zone the territory indicated on the attached map.

SECTION 2. That from and after the effective date hereof the area depicted on the attached map be zoned and approved as Single-Family Residential Six (RS-6) District, Single-Family Residential Ten (RS-10) District and Single-Family Residential Twelve (RS-12) District, as indicated thereon, and shall be subject to all the terms and provisions of said Ordinance applicable to such districts. The City Planning Commission is hereby authorized and directed to make such changes in and additions to said Zoning Map as may be necessary to show thereon that said area of the City is zoned as indicated on the attached map. This zoning change shall not affect the applicability of any overlay zone to the area.

SECTION 3. That this Ordinance shall take effect fifteen (15) days after its passage upon second and final reading, the public welfare and the welfare of the City requiring it.

COUNCIL COMMUNICATION

Meeting Date: 3/21/19

Item Title: Plan of Services and Annexation for approximately 1.8 acres located along Joe B Jackson Parkway [2018-512] [Public Hearing Required] (First Reading)

Department: Planning

Presented By: Matthew Blomeley, AICP, Assistant Planning Director

Requested Council Action:

Ordinance	<input type="checkbox"/>
Resolution	<input checked="" type="checkbox"/>
Motion	<input type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Annexation of approximately 1.8 acres located along Joe B Jackson Parkway.

Staff Recommendation

Conduct a public hearing and approve the Plan of Services and the requested annexation. The Planning Commission unanimously recommended approval of the annexation request by a vote of 6-0.

Background Information

Ginger McCreery has initiated a petition of annexation [2018-512] for approximately 1.8 acres located along Joe B Jackson Parkway. The City developed its plan of services for this area. There is no companion zoning request for this annexation.

During its regular meeting on January 9, 2019, the Planning Commission conducted a public hearing on this matter. After the public hearing, the Planning Commission discussed the matter and then voted to recommend its approval.

Council Priorities Served

Engaging Our Community

Public hearings are the official source of public input from stakeholders for annexation petitions and plans of services.

PROJECT PLANNER: DIANNA TOMLIN**

4.a. Annexation plan of services and annexation petition [2018-512] for approximately 1.8 acres located along Joe B Jackson Parkway and Annell Drive, Ginger McCreery applicant.

The study area, which consists of a single parcel, is located south of Joe B Jackson Parkway. The subject parcel is 1.3 acres and contains a single-family home and several accessory structures. The study area also includes approximately 300 linear feet (0.5 acres) of Joe B Jackson Parkway right-of-way, bringing the total acreage to 1.8. The property owner has filed a written request to have the subject parcel annexed into the City Limits. The study area is located within the City's Urban Growth Boundary and is contiguous with the existing City limits on its western boundary.

Staff has prepared a plan of services for the study area and it is included in the agenda packet. It indicates that the City will be able to provide services to the study area upon annexation.

The Planning Commission will need to conduct a public hearing on this annexation petition and plan of services, after which it will need to discuss this matter and then formulate a recommendation for City Council. There is no accompanying rezoning application; therefore, the subject property will be zoned RS-15 (Single-Family Residential District 15), if annexed. The existing single-family residential use is permitted by right in the RS-15 zone.

(FILE 2018-512)**

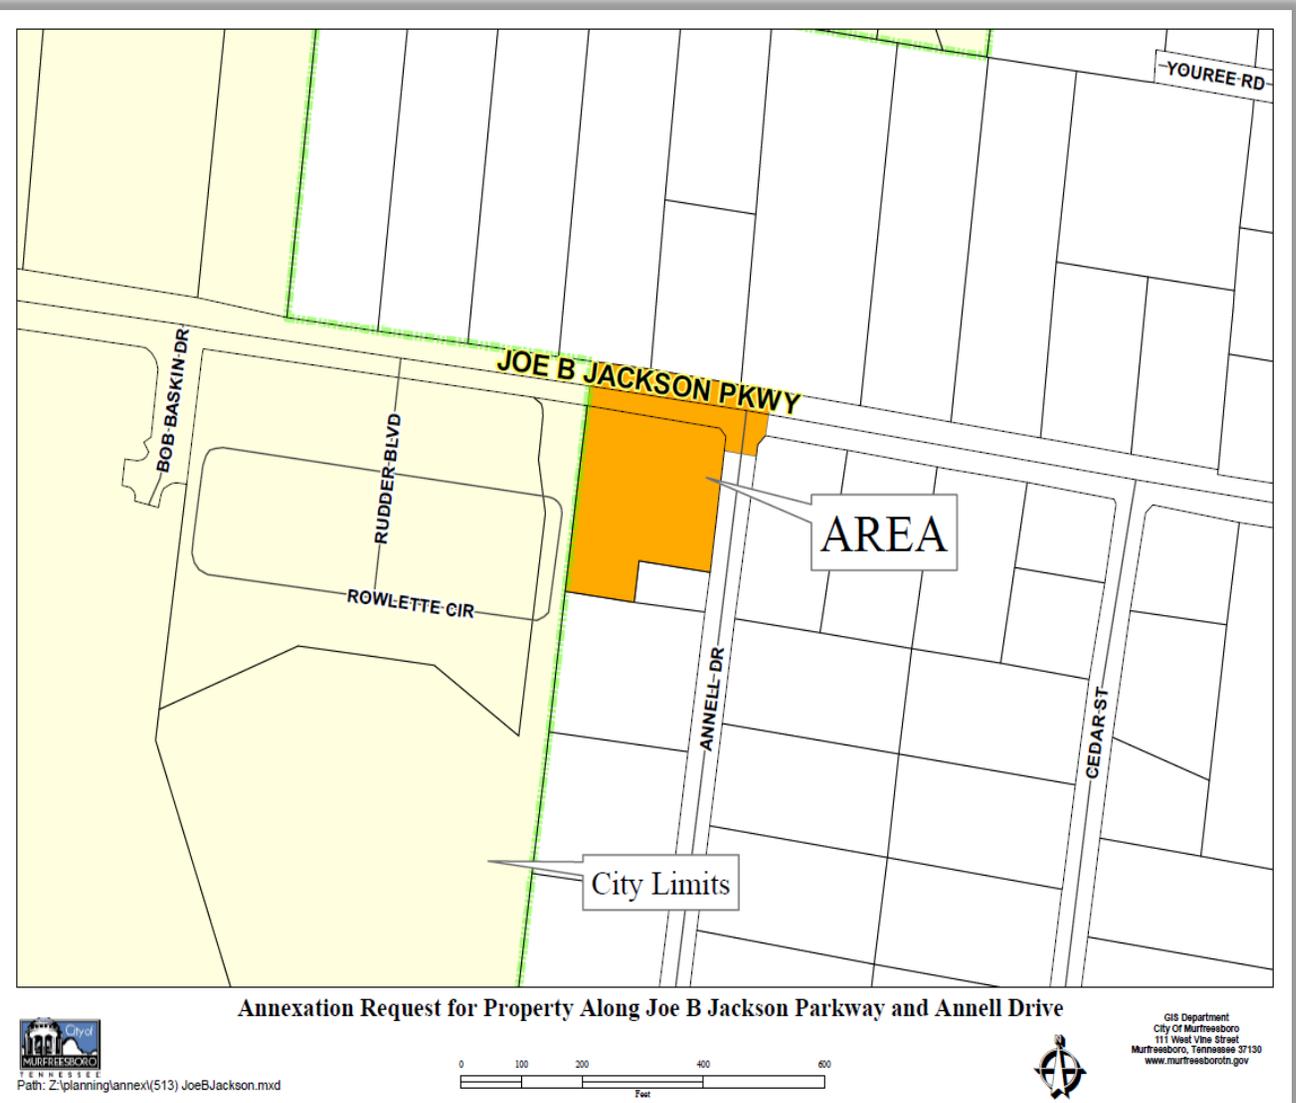

PREPARED FOR THE JANUARY 9, 2019 PLANNING COMMISSION MEETING

INTRODUCTION

OVERVIEW

The requested parcel is identified as 264 Joe B Jackson Parkway and is located at the southwest corner of Joe B Jackson Parkway and Annell Drive. It is developed with a single-family dwelling and several accessory structures. The requested parcel is also identified as Tax Map 136C, Group A, Parcel 00100 and consists of approximately 1.3 acres. Also included in the study area is approximately 300 linear feet (or approximately 0.5 acres) of Joe B Jackson Parkway right-of-way (ROW), bringing the total study area to approximately 1.8 acres.

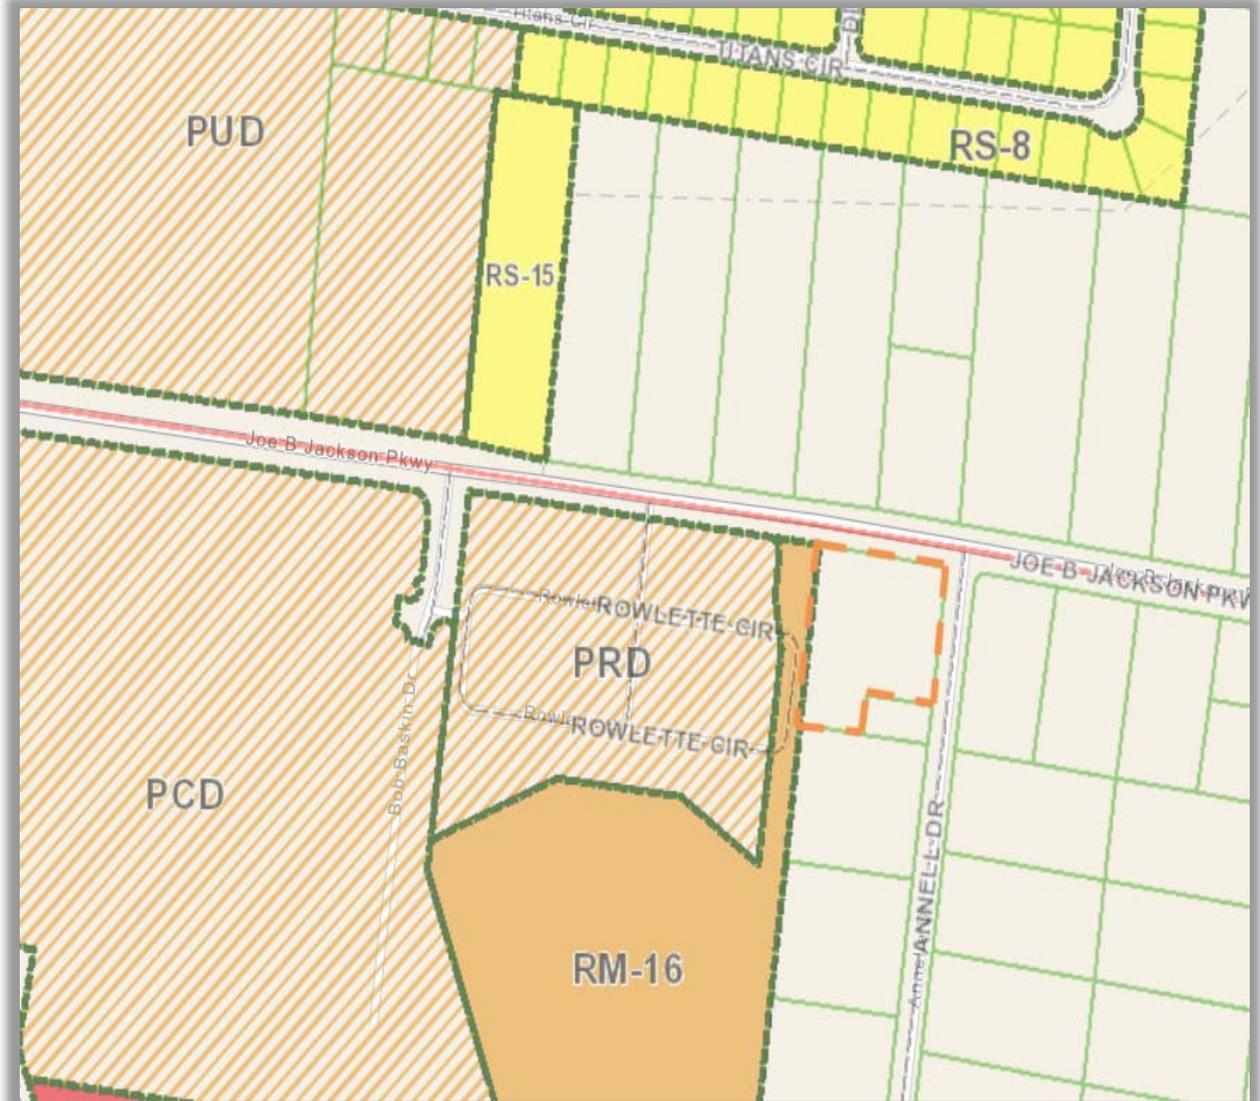

The study area lies within the City of Murfreesboro's Urban Growth Boundary and is contiguous with the existing City limits on its west side.

CITY ZONING

The subject property is zoned Residential Medium-Density (RM) in unincorporated Rutherford County. This zone is similar to the City's RS-15 (Single-Family Residential District 15) zone. There is no accompanying zoning request with the annexation; therefore, the property would be given an interim zoning classification of RS-15, if annexed.

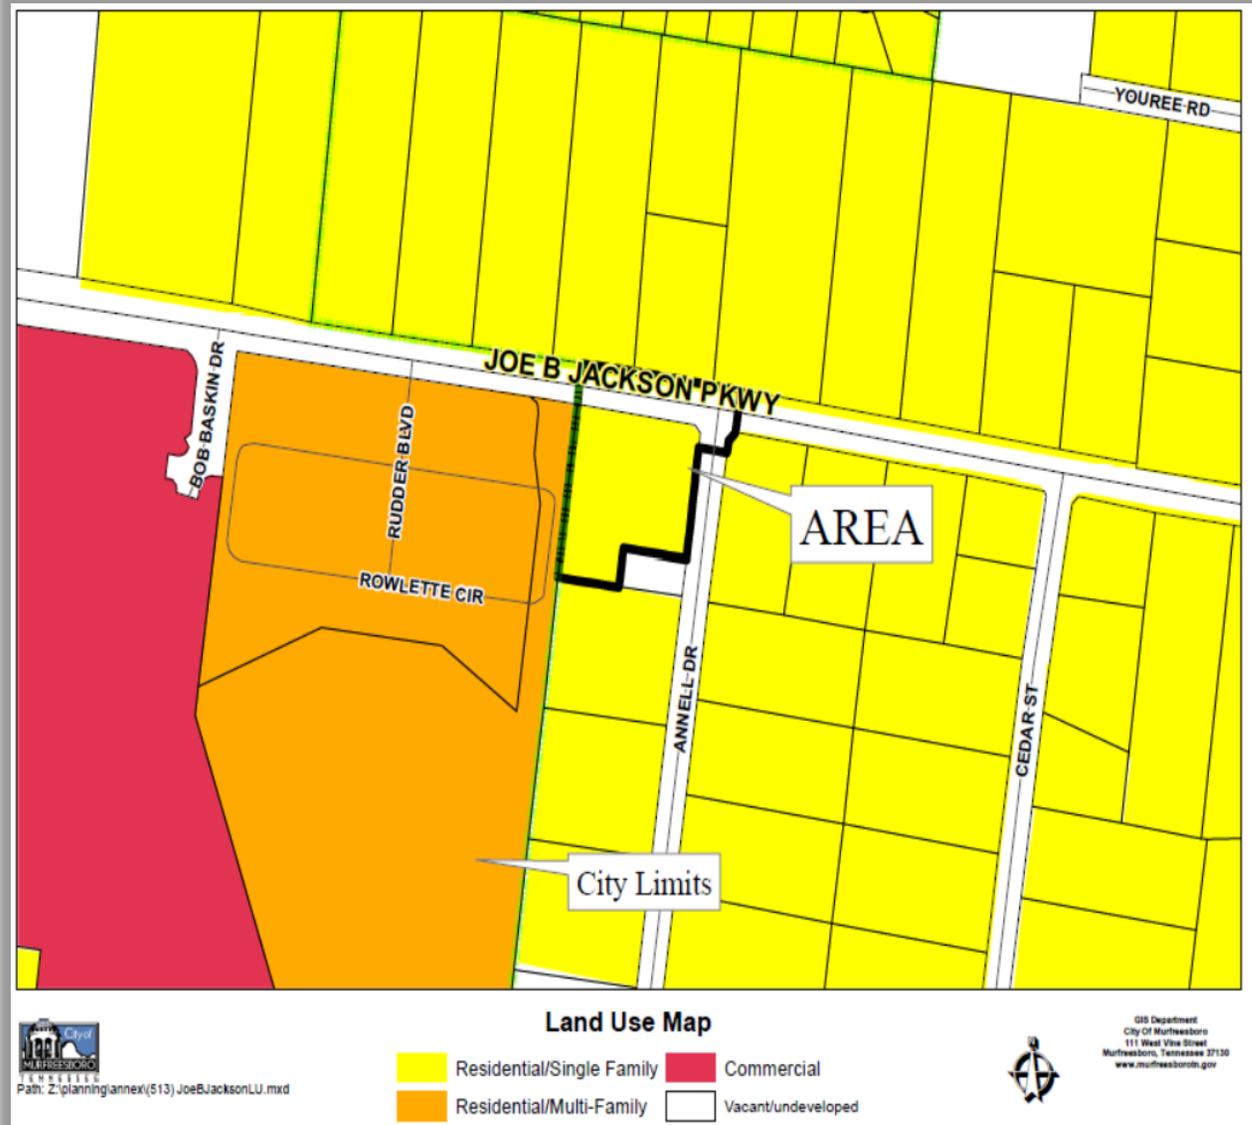

The nearest City incorporated properties are directly adjacent to the west. The study area abuts RM-16 (Multi-Family Residential District) and PRD (Planned Residential District) zoning to the west. It abuts single-family residential zoning and uses in the unincorporated County to the north, east and south.

PRESENT AND SURROUNDING LAND USE

The study area contains a single-family dwelling. Surrounding land uses include:

- Single-family residential, shown in yellow,
- Vacant/Undeveloped, unshaded.
- Residential multi-family or single-family attached, shown in orange.
- Commercial, shown in red.

TAXES AND REVENUE

The first City tax bill for all property annexed during the calendar year of 2019 will be due on December 31, 2020. City taxes are calculated upon the property appraisal and assessment of the Rutherford County Property Assessor's Office. The current tax rate for the City of Murfreesboro is \$0.9494/\$100.00 assessed value. Residential property is assessed at a rate of 25% of its appraised value, and commercial property is assessed at a rate of 40% of its appraised value. Table I below shows total assessment and estimated City taxes that would be collected if the property were to be annexed in its present state.

Table I
Estimated Taxes from Site

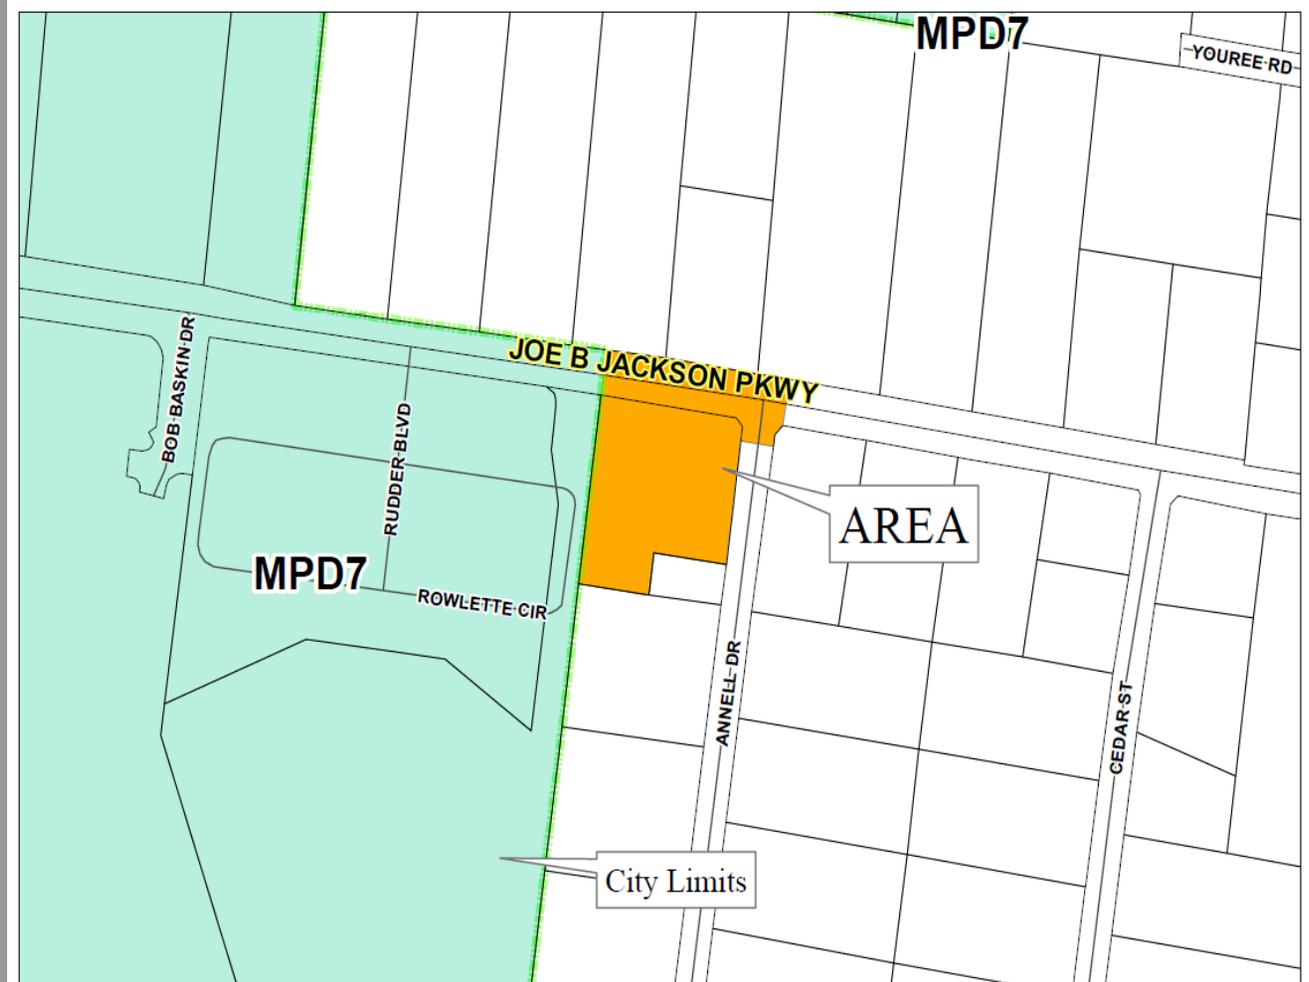

Owner of Record	Parcel ID	Acres	Land Value	Improvements Value	Total Assessment	Estimated City Taxes
Ginger McCreery	136C A 00100	1.4	\$34,500	\$162,600	\$49,275	\$467.81

PLAN OF SERVICES

POLICE PROTECTION

At present, the study area receives police service through the Rutherford County Sheriff's Department. If annexed, the Murfreesboro Police Department (MPD) will begin providing services such as patrol, criminal investigation, community policing, traffic operations, canine, DARE, and other community crime prevention programs to the study area immediately upon the effective date of annexation.

This annexation will have no negative impact on MPD. MPD can provide police services to the property as it currently exists with no additional fiscal impact. This property is located in Police Zone #7.

Annexation Request for Property Along Joe B Jackson Parkway and Annell Drive

MPD Zone 7

Path: Z:\planning\annex(513) JoeBJacksonpolice.mxd

GIS Department
City Of Murfreesboro
111 West Vine Street
Murfreesboro, Tennessee 37130
www.murfreesborotn.gov

STREETS AND ACCESS

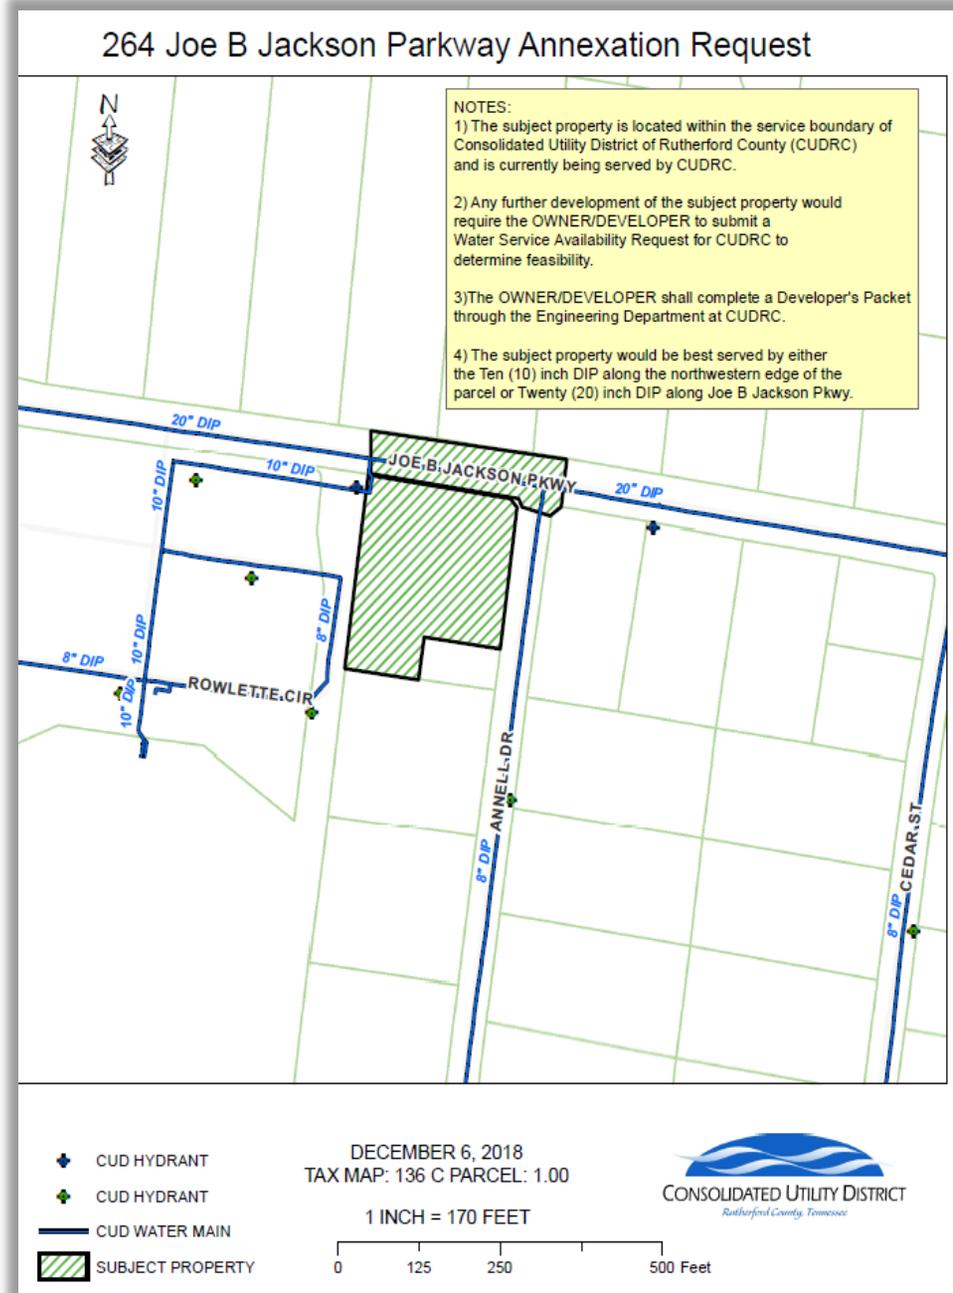

The study area includes approximately 300 linear feet of Joe B Jackson Parkway ROW. Joe B Jackson Parkway is a 3-lane curb and gutter section within the study area. The City is already responsible for the operation and maintenance of this street and there will be no additional services required from the City Public Works Division, nor will there be any additional expenses. Any new connections to the roadway must be approved by the City Engineer.

REGIONAL TRAFFIC & TRANSPORTATION

The 2014 Level of Service Model in the 2040 Major Transportation Plan shows Joe B Jackson Parkway to be operating at a Level of Service A in the study area using average daily traffic (ADT) counts. The 2040 Level of Service Model indicates that Joe B Jackson Parkway falls to Level of Service of C without the proposed improvements recommended in the 2040 Plan.

WATER SERVICE

The study area is located within the service boundary of Consolidated Utility District of Rutherford County (CUD) and is currently being served by CUD. Any further development of the subject property would require the Owner/Developer to submit a Water Service Availability Request for CUD to determine feasibility. If developed, the subject property would be best served by either the 10" ductile iron pipe water line along the northwestern edge of the parcel or the 20" ductile iron pipe water line along Joe B Jackson Parkway.

SANITARY SEWER SERVICE

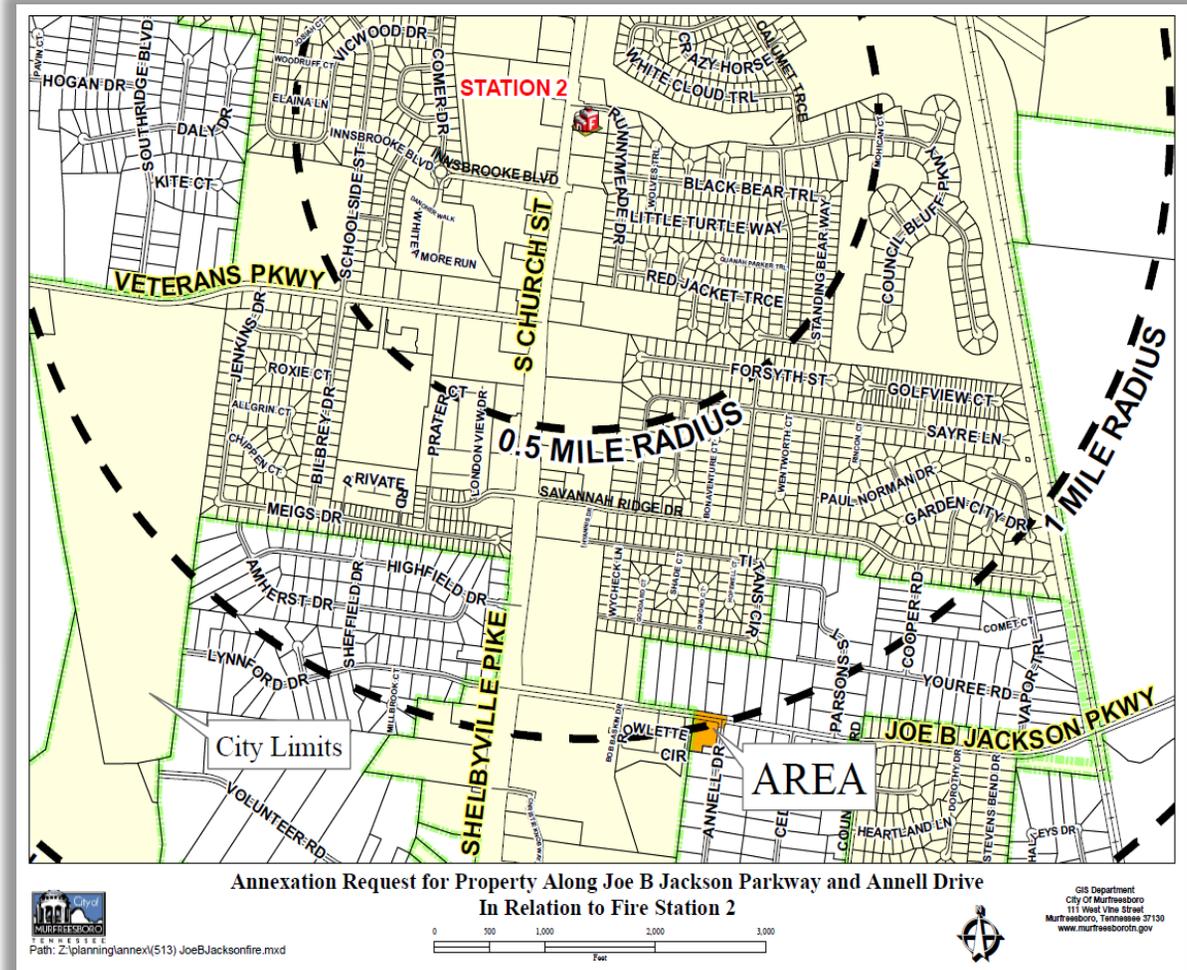

The Murfreesboro Water Resources Department's (MWRD) current definition of "available" is defined as gravity sanitary sewer that is adjacent to the property line within an easement or in a public ROW. Sanitary sewer is available to the requested parcel, as an existing sewer manhole is located on the northwest property corner of this parcel. An 8" gravity sewer main will serve the property.

Any future development should request a "Will Serve" letter from MWRD prior to moving forward with development. The developer will be financially responsible for any necessary on-site sewer main extensions. Sewer main line extensions may be required to serve adjacent properties in accordance with the Development Policies and Procedures of MWRD.

FIRE AND EMERGENCY SERVICE

The Murfreesboro Fire and Rescue Department (MFRD) can provide medical first responder and fire protection to the study area immediately upon the effective date of annexation. Per MFRD, the existing CUD water supply is adequate and there is a fire hydrant available to serve the study area. Currently the study area is located 1.3 miles from Fire Station #2 (2880 Runnymede Drive) and 5.1 miles from Station #1 (202 E. Vine St).

SOLID WASTE COLLECTION

The City will provide weekly curbside solid waste collection service immediately upon the effective date of annexation, as well as brush/debris removal every two to three weeks. In its present state, the study area will generate \$60 in annual revenue from the newly-adopted solid waste fee. Cost to the City for providing a solid waste cart for the existing single-family dwelling is \$113.30, including assembly and delivery.

ELECTRIC SERVICE

The study area is within the Murfreesboro Electric Department's (MED's) service area and is currently being served by MED.

STREET LIGHTING

Street lights are existing along Joe B Jackson Parkway.

SYSTEMS

The property is within the area photographed and digitized as part of the City's Geographic Information Systems (G.I.S.) program.

CITY SCHOOLS

The Murfreesboro City School system serves grades kindergarten through sixth and is offered to students who are within the jurisdiction of the City of Murfreesboro. This area is zoned for Black Fox Elementary. Currently Black Fox has 877 students and is built for 1,000 students. The school will be able to accommodate any additional elementary students the study area might generate in its present state and if it develops.

PARKS AND RECREATION

Currently Murfreesboro has two multi-purpose facilities, one community center, a wilderness facility, over 1,000 acres of parks, a network of greenways, and recreational sports. These facilities and programs are wholly funded by the Murfreesboro taxpayers. Children who are residents of the City of Murfreesboro, attend Murfreesboro Elementary Schools, and receive free or reduced lunches also receive free or reduced recreational fees.

PLANNING, ENGINEERING, AND ZONING

The property will come within the City's jurisdiction for planning and engineering code enforcement immediately upon the effective date of annexation. Among other duties, the Planning and Engineering Departments will inspect and monitor new construction of streets and drainage structures for compliance with the City's development regulations.

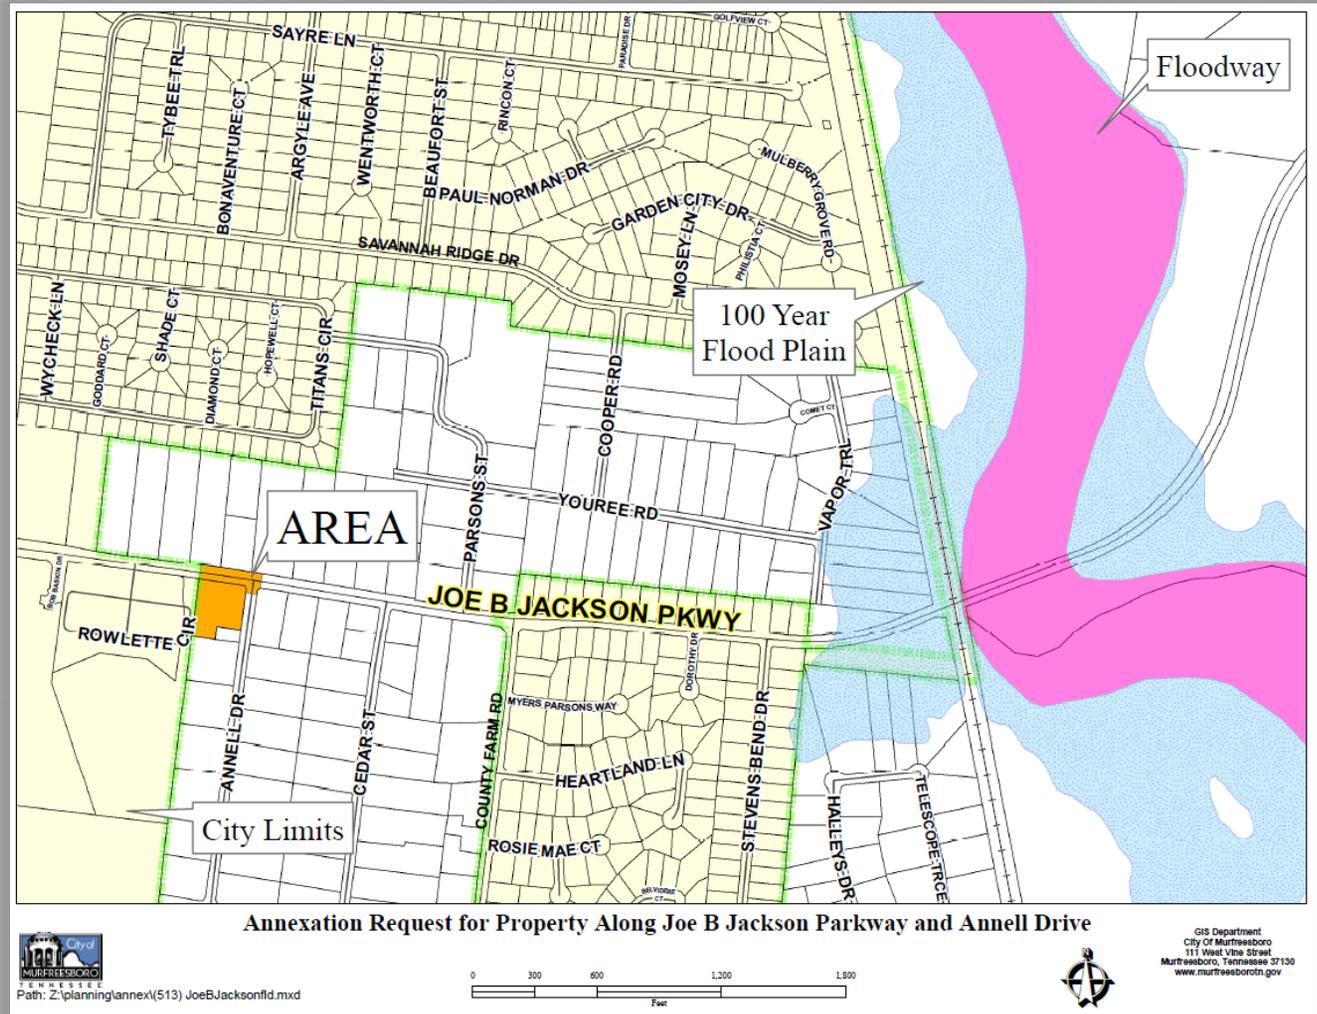

BUILDING AND CODES

The property will come within the City's jurisdiction for code enforcement immediately upon the effective date of annexation. The City's Building and Codes Department will begin issuing building and construction permits and enforcing the codes and inspecting new construction for compliance with the City's construction codes immediately upon the effective date of annexation. The Building and Codes Department will also ensure that any new signs associated with the development of the property comply with the Sign Ordinance. No additional costs are expected.

FLOODWAY

No portion of the study area is located within a floodway or 100-year floodplain as delineated on the Flood Insurance Rate Maps (FIRM) developed by the Federal Emergency Management Agency (FEMA).

The adjacent map shows the floodway boundary in pink and the 100-year floodplain boundary in blue.

STORMWATER MANAGEMENT

Stormwater Management and Utility Fees

Upon annexation, stormwater management services provided by the City of Murfreesboro will be available to the study area. The study area currently has one single-family residence and will generate approximately \$39 per year in revenue for the Stormwater Utility Fee.

The subject property has no new proposed development. However, based on the interim RS-15 zoning, it is anticipated the property could be developed with 3 single-family residences. Based on this development scenario, it is projected that the site could generate approximately \$117 annually in revenue for the Stormwater Utility Fund upon full build-out.

Drainage

Public Drainage

There is an existing stormwater conveyance system located on the southern portion of the study area. It is recommended that this system be located within a public drainage easement. This system drains from

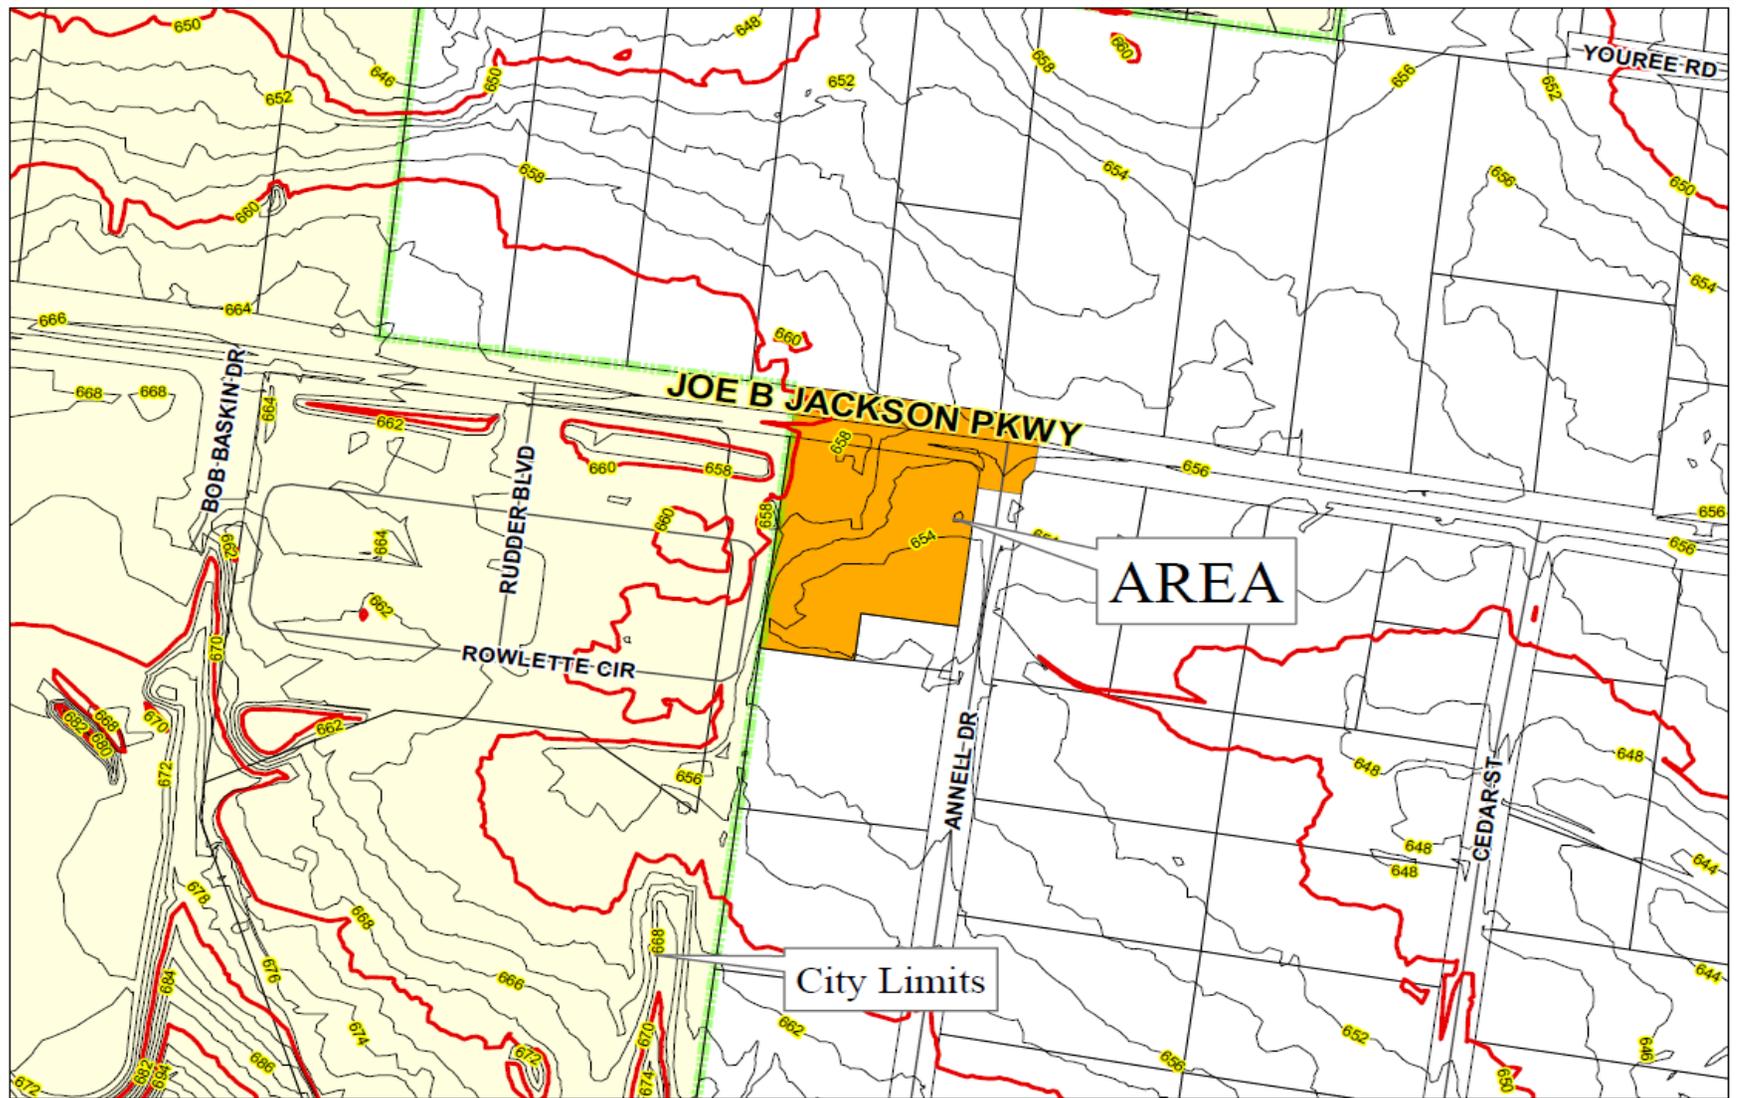

west to east across the study area and discharges to a headwall under Annell Drive. With the Villas at Baskinwood development and the Wal-Mart development, stormwater has been re-routed to Joe B Jackson Parkway to help alleviate the system and the undersized pipe under Annell Drive. This pipe may need to be upsized in the future. Access to public drainage facilities are also within the ROW of Joe B Jackson Parkway and Annell Drive. Any new public drainage facilities proposed to serve the study area in the future must meet City standards.

Regional Drainage Conditions

The study area drains to the conveyance system located at the southern portion of the property. From there, it drains to a miscellaneous tributary to the Middle Fork of the Stones River.

Property and Development

New development should comply with the City's Stormwater Quality Regulations by providing stormwater quality, streambank protection, and detention.

ANNEXATION FOLLOW-UP

The Murfreesboro City Council will be responsible for ensuring that this property will receive City services described in this plan. According to the Tennessee Growth Policy Act, six months following the effective date of annexation, and annually thereafter until all services have been extended, a progress report is to be prepared and published in a newspaper of general circulation. This report will describe progress made in providing City services according to the plan of services and any proposed changes to the plan. A public hearing will also be held on the progress report.

Lexi Stacey, Recording Assistant
David Ives, Assistant City Attorney
Austin Cooper, Planner

Chairman Bob Lamb called the meeting to order after determining there was a quorum. Chairman Bob Lamb approved the minutes of the December 19th, 2018 Planning Commission meeting as submitted.

Public Hearings

Annexation plan of services and annexation petition [2018-512] for approximately 1.8 acres located along Joe B Jackson Parkway and Annell Drive, Ginger McCreery applicant. Ms. Dianna Tomlin summarized the staff report, which was made available in the agenda packet provided to the Planning Commission. Ms. Tomlin noted that the application was for a 1.3-acre parcel that includes a single-family home and 300 linear feet of right-of-way along Joe B Jackson Parkway and Annell Drive. Chairman Bob Lamb opened the public hearing. No one came forward to speak for or against the zoning request; therefore, Chairman Bob Lamb closed the public hearing.

Mr. Eddie Smotherman made a motion to approve, seconded by Mr. Ronnie Martin. The motion carried by unanimous vote in favor.

Annexation plan of services and annexation petition [2018-513] for approximately 21.16 acres located along Veterans Parkway, Fred Snell, Jr. applicant. Ms. Marina Rush summarized the staff report, which was made available in the agenda packet provided to the Planning Commission. Ms. Rush noted that the annexation request was for two parcels, totaling approximately 21 acres. Additionally, 500 linear feet of right-of-way would be included in the annexation study. Ms. Rush added that the subject property was contiguous to the City limits on the northwest property line and was located within the City's Urban Growth

RESOLUTION 19-R-PS-02 to adopt a Plan of Services for approximately 1.8 acres along Joe B. Jackson Parkway and Annell Drive, Ginger McCreery, applicant. [2018-512]

WHEREAS, the Owner(s) of the territory identified on the attached map as the “Area to be Annexed” have either petitioned for annexation or given written consent to the annexation of such territory; and

WHEREAS, a proposed Plan of Services for such territory was prepared and published as required by T.C.A. §6-51-102 and T.C.A. §6-51-104; and

WHEREAS, the proposed Plan of Services was submitted to the Murfreesboro Planning Commission on January 9, 2019 for its consideration and a written report, at which time the Planning Commission held a public hearing and thereafter recommended approval of the Plan of Services to the City Council;

WHEREAS, a Public Hearing on the proposed Plan of Services was held before the City Council of the City of Murfreesboro, Tennessee, on March 21, 2019, pursuant to a Resolution passed and adopted by the City Council on January 31, 2019, and notice thereof published in The Murfreesboro Post, a newspaper of general circulation in said City, on March 5, 2019; and,

WHEREAS, the Plan of Services for the territory identified on the attached map as the “Area to be Annexed” establishes the scope of services to be provided and the timing of such services and satisfies the requirements of T.C.A. §6-51-102.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That, pursuant to authority conferred by T.C.A. Sections 6-51-101, et seq., the Plan of Services attached hereto for the territory identified on the attached map as the “Area to be Annexed” is hereby adopted as it is reasonable with respect to the scope of services to be provided and the timing of such services.

SECTION 2. That this Resolution shall take effect upon the effective date of the Annexation Resolution with respect to the territory, **Resolution 19-R-A-02**, the public welfare and the welfare of the City requiring it.

INTRODUCTION

OVERVIEW

The requested parcel is identified as 264 Joe B Jackson Parkway and is located at the southwest corner of Joe B Jackson Parkway and Annell Drive. It is developed with a single-family dwelling and several accessory structures. The requested parcel is also identified as Tax Map 136C, Group A, Parcel 00100 and consists of approximately 1.3 acres. Also included in the study area is approximately 300 linear feet (or approximately 0.5 acres) of Joe B Jackson Parkway right-of-way (ROW), bringing the total study area to approximately 1.8 acres.

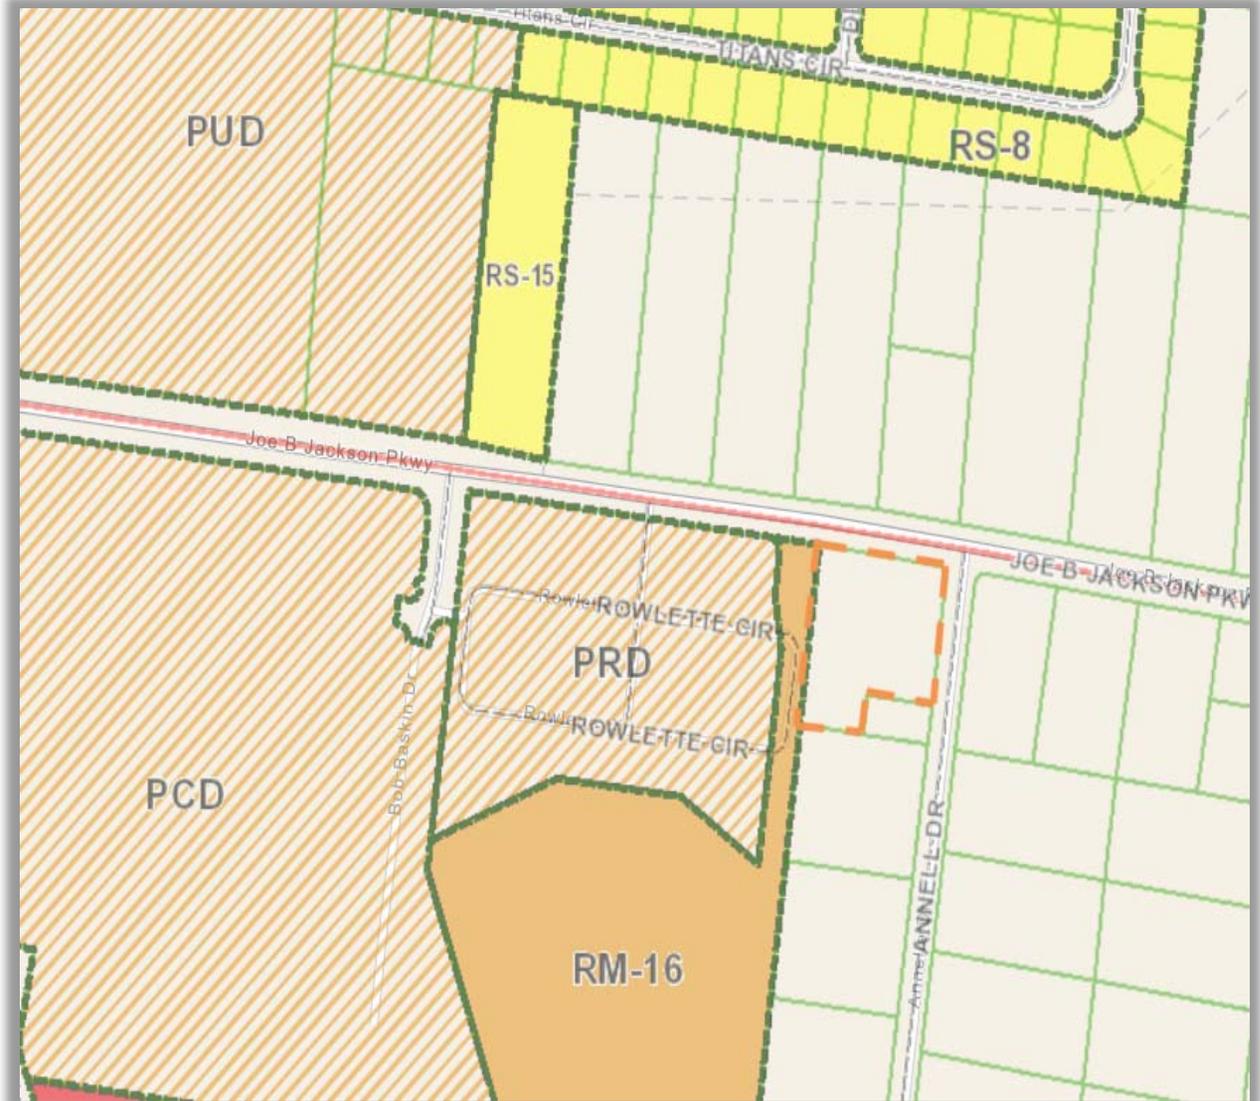

The study area lies within the City of Murfreesboro's Urban Growth Boundary and is contiguous with the existing City limits on its west side.

CITY ZONING

The subject property is zoned Residential Medium-Density (RM) in unincorporated Rutherford County. This zone is similar to the City's RS-15 (Single-Family Residential District 15) zone. There is no accompanying zoning request with the annexation; therefore, the property would be given an interim zoning classification of RS-15, if annexed.

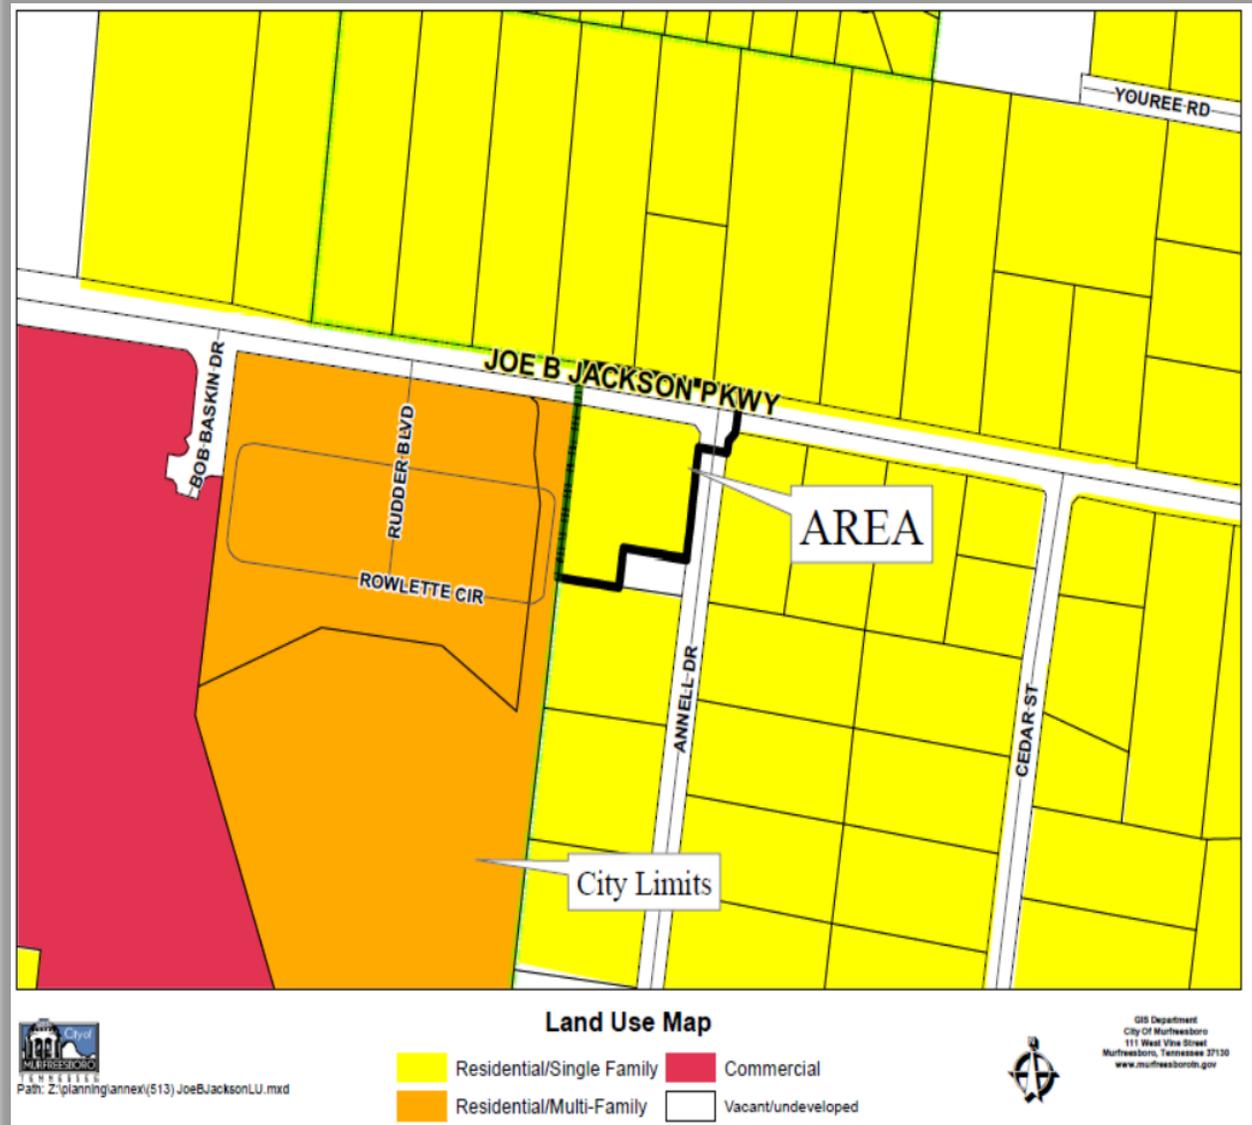

The nearest City incorporated properties are directly adjacent to the west. The study area abuts RM-16 (Multi-Family Residential District) and PRD (Planned Residential District) zoning to the west. It abuts single-family residential zoning and uses in the unincorporated County to the north, east and south.

PRESENT AND SURROUNDING LAND USE

The study area contains a single-family dwelling. Surrounding land uses include:

- Single-family residential, shown in yellow,
- Vacant/Undeveloped, unshaded.
- Residential multi-family or single-family attached, shown in orange.
- Commercial, shown in red.

TAXES AND REVENUE

The first City tax bill for all property annexed during the calendar year of 2019 will be due on December 31, 2020. City taxes are calculated upon the property appraisal and assessment of the Rutherford County Property Assessor's Office. The current tax rate for the City of Murfreesboro is \$0.9494/\$100.00 assessed value. Residential property is assessed at a rate of 25% of its appraised value, and commercial property is assessed at a rate of 40% of its appraised value. Table I below shows total assessment and estimated City taxes that would be collected if the property were to be annexed in its present state.

COUNCIL COMMUNICATION

Meeting Date: 3/21/19

Item Title: Plan of Services, Annexation, and Zoning for approximately 21.16 acres located along Veterans Parkway [2018-513 & 440] [Public Hearings Required] (First Reading)

Department: Planning

Presented By: Matthew Blomeley, AICP, Assistant Planning Director

Requested Council Action:

Ordinance	<input checked="" type="checkbox"/>
Resolution	<input checked="" type="checkbox"/>
Motion	<input type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Annexation and zoning of approximately 21.16 and 19.94 acres, respectively, located along Veterans Parkway.

Staff Recommendation

Conduct a public hearing and approve the Plan of Services and the requested annexation. The Planning Commission unanimously recommended approval of the annexation request by a vote of 6-0.

Conduct a public hearing, pass and adopt the ordinance establishing the requested zoning. The Planning Commission unanimously recommended approval of the zoning request by a vote of 6-0.

Background Information

Fred Snell, Jr. has initiated a petition of annexation [2018-513] for approximately 21.16 acres located along Veterans Parkway. The City developed its plan of services for this area. Additionally, Greenland Partners, LLC presented to the City a zoning application [2018-440] for approximately 19.94 acres located along Veterans Parkway to be zoned PUD (The Cottages at Snell Cove PUD) simultaneous with annexation.

During its regular meeting on January 9, 2019, the Planning Commission conducted public hearings on these matters. After the public hearings, the Planning Commission discussed the matters and then voted to recommend their approval.

Council Priorities Served

Engaging Our Community

Public hearings are the official source of public input from stakeholders for annexation petitions and zoning applications.

PROJECT PLANNER: MARINA RUSH**

4.b. Annexation Plan of Services and Annexation Petition [2018-513] for approximately 21.16 acres located along Veterans Parkway, Fred Snell, Jr. applicant.

The property owner, Mr. Fred Snell Jr., has submitted a petition requesting his property to be annexed by the City of Murfreesboro. The request is for two parcels, located on the north side of Veterans Parkway and identified as 1120 and 1142 Veterans Parkway, which total approximately 19.94 acres. The subject parcels are developed with two existing single-family homes and several accessory structures. The annexation also includes approximately 500 linear feet (1.16 acres) of Veterans Parkway right-of-way (ROW).

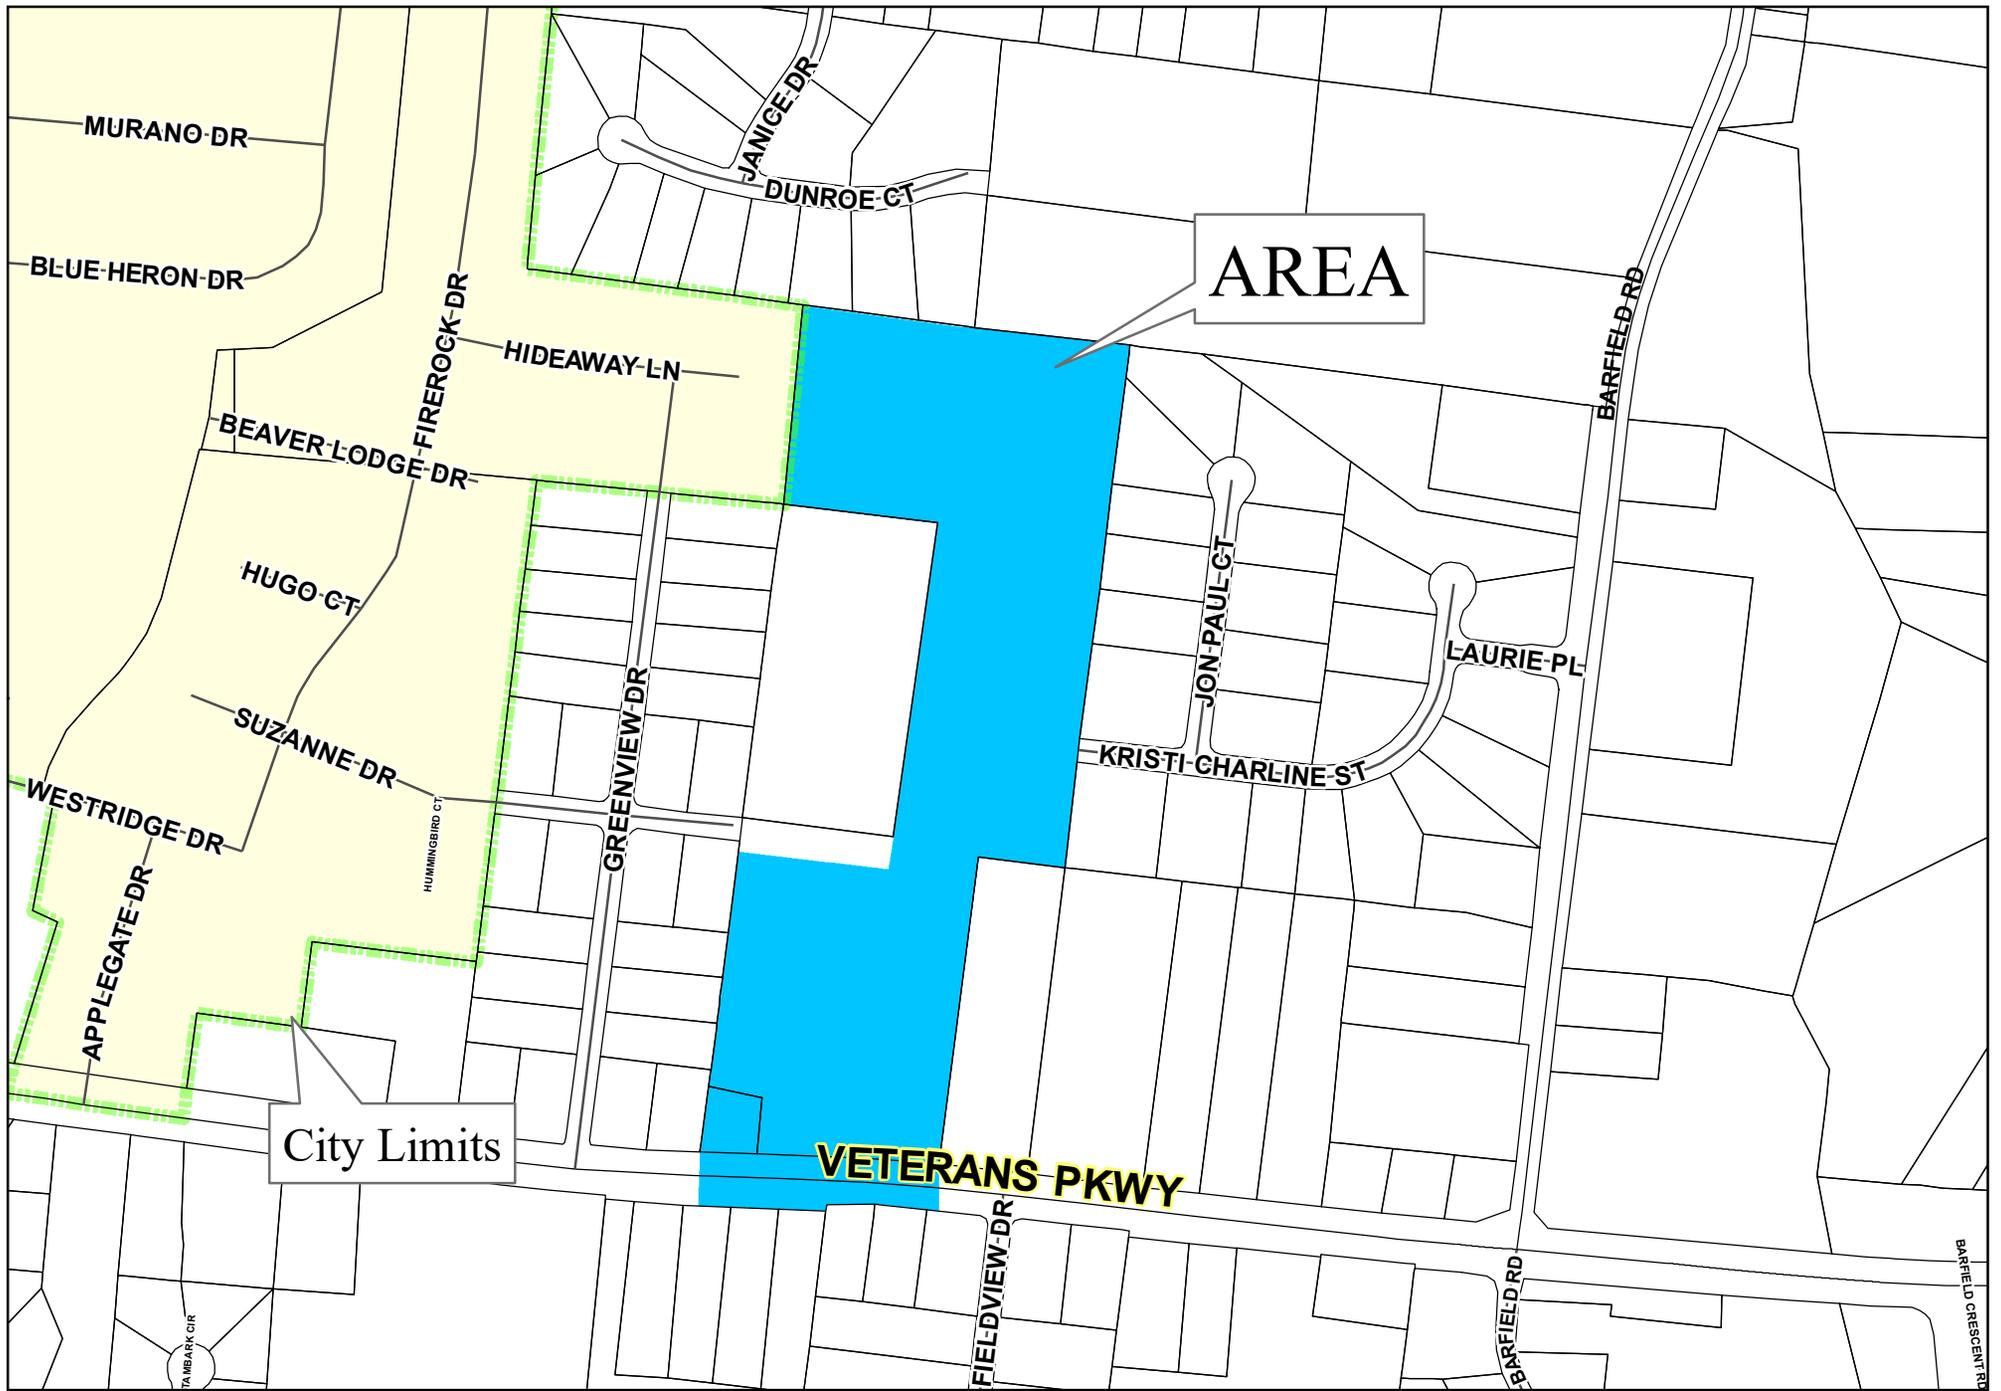

The total acreage is approximately 21.16 acres and consists of the following:

- Tax Map 124, Parcel 023.00 (approximately 0.44 acre)
- Tax Map 124, Part of Parcel 022.00 (approximately 19.5 acres)
- Approximately 500 linear feet of Veterans Parkway ROW (approx. 1.16 acres)

The study area is within the City of Murfreesboro's Urban Growth Boundary and is contiguous with the existing City limits along the northwestern property line.

Staff has prepared a plan of services for the annexation of the subject property. It has been included in the agenda packet. It indicates that the City will be able to provide services to the subject property upon annexation. Of note, the sanitary sewer is not available to serve the study area. However, the Murfreesboro Water Resources Board has approved the use of a "Modified" STEP (Septic Tank Effluent Pumping) system instead. Also, at the time of the writing of these staff comments, the sections of the plan of services pertaining to electric service and street lighting have not been finalized. Staff expects these sections to be complete in the next several days and to have a revised plan of services to hand out to the Planning Commission at the meeting.

The Planning Commission will need to conduct a public hearing, after which it will need to discuss this annexation petition and plan of services and then formulate a recommendation for the City Council. An application to have the property zoned PUD (Cottages at Snell Cove PUD) simultaneous with the annexation has also been filed, and this zoning application is the next item on the agenda.

INTRODUCTION

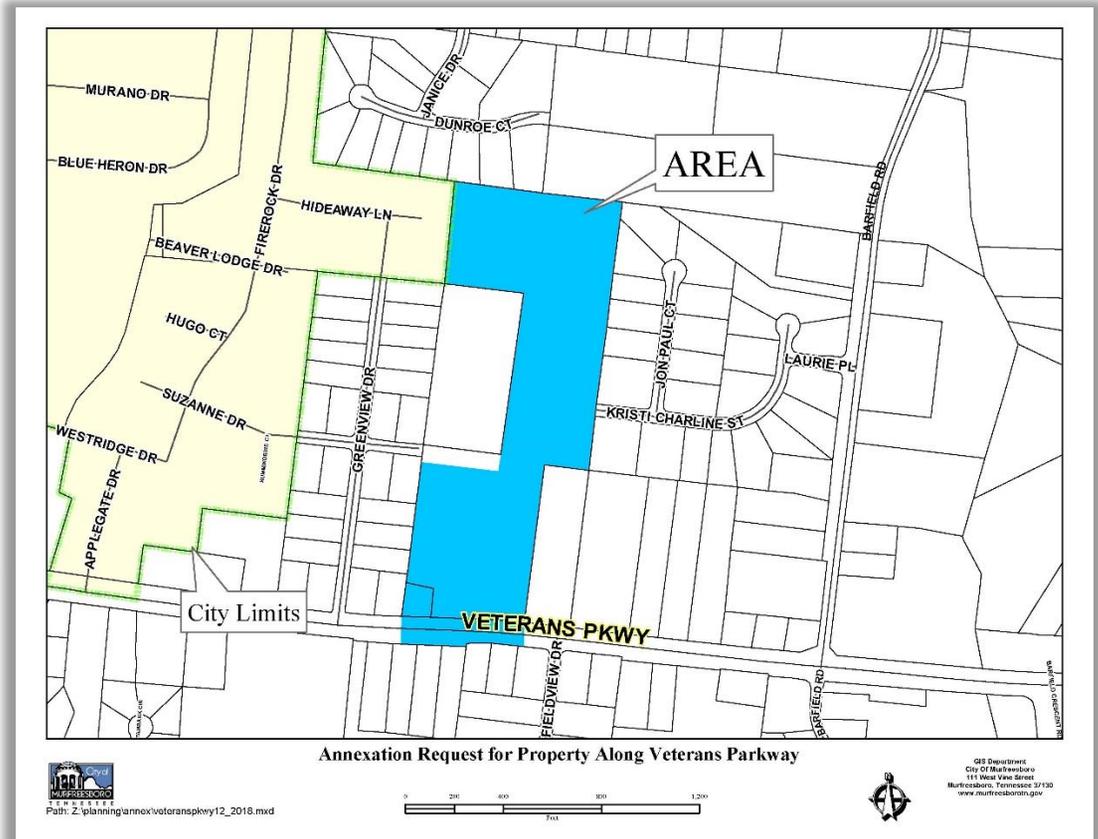

OVERVIEW

The property owner, Mr. Fred Snell, Jr., has submitted a petition requesting that his property be annexed by the City of Murfreesboro for two parcels located along Veterans Parkway. The request includes a companion zoning change to Planned Unit District (PUD) simultaneous with the annexation. The rezoning request is to allow for the development of 45 single-family residential lots and approximately 20,000 square feet of commercial space.

The two parcels are located on the north side of Veterans Parkway west of Barfield Road, and, combined, they are approximately 19.94 acres. They are currently developed with two single-family residences and accessory structures. The study area also includes approximately 500 linear feet of Veterans Parkway right-of-way. The total study area is approximately 21.1 acres and consists of:

- Tax Map 124, Parcel 023.00 (approximately 0.44 acre)
- Tax Map 124, Part of Parcel 022.00 (approximately 19.5 acres)
- 500' linear feet of Veterans Parkway (approximately 1.16 acres)

The study area lies within the City of Murfreesboro's Urban Growth Boundary and is contiguous with the existing City limits.

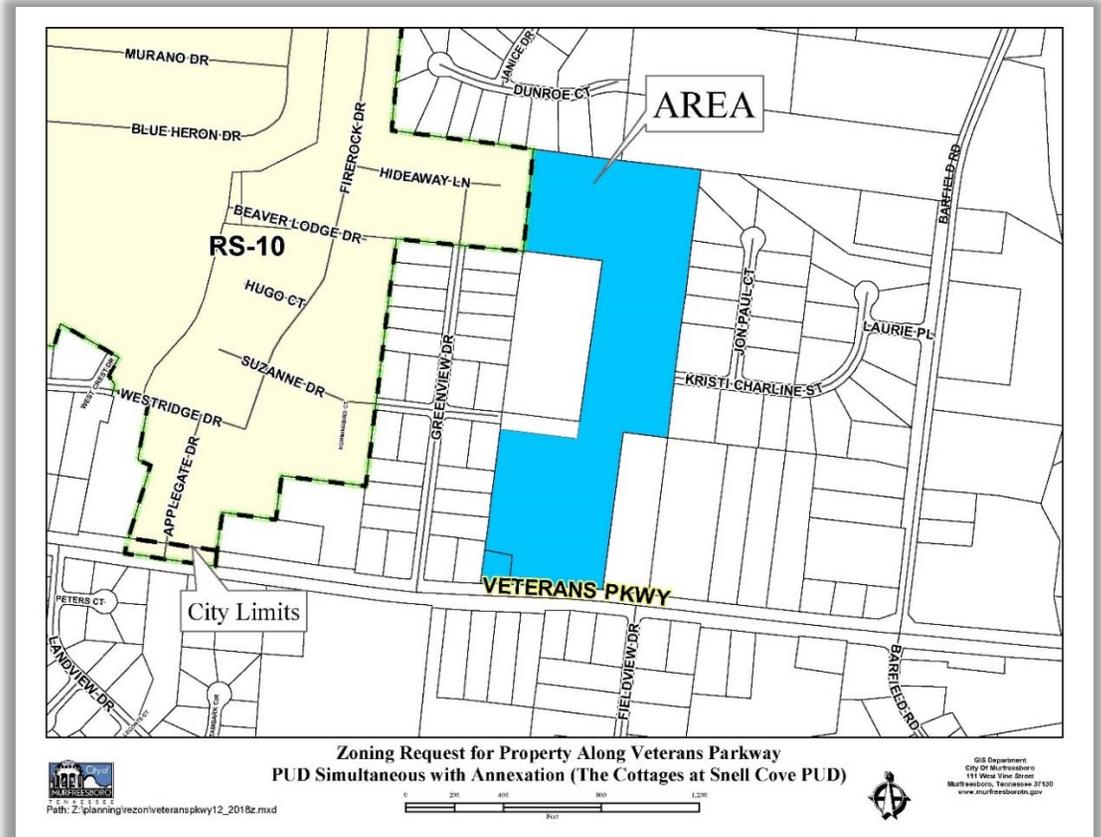

CITY ZONING

Simultaneous with the annexation, a request for rezoning for the subject property to PUD (Planned Unit District) is requested. The application for rezoning is being made by Greenland Partners, LLC. The request is to allow for the development of 45 single-family residences, as well as commercial buildings fronting along Veterans Parkway.

The study area is presently zoned RM (Residential – Medium Density) in the unincorporated area of Rutherford County. The nearest City incorporated properties are northwest of the subject property.

The adjacent unincorporated area is zoned RM and developed with single-family homes, including Southwood Estates subdivision to the west, Martha's Haven subdivision to the east, and River Downs subdivision to the north.

MURFREESBORO 2035 - FUTURE LAND USE DESIGNATION

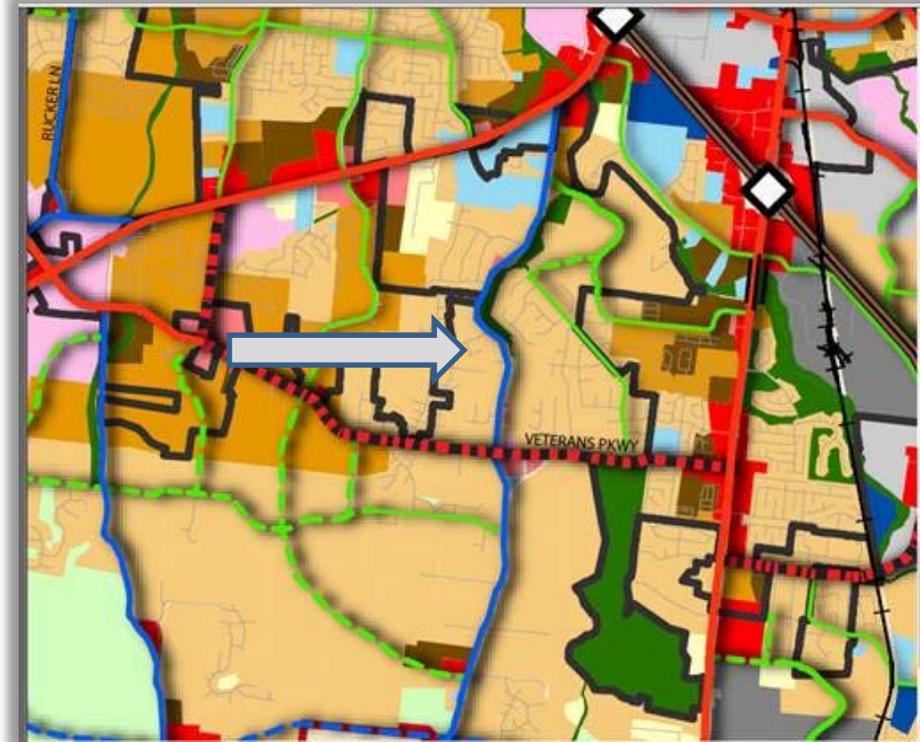

The future land use map contained in the Murfreesboro 2035 Comprehensive Plan, which was adopted by the Planning Commission in July 2017, depicts a recommended future land use classification of “Suburban Residential.”

Suburban Residential recommends lot sizes equivalent to the RS-15, RS-12, or RS-10 zones or, alternatively, smaller lot sizes in exchange for greater open space. The recommended density is 2.0 - 3.54 dwelling units per acre. The lot sizes proposed in the PUD are 6,000 square-feet, which is less than the recommended lot size, but, with the open space included in the plan, the density for the residential portion of the proposed PUD is within the recommended range at 2.55 dwelling units per acre. The residential portion of the PUD is consistent with the recommendations of the comprehensive plan.

The uses identified for the commercial portion of the PUD are not consistent with the “Suburban Residential” designation and are more consistent with the “Suburban (Neighborhood) Commercial” character

designation. The Planning Commission will need to review the PUD request and determine whether or not it is appropriate to deviate from the recommendations of the comprehensive plan for the commercial portion of the PUD along Veterans Parkway.

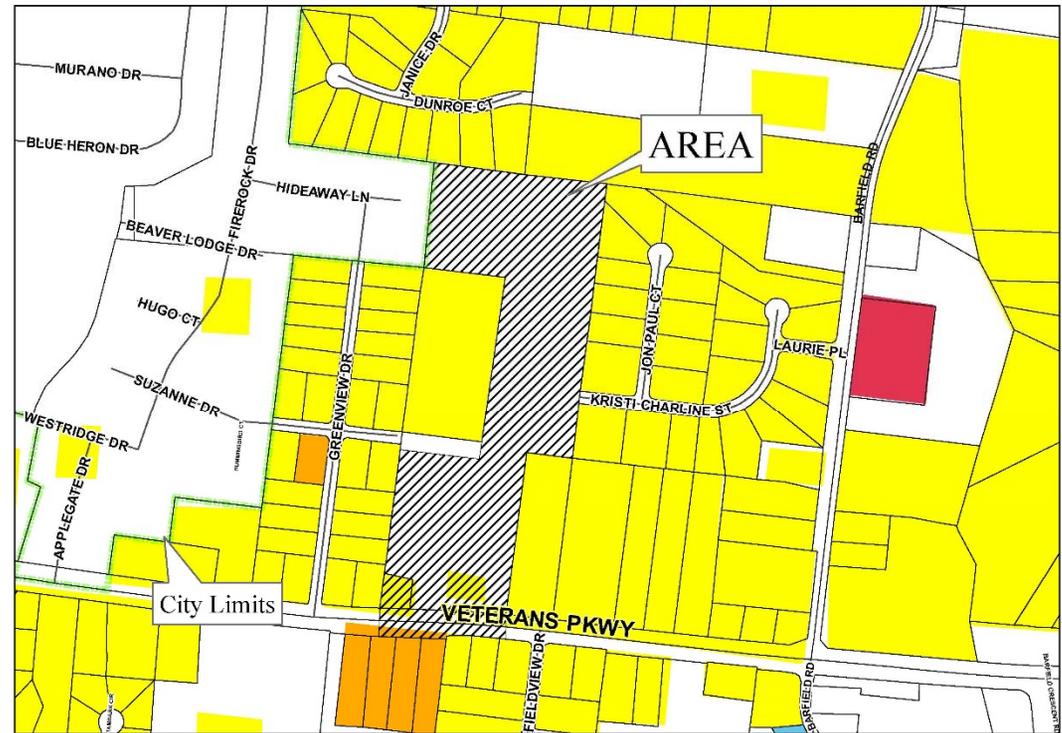

Future Land Use Map

PRESENT AND SURROUNDING LAND USE

The study area is developed with two single-family residences and accessory structures.

Surrounding land uses are primarily single-family residences and vacant land.

TAXES AND REVENUE

The first City tax bill for all property annexed during the calendar year of 2019 will be due on December 31, 2020. City taxes are calculated upon the property appraisal and assessment of the Rutherford County Property Assessor's Office. The current tax rate for the City of Murfreesboro is \$0.9494/\$100.00 assessed value. Residential property is assessed at a rate of 25% of its appraised value, and commercial property is assessed at a rate of 40% of its appraised value. Table I below shows total assessment and estimated City taxes that would be collected if the property were to be annexed in its present state.

***Table I
Estimated Taxes from Site***

Owner of Record	Acres	Land Value	Improvements Value	Total Assessment	Estimated City Taxes
Fred Clark Snell, Jr.	0.44	\$18,500	\$121,800	\$35,075	\$333.00
Fred Clark Snell, Jr.	19.5	\$140,000	\$76,800	\$54,200	\$514.57

These figures are for the property in its current state and assessed at the residential rate of 25 percent. After this property is rezoned to Planned Unit District (PUD) and when it is developed, an improvement value will be added, which will result in an increase to the City and County taxes.

The City of Murfreesboro is also projected to receive additional revenue from state-shared taxes. Table II below shows the 2018-2019 per capita state revenue estimates for the City of Murfreesboro once the development is built out. The study area will be developed with 43 single-family homes.

Table II
Per Capita State Revenue Estimates

General Fund	Per Capita Amount
State Sales Tax	\$85.00
State Beer Tax	\$0.50
Special Petroleum Products Tax (Gasoline Inspection Fee)	\$2.05
Gross Receipts (TVA in-lieu taxes)	\$11.30
<i>Total General Revenue Per Capita</i>	\$98.85
State Street Aid Funds	Per Capita Amount
Gasoline and Motor Fuel Taxes	\$34.30
<i>Total Per Capita (General and State Street Aid Funds)</i>	\$133.15
Total State-Shared Revenues (based on full build-out at 2.58 per dwelling unit for 45 lots)	\$15,458.72

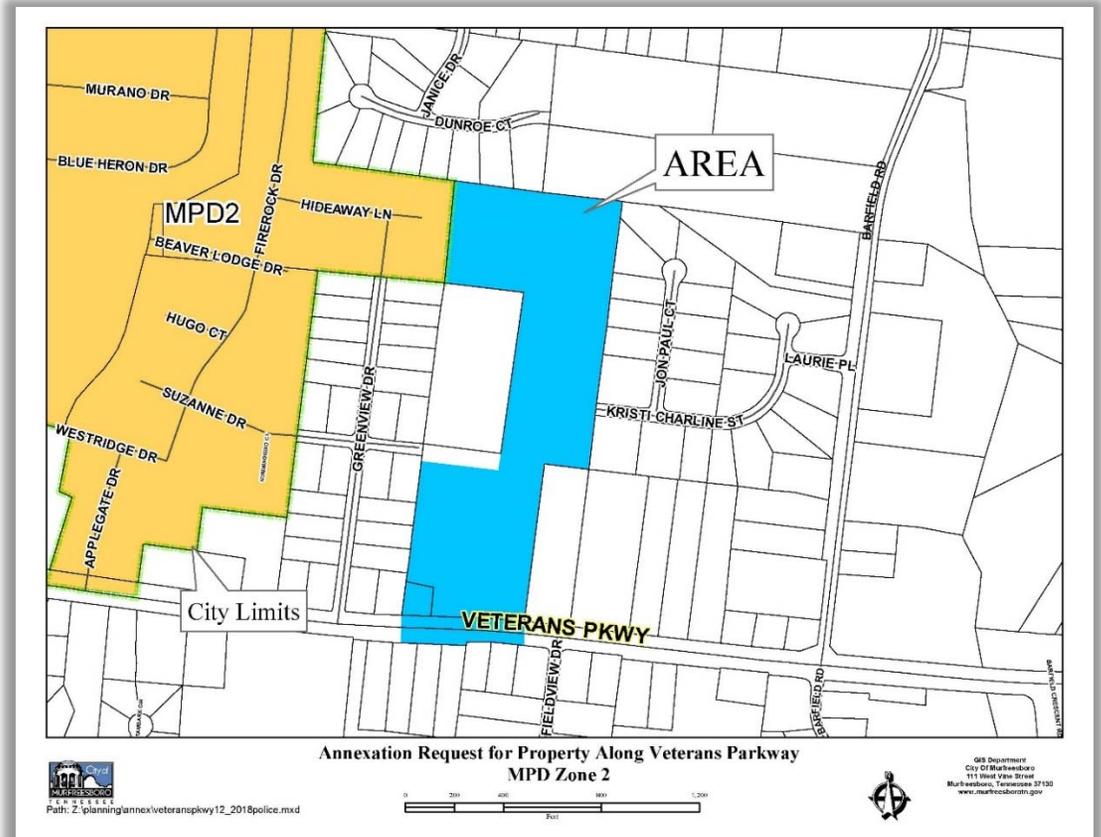

The per capita state revenue estimates apply only to new residents and will only be available after a certified census takes place.

PLAN OF SERVICES

POLICE PROTECTION

At present, the study area receives police service through the Rutherford County Sheriff's Department. If annexed, the Murfreesboro Police Department will begin providing services such as patrol, criminal investigation, community policing, traffic operations, canine, DARE, and other community crime prevention programs to the subject parcels immediately upon the effective date of annexation.

This annexation will have no negative impact on the Murfreesboro Police Department. The Murfreesboro Police Department can provide police services to the study area as it currently exists with no additional fiscal impact. The study area is located in Police Zone #2.

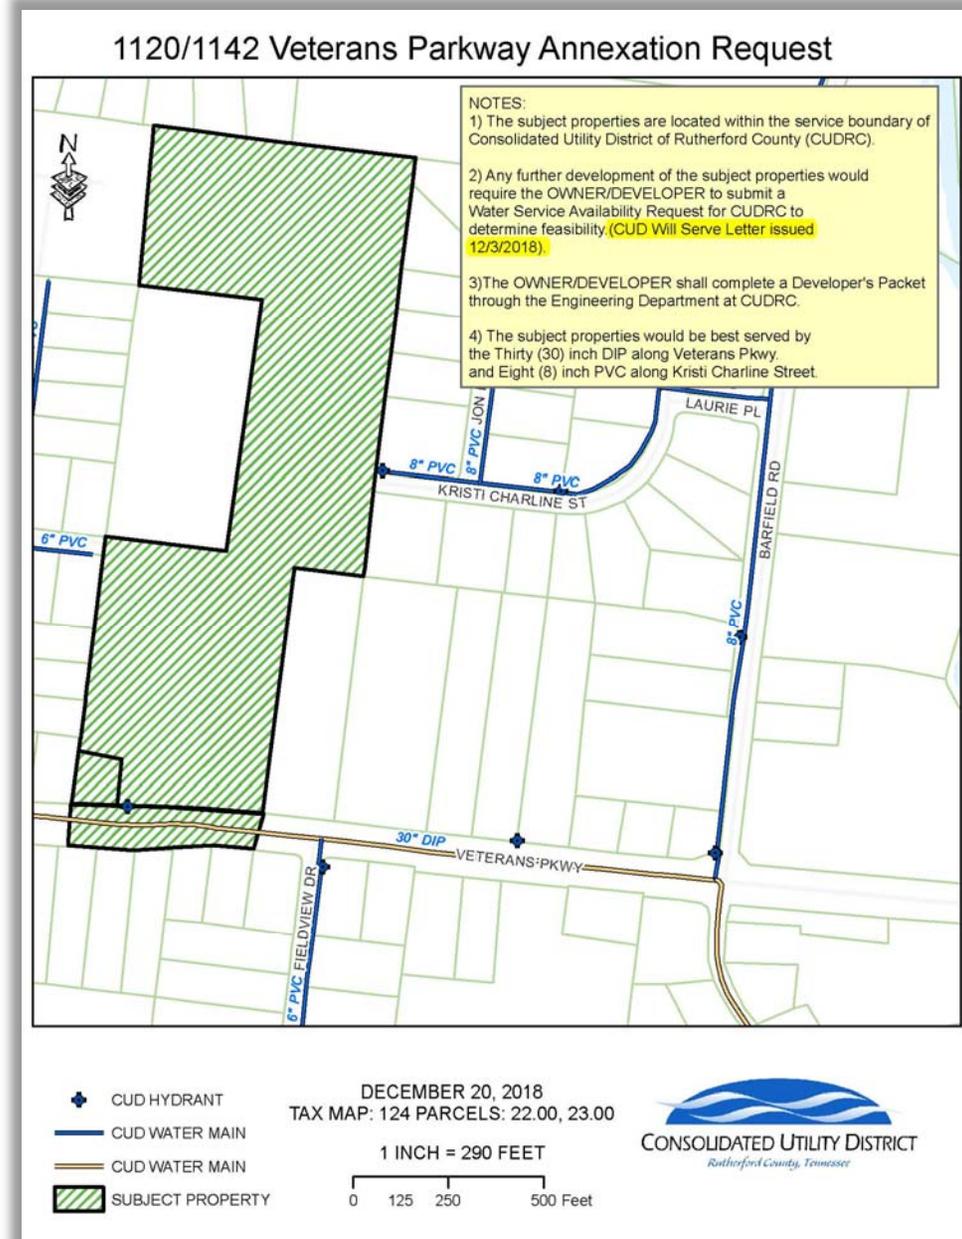

WATER SERVICE

The study area lies within the boundary of Consolidated Utility District's (CUD) service area. CUD presently maintains a 30-inch ductile iron pipe on the south side of the property along Veterans Parkway and an 8-inch PVC water line on the east side of the study area along Kristi Charline Street.

The owner/developer submitted a Water Service Availability Request, and CUD issued a Will-Serve letter on December 3, 2018. The owner/developer shall complete a Developer's Packet through the Engineering Department at CUD.

The existing CUD water lines are shown on the adjacent map. Any new water line development must be done in accordance with CUD's development policies and procedures.

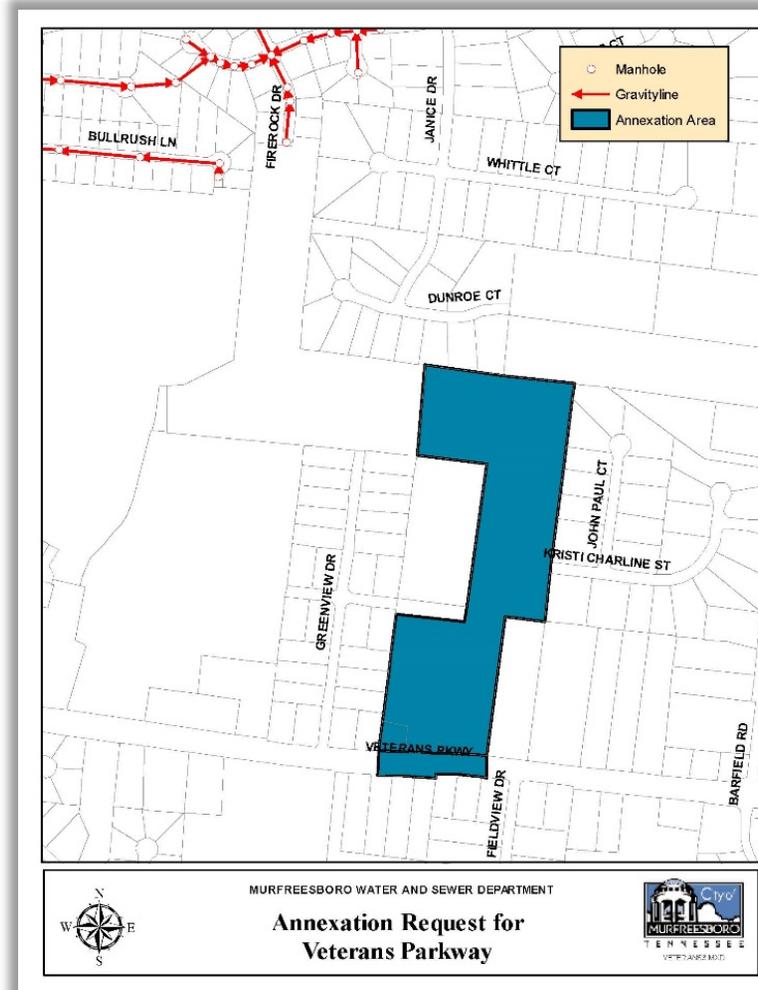

SANITARY SEWER SERVICE

The Murfreesboro Water Resources Department's (MWRD) current definition of "available" is defined as gravity sanitary sewer that is adjacent to the property line within an easement or in a public right-of-way. Currently, public sanitary sewer is unavailable to the study area.

The developer wishes to serve the subdivision with the use of a "modified" STEP (Septic Tank Effluent Pumping) system as the means of sewage disposal, which MWRD would operate and maintain once the system is constructed by the developer. With the "modified" STEP system, the developer would install sewer force mains within the streets of the subdivision and each residential and/or commercial lot would have its own STEP tank and gray water pump. This tank and pump, operated and maintained by MWRD, would be within an easement on the individual platted properties; however, instead of pumping to a sand filter and drip field, the gray water would be pumped to an existing sanitary sewer manhole. The developer will be required to work with the adjacent property owner to the northwest and acquire an off-site sewer easement dedicated to the City of Murfreesboro in order to connect to the existing sewer main. MWRD will require this easement to be dedicated prior to reviewing construction drawings. Schematic drawings will be accepted to determine an acceptable easement route prior to the legal description and exhibit being

prepared by the Legal Department for signatures and recording.

This subdivision will be assessed the standard and customary sanitary sewer connection fees. All sewerage improvement may be installed in accordance with the applicable State Design Criteria and Regulations, MWRD's Design Standards, CUD's construction specifications for STEP systems, and the Development Policies and Procedures of MWRD.

STREETS AND ACCESS

The annexation study area includes approximately 500 linear feet of Veterans Parkway right-of-way (ROW). This roadway was constructed to Tennessee Department of Transportation (TDoT) standards in a partnership between TDoT, the City of Murfreesboro, and Rutherford County. By agreement with Rutherford County, the City of Murfreesboro provides operation and maintenance of this roadway. Upon annexation, the roadway will remain the responsibility of the City of Murfreesboro, including all routine maintenance, and the conditions of the maintenance agreement with Rutherford County will no longer apply to the study area. Veterans Parkway is a 5-lane street, including curb and gutter, sidewalk and street lighting. Based on an estimated 10-year re-pavement cycle for major arterial roadways, annualized roadway maintenance costs are estimated at \$27,500 for this roadway. This cost is currently being borne by the City and will not increase if the ROW is annexed. Any new connections to Veterans Parkway must be approved by the City Engineer. Any future public roadway facilities to serve the area must meet City standards.

REGIONAL TRAFFIC & TRANSPORTATION

The 2014 Level of Service Model in the 2040 Major Transportation Plan shows Veterans Parkway to be operating at a Level of Service C from Barfield Road to Cason Lane. The 2040 Level of Service Model indicates that Veterans Parkway operates at a Level of Service F from Barfield Road to Cason Lane without the proposed improvements recommended in the 2040 Plan. With the improvements proposed in the 2040 plan, this section of roadway will operate at a level of service E with a small portion at a Level of Service F.

STORMWATER MANAGEMENT

Storm Water Management and Utility Fees

Upon annexation, stormwater management services provided by the City of Murfreesboro will be available to the study area. The study area currently has two single-family residences and will generate approximately \$78 per year in revenue for the Stormwater Utility Fee.

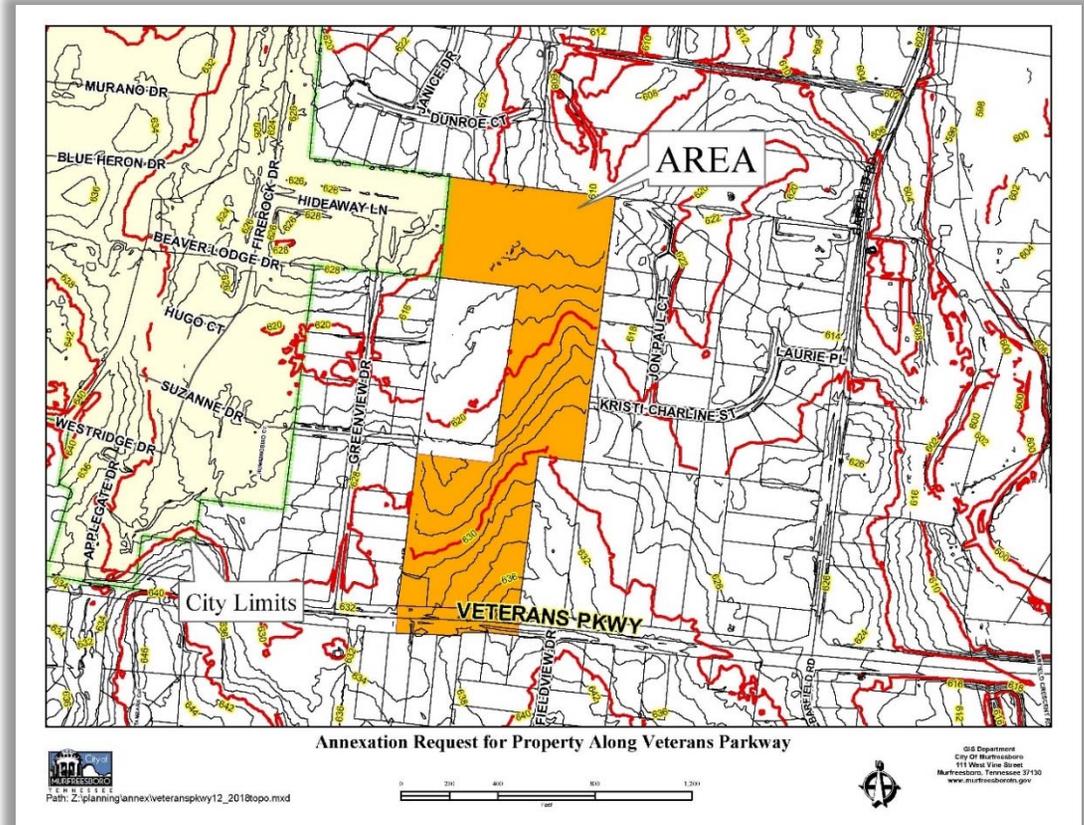

The proposed Cottages at Snell Cove PUD zoning will result in a master-planned developed impervious area of 19.94 acres consisting of 45 single-family detached lots on 17.65 acres and commercial development on 2.29 acres. Based on this development scenario, it is anticipated that the site will generate approximately \$1,755 for single-family development and \$495 for commercial development with \$2,250 total in additional revenue per year into the Stormwater Utility Fund upon full build-out.

Public Drainage

The study area currently does not contain a public drainage facility, but it does have access to public storm sewer on Veterans Parkway. Upon annexation and development, any new drainage facilities would be anticipated to be private. Future operation and maintenance costs, if any, are anticipated to be paid from the Stormwater Utility Fee and State Street Aid. Any public drainage facilities proposed to serve the study area in the future must meet City standards.

Regional Drainage Conditions

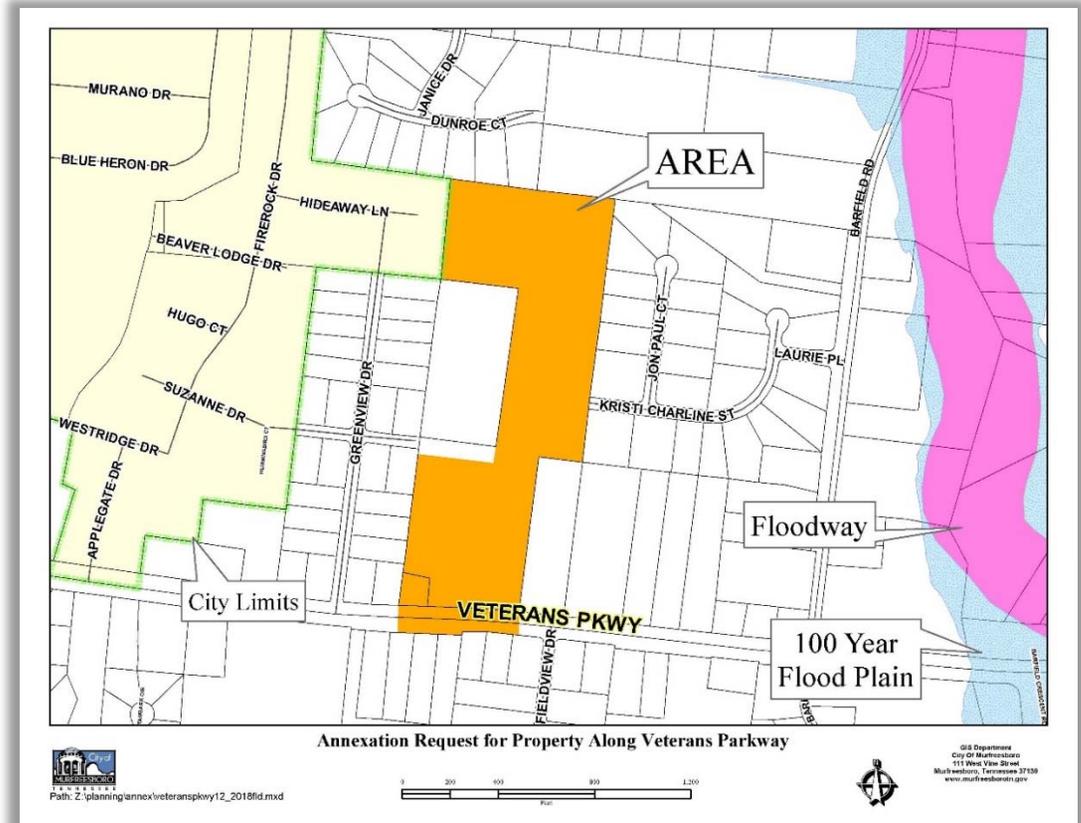

A review of a topographic map shows that the property drains to the northeast corner of the property to a wet weather conveyance on the neighboring property to the north and eventually to the West Fork of the Stones River, which is located east of the study area. It appears that a portion of the property is lower than the drainage system in Veterans Parkway limiting potential access to this drainage outlet. No portion of this property is located in the 100-year floodplain.

FLOODWAY

The study area is not located within a floodway or 100-year floodplain as delineated on the Flood Insurance Rate Maps (FIRM) developed by the Federal Emergency Management Agency (FEMA).

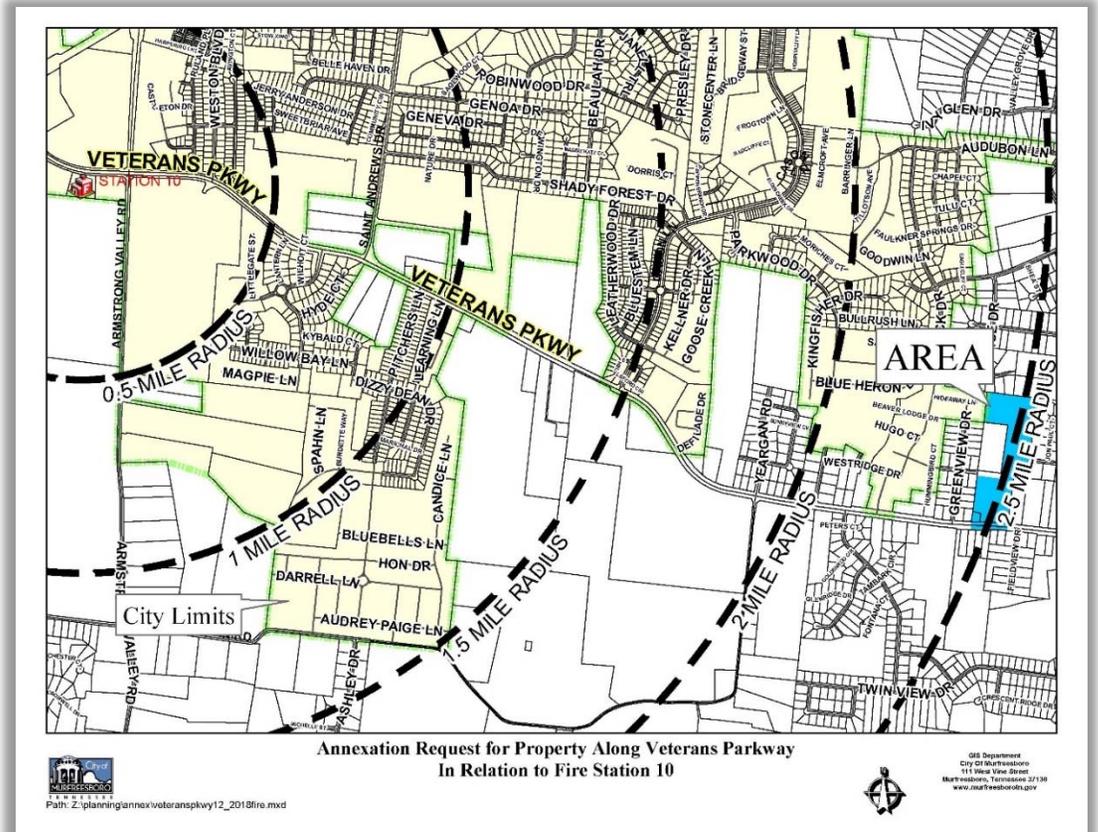

The adjacent map shows the floodway boundary in purple and the 100-year floodplain boundary in blue.

FIRE AND EMERGENCY SERVICE

The study area contains two existing single-family residences and several accessory structures. Murfreesboro Fire and Rescue Department (MFRD) will provide fire protection to the study area with a full-time, professional staff as well as medical first responder service immediately upon the effective date of annexation. Prior to any development in the study area, the developer shall provide adequate fire flows and install water lines and fire hydrants per the Murfreesboro Water Resources Department (MWRD) policies and procedures.

The closest fire station to the subject property is Fire Station #10, located at 2563 Veterans Parkway, 2.5 miles from the study area. The dashed lines on the adjacent map represent linear distance ranges from the nearest fire stations.

SOLID WASTE COLLECTION

The City will provide weekly curbside solid waste collection service immediately upon the effective date of annexation, as well as brush/debris removal every two to three weeks. The cost to provide carts to the two existing single-family homes will be \$226.60 (\$53.30/cart+\$60.00/cart for assembly and delivery) and service to the two existing homes will cost approximately \$201.84 per year (\$100.92/home per year). In its present state, the study area will generate \$120 annually in revenue from the newly-adopted solid waste fee. At full build-out of the single-family portion of the proposed development, 45 carts will be required at a cost of approximately \$5,107.50. Annual cost for collection for 45 single-family homes will be approximately \$4,541.40. However, at full build-out, the proposed development will generate approximately \$2,700 in annual revenue from the solid waste fee.

ELECTRIC SERVICE

(This section is under development. Additional information will be provided prior to the public hearing.)

STREET LIGHTING

(This section is under development. Additional information will be provided prior to the public hearing.)

GEOGRAPHIC INFORMATION SYSTEMS

The property is within the area photographed and digitized as part of the City's Geographic Information Systems (G.I.S.) program.

CITY SCHOOLS

The Murfreesboro City School system serves grades kindergarten through sixth and is offered to students who are within the jurisdiction of the City of Murfreesboro. The study area will be located in the Salem Elementary School zone, if annexed. Additional students residing on the property in its present state or from any proposed development can be accommodated.

RECREATION

Murfreesboro's Parks and Recreation facilities will be immediately available to residents of the study area upon the effective date of annexation. Currently Murfreesboro has two multi-purpose facilities, one community center, a wilderness facility, over 1,000 acres of parks, a network of greenways, and recreational sports. These facilities and programs are wholly funded by the Murfreesboro taxpayers. Children who are residents of the City of Murfreesboro, attend Murfreesboro Elementary Schools, and receive free or reduced lunches also receive free or reduced recreational fees.

BUILDING AND CODES

The property will come within the City's jurisdiction for code enforcement immediately upon the effective date of annexation. The City's Building and Codes Department will begin issuing building and construction permits and enforcing the codes and inspecting new construction for compliance with the City's construction codes immediately upon the effective date of annexation. The Building and Codes Department will also ensure that any new signs associated with the development of the property comply with the Sign Ordinance. No additional costs are expected.

PLANNING, ENGINEERING, AND ZONING SERVICES

The property will come within the City's jurisdiction for planning and engineering code enforcement immediately upon the effective date of annexation. As new development occurs, the Planning Commission will review all site plans, preliminary, and final plats. Among other duties, the Planning and Engineering Departments will inspect and monitor new construction of streets and drainage structures for compliance with the City's development regulations.

ANNEXATION FOLLOW-UP

The Murfreesboro City Council will be responsible for ensuring that this property will receive City services described in this plan. According to the Tennessee Growth Policy Act, six months following the effective date of annexation, and annually thereafter until all services have been extended, a progress report is to be prepared and published in a newspaper of general circulation. This report will describe progress made in providing City services according to the plan of services and any proposed changes to the plan. A public hearing will also be held on the progress report.

**Minutes of the
Murfreesboro Planning Commission
January 9th, 2019
Council Chambers 6:00 P.M.**

Members Present

Bob Lamb, Chairman
Kathy Jones, Vice Chair
Ken Halliburton
Eddie Smotherman
Warren Russell
Ronnie Martin

Staff Present

Donald Anthony, Planning Director
Matthew Blomeley, Assist. Planning Director
Margaret Ann Green, Principal Planner
Marina Rush, Principal Planner
Dianna Tomlin, Principal Planner
Lexi Stacey, Recording Assistant
David Ives, Assistant City Attorney
Austin Cooper, Planner

Chairman Bob Lamb called the meeting to order after determining there was a quorum. Chairman Bob Lamb approved the minutes of the December 19th, 2018 Planning Commission meeting as submitted.

Public Hearings

Annexation plan of services and annexation petition [2018-512] for approximately 1.8 acres located along Joe B Jackson Parkway and Annell Drive, Ginger McCreery applicant. Ms. Dianna Tomlin summarized the staff report, which was made available in the agenda packet provided to the Planning Commission. Ms. Tomlin noted that the application was for a 1.3-acre parcel that includes a single-family home and 300 linear feet of right-of-way along Joe B Jackson Parkway and Annell Drive. Chairman Bob Lamb opened the public hearing. No one came forward to speak for or against the zoning request; therefore, Chairman Bob Lamb closed the public hearing.

Mr. Eddie Smotherman made a motion to approve, seconded by Mr. Ronnie Martin. The motion carried by unanimous vote in favor.

Annexation plan of services and annexation petition [2018-513] for approximately 21.16 acres located along Veterans Parkway, Fred Snell, Jr. applicant. Ms. Marina Rush summarized the staff report, which was made available in the agenda packet provided to the Planning Commission. Ms. Rush noted that the annexation request was for two parcels, totaling approximately 21 acres. Additionally, 500 linear feet of right-of-way would be included in the annexation study. Ms. Rush added that the subject property was contiguous to the City limits on the northwest property line and was located within the City's Urban Growth

Boundary. Sanitary sewer is not available to this study area. However, the Murfreesboro Water Resources Board has approved the use of a Modified STEP system. Chairman Bob Lamb opened the public hearing. No one came forward to speak for or against the zoning request; therefore, Chairman Bob Lamb closed the public hearing.

Ms. Kathy Jones made a motion to approve, seconded by Mr. Ken Halliburton. The motion carried by unanimous vote in favor.

Zoning application [2018-440] for approximately 19.94 acres to be zoned PUD simultaneous with annexation (The Cottages at Snell Cove PUD) located along Veterans Parkway, Greenland Partners, LLC developer. Ms. Marina Rush began by noting that the agenda showed the name of the development as “The Cottages at Snell Grove,” while the correct name is “The Cottages at Snell Cove.” Ms. Rush summarized the staff report, which was made available in the agenda packet provided to the Planning Commission. Ms. Rush explained that the subject properties total 19.94 acres and are located along Veterans Parkway, west of the intersection of Barfield Road and Veterans Parkway. Ms. Rush noted that the applicant has requested that the property be rezoned to PUD to allow for 45 single family lots and 2.29 acres of commercial development. The Future Land Use Map recommends suburban residential as the land use. Ms. Rush noted that the commercial component of the request was not consistent with the Future Land Use Map.

Mr. Rob Molchan was in attendance on behalf of the applicant. He discussed the proposed plan, noting the following:

- 19.94 acres total
- 45 single-family lots
- 6.08 acres of open space
- Minimum of 1800 sq. ft. per home
- Minimum of two bedrooms per home
- Two-car garages with decorative doors
- Will have homeowners association (HOA)
- Brick, stone and cement fiber board siding as primary materials
- Mail kiosk with parking area
- Park and walking paths

Mr. Ken Halliburton asked what the distance was from the proposed commercial lots to the residential lots. Mr. Molchan said 600-700 feet.

Chairman Bob Lamb opened the public hearing.

The following residents spoke during the public hearing:

- Brad Gibson (1112 Kristi Charline Street) opposes proposed project due to safety and traffic concerns.

**MURFREESBORO PLANNING COMMISSION
STAFF COMMENTS, PAGE 1
JANUARY 9, 2019
PROJECT PLANNER: MARINA RUSH**

4.c. Zoning application [2018-440] for approximately 19.94 acres to be zoned PUD simultaneous with annexation (The Cottages at Snell Grove PUD) located along Veterans Parkway, Greenland Partners, LLC developer.

The subject property is located along the north side of Veterans Parkway, west of the intersection of Barfield Road. It is approximately 19.94 acres and identified on Tax Map 124, Parcels 22.0 and 23.0 (1120 and 1142 Veterans Parkway, respectively). The previous item on the agenda was the petition for annexation and plan of services for this property. The applicant is requesting to zone this property to PUD (Planned Unit District) to allow for the development of a 45-lot single-family residential subdivision with 2.29 acres of commercial development directly along Veterans Parkway. The density for the residential portion of the proposed PUD would be 2.55 dwelling units per acre.

The single-family portion of the development contains lots with a minimum lot size of 6,000 square-feet and houses that will contain a minimum 1,800 square-feet of living area, two or more bedrooms, and exterior materials consisting of brick, stone, and cementitious siding. The permitted uses listed in the commercial portion of the PUD are primarily those types of uses that would be permitted in the CF (Commercial Fringe) zone. Development standards for the commercial portion of the PUD are included in the pattern book.

Adjacent Zoning and Land Uses

Adjacent zoning is RS-10 (Single-Family Residential District 10) to the west, and unincorporated Rutherford County zoning RM (Medium-Density Residential) to the north, south, west and east. Adjacent land uses are single-family residences, including Southwood Estates Subdivision to the west, Martha's Haven at Barfield Subdivision to the east, River Downs Subdivision to the north, and Valley View Subdivision to the south across Veterans Parkway.

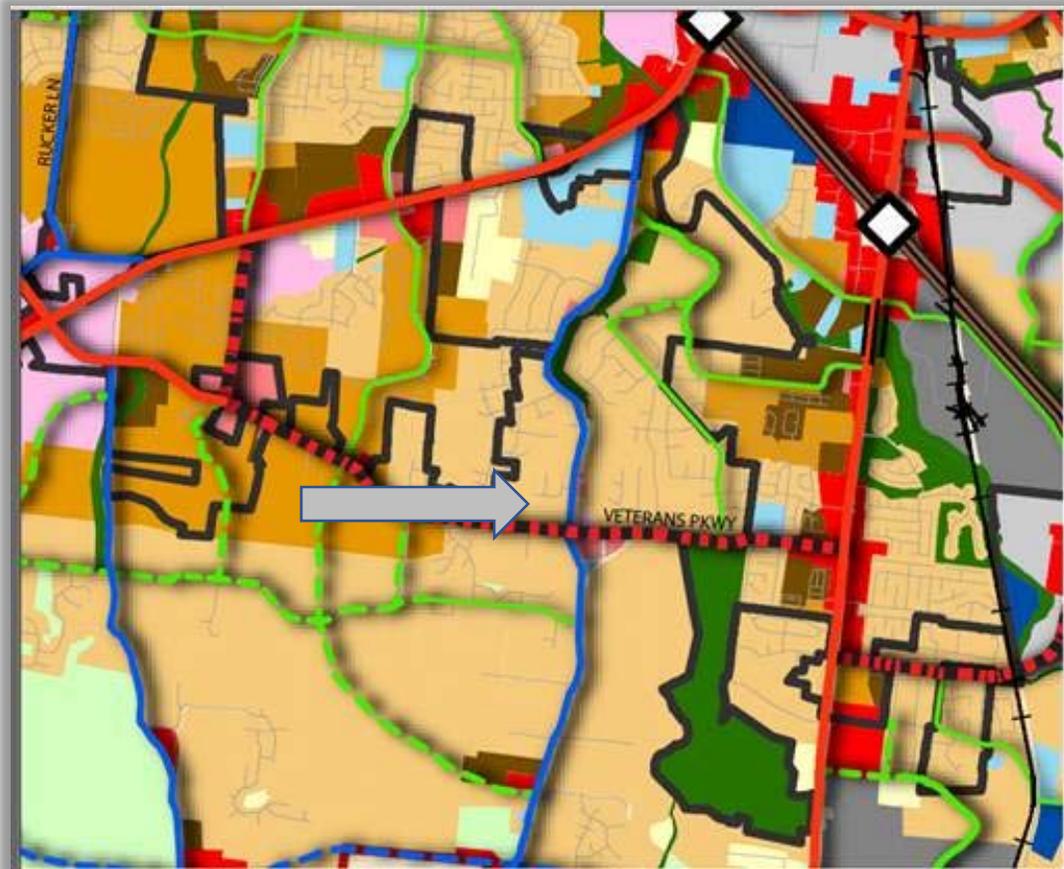

Future Land Use Map

The future land use map of the *Murfreesboro 2035 Comprehensive Plan*, recommends the "Suburban Residential" land use designation for the subject property. An excerpt from the map is on the next page. The "Suburban Residential" land use designation consists primarily of detached residential dwellings with garages. It also recommends lot sizes equivalent to the RS-15, RS-12, or RS-10 zones or, alternatively, smaller lot sizes in exchange for greater open space. The recommended density is 2.0 - 3.54 dwelling units per acre. The lot sizes proposed in the PUD are 6,000 square-feet, which

is less than the recommended lot size. However, with the open space included in the PUD, the density for the residential portion of the proposed PUD is within the recommended range at 2.55 dwelling units per acre. The residential portion of the PUD is consistent with the recommendations of the comprehensive plan.

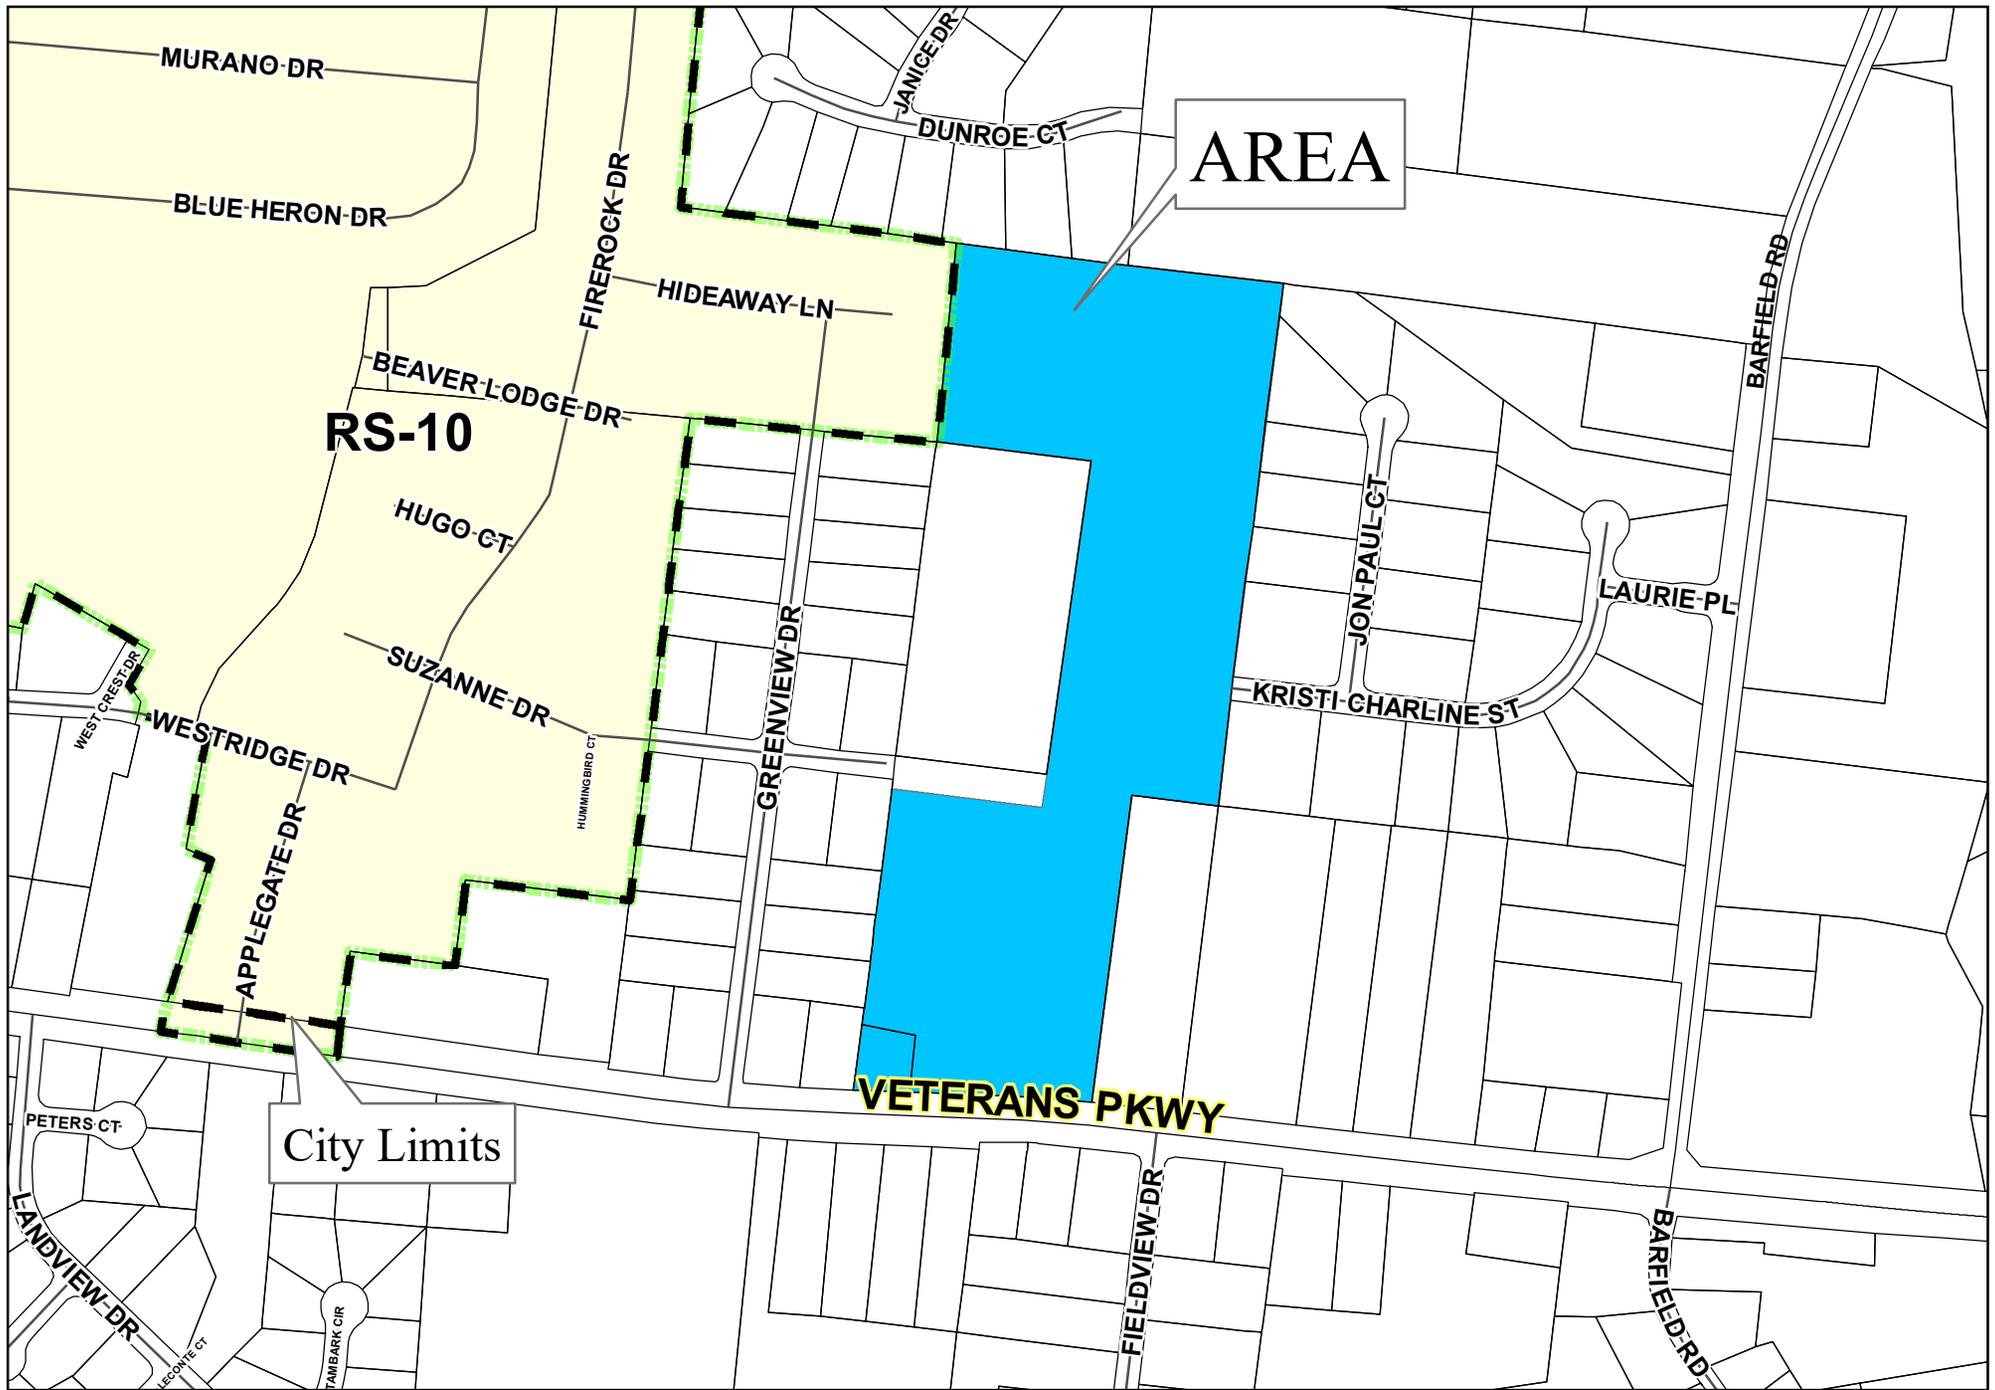

The uses identified for the commercial portion of the PUD are not consistent with the “Suburban Residential” designation and are more consistent with the “Suburban (Neighborhood) Commercial” character designation. The Planning Commission will need to review the PUD request and determine whether or not it is appropriate to deviate from the recommendations of the comprehensive plan for the commercial portion of the PUD along Veterans Parkway.

2035 Comprehensive Plan - Future Land Use Map

Public Hearing

The applicant will be available at the Planning Commission meeting to make a presentation regarding the proposed rezoning. The Planning Commission will need to conduct a public hearing, after which it will need to discuss this matter and formulate a recommendation for the City Council.

Greenland Partners, LLC respectfully requests annexation and rezoning of the Fred Clark Snell Jr. properties at 1120 and 1142 Veterans Parkway, Murfreesboro from Medium Residential Zoning (RM) in Rutherford County to Planned Unit District (PUD) in the City of Murfreesboro to create The Cottages at Snell Cove PUD. The property is located along the northern side of Veterans Parkway, west of Barfield Road and east of Greenview Drive. The site is identified as Parcels 22.00 and 23.00 of Tax Map 124, and is approximately 19.43 acres.

The request for rezoning to PUD is to create The Cottages at Snell Cove. The development will consist of 45 single-family detached lots on 17.65 acres, for a density of 2.55 dwelling units per acre. Minimum lot size will be 6,000 square feet, and all homes will be for purchase. The proposed homes will range in size from 1,800 to 2,800+ square feet. All homes will have a minimum of 2 bedrooms, and a minimum two car front entry garage with windowed garage doors. The home elevations will be constructed primarily of masonry materials to add quality and character to the community. Each lot and home will have foundation landscaping at the base of the front elevation, along with sodded front yards. The entrance off of Veterans Parkway will incorporate a development entrance signage, and will be anchored with landscaping and lighting. The H.O.A. will maintain all the common areas.

The commercial portion of this development will provide the residents of Snell Cove and the surrounding Barfield community with a neighborhood retail opportunity. This will provide the residence of the area with a more convenient commercial location without deteriorating or detracting from the neighborhood aesthetic. The commercial lot proposed will be located along Veterans Parkway to the west of the residential entrance. The commercial property will account for approximately 2.29 acres of the overall project.

2040 MAJOR THOROUGHFARE PLAN (MTP)

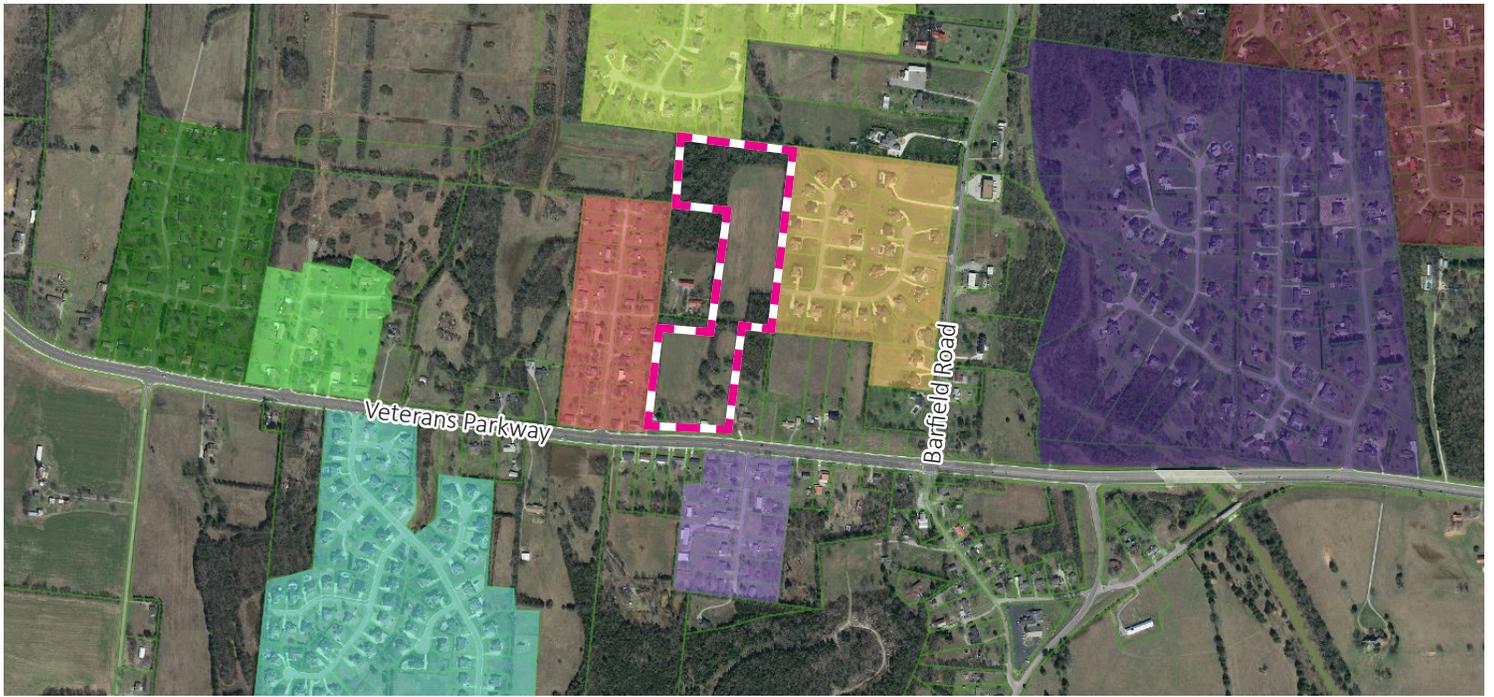

Not To Scale 

———— Major Roadway for Thoroughfare Plan

Site Boundary

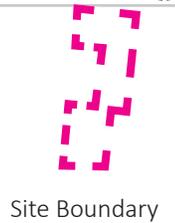

The property has/will have access to the existing public rights-of-way along Veterans Parkway. Veterans Parkway has been widened to a 5-lane roadway. The project will utilize Veterans Parkway as the main access point to the development. Snell Cove will also have access over to Barfield Road via county streets running through Martha’s Haven subdivision along the eastern side of the development. Currently, Kristi Charline Street terminates at the eastern boundary between Martha’s Haven Subdivision and this project. Kristi Charline runs back to Laurie Place, which ties into Barfield Road. Barfield Road is slated to be widened to a 3-lane as per the 2040 Major Thoroughfare Plan.

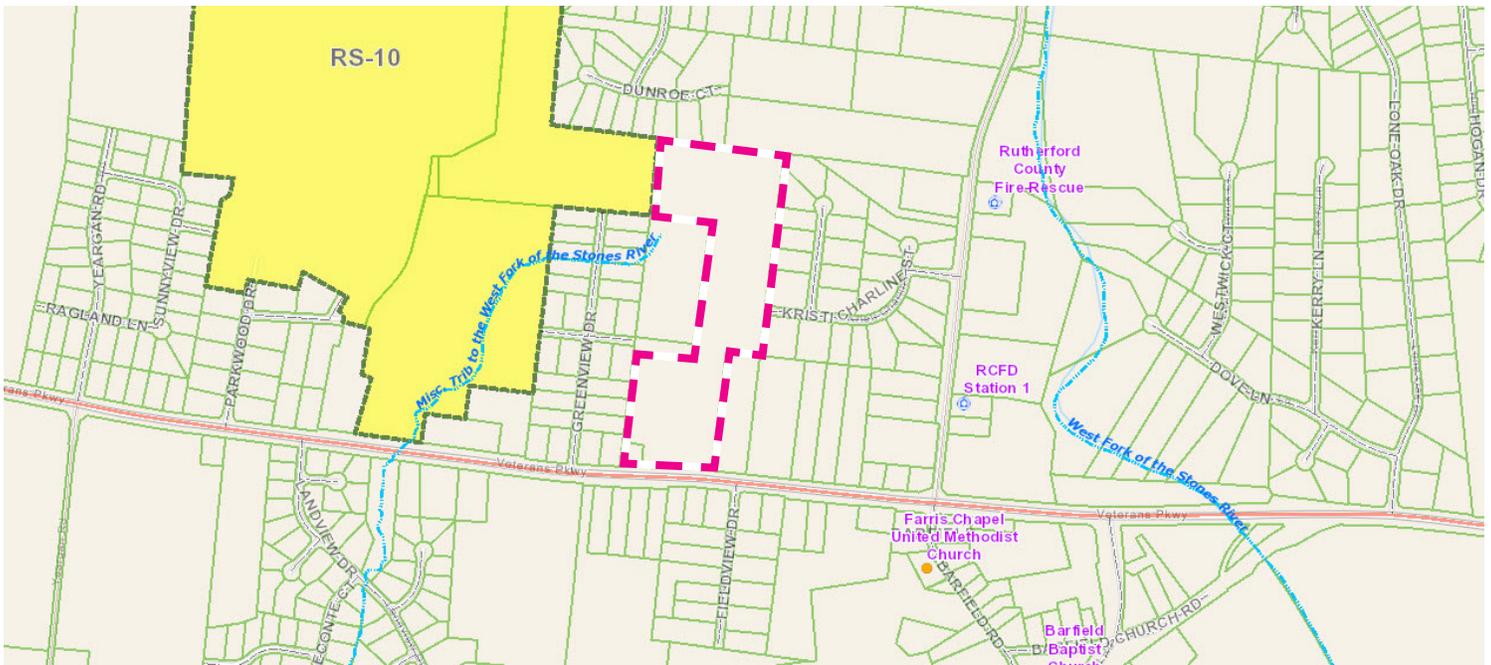

ADJACENT SUBDIVISION MAP

Not To Scale 

 Barfield Meadows	 River Downs	 Martha's Haven
 Parkwood Estates	 Southwood Estates	 Dixieland
 Valley View	 Kimbro Heights	 Southridge

The Cottages at Snell Cove is surrounded by a mixture of residential properties and subdivisions. Southwood Estates is a county subdivision to the west. The subdivision consists of one story single family detached homes, with a mixture of parking pads and car ports. The elevations of the homes are a mixture of brick and siding. Martha's Haven is a county subdivision to the east of Snell Cove. The subdivision is comprised of single-family detached homes, with primarily masonry exterior materials and side entry garages. The subdivision currently has one point of access to Barfield Road, along with a stub street to the Snell property. Kimbro Heights is located along the south side of Veterans Parkway. This subdivision consists of single-family detached lots with a mixture of brick and vinyl materials on the exterior elevations. River Downs Subdivision is to the north of the development, and consists of single-family detached one and two-story homes with brick exteriors and side entry garages.

ZONING MAP

Not To Scale 

 Single Family Detached (RS-10)

 City Boundary

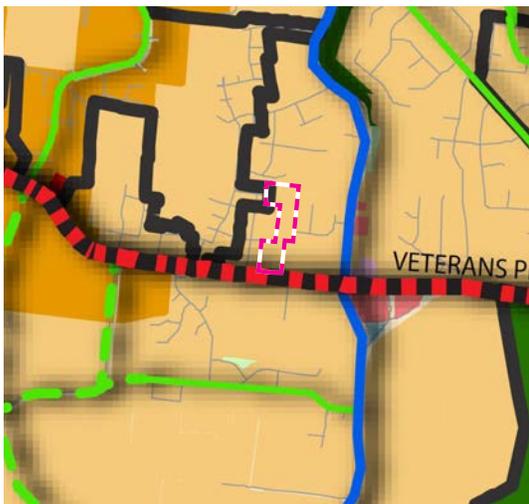

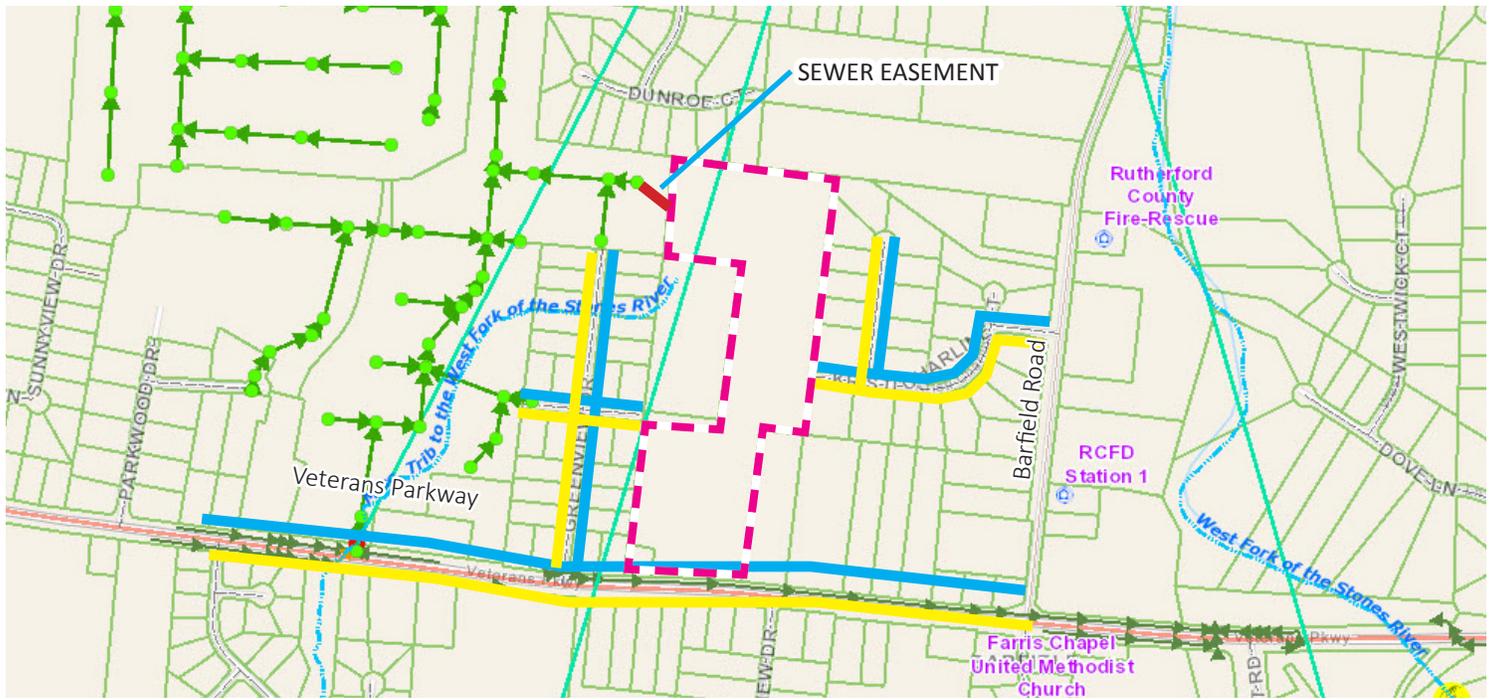

Site Boundary

The property is currently zoned Medium Density Residential (RM) in Rutherford County. A majority of the surrounding properties are currently zoned RM as well. The property to the northwest of the site is a future section of Rivers Edge Subdivision, which is zoned RS-10 within the City of Murfreesboro.

Murfreesboro 2035 Future Land Use Map

The current Murfreesboro 2035 Future Land Use Map indicates that this site is designated Suburban Residential Character (SR). The Suburban Residential designation allows for a variety of residential development types. These types ranging from large estate lots to smaller lots clustered around common open spaces. This character area also understands that these areas, although rural, that they will be developed as the city continues to expand it's boundaries. Characteristically, This development type would allow for; front entry garages with driveways either in the front or side yards, smaller lots with additional open space, and density ranging from 2.0 to 3.54 units per acre. The proposed development is consistent with the Suburban Residential Character. The Snell Cove is proposing small lots with front entry garages, open space that exceeds the minimum requirement, and a density of 2.55 units per acre. It is also providing commercial space to provide neighborhood services to the development and surrounding area. The uses identified for the commercial portion of the PUD are not consistent with the "Suburban Residential" (SR) designation, and are more consistent with the "Suburban (Neighborhood) Commercial" (SC) character designation.

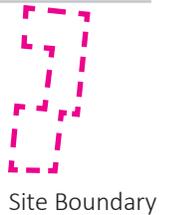

UTILITY MAP

Not To Scale 

-  WATER
-  ELECTRIC
-  SANITARY SEWER

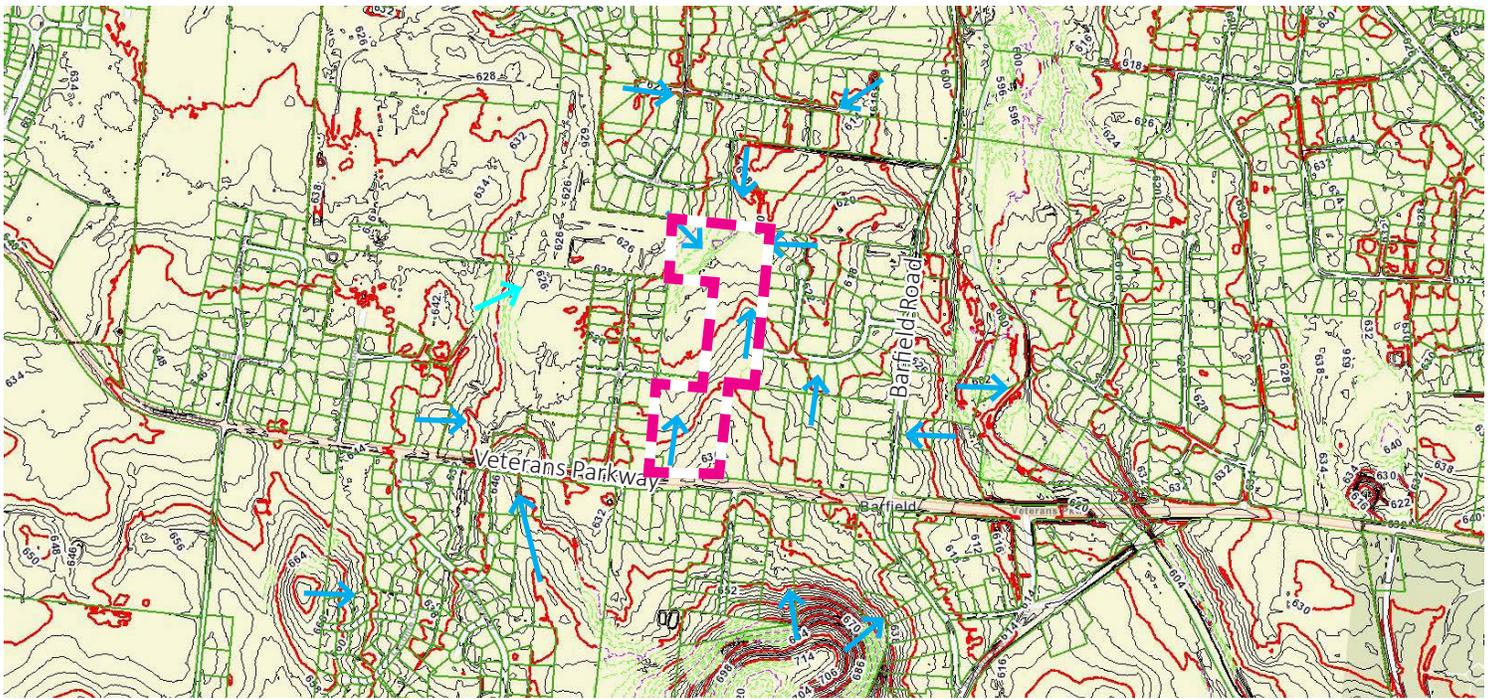

Sanitary sewer service will be provided via a Modified STEP System and force main sewer line connection back to River’s Edge subdivision along the northwest corner of the site. A Modified STEP System functions like other STEP systems, the sewer is pumped, via a forcemain, to a gravity sewer line/system, instead of to a treatment unit and drip fields. The developer is responsible for obtaining the sewer easement to the gravity sewer system in River’s Edge subdivision. At this time the developer has an agreement for the sewer easement with the developer of River’s Edge to allow for connection to the City’s gravity sewer system.

Water service will be provided by Consolidated Utility District of Rutherford County. There is an existing 30 inch water line along the north side Veterans Parkway for water and fire service into the site. There is also an 8 inch line at the end of Kristi Charline Street for service as well. The developer will be responsible for extending the waterline into the site for domestic and fire water service.

Electric service will be provided by Middle Tennessee Electric Membership Corporation. Electric service will tie into existing overhead lines located south side of Veterans Parkway. The developer will be responsible for extending the electric lines into the site, and all on-site electric will be underground.

Site Boundary

The topographic map above shows the site's topographic high points generally along the southern boundary of the site along Veterans Parkway. The land generally falls from Veterans Parkway towards the north side of the development. The lowest point on the property is located in the northeast corner of the property. Any stormwater that falls on this site follows the general flow of the contours towards the wet weather conveyance running through the northern portion of the development. This property is not located within any FEMA floodplain areas.

SEC, Inc.

Total Land Area: ±19.94 Acres
 Commercial Land Area: ±2.28 Acres (11.4%)
 Residential Land Area: ±17.65 Acres (88.5%)
 Total Number of Lots: 45 Residential Lots
 Yield: 45 Units/17.65 Acres = ±2.55 Units/Acre
 Total Open Space: ±6.08 Acres (30.5%)
Temporary Open Space: ±0.51 Acres (2.56%)
Usable Open Space: ±4.14 Acres (20.76%)
Stormwater (Detention): ±1.95 Acres (9.8%)

Minimum Residential Lot Size: 6,000 Square Feet
 Minimum Lot Width at R.O.W.: 55'
 Typical Lot Dimensions: 55' x 120'

Concept Plan Notes:
 • Conceptual commercial layout. Final design to be approved by the The City of Murfreesboro Planning Commission
 • Lots 3 and 4 shall front onto Street 'A' and not onto Kristi Charline Street

Commercial:
 Maximum Building Area: 36,000 Sq.Ft.

Commercial Parking:
 Required: 36,000 Sq.Ft. x (5 Spaces/1,000 Sq.Ft.) = 180 Spaces
 Provided: 107 Spaces

- Open Space/Common Area
- Existing Wooded Area to Remain
- Proposed Lots
- Proposed Road
- Detention

Residential Development Standards:

- 45 single-family detached homes with 2 or more bedrooms.
- The minimum home size will be a minimum of 1,800 square feet of living area.
- Minimum lot size shall be 6,000 sf., with a minimum lot width of 55 feet at the R.O.W.
- All homes will have 2 car front entry garages
- All front entry garages shall be setback a minimum of 35 feet from public R.O.W., including side-entry garages on corner lots.
- Garage doors will have windows and colors that complement the architectural elevations
- Each single family lot will provide at least 4 off-street parking spaces per lot (outside of the garage)
- Each lot will have concrete driveways wide enough for 2 vehicles, and have a minimum width of 16 feet
- Builders shall install sod in front yards, as well as landscaping along the front foundation. On corner lots, builders shall install sod and foundation landscaping along secondary front yards.
- Building elevations will consist of a mixture of brick, stone, or fiber cement siding, with fiber cement siding being the predominant exterior building material. A representation of elevation material types are outlined on Pages 14-15: Residential Architectural Characteristics.
- All residential building elevations and materials shall be approved by the developer or H.O.A. Architectural Review Committee (ARC).
- All streets will be public rights-of-way.
- All public streets have been designed to comply with Murfreesboro Street Standards
- Sidewalks will be provided on both sides of the all public streets throughout the development to create a pedestrian friendly community
- Solid waste service will be provided by the City of Murfreesboro.
- All on-site utilities will be underground.
- Prior to construction plan review, a complete and thorough design of the stormwater management system and facilities will be completed.
- Street lights will be standard Middle Tennessee Electric Membership Corporation poles and lights.
- The residential entrance off of Veterans Parkway will have new entrance signage constructed of masonry materials and anchored by landscaping and lighting.
- Mail delivery will be delivered to a centralized mail kiosk for the entire neighborhood.
- House numbering will be consistent with numbering and fire code.
- The common open spaces will be maintained by an H.O.A.
- All home owners will be required to be a member of the H.O.A.
- H.O.A. will be managed by independent 3rd party management company
- The residential development is planned to be constructed in 1 Phase.
- Construction is anticipated to begin within 90-120 days after rezoning is completed.

Mail Kiosk Example

Development Signage Example

Residential Architecture Characteristics:

- Building heights shall not exceed 35 feet in height.
- There will be a mixture of 1-story and 2-story homes.
- All homes will have at least 2 bedrooms.
- All the homes will have eaves.
- All homes will have a covered front stoop or porch.
- All homes will have an option for a covered or open deck, porch and/or patio area at the rear of the home.
- Secondary front facades on corner lots shall have similar architectural characteristics as the primary front facade.
- Primary building materials shall not be bright or vibrant colors.

Residential Building Elevation Materials:

- Permitted exterior building materials on all elevations: brick, stone, and fiber cement siding.
- Soffits and fascia will consist of aluminum and/or vinyl.
- Vinyl will not be a permitted exterior building material, except in trim, soffits, and fascia.
- Roofs will be shingles, while metal roofing shall be permitted as an accent roofing material.

Second Floor

*The elevations and floor plans of the homes will vary across the development. The images above are meant to convey the general appearance and functionality of the homes.

Commercial Lot Development Standards

While the immediate end users of the commercial lot are unknown at this time, additional standards for those anticipated uses have been outlined here below.

Minimum Site Characteristics - Commercial Lot:

- All parking will be located at least 8 feet from property lines (side, rear, and R.O.W.), and have curbing.
- All parking areas to be screened from public right-of-way by landscaping and/or in combination with mounds.
- Any solid waste enclosures will be constructed of materials consistent with building architecture, and be at least 8 feet tall with opaque gates.
- Type 'D' Buffer will be constructed along the western property line of commercial property to screen the side and rear yards of the existing adjacent residential lots from the site's commercial uses and parking areas.
- Commercial buildings shall have pedestrian connections to Veterans Parkway and the residential street network.
- Buildings will have a well-defined architectural base by use of different materials, colors and change in pattern or a combination of these techniques.
- Building elevations will have articulation or multiple building planes along street facing elevations.
- The main entrances are to be well defined and easily recognizable by the use of one or more of the following design options; raised roof lines, canopies, glazing, changes in materials, changes in colors, and changes in building planes.
- Monument signage located at entrances along roadways to have materials consistent with building architecture and accented with landscaping and lighting.
- All mechanical equipment (i.e. HVAC and transformers) to be screened with landscaping. If mechanical equipment is located on the roof, then they should be screened from view.
- All on-site utilities will be underground.
- On-site lighting styles will complement the commercial development, and will comply with city lighting standards to prevent light pollution.
- Parking will comply with Murfreesboro's Zoning Ordinance for uses outlined on page 18.
- Construction on the commercial lot will begin once an end-user has chosen the site and receives site plan approval from the Murfreesboro Planning Commission.
- All buildings on the commercial lot will have consistent materials & architecture to create an overall theme for the development, that blends with the residential development.
- Commercial lot will not be part of the residential H.O.A. and will be owned and maintained by a separate commercial H.O.A.

Architectural Characteristics:

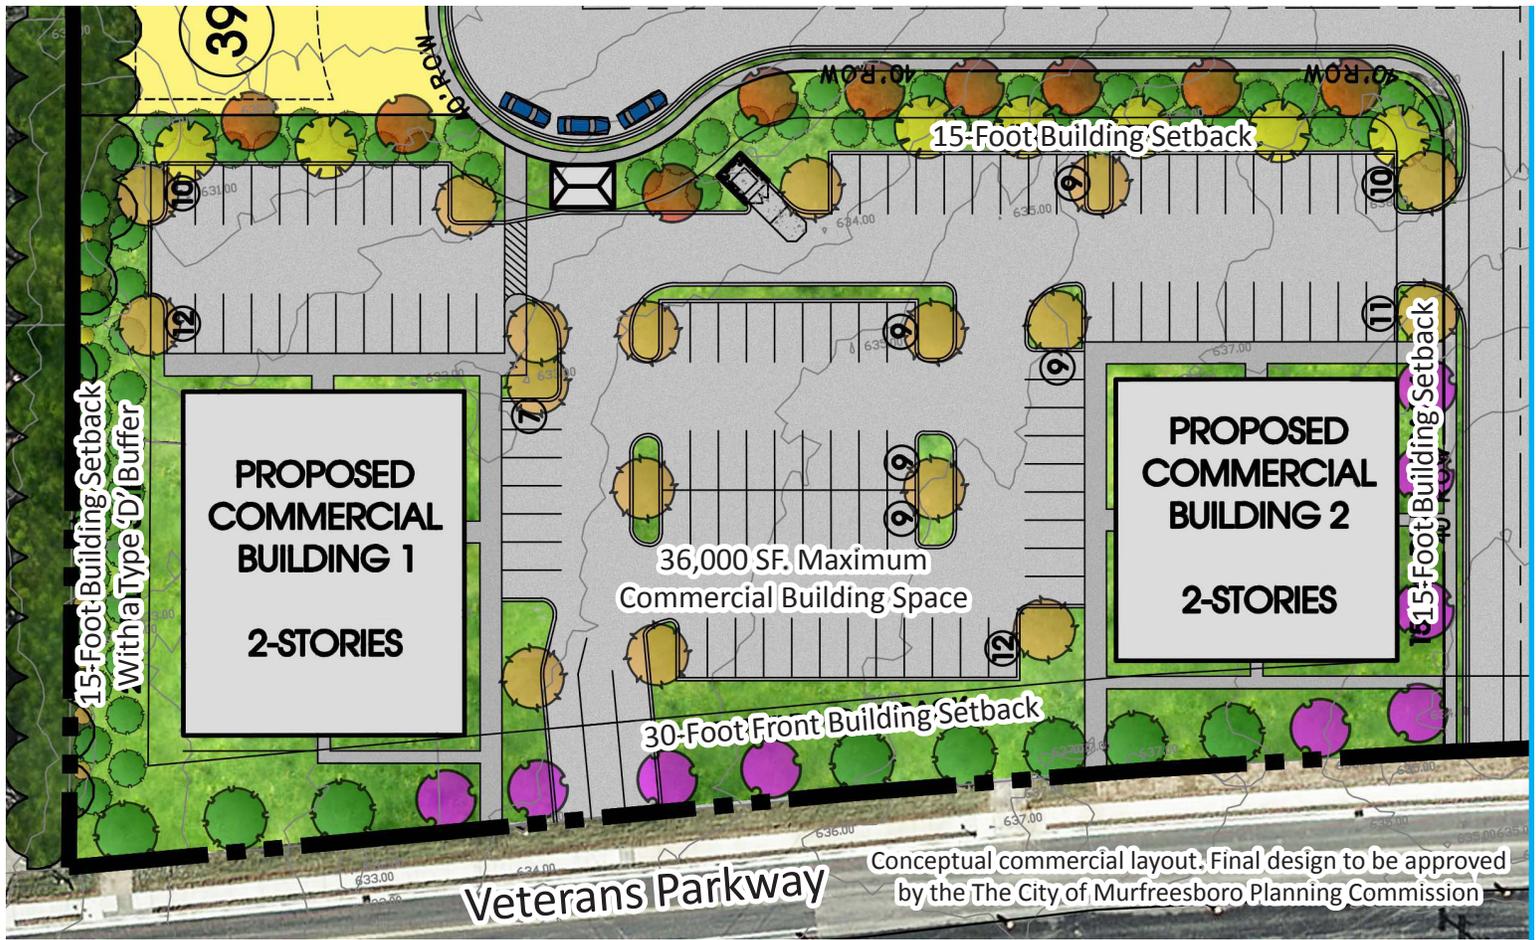

- Maximum building height of 35 Feet
- Maximum 36,000 sf of commercial/office space shall be permitted, which will be dependent on parking requirements for the proposed use as per the zoning ordinance.
- 2-story buildings, although they might developer as 1-story buildings.
- Primary building materials shall not be bright or vibrant colors. Secondary building material may be brighter than that which is used on the primary materials.
- Roof types: Hip, gable, parapet, or pitched

Building Elevation Materials:

- Brick or painted brick
- Fiber cement board siding
- Stone or cast stone
- Asphalt shingles or metal roofs
- Applied cement stucco
- Integrally Colored Split Face Block (secondary material used in very limited amounts as accents)
- Dryvit will be allowed, but only in combination with other materials. No single elevation shall be all Dryvit.
- Textured metal (secondary material used in very limited amounts as accents)
- Soffits and fascia will consist of aluminum and/or vinyl.
- Vinyl will not be a permitted exterior building material, except in trim, soffits, and fascia.
- The front of the commercial buildings shall be the elevations facing Veterans Parkway. All building elevations facing streets, shall have the same architectural treatment as those facing Veterans Parkway.
- The commercial buildings and development will be designed as per the standards listed in this book, and all others shall comply with the Murfreesboro Design Guidelines.
- Architectural materials and colors will be reviewed at the time of a site plan submittal by the various departments of the City of Murfreesboro, and approved by the Murfreesboro Planning Commission

Minimum Building Setbacks - Commercial Lots:

<u>Veterans Parkway Frontage:</u>	30-foot
<u>Street 'A':</u>	15-foot
<u>Street 'B':</u>	15-foot
<u>Western Property Line:</u>	15-foot

Commercial Lot

The building architecture will be designed to be functional for the intended uses, while maintaining a residential architectural character to blend with the proposed residential development and adjoining properties.

*The images above are meant to convey the general appearance and functionality of the commercial buildings.

Commercial Development Timetable:

Since the commercial lots are not anticipated to be built initially with the residential development, the two existing rental homes will remain until commercial development is approved. The remaining commercial land will be left undisturbed and the lawn areas around the rental properties will be maintained until such time that commercial development commences. If the rental properties were to be removed, then the commercial lots will be brought up to grade and covered with seed and straw to create a park like setting along Veterans Parkway. The finished commercial lots will be mowed and maintained until construction of the commercial lots commences.

Commercial Lot - Allowable Uses

While the immediate end user(s) of the commercial lot is unknown at this time, the allowable uses shall consist of all permitted uses listed on this page. The uses below were pulled from the allowable uses listed under the Commercial Fringe (CF) zoning district as outlined in the current Murfreesboro Zoning Ordinance. These uses are intended to allow low impact commercial uses in relative close proximity to residential developments. These uses would neighborhood conveniences such as commercial, office and personal services uses for the surrounding developments.

Commercial Lot - Landscaping

The commercial lots will have ample landscaping to provide not only aesthetically pleasing experience, but to aid in mitigating impacts to the proposed residential lots within Snell Cove and surrounding properties. To ensure these characteristics, some standards are outlined below as well as a sample palette of

Minimum Landscape Characteristics - Commercial Lot:

- All parking will be located at least 8 feet from all property lines (side, rear, and R.O.W.) to provide for perimeter landscape plantings.
- All parking areas to be screened from public right-of-way by landscaping or a combination with mounds.
- Any solid waste enclosures will be screened with evergreen shrubs.
- Type 'D' Buffer will be constructed along the western property line of commercial property to screen the side and rear yards of the existing adjacent residential lots from the site's commercial uses and parking areas.
- The base of the building will have a minimum 3 feet wide landscape bed with foundation plantings.
- Monument signage located at entrances along roadways to have materials consistent with building architecture and accented with landscaping and lighting.
- All mechanical equipment (i.e. HVAC and transformers) to be screened with landscaping if located on the ground. All roof mounted equipment shall be screened from public view by architectural elements.
- Landscaping will be in conformance with City of Murfreesboro's Landscape Ordinance.

TYPICAL EVERGREEN TREES FOR USE IN THE LANDSCAPE BUFFER

Pursuant to the City of Murfreesboro’s 2025 Major Transportation Plan (MTP), Veterans Parkway has been improved to a 5-lane road. Veteran Parkway will be used for as the primary means of ingress and egress for this development.

As stated above, the primary means of ingress/egress from this site will be onto Veterans Parkway. There are two entrances proposed off of Veterans Parkway. The east entrance shall incorporate three travel lanes for proper circulation into and out of the development. This intersection will provide dedicated left and right turns lanes out of the neighborhood, as well as single lane for traffic entering the development. This entrance will be the main entrance into the residential part of the development. The west entrance off of Veterans will provide direct access to the commercial portion of the development. A second commercial entrance has been provided back to the Street ‘A’, just to the north of the residential intersection of Veterans Parkway. This second entrance will allow for cerclulation into and out of the commercial development back to public streets.

The concept plan has included a secondary means of ingress/egress to the development. The illustration below shows a connection to the existing public stub street in the Martha’s Haven subdivision along the eastern boundary of the development. The Kristi Charline Street stub connection will provide access back to Barfield Road from this development.

Proposed Residential and Commercial Entrances

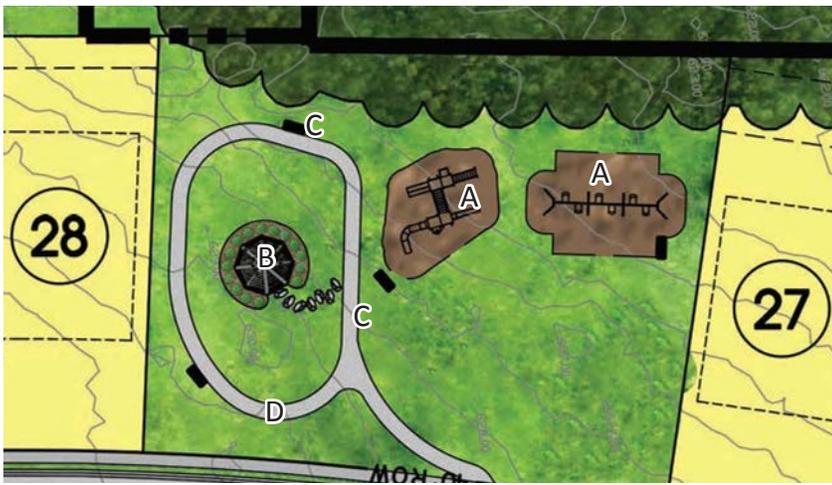

All streets within the development will be local city streets with a typical 40 foot R.O.W. cross-section. These streets will be built in accordance with the Murfreesboro Street Standards.

Stub Road Connection to Kristi Charline Street

- A Playground Area
- B Pavilion
- C Seating Area
- D Paved Walking Path

LOCATION MAP - AMENITIES

Not To Scale

The Cottages at Snell Cove will provide a total of 6.08 acres (30.5%) of common open space, of which 4.14 acres will be Usable Open Space and 1.95 acres will be for stormwater detention. The development will be exceeding the minimum open space requirement of 20% for the residential and commercial areas. Usable open space areas around the development will offer amenities such as; a playground area, a pavilion, a paved walking path in the park, and seating areas. Additionally, sidewalks will line both sides of all streets to provide pedestrian circulation through the neighborhood for residents. The residential entrance off of Veterans Parkway will incorporate development signage constructed of masonry materials, that will be anchored with landscaping and lighting.

Example of a Playground

Example of a Pavilion

Example of a Paved Walking Path and Seating Area

Example of a Swing Set

1.) A map showing available utilities, easements, roadways, rail lines and public right-of-way crossing and adjacent to the subject property.

Response: An exhibit is given on Page 8 along with descriptions of each.

2.) A graphic rendering of the existing conditions and/or aerial photograph(s) showing the existing conditions and depicting all significant natural topographical and physical features of the subject property; location and extent of water courses, wetlands, floodways, and floodplains on or within one hundred (100) feet of the subject property; existing drainage patterns; location and extent of tree cover; and community greenways and bicycle paths and routes in proximity to the subject property.

Response: Exhibits are shown on Page 9 that shows the existing contours and drainage patterns, along with an aerial photograph of the area on Page 4. No portion of the property is subject to floodplains or floodways.

3.) A plot plan, aerial photograph, or combination thereof depicting the subject and adjoining properties including the location of structures on-site and within two hundred (200) feet of the subject property and the identification of the use thereof.

Response: Exhibits and photographs on Page 4 give the location of existing structures on the subject property and the surrounding properties. An exhibit on Page 7 gives the zoning of those same properties.

4.) A drawing defining the general location and maximum number of lots, parcels or sites proposed to be developed or occupied by buildings in the planned development; the general location and maximum amount of area to be developed for parking; the general location and maximum amount of area to be devoted to open space and to be conveyed, dedicated, or reserved for parks, playgrounds, recreation uses, school sites, public buildings and other common use areas; the approximate location of points of ingress and egress and access streets; the approximate location of pedestrian, bicycle and vehicular ways or the restrictions pertaining thereto and the extent of proposed landscaping, planting, screening, or fencing.

Response: Pages 12-15 lists standards and exhibits showing the concept plan which shows each of these items.

5.) A tabulation of the maximum number of dwelling units proposed including the number of units with two (2) or less bedrooms and the number of units with more than two (2) bedrooms.

Response: The maximum number of dwelling units with two (2) bedrooms or more are listed on Page 13.

6.) A tabulation of the maximum floor area proposed to be constructed, the F.A.R. (Floor Area Ratio), the L.S.R. (Livability Space Ratio), and the O.S.R. (Open Space Ratio). These tabulations are for the PUD.

TOTAL SITE AREA (RESIDENTIAL)	747,172 s.f.
TOTAL MAXIMUM FLOOR AREA	81,000.00 s.f.
TOTAL LOT AREA	378,505 s.f.
TOTAL BUILDING COVERAGE	63,000 s.f.
TOTAL DRIVE/ PARKING AREA	134,670 s.f.
TOTAL RIGHT-OF-WAY	108,734 s.f.
TOTAL LIVABLE SPACE	612,502 s.f.
TOTAL OPEN SPACE	264,471 s.f.
FLOOR AREA RATIO (F.A.R.)	0.11
LIVABILITY SPACE RATIO (L.S.R.)	0.74
OPEN SPACE RATIO (O.S.R.)	0.92

TOTAL SITE AREA (COMMERCIAL)	99,223 s.f.
TOTAL MAXIMUM FLOOR AREA	36,000 s.f.
TOTAL LOT AREA	99,223 s.f.
TOTAL BUILDING COVERAGE	18,000 s.f.
TOTAL DRIVE/ PARKING AREA	39,248 s.f.
TOTAL RIGHT-OF-WAY	0 s.f.
TOTAL LIVABLE SPACE	59,975 s.f.
TOTAL OPEN SPACE	35,640 s.f.
FLOOR AREA RATIO (F.A.R.)	0.36
LIVABILITY SPACE RATIO (L.S.R.)	0.42
OPEN SPACE RATIO (O.S.R.)	0.82

7.) A written statement generally describing the relationship of the proposed planned development to the current policies and plans of the city and how the proposed planned development is to be designed, arranged and operated in order to permit the development and use of neighboring property in accordance with the applicable regulations of this article.

Response: The property is currently zoned Medium Density Residential (RM) in the county. The surrounding area has a mixture of residential properties and subdivisions. The 2035 Land Use plan suggests a Suburban Residential (SR). The concept plan and development standards combined with the architectural requirements of the homes and commercial buildings shown within this booklet align and closely mimic the type of developments in the surrounding area and are envisioned to complement the development in this area.

8.) If the planned development is proposed to be constructed in stages or units during a period extending beyond a single construction season, a development schedule indicating:

(aa) the approximate date when construction of the project can be expected to begin;

Response: The project is anticipated to be developed in one phase.

9.) Proposed means of assuring the continued maintenance of common space or other common elements and governing the use and continued protection of the planned development. For this purpose, the substance of any proposed restrictions or covenants shall be submitted.

Response: This requirement has been addressed on Pages 13 & 16.

10.) A statement setting forth in detail either (1) the exceptions which are required from the zoning and subdivision regulations otherwise applicable to the property to permit the development of the proposed planned development or (2) the bulk, use, and/or other regulations under which the planned development is proposed.

Response: The applicant is requesting the following exceptions with this PUD.

RESIDENTIAL SETBACKS	RS-6	PUD	DIFFERENCE
Front Setback	35.0'	35.0'	0'
Secondary Front Setback	35.0'	35.0'	0'
Side Setback	5.0'	5.0'	0'
Rear Setback	20.0'	20.0'	0'
Minimum Lot Size	6,000 s.f.	6,000 s.f.	0 s.f.
Minimum Lot Width	50.0'	55.0'	+5.0'

COMMERCIAL SETBACKS	CF	PUD	DIFFERENCE
Front Setback - Veterans	42.0'	30.0'	-12.0'
Street 'A'	42.0'	15.0'	-27.0'
Street 'B'	42.0'	15.0'	-27.0'
Western Property Line	10.0'	15.0'	+15.0'
Building Height	45.0'	35.0'	-10.0'

11.) The nature and extent of any overlay zone as described in Section 24 of this article and any special flood hazard area as described in Section 34 of this article

Response: This property is not in the Gateway Design Overlay District, Airport Overlay District (AOD), Historic District (H-1), or Planned Signage Overlay District (PS). No portion of this property lies in Zone AE, within the 100-year floodplain, according to the current FEMA Map Panel 47149C0270H Eff. Date 01/05/2007.

12.) The location and proposed improvements of any street depicted on the Murfreesboro Major Thoroughfare Plan as adopted and as it may be amended from time to time.

Response: Pages 5 & 16 discusses the Major Thoroughfare Plan. Veterans Parkway has been improved to a 5-lane roadway width according to the Murfreesboro 2025 Major Thoroughfare Plan.

13.) The name, address, telephone number, and facsimile number of the applicant and any professional engineer, architect, or land planner retained by the applicant to assist in the preparation of the planned development plans. A primary representative shall be designated.

Response: The primary representative is Rob Molchan of SEC, Inc. Developer/ applicant is Greenland Partners, LLC. Contact info for both is provided on cover.

14.) Architectural renderings, architectural plans or photographs of proposed structures with sufficient clarity to convey the appearance of proposed structures. The plan shall include a written description of proposed exterior building materials including the siding and roof materials, porches, and decks. The location and orientation of exterior light fixtures and of garages shall be shown if such are to be included in the structures.

Response: Pages 14-17 show the architectural character of the proposed residential and commercial buildings and building materials listed. However, exact configuration for these items is unknown and will be determined as each building is built.

15.) If a development entrance sign is proposed the application shall include a description of the proposed entrance sign improvements including a description of lighting, landscaping, and construction materials.

Response: Examples of entrance signage are located on Page 13 and a description is on Pages 13, 16, 19, and 21.

Boundary. Sanitary sewer is not available to this study area. However, the Murfreesboro Water Resources Board has approved the use of a Modified STEP system. Chairman Bob Lamb opened the public hearing. No one came forward to speak for or against the zoning request; therefore, Chairman Bob Lamb closed the public hearing.

Ms. Kathy Jones made a motion to approve, seconded by Mr. Ken Halliburton. The motion carried by unanimous vote in favor.

Zoning application [2018-440] for approximately 19.94 acres to be zoned PUD simultaneous with annexation (The Cottages at Snell Cove PUD) located along Veterans Parkway, Greenland Partners, LLC developer. Ms. Marina Rush began by noting that the agenda showed the name of the development as “The Cottages at Snell Grove,” while the correct name is “The Cottages at Snell Cove.” Ms. Rush summarized the staff report, which was made available in the agenda packet provided to the Planning Commission. Ms. Rush explained that the subject properties total 19.94 acres and are located along Veterans Parkway, west of the intersection of Barfield Road and Veterans Parkway. Ms. Rush noted that the applicant has requested that the property be rezoned to PUD to allow for 45 single family lots and 2.29 acres of commercial development. The Future Land Use Map recommends suburban residential as the land use. Ms. Rush noted that the commercial component of the request was not consistent with the Future Land Use Map.

Mr. Rob Molchan was in attendance on behalf of the applicant. He discussed the proposed plan, noting the following:

- 19.94 acres total
- 45 single-family lots
- 6.08 acres of open space
- Minimum of 1800 sq. ft. per home
- Minimum of two bedrooms per home
- Two-car garages with decorative doors
- Will have homeowners association (HOA)
- Brick, stone and cement fiber board siding as primary materials
- Mail kiosk with parking area
- Park and walking paths

Mr. Ken Halliburton asked what the distance was from the proposed commercial lots to the residential lots. Mr. Molchan said 600-700 feet.

Chairman Bob Lamb opened the public hearing.

The following residents spoke during the public hearing:

- Brad Gibson (1112 Kristi Charline Street) opposes proposed project due to safety and traffic concerns.

- Deana Raffo (1205 Kristi Charline Street) opposes proposed project due to safety and traffic concerns.
- Marie Clark (1008 Kristi Charline Street) opposes proposed project due to safety and traffic concerns.
- Ben Roy (204 John Paul Court) opposes the proposed project due to safety and traffic concerns.
- Michelle Thomas (1123 Kristi Charline Street) opposes the proposed project due to safety and traffic concerns and the difference in width between county and city roads.
- Greg Raffo (1205 Kristi Charline Street) opposes the proposed project due to safety and traffic concerns and the removal of the tree line.
- Tabatha Angell (1115 Kristi Charline Street) requests that the second entrance be made on Veterans Parkway.
- Jeanette Angell (1115 Kristi Charline Street) requests that the second entrance be made on Veterans Parkway.
- Adam Carney (1107 Kristi Charline Street) opposes the proposed project due to the possible light pollution.
- Lester Gonzales (1111 Kristi Charline Street) opposes the proposed project due to possible drainage issues.
- Bryan Ricks (207 John Paul Court) opposes the proposed project due to possible damage to the tree line.
- Jerri Boland (211 John Paul Court) opposes the proposed project due to the possibility that the detention pond will bring mosquitos.
- Kyle Shilling (1004 Kristi Charline Street) opposes the proposed project due to safety and traffic concerns.

Chairman Bob Lamb closed the public hearing.

Mr. Rob Molchan noted that the tree line will be preserved due to a proposed “tree line preservation zone” that runs along the rear property line on the lots that back up to Martha’s Haven and Mr. Snell’s property. Mr. Molchan explained that the street lights will be to the Murfreesboro Electric Department’s standards. Regarding the concerns about the detention pond, Mr. Molchan noted that the design of the detention pond is to contain all the water that falls on the property and will move north. The way it is engineered, the proposed detention pond should not retain water, and water will flow off the property. Mr. Molchan explained that the connection to Kristi Charline Street is for emergency services, utilities, and infrastructure.

Mr. Ken Halliburton asked Mr. Molchan about the road width difference between Kristi Charline Street and the proposed extension. Mr. Molchan answered that the street standards are different between Rutherford County and the City of Murfreesboro, and there will be an

area that will taper to help the transition from the different widths. Mr. Molchan noted that the difference is about two feet in width.

Mr. Halliburton asked about the possibility of making the second entrance on Suzanne Drive. Mr. Molchan said that it is not accessible because of Mr. Snell's property. Mr. Donald Anthony noted that if Mr. Snell decides to develop the remaining part of his property, the developer will be asked to make a connection to Suzanne Drive as well. Staff would want connections to be made to both Suzanne Drive and Kristi Charline Street.

Ms. Kathy Jones asked Mr. Molchan if mosquitos will be an issue. Mr. Molchan explained that the detention pond will not hold water long enough to allow it to become stagnant and attract mosquitos.

Ms. Kathy Jones asked Mr. Sam Huddleston if there was any way to determine or calculate possible traffic that would use Kristi Charline Street as a "cut through." Mr. Sam Huddleston explained that the proposed development is small in comparison to most neighborhood developments that are in the city limits, and staff did not feel a traffic study was necessary for it. Mr. Huddleston explained that typically drivers take the path of least resistance, and that is why staff believes that "cut through" traffic will not be a consistent problem.

Mr. Ronnie Martin made a motion to approve, seconded by Ms. Kathy Jones. The motion carried by unanimous vote in favor.

There being no further business, the meeting adjourned at 7:13 p.m.

Secretary

RESOLUTION 19-R-PS-03 to adopt a Plan of Services for approximately 21.16 acres along Veterans Parkway, Fred Snell, Jr., applicant. [2018-513]

WHEREAS, the Owner(s) of the territory identified on the attached map as the “Area to be Annexed” have either petitioned for annexation or given written consent to the annexation of such territory; and

WHEREAS, a proposed Plan of Services for such territory was prepared and published as required by T.C.A. §6-51-102 and T.C.A. §6-51-104; and

WHEREAS, the proposed Plan of Services was submitted to the Murfreesboro Planning Commission on January 9, 2019 for its consideration and a written report, at which time the Planning Commission held a public hearing and thereafter recommended approval of the Plan of Services to the City Council;

WHEREAS, a Public Hearing on the proposed Plan of Services was held before the City Council of the City of Murfreesboro, Tennessee, on March 21, 2019, pursuant to a Resolution passed and adopted by the City Council on January 31, 2019, and notice thereof published in The Murfreesboro Post, a newspaper of general circulation in said City, on March 5, 2019; and,

WHEREAS, the Plan of Services for the territory identified on the attached map as the “Area to be Annexed” establishes the scope of services to be provided and the timing of such services and satisfies the requirements of T.C.A. §6-51-102.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That, pursuant to authority conferred by T.C.A. Sections 6-51-101, et seq., the Plan of Services attached hereto for the territory identified on the attached map as the “Area to be Annexed” is hereby adopted as it is reasonable with respect to the scope of services to be provided and the timing of such services.

SECTION 2. That this Resolution shall take effect upon the effective date of the Annexation Resolution with respect to the territory, **Resolution 19-R-A-03**, the public welfare and the welfare of the City requiring it.

INTRODUCTION

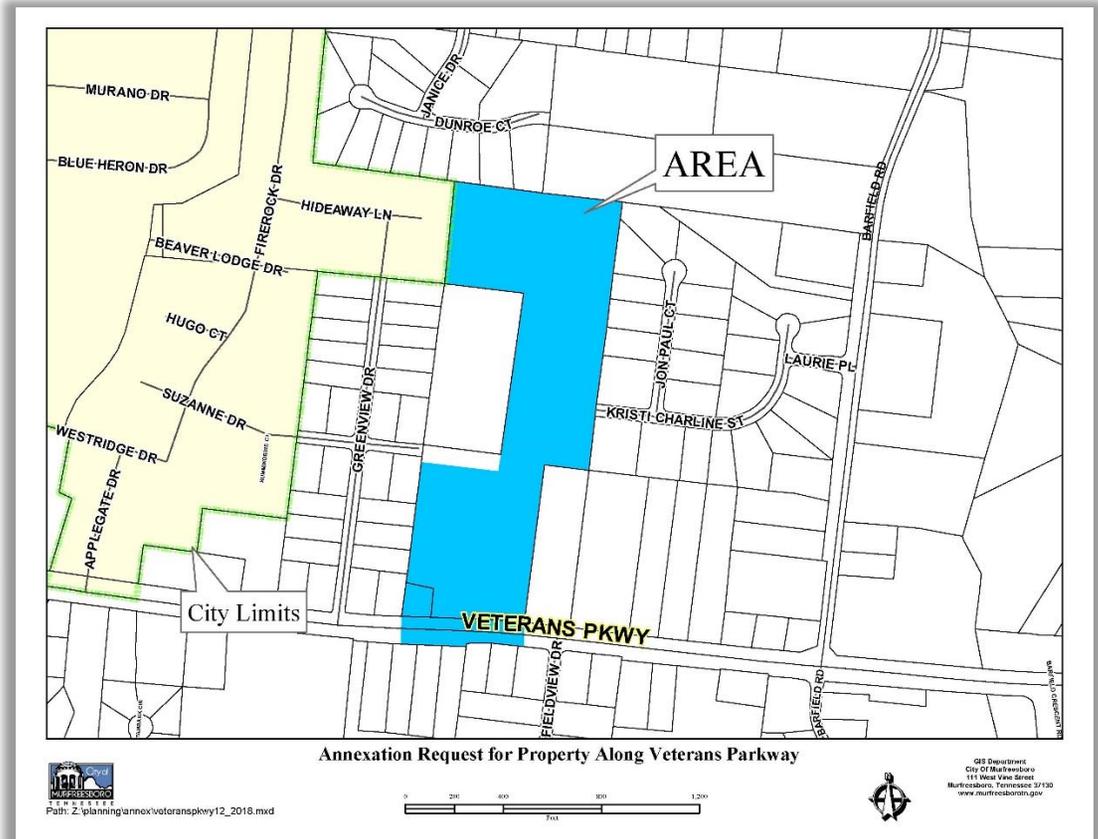

OVERVIEW

The property owner, Mr. Fred Snell, Jr., has submitted a petition requesting that his property be annexed by the City of Murfreesboro for two parcels located along Veterans Parkway. The request includes a companion zoning change to Planned Unit District (PUD) simultaneous with the annexation. The rezoning request is to allow for the development of 45 single-family residential lots and approximately 20,000 square feet of commercial space.

The two parcels are located on the north side of Veterans Parkway west of Barfield Road, and, combined, they are approximately 19.94 acres. They are currently developed with two single-family residences and accessory structures. The study area also includes approximately 500 linear feet of Veterans Parkway right-of-way. The total study area is approximately 21.1 acres and consists of:

- Tax Map 124, Parcel 023.00 (approximately 0.44 acre)
- Tax Map 124, Part of Parcel 022.00 (approximately 19.5 acres)
- 500' linear feet of Veterans Parkway (approximately 1.16 acres)

The study area lies within the City of Murfreesboro's Urban Growth Boundary and is contiguous with the existing City limits.

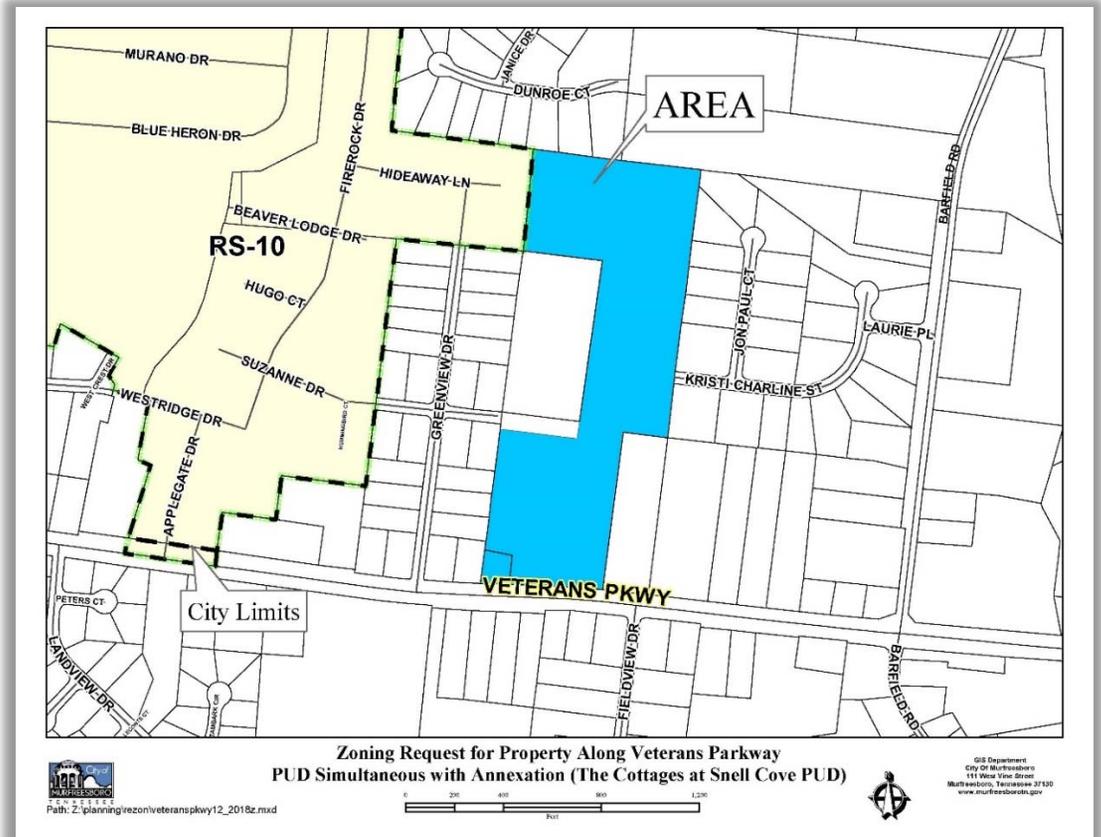

CITY ZONING

Simultaneous with the annexation, a request for rezoning for the subject property to PUD (Planned Unit District) is requested. The application for rezoning is being made by Greenland Partners, LLC. The request is to allow for the development of 45 single-family residences, as well as commercial buildings fronting along Veterans Parkway.

The study area is presently zoned RM (Residential – Medium Density) in the unincorporated area of Rutherford County. The nearest City incorporated properties are northwest of the subject property.

The adjacent unincorporated area is zoned RM and developed with single-family homes, including Southwood Estates subdivision to the west, Martha's Haven subdivision to the east, and River Downs subdivision to the north.

MURFREESBORO 2035 - FUTURE LAND USE DESIGNATION

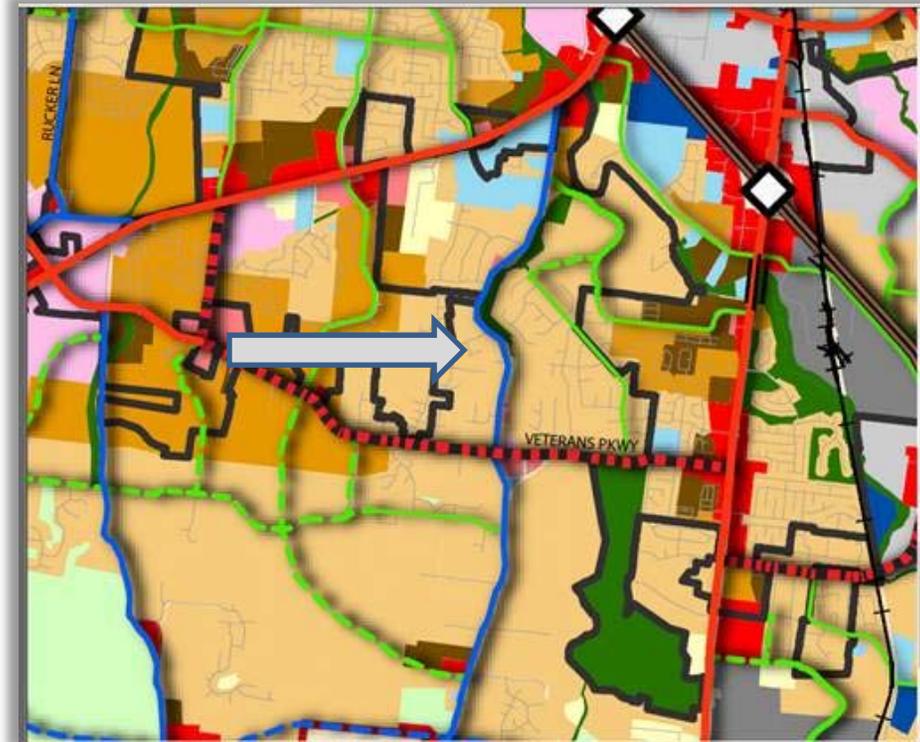

The future land use map contained in the Murfreesboro 2035 Comprehensive Plan, which was adopted by the Planning Commission in July 2017, depicts a recommended future land use classification of “Suburban Residential.”

Suburban Residential recommends lot sizes equivalent to the RS-15, RS-12, or RS-10 zones or, alternatively, smaller lot sizes in exchange for greater open space. The recommended density is 2.0 - 3.54 dwelling units per acre. The lot sizes proposed in the PUD are 6,000 square-feet, which is less than the recommended lot size, but, with the open space included in the plan, the density for the residential portion of the proposed PUD is within the recommended range at 2.55 dwelling units per acre. The residential portion of the PUD is consistent with the recommendations of the comprehensive plan.

The uses identified for the commercial portion of the PUD are not consistent with the “Suburban Residential” designation and are more consistent with the “Suburban (Neighborhood) Commercial” character

designation. The Planning Commission will need to review the PUD request and determine whether or not it is appropriate to deviate from the recommendations of the comprehensive plan for the commercial portion of the PUD along Veterans Parkway.

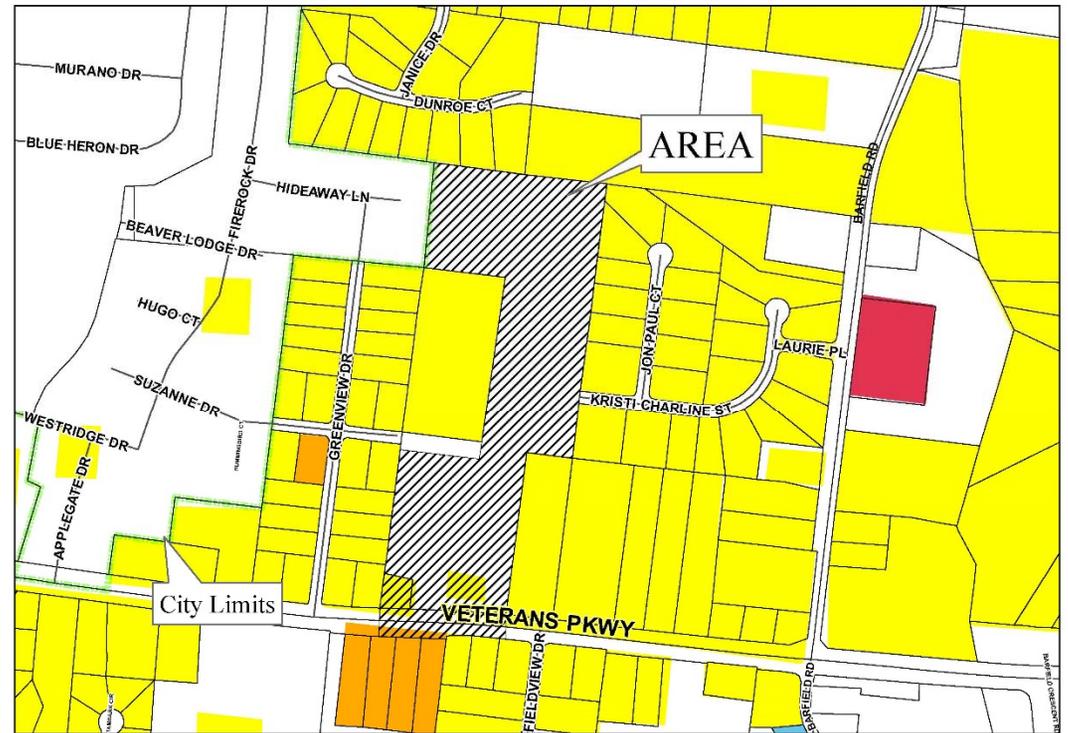

Future Land Use Map

PRESENT AND SURROUNDING LAND USE

The study area is developed with two single-family residences and accessory structures.

Surrounding land uses are primarily single-family residences and vacant land.

TAXES AND REVENUE

The first City tax bill for all property annexed during the calendar year of 2019 will be due on December 31, 2020. City taxes are calculated upon the property appraisal and assessment of the Rutherford County Property Assessor's Office. The current tax rate for the City of Murfreesboro is \$0.9494/\$100.00 assessed value. Residential property is assessed at a rate of 25% of its appraised value, and commercial property is assessed at a rate of 40% of its appraised value. Table I below shows total assessment and estimated City taxes that would be collected if the property were to be annexed in its present state.

Table I
Estimated Taxes from Site

Owner of Record	Acres	Land Value	Improvements Value	Total Assessment	Estimated City Taxes
Fred Clark Snell, Jr.	0.44	\$18,500	\$121,800	\$35,075	\$333.00
Fred Clark Snell, Jr.	19.5	\$140,000	\$76,800	\$54,200	\$514.57

These figures are for the property in its current state and assessed at the residential rate of 25 percent. After this property is rezoned to Planned Unit District (PUD) and when it is developed, an improvement value will be added, which will result in an increase to the City and County taxes.

The City of Murfreesboro is also projected to receive additional revenue from state-shared taxes. Table II below shows the 2018-2019 per capita state revenue estimates for the City of Murfreesboro once the development is built out. The study area will be developed with 43 single-family homes.

Table II
Per Capita State Revenue Estimates

General Fund	Per Capita Amount
State Sales Tax	\$85.00
State Beer Tax	\$0.50
Special Petroleum Products Tax (Gasoline Inspection Fee)	\$2.05
Gross Receipts (TVA in-lieu taxes)	\$11.30
<i>Total General Revenue Per Capita</i>	\$98.85
State Street Aid Funds	Per Capita Amount
Gasoline and Motor Fuel Taxes	\$34.30
<i>Total Per Capita (General and State Street Aid Funds)</i>	\$133.15
Total State-Shared Revenues (based on full build-out at 2.58 per dwelling unit for 45 lots)	\$15,458.72

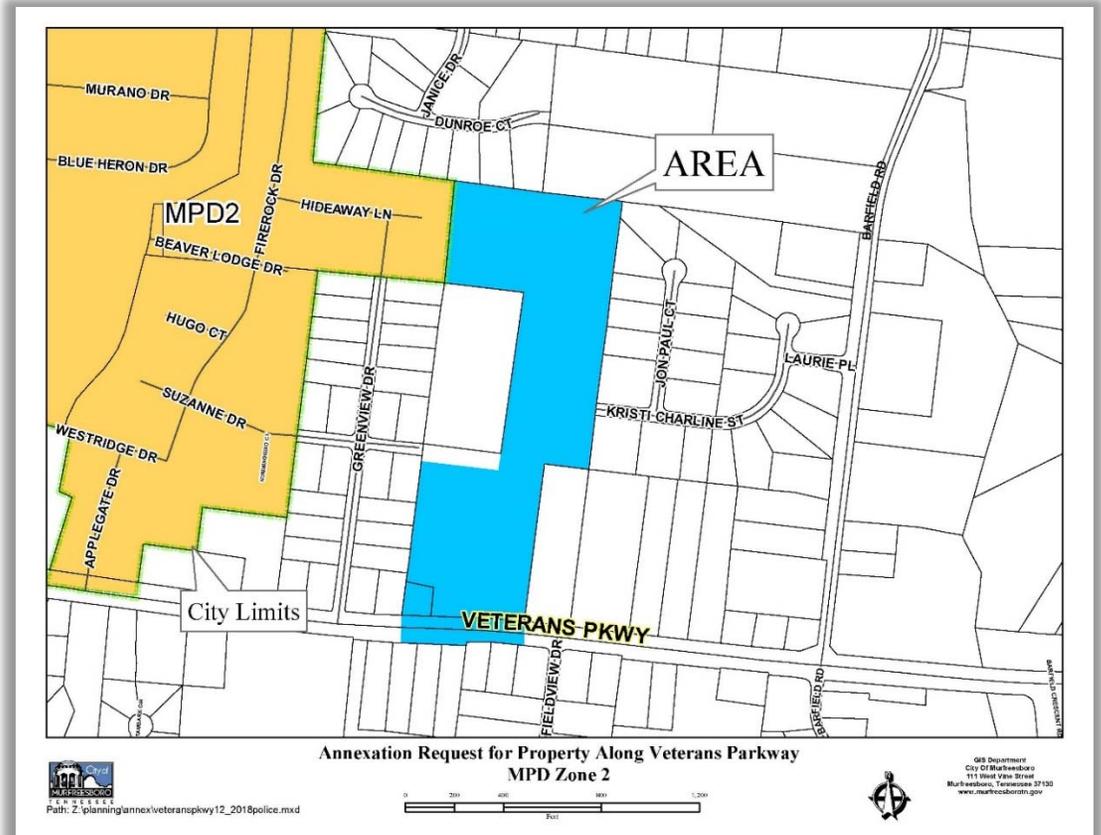

The per capita state revenue estimates apply only to new residents and will only be available after a certified census takes place.

PLAN OF SERVICES

POLICE PROTECTION

At present, the study area receives police service through the Rutherford County Sheriff's Department. If annexed, the Murfreesboro Police Department will begin providing services such as patrol, criminal investigation, community policing, traffic operations, canine, DARE, and other community crime prevention programs to the subject parcels immediately upon the effective date of annexation.

This annexation will have no negative impact on the Murfreesboro Police Department. The Murfreesboro Police Department can provide police services to the study area as it currently exists with no additional fiscal impact. The study area is located in Police Zone #2.

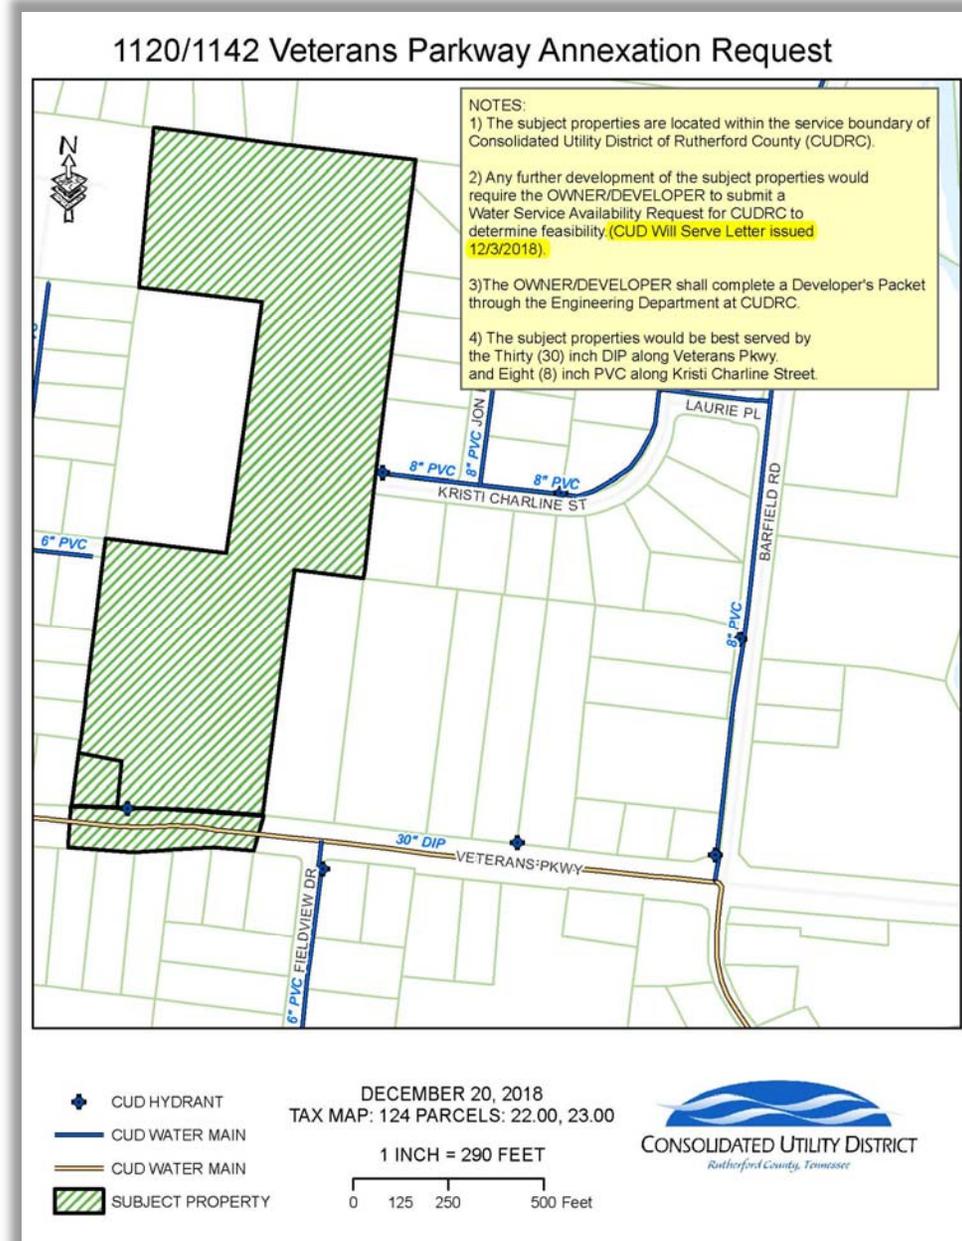

WATER SERVICE

The study area lies within the boundary of Consolidated Utility District's (CUD) service area. CUD presently maintains a 30-inch ductile iron pipe on the south side of the property along Veterans Parkway and an 8-inch PVC water line on the east side of the study area along Kristi Charline Street.

The owner/developer submitted a Water Service Availability Request, and CUD issued a Will-Serve letter on December 3, 2018. The owner/developer shall complete a Developer's Packet through the Engineering Department at CUD.

The existing CUD water lines are shown on the adjacent map. Any new water line development must be done in accordance with CUD's development policies and procedures.

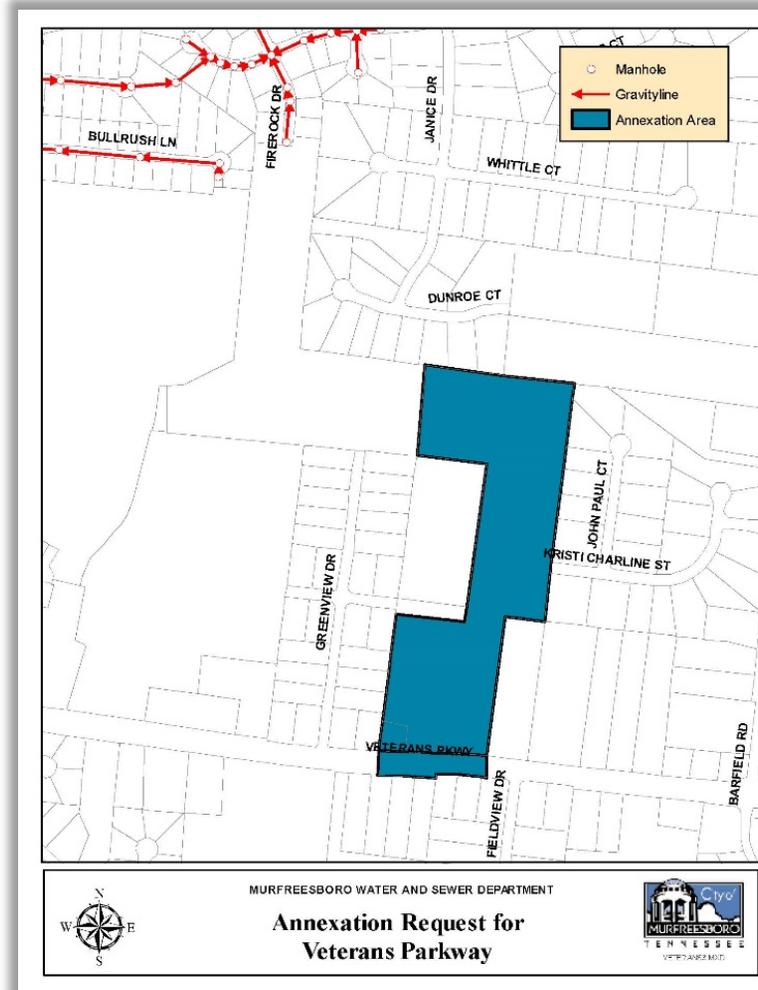

SANITARY SEWER SERVICE

The Murfreesboro Water Resources Department's (MWRD) current definition of "available" is defined as gravity sanitary sewer that is adjacent to the property line within an easement or in a public right-of-way. Currently, public sanitary sewer is unavailable to the study area.

The developer wishes to serve the subdivision with the use of a "modified" STEP (Septic Tank Effluent Pumping) system as the means of sewage disposal, which MWRD would operate and maintain once the system is constructed by the developer. With the "modified" STEP system, the developer would install sewer force mains within the streets of the subdivision and each residential and/or commercial lot would have its own STEP tank and gray water pump. This tank and pump, operated and maintained by MWRD, would be within an easement on the individual platted properties; however, instead of pumping to a sand filter and drip field, the gray water would be pumped to an existing sanitary sewer manhole. The developer will be required to work with the adjacent property owner to the northwest and acquire an off-site sewer easement dedicated to the City of Murfreesboro in order to connect to the existing sewer main. MWRD will require this easement to be dedicated prior to reviewing construction drawings. Schematic drawings will be accepted to determine an acceptable easement route prior to the legal description and exhibit being

prepared by the Legal Department for signatures and recording.

This subdivision will be assessed the standard and customary sanitary sewer connection fees. All sewerage improvement may be installed in accordance with the applicable State Design Criteria and Regulations, MWRD's Design Standards, CUD's construction specifications for STEP systems, and the Development Policies and Procedures of MWRD.

STREETS AND ACCESS

The annexation study area includes approximately 500 linear feet of Veterans Parkway right-of-way (ROW). This roadway was constructed to Tennessee Department of Transportation (TDoT) standards in a partnership between TDoT, the City of Murfreesboro, and Rutherford County. By agreement with Rutherford County, the City of Murfreesboro provides operation and maintenance of this roadway. Upon annexation, the roadway will remain the responsibility of the City of Murfreesboro, including all routine maintenance, and the conditions of the maintenance agreement with Rutherford County will no longer apply to the study area. Veterans Parkway is a 5-lane street, including curb and gutter, sidewalk and street lighting. Based on an estimated 10-year re-pavement cycle for major arterial roadways, annualized roadway maintenance costs are estimated at \$27,500 for this roadway. This cost is currently being borne by the City and will not increase if the ROW is annexed. Any new connections to Veterans Parkway must be approved by the City Engineer. Any future public roadway facilities to serve the area must meet City standards.

REGIONAL TRAFFIC & TRANSPORTATION

The 2014 Level of Service Model in the 2040 Major Transportation Plan shows Veterans Parkway to be operating at a Level of Service C from Barfield Road to Cason Lane. The 2040 Level of Service Model indicates that Veterans Parkway operates at a Level of Service F from Barfield Road to Cason Lane without the proposed improvements recommended in the 2040 Plan. With the improvements proposed in the 2040 plan, this section of roadway will operate at a level of service E with a small portion at a Level of Service F.

STORMWATER MANAGEMENT

Storm Water Management and Utility Fees

Upon annexation, stormwater management services provided by the City of Murfreesboro will be available to the study area. The study area currently has two single-family residences and will generate approximately \$78 per year in revenue for the Stormwater Utility Fee.

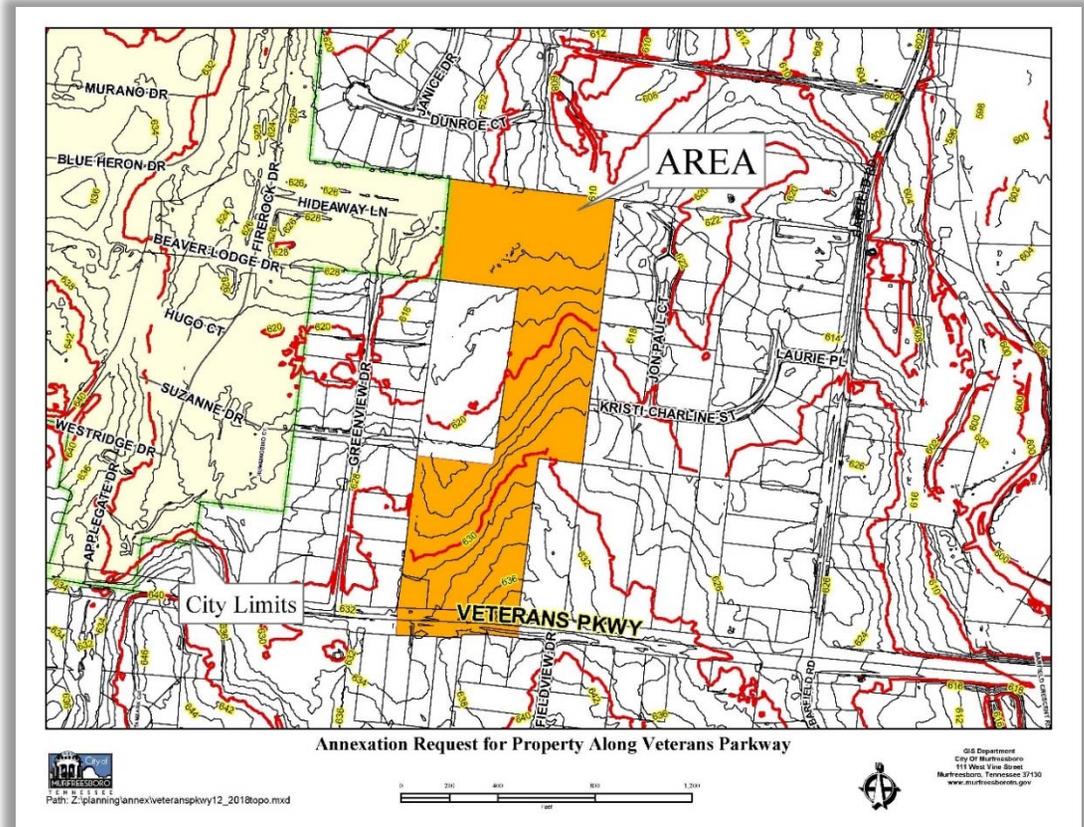

The proposed Cottages at Snell Cove PUD zoning will result in a master-planned developed impervious area of 19.94 acres consisting of 45 single-family detached lots on 17.65 acres and commercial development on 2.29 acres. Based on this development scenario, it is anticipated that the site will generate approximately \$1,755 for single-family development and \$495 for commercial development with \$2,250 total in additional revenue per year into the Stormwater Utility Fund upon full build-out.

Public Drainage

The study area currently does not contain a public drainage facility, but it does have access to public storm sewer on Veterans Parkway. Upon annexation and development, any new drainage facilities would be anticipated to be private. Future operation and maintenance costs, if any, are anticipated to be paid from the Stormwater Utility Fee and State Street Aid. Any public drainage facilities proposed to serve the study area in the future must meet City standards.

Regional Drainage Conditions

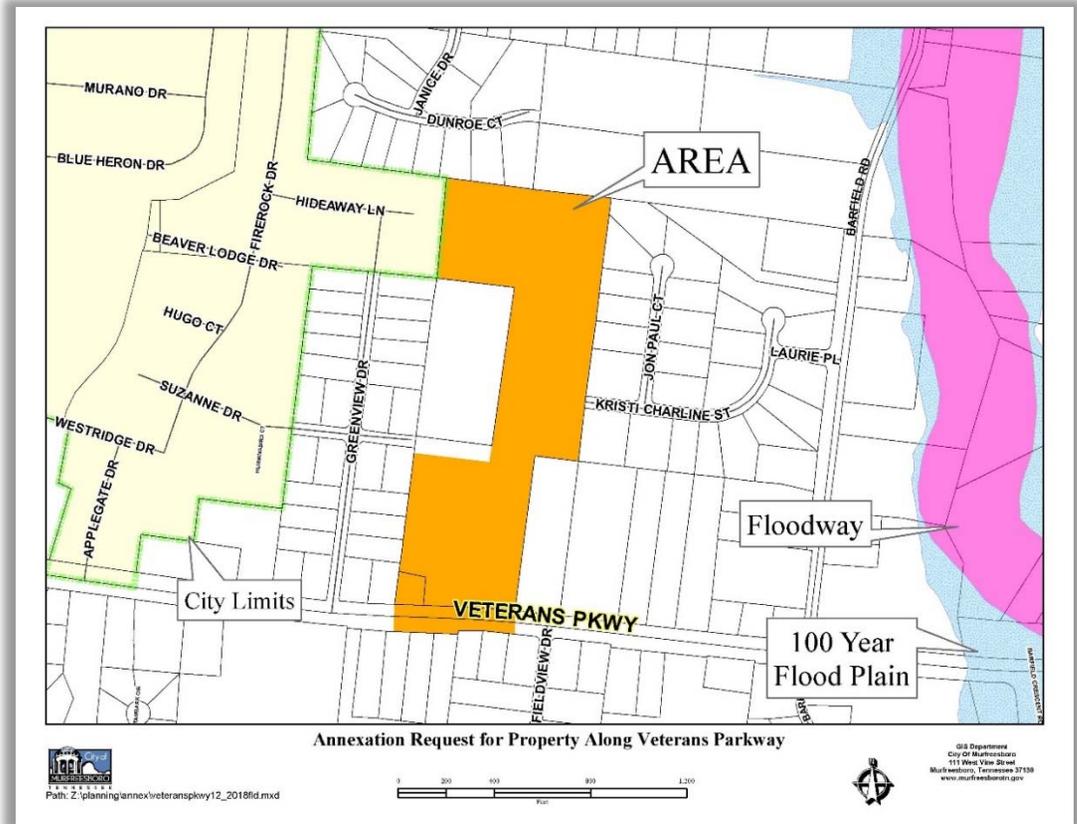

A review of a topographic map shows that the property drains to the northeast corner of the property to a wet weather conveyance on the neighboring property to the north and eventually to the West Fork of the Stones River, which is located east of the study area. It appears that a portion of the property is lower than the drainage system in Veterans Parkway limiting potential access to this drainage outlet. No portion of this property is located in the 100-year floodplain.

FLOODWAY

The study area is not located within a floodway or 100-year floodplain as delineated on the Flood Insurance Rate Maps (FIRM) developed by the Federal Emergency Management Agency (FEMA).

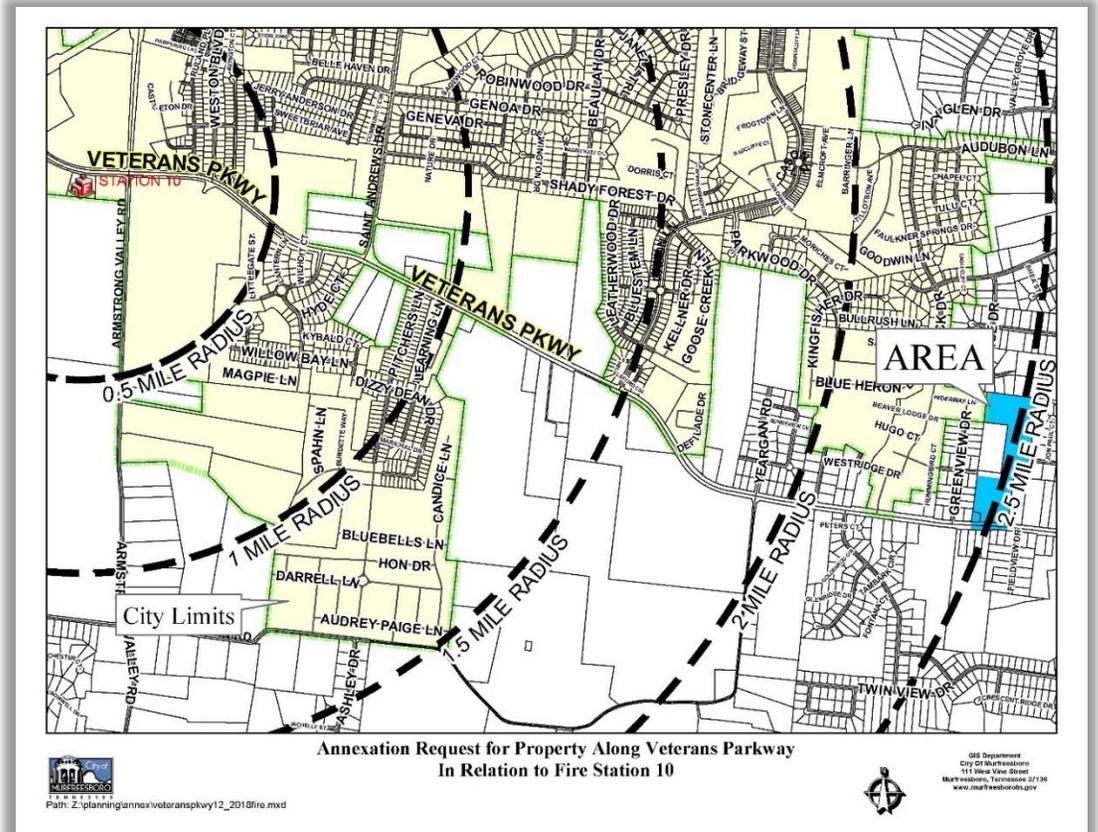

The adjacent map shows the floodway boundary in purple and the 100-year floodplain boundary in blue.

FIRE AND EMERGENCY SERVICE

The study area contains two existing single-family residences and several accessory structures. Murfreesboro Fire and Rescue Department (MFRD) will provide fire protection to the study area with a full-time, professional staff as well as medical first responder service immediately upon the effective date of annexation. Prior to any development in the study area, the developer shall provide adequate fire flows and install water lines and fire hydrants per the Murfreesboro Water Resources Department (MWRD) policies and procedures.

The closest fire station to the subject property is Fire Station #10, located at 2563 Veterans Parkway, 2.5 miles from the study area. The dashed lines on the adjacent map represent linear distance ranges from the nearest fire stations.

SOLID WASTE COLLECTION

The City will provide weekly curbside solid waste collection service immediately upon the effective date of annexation, as well as brush/debris removal every two to three weeks. The cost to provide carts to the two existing single-family homes will be \$226.60 (\$53.30/cart+\$60.00/cart for assembly and delivery) and service to the two existing homes will cost approximately \$201.84 per year (\$100.92/home per year). In its present state, the study area will generate \$120 annually in revenue from the newly-adopted solid waste fee. At full build-out of the single-family portion of the proposed development, 45 carts will be required at a cost of approximately \$5,107.50. Annual cost for collection for 45 single-family homes will be approximately \$4,541.40. However, at full build-out, the proposed development will generate approximately \$2,700 in annual revenue from the solid waste fee.

ELECTRIC SERVICE

The Murfreesboro Electric Department (MED) presently serves the two existing single-family dwellings in the study area. MED will also serve any future development that occurs on the property.

STREET LIGHTING

Street lights are existing along Veterans Parkway. If the property is developed with new public streets, as anticipated, then MED street lighting will be installed along the proposed public streets as well.

GEOGRAPHIC INFORMATION SYSTEMS

The property is within the area photographed and digitized as part of the City's Geographic Information Systems (G.I.S.) program.

CITY SCHOOLS

The Murfreesboro City School system serves grades kindergarten through sixth and is offered to students who are within the jurisdiction of the City of Murfreesboro. The study area will be located in the Salem Elementary School zone, if annexed. Additional students residing on the property in its present state or from any proposed development can be accommodated.

RECREATION

Murfreesboro's Parks and Recreation facilities will be immediately available to residents of the study area upon the effective date of annexation. Currently Murfreesboro has two multi-purpose facilities, one community center, a wilderness facility, over 1,000 acres of parks, a network of greenways, and recreational sports. These facilities and programs are wholly funded by the Murfreesboro taxpayers. Children who are residents of the City of Murfreesboro, attend Murfreesboro Elementary Schools, and receive free or reduced lunches also receive free or reduced recreational fees.

BUILDING AND CODES

The property will come within the City's jurisdiction for code enforcement immediately upon the effective date of annexation. The City's Building and Codes Department will begin issuing building and construction permits and enforcing the codes and inspecting new construction for compliance with the City's construction codes immediately upon the effective date of annexation. The Building and Codes Department will also ensure that any new signs associated with the development of the property comply with the Sign Ordinance. No additional costs are expected.

PLANNING, ENGINEERING, AND ZONING SERVICES

The property will come within the City's jurisdiction for planning and engineering code enforcement immediately upon the effective date of annexation. As new development occurs, the Planning Commission will review all site plans, preliminary, and final plats. Among other duties, the Planning and Engineering Departments will inspect and monitor new construction of streets and drainage structures for compliance with the City's development regulations.

ANNEXATION FOLLOW-UP

The Murfreesboro City Council will be responsible for ensuring that this property will receive City services described in this plan. According to the Tennessee Growth Policy Act, six months following the effective date of annexation, and annually thereafter until all services have been extended, a progress report is to be prepared and published in a newspaper of general circulation. This report will describe progress made in providing City services according to the plan of services and any proposed changes to the plan. A public hearing will also be held on the progress report.

RESOLUTION 19-R-A-03 to annex approximately 21.16 acres along Veterans Parkway, and to incorporate the same within the corporate boundaries of the City of Murfreesboro, Tennessee, Fred Snell, Jr., applicant. [2018-513]

WHEREAS, the Owner(s) of the territory identified on the attached map as the "Area Annexed" have either petitioned for annexation or given written consent to the annexation of such territory; and

WHEREAS, a Plan of Services for such territory was adopted by **Resolution 19-R-PS-03** on March 21, 2019; and

WHEREAS, the Planning Commission held a public hearing on the proposed annexation of such territory on January 9, 2019 and recommended approval of the annexation; and

WHEREAS, the annexation of such territory is deemed beneficial for the welfare of the City of Murfreesboro as a whole.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That, pursuant to authority conferred by T.C.A. Sections 6-51-101, et seq., the territory identified on the attached map as the "Area Annexed" is hereby annexed to the City of Murfreesboro, Tennessee and incorporated within the corporate boundaries thereof.

SECTION 2. That this Resolution shall take effect upon the effective date of the Zoning Ordinance with respect to the annexed territory, **Ordinance 19-OZ-03**, the public welfare and the welfare of the City requiring it.

ORDINANCE 19-OZ-03 amending the Zoning Ordinance and the Zoning Map of the City of Murfreesboro, Tennessee, as heretofore amended and as now in force and effect to zone approximately 19.94 acres along Veterans Parkway as Planned Type Development (PUD) District (The Cottages at Snell Cove PUD) simultaneous with annexation; Greenland Partners, LLC, applicant [2018-440].

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. That the same having been heretofore recommended to the City Council by the City Planning Commission, the Zoning Ordinance and the Zoning Map of the City of Murfreesboro, Tennessee, as herein referred to, adopted and made a part of this Ordinance as heretofore amended and as now in force and effect, be and the same are hereby amended so as to zone the territory indicated on the attached map.

SECTION 2. That, from and after the effective date hereof, the area depicted on the attached map be zoned and approved as Planned Unit Development (PUD) District, as indicated thereon, and shall be subject to all the terms and provisions of said Ordinance applicable to such districts, the plans and specifications filed by the applicant, and the conditions and stipulations referenced in the minutes of the Planning Commission and City Council relating to this zoning request. The City Planning Commission is hereby authorized and directed to make such changes in and additions to said Zoning Map as may be necessary to show thereon that said area of the City is zoned as indicated on the attached map. This zoning change shall not affect the applicability of any overlay zone to the area.

SECTION 3. That this Ordinance shall take effect fifteen (15) days after its passage upon second and final reading, the public welfare and the welfare of the City requiring it.

Summary

Scheduling a matter previously heard by the Planning Commission for a public hearing before Council.

Staff Recommendation

Schedule a public hearing for the item below on May 2, 2019.

Background Information

During its regular meeting on October 3, 2018, the Planning Commission conducted a public hearing on the matter listed below. After the public hearing, the Planning Commission discussed the matter and then voted to recommend its approval.

- a. Annexation plan of services and annexation petition [2018-509] for segments of Interstate 840, Interstate 24, Butler Drive, Elam Road, Joe B Jackson Parkway, John R Rice Boulevard, John Bragg Highway, and Shelbyville Pike right-of-way, City of Murfreesboro Fire and Rescue Department applicant.

This matter was originally scheduled for a public hearing before the Council on November 29, 2018. However, after it was determined that consent from the State of Tennessee and Rutherford County, respectively, was needed to move forward with the annexation of these rights-of-way, the public hearing was delayed in order to allow staff time to first secure the needed consent. Staff has since received consent from both governments and is ready to proceed in rescheduling the public hearing.

Council Priorities Served

Engaging Our Community

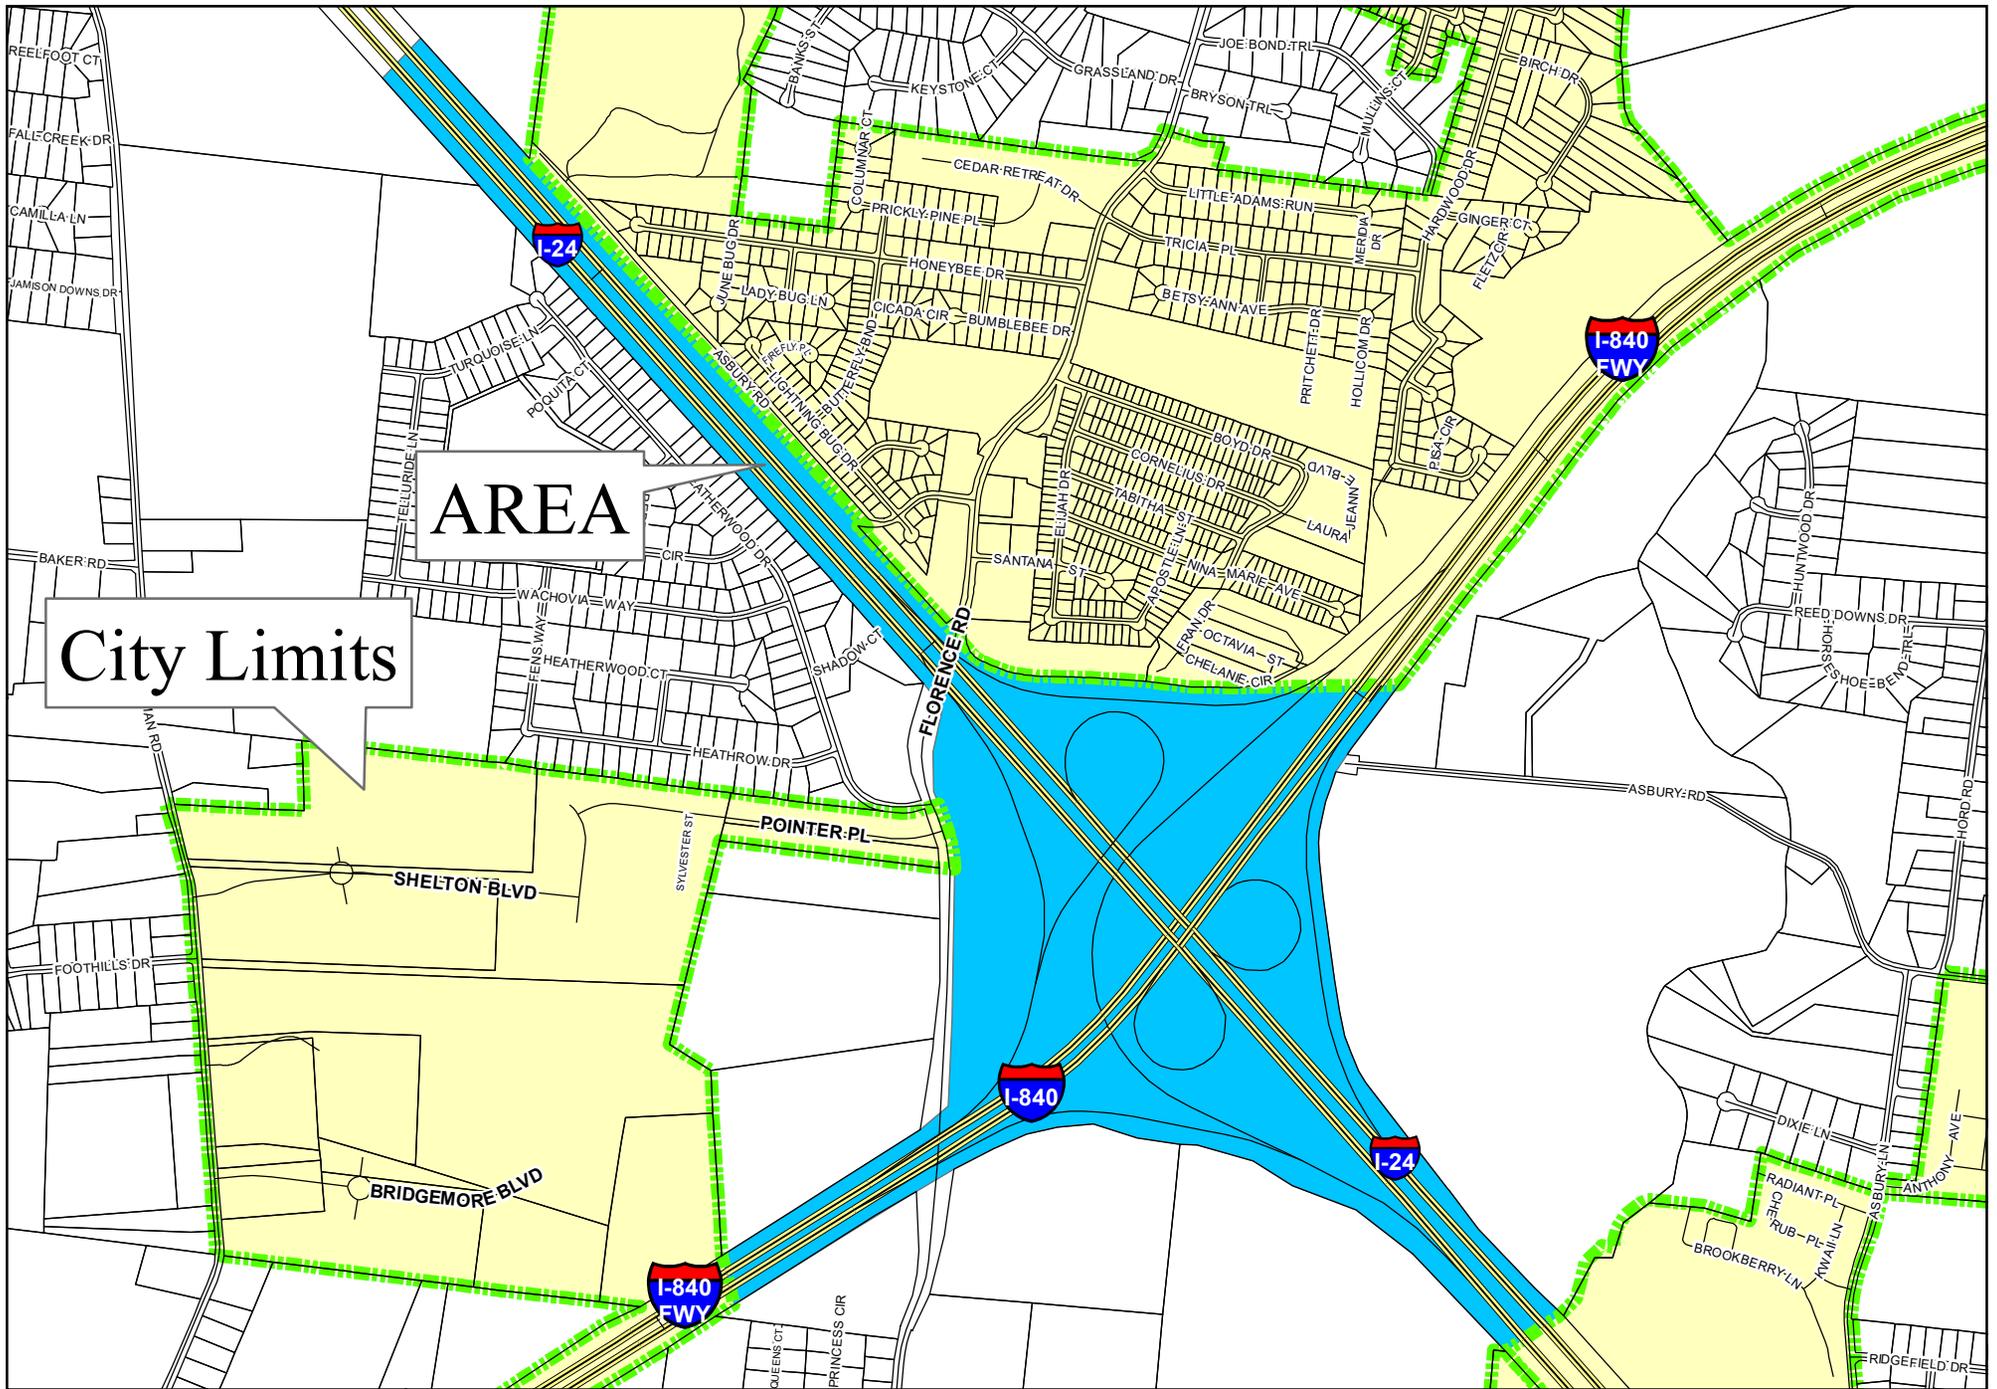

Public hearings are the official source of public input from stakeholders for annexation petitions and plans of service.

Fiscal Impacts

The only fiscal impact is the cost of advertising in the newspaper (exact cost unknown at this time).

Summary

Scheduling matters previously heard by the Planning Commission for public hearings before Council.

Staff Recommendation

Schedule public hearings for the five items below on May 2, 2019. Staff believes that all matters can be heard at one Council meeting.

Background Information

During its regular meeting on March 6, 2019, the Planning Commission conducted public hearings on the matters listed below. After the public hearings, the Planning Commission discussed the matters and then voted to recommend their approval.

- a. Zoning application [2019-407] for approximately 1.4 acres located along Mercury Boulevard to be rezoned from PCD to CH, Pradeep Agnihotri applicant.
- b. Annexation plan of services and annexation petition [2019-502] for approximately 8,100 linear feet (57.8 acres) of Interstate 24 right-of-way located between South Church Street (exit 81) and Joe B Jackson Parkway (exit 84), City of Murfreesboro Fire and Rescue Department applicant.
- c. Annexation plan of services and annexation petition [2019-501] for approximately 123 acres located along South Rutherford Boulevard, Lee Lane, and I-24, Pinnacle Bank and Elizabeth Hoover Derryberry applicants.
- d. Zoning application [2019-405] for approximately 231.3 acres located along South Rutherford Boulevard, Lee Lane and I-24 to be zoned H-I, including approximately 120.9 acres to be zoned H-I simultaneous with annexation and approximately 110.4 acres to be rezoned from CH to H-I, Brian Berryman applicant.
- e. Zoning application [2019-406] for approximately 90.56 acres located along New

Salem Highway to be rezoned from RS-15, CH, OG and RM-16 to RS-6, Vision Development applicant.

Council Priorities Served

Engaging Our Community

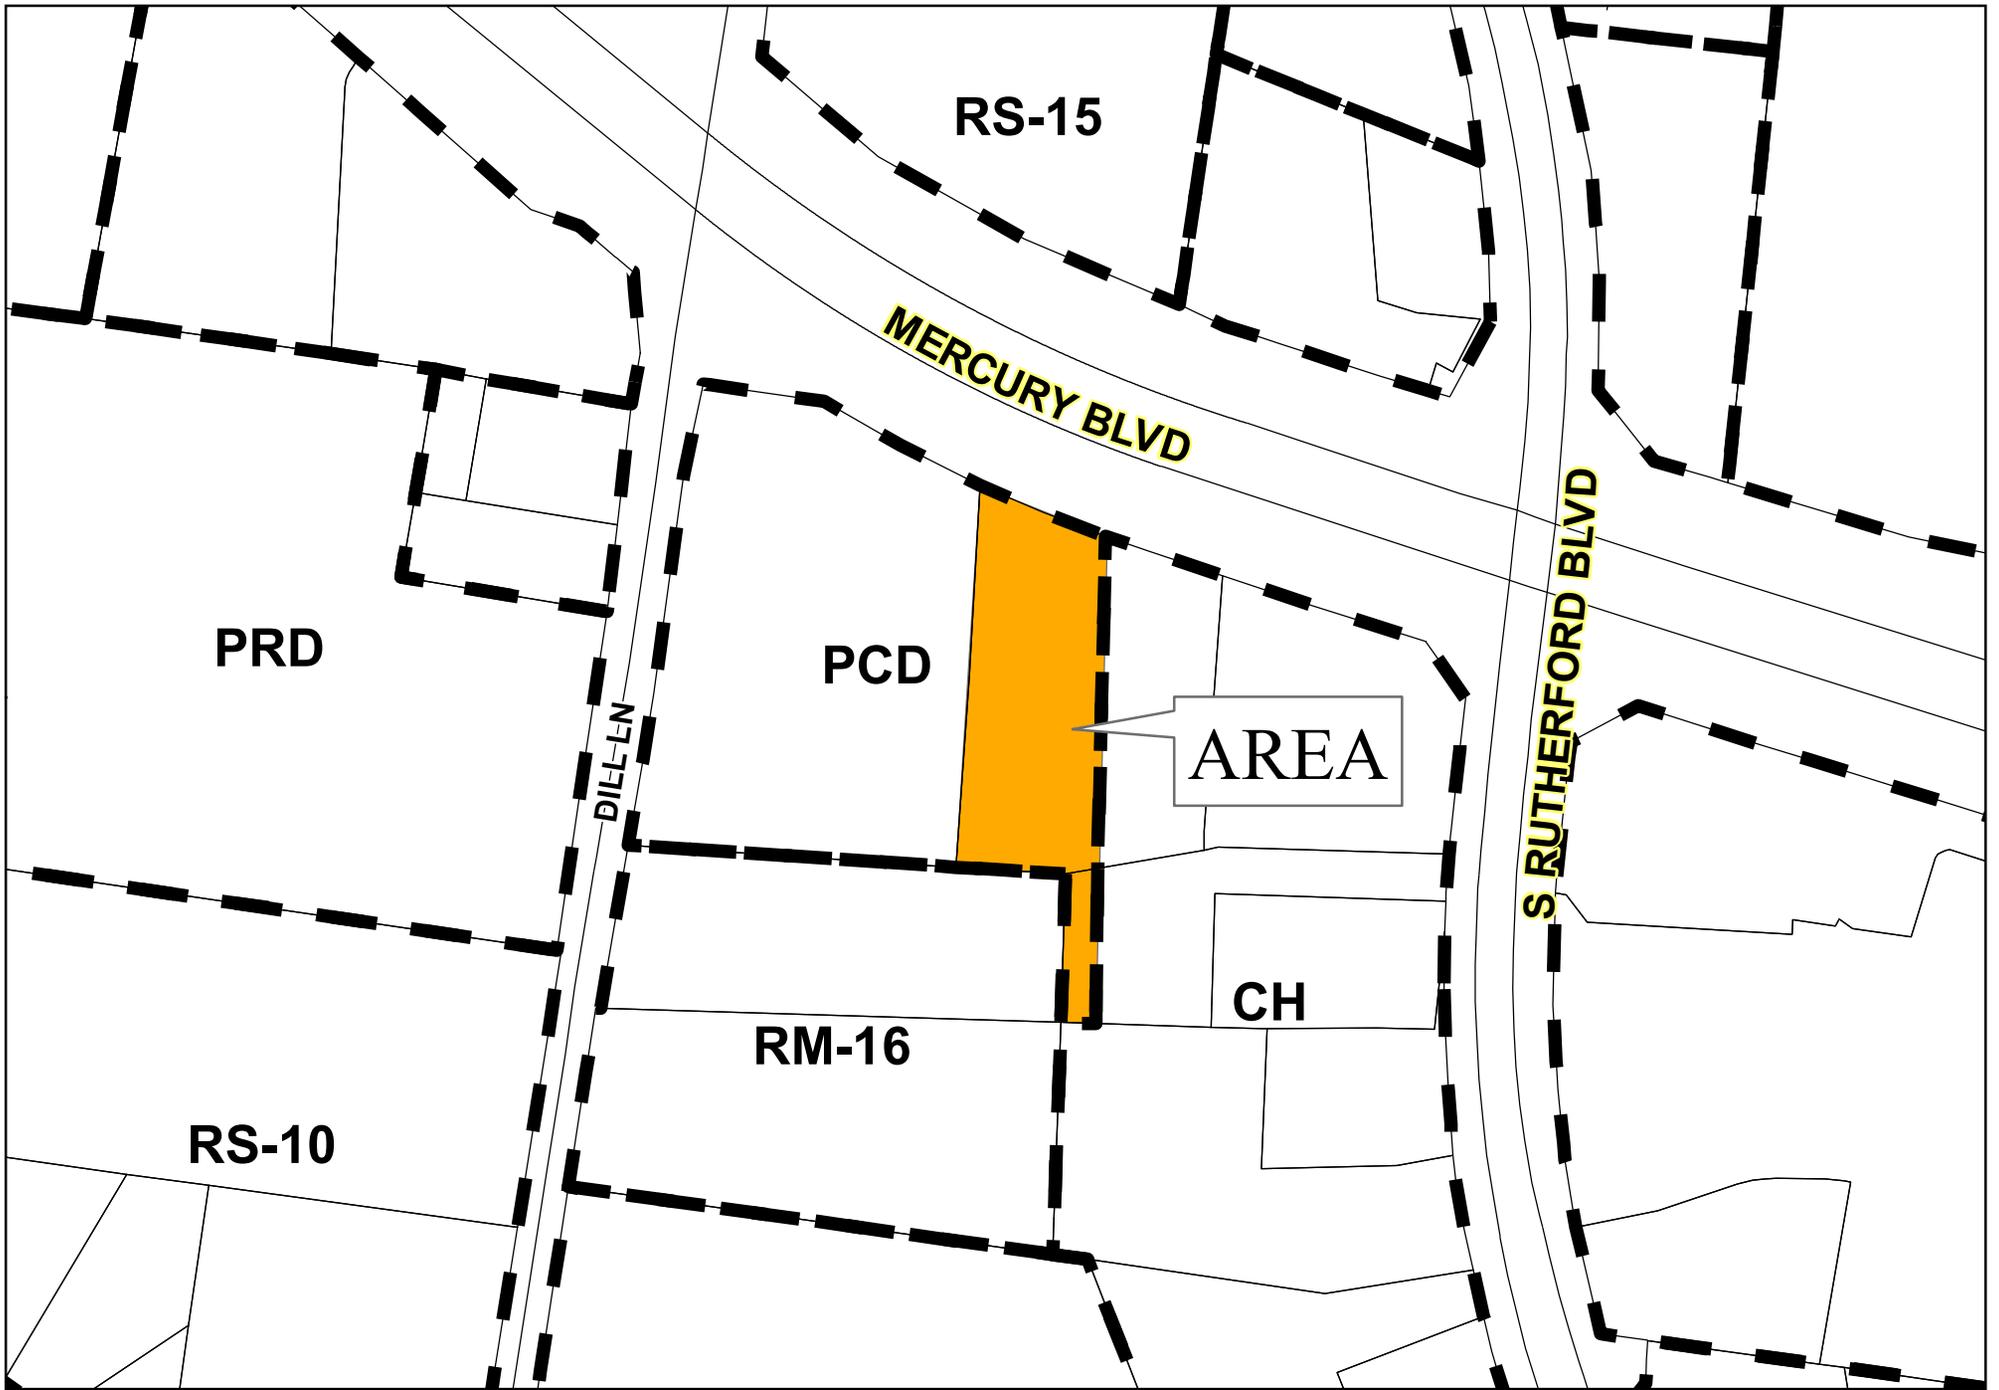

Public hearings are the official source of public input from stakeholders for annexation petitions and zoning applications.

Fiscal Impacts

The only fiscal impact is the cost of advertising in the newspaper (exact cost unknown at this time).

COUNCIL COMMUNICATION

Meeting Date: 3/21/2019

Item Title: Purchase Electronic Fare Equipment
Department: Transportation (Rover)
Presented by: Russ Brashear, Assistant Transportation Director

Requested Council Action:

Ordinance	<input type="checkbox"/>
Resolution	<input type="checkbox"/>
Motion	<input checked="" type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

Purchase of new fee collection system for Rover.

Staff Recommendation

Approval of expenditure with GENFARE pending Legal review of Contract.

Background Information

Since the inception of Rover in 2007 Fares have been collected in a metal farebox onboard the bus. Tickets, cash, and coins are collected in one box and separated the following business day. It is the most basic form of fare collection in the Transit industry. The City Transportation Department and Nashville WeGo Transit have worked together to provide state of the art collection equipment that will allow the customer to pay via cash, coin, mag-stripe ticket, daily pass, monthly pass, and smart cards.

The City's Public Transit System budgeted in FY 2019 \$250,000 of federal, state, and local dollars awarded from the 5339 Federal Transit Funding Program for years 2015-2017 to upgrade and purchase new electronic fare equipment.

Council Priorities Served

Priority 3: Excellent Services with a Focus on Customer Service

The City's Transit System customers have consistently requested better fare options. This equipment will provide options not previously available and provide better accountability and tracking of fare payments.

Fiscal Impacts

The final cost quote is \$271,716 which includes \$16,500 in needed ticket stock. The cost split between Federal, State, and Local dollars is 80/10/10 with the local share of \$27,171 coming from the general fund. Due to the timing of the project it is expected about 40%, or \$105,000 of the costs will not be invoiced/received before the end of the fiscal year and funds have been included in the FY20 budget to ensure those costs are paid.

Genfare Price Quotation Summary Terms & Conditions: All prices are valid for 90 days from the Document Date unless otherwise noted above. Delivery will be made within 120 After Receipt of Order (ARO) unless otherwise noted above. Prices do not include any state or local taxes or freight charges unless specifically listed. Regardless of any taxes included above, applicable taxes due are determined as of the date of sale. All price quotations are subject to and shall be governed solely and exclusively by the Genfare Standard Terms And Conditions Of Sale, a copy of which is attached and incorporated herein.

TERMS AND CONDITIONS OF SALE

1. GENERAL. Unless otherwise agreed in writing by Genfare, the Quotation, these Terms and Conditions of Sale (including the attached Warranty), the Order Acknowledgment (if issued) and the Software License (for any licensed Software), constitute the entire agreement between Genfare and Customer (the "Agreement") and are the exclusive terms and conditions governing the underlying order and shall apply in precedence over any such other terms and conditions, or otherwise under any applicable law. The Software is licensed to Customer under the Genfare Software License in effect at the time of purchase of such Software. Genfare's Services Agreement shall be the sole document governing any Software subscriptions purchased by Customer from Genfare. ANY ADDITIONAL OR INCONSISTENT TERMS OR CONDITIONS CONTAINED IN ANY PURCHASE ORDER OR OTHER DOCUMENT OF CUSTOMER ARE OBJECTED TO BY GENFARE AND SHALL NOT BE EFFECTIVE OR BINDING AS TO GENFARE UNLESS AGREED TO IN A WRITING SIGNED BY AN AUTHORIZED REPRESENTATIVE OF GENFARE. Genfare shall sell to Customer, and Customer shall purchase from Genfare, the equipment identified in the Quotation (the "Equipment") and a license to certain software identified in the Quotation or embedded in the Equipment (the "Software") in accordance with the Agreement (the Equipment and Software collectively referred to as the "Products"). Genfare accepts Customer's purchase orders for Products and agrees to deliver the Products to Customer only on the terms of the Agreement. Genfare's acceptance of Customer's purchase order is expressly made conditional on Customer's assent to the Agreement. No variation of the Agreement shall be binding unless agreed to in writing by authorized representatives of Genfare and Customer. The following provisions of these Terms and Conditions of Sale shall survive termination of the Agreement for whatever reason: Sections 1, 3, 6, 7, 8, 9, 11, 12, 15 and 16.

2. SHIPPING & INSURANCE. Genfare shall arrange shipping and insurance and shall bill Customer for the Products with the shipping and insurance costs as separate items, on an invoice ("Invoice"). Subject to other provisions of the Agreement, Genfare shall ship the Products to Customer on the agreed upon Shipping Date.

3. TERMS OF PAYMENT. Genfare may require certain payments to be made prior to delivery of Products or other services. Notwithstanding the preceding sentence, Customer shall pay for all Products, fees, shipping, insurance, and where agreed, all duties and taxes net 30 days from date of Invoice. However, if the parties have agreed that the Products are to be installed by Genfare, Customer shall pay 90% of the total cost of each Product upon shipping of the Product and 10% upon installation of the Product. All services are invoiced at 100%. If Customer fails to pay any invoice when due, Genfare may, without prejudice to any other remedy, postpone shipments, alter payment terms, terminate the Agreement and charge interest on all overdue amounts at the rate of 1.5% per month compounded monthly (or if less, the maximum rate allowed by law). Upon demand, Customer shall pay all such interest charges and all reasonable collection fees, including reasonable legal expenses.

4. TRANSFER OF TITLE AND RISK OF LOSS; DELIVERY. All products will be shipped FOB Destination. Risk of loss and title to all Products shall pass to Customer, free of encumbrances, at the time of delivery to Customer's destination. Genfare will endeavor to meet any estimated or firm delivery dates requested by Customer, but shall not be liable in damages or otherwise, nor shall Customer be relieved of performance under the Agreement, because of failure to meet them.

5. CHANGES TO SPECIFICATIONS. Genfare may, without notice to Customer, make changes to the specifications of the Products which do not materially affect the quality or performance of the Products.

6. ACCEPTANCE, RETURNS AND EXCHANGES. The Products and services shall be deemed accepted, and any attempt by Customer to reject an order or shipment of Products shall be waived and not enforceable, unless: (i) Customer has promptly inspected the Products and services, and written notice from Customer of any defect has been received by Genfare within thirty (30) days following any delivery of Products or performance of services. The return of defective Products is covered by the Warranty as described in Attachment A.

Return/Exchange Procedures. Customer may only return a Product which is not defective if: (a) the Product does not correspond to the Products ordered in the Agreement (a "Return"), or (b) the Product has been ordered in error by the Customer and Genfare has granted written permission to Customer to remedy its mistake by ordering the correct equipment or software and returning the Product (an "Exchange"). The party liable for all shipping, insurance and any other expenses incurred by Customer in returning the Product pursuant to the preceding sentence and for all loss or damage to the Product until received by Genfare, shall be Genfare for Returns and Customer for Exchanges. If Customer returns the Product in accordance with these Procedures in an undamaged condition, in the original configuration and, where appropriate, in the original packing, before the later of: (i) 21 days after the date of the Invoice for that Product; and (ii) the date of substantial completion of installation of the Product by Genfare, Genfare shall: (A) for Returns, issue a credit to Customer for the full Invoice price of the returned Product; or (B) for Exchanges, issue a credit to Customer for the full Invoice price of the returned Product less: (i) a restocking fee of 25% of the Invoice price; and (ii) the original shipping and insurance cost as shown on the Invoice. If Customer does not comply with the Procedures in this Section for Returns and Exchanges, Customer shall pay the full amount of the Invoice.

7. CUSTOMER POSTPONEMENT OF SCHEDULED SHIPPING DATE. If Genfare receives a request from Customer to delay the Shipping Date (a) 30 days or more prior to the Shipping Date, Genfare may postpone the Shipping Date and may charge Customer 2% of the net Agreement total for each full or partial month the Shipping Date is delayed or (b) less than 30 days prior to the Shipping Date, Genfare may treat the Agreement as canceled and may bill Customer in accordance with the provisions of Section 8.

8. CANCELLATION. If Customer cancels an Agreement before the Shipping Date, Genfare may charge Customer a cancellation charge calculated by multiplying the following applicable percentage by the Agreement total (as shown on the Quotation/Order Acknowledgment): (a) if cancelled 40 business days or more before Shipping Date, the applicable percentage is 25%, and (b) if cancelled 39 business days or less before Shipping Date, the applicable percentage is 50%. In addition to the applicable percentage charge, if Customer cancels all or part of the order without cause, Customer will reimburse Genfare for (i) Genfare's expenses incurred to fulfill the order through the cancellation date, including, without limitation, materials and labor. If Customer's order includes special order Products or vendor Products, Genfare may also charge, in addition to the other amounts set forth in this Section 8, (A) for special order Products, 100% of the amount shown on the Quotation/Order Acknowledgment for that Product; and (B) for vendor Products, the lesser of 100% of the cost to Genfare of vendor Product; or, if the vendor accepts the return of its Product the restocking charge levied by the vendor. Customer shall pay all cancellation charges within 30 days of receipt of Invoice.

9. FORCE MAJEURE. To the extent that either party is not able to perform an obligation under this Agreement due to fire, flood, acts of God, severe weather conditions, strikes or labor disputes, war or other violence, acts of terrorism, any law or order of any governmental agency, or other cause beyond that party's reasonable control ("Force Majeure"), that party may be excused from such performance so long as such party provides the other party with prompt written notice describing the condition and takes reasonable steps to avoid or remove such causes of nonperformance and promptly continues performance whenever and to the extent such causes are removed.

10. INSTALLATION. If installation is purchased, Customer shall complete all of the action necessary to prepare Customer's premises for the installation of Products prior to the scheduled installation date. If Customer complies with the preceding sentence, Genfare's authorized technicians shall commence the installation of Products on the scheduled installation date. Genfare may invoice Customer for an amount in addition to the installation charge specified on the Quotation/Order Acknowledgment if Genfare incurs additional installation costs as a result of Customer's failure to have the site, other manufacturers' equipment or Products ready for Genfare's technicians on the scheduled installation date.

11. WARRANTY. All Products are covered by Genfare's Standard Warranty as described in Attachment A attached hereto and incorporated herein.

12. WAIVER OF CONSEQUENTIAL DAMAGES; LIMITATION OF LIABILITY. Notwithstanding anything in this Agreement to the contrary, to the fullest extent permitted by applicable law, Genfare will not be liable for damages related to any business interruption or loss of profit, increased operating costs, anticipated savings, data, contract, goodwill or the like or for incidental, special, indirect or consequential damages of any nature under any theory of relief, including, without limitation, breach of warranty, breach of contract, tort (including negligence), and strict liability, arising out of or related to Seller's acts or omissions. Under no circumstances shall Genfare's liability to Customer exceed the contract price for the specific goods and services upon which such liability is based. Any action for breach of contract or otherwise must be commenced within one (1) year after the cause of action has accrued.

13. INDEMNIFICATION. Genfare agrees to indemnify and hold harmless Customer, its elected and appointed officers and employees, from and against any and all claims, demands, defense costs, liability or damages brought by third parties and to the extent arising solely from: (a) personal injury or property damage resulting directly from Genfare's (or Genfare's subcontractors, if any), negligent acts, errors or omissions or willful misconduct or (b) any actual infringement by Genfare of a patent, trademark, copyright, trade secret or other intellectual or proprietary rights regarding the Products (except to the extent resulting from Customer's combination of Genfare's products with other products or services not provided by Genfare). Notwithstanding the foregoing, there shall be no indemnification hereunder by Genfare as to any losses caused by the negligence or fault of Customer or any of its officers, employees or agents. If Customer shall claim indemnification hereunder, Customer shall notify Genfare in writing of the basis for such claim or demand setting forth the nature of the claim or demand in reasonable detail. Genfare agrees to assume the defense of any such claim and to defend the same at Genfare's expense. The parties agree to reasonably cooperate with each other on any such claims. If the Customer desires to participate in the defense, then Customer shall have the right to do so through counsel of its own choosing, provided that Customer will be responsible for all of its costs in so doing.

14. INSURANCE. Genfare shall maintain insurance coverage

consistent with its existing programs but shall not name Customer as an additional insured nor will Genfare or its insurers be obligated to waive any rights of subrogation Genfare or such insurers may have against Customer or its affiliates.

Genfare shall use commercially reasonable efforts to provide Customer with written notice of cancellation of any applicable policy thirty (30) days prior to the effective cancellation date of such policy, but failure to do so shall impose no obligation or liability upon Genfare or its insurers, agents or representatives. Genfare shall provide Customer with its standard certificate of insurance upon request.

15. NOTICE. All requests, instructions and notices from one party to the other must be in writing and may be given via registered post or facsimile transmission to the address of the parties shown on the Quotation/Order Acknowledgment.

16. MISCELLANEOUS. No waiver by Genfare of any breach of this Agreement shall be considered as a waiver of any subsequent breach of the same or any other provision. Any provision of the Agreement which is, or is deemed to be, unenforceable in any jurisdiction shall be severable from the Agreement in that jurisdiction without in any way invalidating the remaining provisions of the Agreement, and that unenforceability shall not make that provision unenforceable in any other jurisdiction. The rights which accrue to Genfare by virtue of the Agreement shall endure for the benefit of and be binding upon the successors and assigns of Genfare. The Agreement shall be governed by the laws of the State of Illinois, however Genfare may enforce the provisions of the Agreement in accordance with the laws of the jurisdiction in which the Products are situated. The United Nations Convention on the Sale of Goods (the Vienna Convention) shall not apply to the Agreement.

ATTACHMENT A- WARRANTY

1. GENERAL TERMS

1.1 Subject to the provisions of this Warranty, Genfare warrants that the equipment and software described in Paragraph 1.2 shall conform to their specifications in all material respects and that the equipment shall be free from material defects in materials and workmanship.

1.2 This Warranty applies to all original purchases of new Genfare supplied equipment and spare parts, including licensed software (collectively the "Equipment"). This Warranty does not apply to any subscriptions purchased by customer.

1.3 The "Warranty Period" shall begin on the earliest of (a) the date of delivery of the Equipment if the equipment is not to be installed, (b) the date of installation completion by a Genfare, or Genfare approved technician, or (c) the date the Equipment is placed into revenue service, and shall end (y) twelve (12) months thereafter for equipment purchases and (z) ninety (90) days thereafter for any spare parts purchases; provided, however, that the Warranty Period for Equipment purchased under Genfare's Upgrade/Reconditioning Program that has been reconditioned or refurbished shall end 6 months after commencement, unless otherwise specified in writing by Genfare.

2. RETURN OF EQUIPMENT UNDER WARRANTY

2.1 If an item of Equipment malfunctions or fails in normal use within the applicable Warranty Period:

2.2 Customer shall promptly notify Genfare of the problem and the serial number of the defective item;

(a) Genfare shall, at its option, either resolve the problem over the telephone, or provide Customer with authorization to ship the defective item to Genfare;

(b) if Genfare provides Customer with authorization to ship the defective item to Genfare, Customer shall attach a return tag with a description of the fault. Customer shall, at its cost, properly pack the item to be returned, prepay the insurance and shipping charges, and ship the item to the specified Genfare Service Center;

(c) Genfare shall either repair or replace the returned item. The replacement item may be new or refurbished; if refurbished, it shall be equivalent in operation to new Equipment. If a returned item is replaced by Genfare, the Customer agrees that the returned item shall become the property of Genfare;

(d) Genfare shall, at its cost, ship the repaired item or replacement to the Customer. If the Customer has requested express shipping, the Customer shall pay Genfare an expediting fee.

2.2 Equipment which is repaired or replaced by Genfare under this Warranty shall be covered under all of the provisions of this Warranty for the remainder of the applicable Warranty Period or ninety (90) days from the date of repair or replacement, whichever is longer.

2.3 A failure is defined as a malfunction of a given device or component in the Equipment that renders the Equipment inoperative and/or unsuitable for the intended purpose.

2.4 It is understood that Genfare shall be responsible for the costs of all materials and labor, except as provided herein. It is further understood that the costs of discovery of the problem associated with a given item of Equipment and the costs associated with the removal and installation of the defective part shall be the responsibility of Customer.

3. TELEPHONE TECHNICAL ASSISTANCE. During the applicable Warranty Period, Genfare shall provide the Customer with over-the-telephone technical fault analysis. Genfare shall not charge Customer for the first ten (10) calls per location per month, and may charge Customer for all additional calls.

4. UPGRADES. During the applicable Warranty Period, Genfare shall, at no charge, provide Customer with non-feature software updates to the version of Software installed at the Customer's location and, if the Equipment is sent to Genfare for Warranty repair, those revision level updates deemed necessary by Genfare. Non-feature software updates and revision level updates do not generally include additional equipment, such as hardware memory, which enables the upgrades to function in the existing Equipment of Customer. Customer may purchase this additional equipment from Genfare.

5. DEFAULT AND TERMINATION. Genfare may immediately terminate this Warranty and all of its performance under this Warranty, upon notification to Customer, if Customer: (a) makes any unauthorized modifications to the Equipment; (b) assigns or transfers the Customer's rights or obligations under this Warranty without the prior written consent of Genfare; (c) becomes bankrupt or insolvent, or is put into receivership; or (d) has not paid Genfare all amounts for services, advance replacement parts supplied under this Warranty, or other additional charges within thirty (30) days of receipt of written notice from Genfare. If this Warranty is terminated by Genfare, Customer shall remain liable for all amounts due to Genfare.

6. LIMITATIONS AND QUALIFICATIONS OF WARRANTY. This Warranty does not apply to normal consumable items, items which are replaced in usual and scheduled preventative maintenance such as light bulbs, nor does it apply to any damage, defect or failure caused by:

(a) any part of the Equipment having been modified, adapted, transported or relocated by any person other than Genfare personnel, a Genfare authorized service agent or Genfare approved technician without Genfare's prior written consent;

(b) improper installation, operation or maintenance by Customer or a third party;

(c) storage or environmental characteristics which do not conform to the applicable sections of the appropriate Genfare Equipment Manual;

(d) failure to conform with the Equipment Operating Instructions in the applicable Genfare Equipment Manual;

(e) inaccurate or incomplete information or data supplied or approved by Customer;

(f) external causes, including external electrical stress or lightning, or use in conjunction with incompatible equipment, unless such use was with Genfare's prior written consent;

(g) cosmetic damage;

(h) accidental damage, negligence, neglect, mishandling, abuse or misuse, other than by Genfare personnel, a Genfare authorized service agent or Genfare approved technician; or

(i) Force Majeure (as defined in Genfare's Terms and Conditions of Sale).

7. LIMITATION ON DAMAGES.

7.1 THE WARRANTY STATED HEREIN ARE THE CUSTOMER'S SOLE AND EXCLUSIVE WARRANTY FOR THE EQUIPMENT. GENFARE SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND OF MERCHANTABILITY.

7.2 EXCEPT AS OTHERWISE EXPRESSLY AGREED BY THE PARTIES, GENFARE SHALL NOT BE LIABLE IN TORT, INCLUDING LIABILITY IN NEGLIGENCE OR STRICT LIABILITY, AND SHALL HAVE NO LIABILITY AT ALL FOR INJURY TO PERSONS OR PROPERTY. GENFARE'S LIABILITY FOR FAILURE TO FULFILL ITS OBLIGATIONS UNDER THIS WARRANTY OR ANY OTHER LIABILITY UNDER OR IN CONNECTION WITH THE EQUIPMENT SHALL BE LIMITED TO THE AMOUNT OF THE PURCHASE PRICE OF THE EQUIPMENT.

7.3 EVEN IF GENFARE HAS BEEN ADVISED OF THE POSSIBILITY OF THEM, GENFARE SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS AND REVENUES, FAILURE TO REALIZE EXPECTED SAVINGS, ANY CLAIM AGAINST A CUSTOMER BY A THIRD PARTY, OR ANY OTHER COMMERCIAL OR ECONOMIC LOSSES OF ANY KIND.

COUNCIL COMMUNICATION

Meeting Date: 3/21/2019

Item Title: Professional Services for Mercury Boulevard Sidewalk Project Phase 2

Department: Transportation

Presented by: Jim Kerr *JK*

Summary

Consider consulting contracts for services necessary to initiate the Mercury Boulevard Sidewalk Project Phase 2.

Staff Recommendation

Approval of the contract with Neel Schaffer

Background Information

Staff through TDOT's competitive Transportation Alternative Program (TAP) Grant program, submitted a proposal for a sidewalk project for Mercury Boulevard from Middle Tennessee Boulevard to Apollo Drive. The intent of the project is to provide enhanced pedestrian safety by construction a sidewalk system along a section of Mercury Boulevard where none currently exist that will provide a separation between pedestrians and vehicular traffic along this high volume/high speed roadway. TAP grant funding provides for 80% of construction cost only, the City's responsibility includes 20% of construction as well as 100% cost of PE/NEPA, PE Design, Utility Coordination and Right of Way Phases. TDOT awarded the City the grant request in August of 2018, the City Council subsequently approved a contract with TDOT on September 20, 2018. The project has been added to the MPO's FY 2017-2020 Transportation Improvement Plan.

The City solicited proposals as outlined in TDOT's Local Program Development Office. On December 11, 2018, the Engineering Department received Statements of Qualifications from the three (3) firms that were shortlisted from the letters of interest to perform these services for the Mercury Boulevard Sidewalk Project Phase 2.

After reviewing the qualifications of each firm as well as a review of prior performances, Staff recommended Neel-Schaffer Inc. to perform the desired services.

Council Priorities Served

Safe and Livable Neighborhoods

The Mercury Boulevard Sidewalk Project will enhance safety along the corridor by providing pedestrian features such as sidewalks and signalized crossing at the signalized intersections.

Strong and Sustainable Financial and Economic Health

TDOT's Transportation Alternative Program provides for 80% of the construction cost up to \$1,000,00 for the project. The remaining cost associated with the project are funded with local dollars.

Fiscal Impacts

Contract with Neel Schaffer for Professional Services is time and material not to exceed \$235,870.

Engineering cost will be funded by the City at 100% and is currently programmed in the existing and future CIP.

1. Contract with Neel Schaffer Inc.

AGREEMENT FOR PROFESSIONAL SERVICES

BETWEEN

CITY OF MURFREESBORO

AND

NEEL-SCHAFFER, INC.

This is an Agreement made on _____, 20____, between the CITY OF MURFREESBORO, the OWNER, and NEEL-SCHAFFER, INC., the ENGINEER.

OWNER intends to enter into agreement with ENGINEER to provide professional design and engineering services associated with the development of construction plans for the Mercury Boulevard (US 70/SR 1) Sidewalk Construction Project- Phase 2, which is described in more detail in Exhibit A, Scope of Design Phase Services, hereinafter called the "**Project**."

OWNER and ENGINEER, in consideration of the mutual covenants herein, agree with respect to the performance of professional engineering services by ENGINEER with respect to the **Project** and the payment for these services by OWNER as set forth herein.

SECTION 1 — BASIC SERVICES OF ENGINEER

1.1 ENGINEER shall provide for OWNER professional engineering services for all phases of the Project to which this Agreement applies as hereinafter provided. These services will include serving as OWNER's professional engineering representative for the Project, providing consultation and advice and furnishing customary engineering services.

1.2 By execution of this Agreement, OWNER authorizes ENGINEER to provide Basic Services for the Design Phase of the Project in accordance with Exhibit A, "Scope of Design Phase Services."

SECTION 2 — ADDITIONAL SERVICES OF ENGINEER

If authorized in writing by OWNER, ENGINEER shall provide, or obtain from other qualified persons or firms, Additional Services which are not included as part of the Basic Services specified in Section 1. Additional Services shall include, but are not limited to, the following:

2.1. Services resulting from material changes in the general scope, extent or character of the Project designed or specified by ENGINEER or its design including, but not limited to, changes in size, complexity, OWNER's schedule, character of construction and

revising previously accepted studies, reports, design documents or Contract Documents when such revisions are required by changes in laws, rules, regulations, ordinances, codes or orders enacted subsequent to the preparation of such studies, reports or documents, or are due to any other causes beyond ENGINEER's control.

2.2. Except for bid documents contemplated and included as part of Basic Services in Section 1, preparing documents for alternate bids requested by OWNER for Contractor's work that is not executed or documents for out-of-sequence work.

2.3. Services resulting from the award of more than one separate prime contract for construction, materials or equipment for the Project unless multiple awards were contemplated and included as part of Basic Services in Section 1.

2.4. Assistance in connection with rebidding or renegotiating contracts for construction which involve modifying the Contract Documents to revise the Project's general scope, extent or character as necessary to reduce or increase the Construction Cost to bring it within the cost limit.

2.5. Preparing to serve or serving as a consultant or witness for OWNER in any litigation, arbitration, or other legal or administrative proceeding involving the Project, except for serving as a witness in litigation that names ENGINEER as a party.

2.6. Services in making revisions to Contract Documents occasioned by the acceptance of substitutions proposed by Contractor; and services after the award of the construction contract in evaluating and determining the acceptability of an unreasonable or excessive number of substitutions proposed by Contractor.

2.7. Services resulting from significant delays in Project schedule which occurred through no fault of **ENGINEER**.

2.8. Additional or extended services during construction made necessary by (a) work damaged by fire or other cause during construction; (b) a significant amount of defective, neglected or delayed work of Contractor or supplier; (c) protracted or extensive assistance in the startup or utilization of any equipment or system; and (d) acceleration of the progress schedule involving services beyond normal working hours.

2.9. To the extent recoverable from the Contractor, evaluating an unreasonable claim or an excessive number of claims submitted by Contractor or others in connection with the **Project**.

2.10. Services during out-of-town travel required of **ENGINEER** other than visits to the **Project** site or **OWNER's** office.

2.11. Additional Services in connection with the **Project**, including services which are to be furnished by

OWNER in accordance with Section 3 and services not otherwise provided for in Basic Services as specified in Section 1 of this **Agreement**.

SECTION 3 — **OWNER's** RESPONSIBILITIES

OWNER shall do the following in a timely manner so as not to delay the services of **ENGINEER** and bear all costs incident thereto:

3.1. Designate in writing a person to act as **OWNER's** representative with respect to the services to be rendered under this **Agreement**.

3.2. Provide all criteria and full information as to **OWNER's** requirements for the **Project**, including design objectives and constraints; space, capacity and performance requirements; and flexibility, expendability, and any budgetary limitations. Also furnish copies of design and construction standards which **OWNER** will require to be included in the Contract Documents.

3.3. Assist **ENGINEER** by placing at **ENGINEER's** disposal available information pertinent to the **Project** including previous reports; geotechnical information; utility locations; property descriptions, zoning, deed, and other land use restrictions; and any other data relative to design or construction of the **Project**. **ENGINEER** shall not be liable for any claims for injury or loss arising from errors, omissions or

inaccuracies in documents or other information provided by the **OWNER**.

3.4. Arrange for access to and make all provisions for **ENGINEER** to enter upon public and private property as required for **ENGINEER** to perform services under this **Agreement**.

3.5. Examine studies, reports, sketches, drawings, specifications, proposals and other documents presented by **ENGINEER** and render in writing decisions pertaining thereto within a reasonable time so as not to delay the services of **ENGINEER**.

3.6. Acquire property for easements and rights-of-way required for construction of the **Project**.

3.7. Give timely written notice to **ENGINEER** whenever **OWNER** observes or otherwise becomes aware of any development that affects the scope or timing of **ENGINEER**'s services, or any defect or nonconformance in the work of the **ENGINEER** or of any Contractor.

3.8 **OWNER** shall timely report to **ENGINEER** any defects or suspected defects in **ENGINEER**'s services of which **OWNER** becomes aware, so that **ENGINEER** may take measures to minimize the consequences of such a defect. **OWNER** further agrees to impose a similar notification requirement on all contractors in its **OWNER/Contractor** contract and shall require all subcontracts at any level to contain a like

requirement. Should legal liability for the defects exist, failure by **OWNER** and **OWNERS'** contractors or subcontractors to notify **ENGINEER** shall relieve **ENGINEER** of any liability for costs of remedying the defects above the sum such remedy would have cost had timely notification been given when such defects were first discovered.

SECTION 4 — PERIOD OF SERVICE

4.1. The provisions of this Section 4 and the various rates of compensation for **ENGINEER**'s services provided for elsewhere in this **Agreement** have been agreed to in anticipation of the orderly and continuous progress of the **Project** through completion of all phases to which this **Agreement** applies. Specific periods of time and/or completion dates for rendering services are set forth in **Exhibit B, "Project Schedule."**

4.2. If **OWNER** requests modifications or changes in the scope, extent or character of the **Project**, or if periods of time and/or completion dates are exceeded through no fault of **ENGINEER**, the period of service and amount of compensation for **ENGINEER**'s services shall be adjusted equitably.

4.3. In the event that the work designed or specified by **ENGINEER** is to be performed under more than one prime construction contract, the period of service and/or amount of compensation for **ENGINEER**'s

services shall be adjusted equitably unless multiple awards were contemplated and included as part of Basic Services in Section 1.

SECTION 5 — PAYMENTS TO ENGINEER

5.1. **Methods of Payment.** OWNER shall pay ENGINEER for Basic Services rendered under Section 1 and Additional Services rendered under Section 2 in accordance with the provisions of Exhibit C, "Payments to Engineer."

5.2. **Times of Payment.** ENGINEER shall submit monthly statements for Basic and Additional Services rendered. For lump sum and percentage methods of payment, statements will be based upon ENGINEER's estimate of the proportion of the total services actually completed at the time of billing. For cost-plus-fixed-fee method of payment, the amount of fixed fee billed will be based on the proportion of the costs incurred at the time of billing to the maximum allowable costs established for this Agreement. OWNER shall make prompt monthly payments in response to ENGINEER's monthly statements. Payment of any invoices by OWNER shall be taken to mean that OWNER is satisfied with ENGINEER's services to the date of the payment and is not aware of any deficiencies in those services.

5.3. **Delinquent Payments.** OWNER recognizes time is critical with respect to payment of ENGINEER's statements, and that timely payment is a material part of the consideration of this Agreement. ENGINEER's statements shall be due and payable within 30 calendar days of statement date. If OWNER fails to make payments; ENGINEER, after giving seven days written notice to OWNER, and after 60 days from the due date, ENGINEER may suspend services until OWNER has paid in full all amounts due for services, expenses, and other related charges without recourse to OWNER for loss or damage caused by such suspension. OWNER waives any and all claims against ENGINEER for any such suspension. Payment of invoices shall not be subject to any discounts unless agreed to in writing by both parties. If OWNER objects to all or any portion of an invoice, OWNER shall notify ENGINEER within 30 calendar days of discovery of the basis of objection, identify the cause of the disagreement and pay when due that portion of the statement not in dispute. If OWNER fails to make any payment due ENGINEER for services and expenses, excepting any portion of the statement in dispute, within 30 calendar days after receipt of ENGINEER's statement, the amounts due ENGINEER shall include a charge at the rate of one percent (.5%) per month from the 30th day unless special

arrangements have been previously made and agreed to by both parties in writing. Payment will be credited first to interest and then to principal. In the event of a disputed or contested billing, only that portion so contested may be withheld from payment, and the undisputed portion will be paid. If either party brings any action at law or in equity to enforce or interpret the terms of this Agreement, or if either party must either prosecute or defend any action related to the subject matter of the Agreement, and prevails in such action, then the prevailing party shall be entitled to reasonable attorney's fees, expenses and costs, including expert witness fees, if applicable.

5.4. **Termination Payment.** In the event of termination by OWNER or ENGINEER under Paragraph 6.2, OWNER shall pay ENGINEER for services and expenses provided to date of termination in accordance with the methods of payment specified in Paragraph 5.1.

5.5. **Records of Costs.** Records of costs pertinent to ENGINEER's compensation will be kept in accordance with generally accepted accounting principles. ENGINEER is only obligated to maintain these records for a period of three years following date of final payment for services rendered under this Agreement.

SECTION 6 — GENERAL TERMS AND CONDITIONS

6.1. Construction Cost.

6.1.1. **Opinions of Cost.** Since ENGINEER has no control over the cost of labor, materials, equipment or services furnished by others, or over the Contractor's methods of determining prices, or over competitive bidding or market conditions, ENGINEER's opinions of probable construction cost provided for herein are to be made on the basis of experience and qualifications and represent ENGINEER's best judgment as an experienced and qualified professional, generally familiar with the construction industry; but ENGINEER cannot and does not guarantee that proposals, bids or actual construction cost will not vary from opinions of probable cost prepared by ENGINEER.

6.1.2. **Construction Cost Budget.** A construction cost budget will be established by OWNER and ENGINEER will design to that construction budget. It is recognized that neither ENGINEER nor OWNER has control over the cost of labor, materials or equipment, over the Contractor's methods of determining bid prices, or over competitive bidding, market or negotiating conditions. Accordingly, ENGINEER cannot and does not warrant or represent

that bids or negotiated prices to construct the part of the **Project** for which it has provided services will not vary from **OWNER's** budget for the **Project** or from an estimate of the Cost of the Work or evaluation prepared or agreed to by **ENGINEER**.

6.1.2.1. The approval by **OWNER** at any time during the provision of services under this **Agreement** of a revised opinion of probable construction cost in excess of the then established budget will constitute a corresponding revision in the construction cost budget to the extent indicated in such revised opinion. Approval of a revised budget by City Council may be required.

6.1.2.2. Any construction cost budget so established will include a contingency of 10 percent unless another amount is agreed upon in writing.

6.1.2.3. **ENGINEER** will be permitted to determine what materials, equipment, component systems and types of construction are to be included in the contract documents and to make reasonable adjustments in the extent of the **Project** to bring it within the budget.

6.1.2.4. If proposals or bids have not been obtained within six months after completion of the design phase, the established construction cost budget will not be binding on **ENGINEER**, and **OWNER** shall consent to an adjustment in such cost limit commensurate with any applicable change in the general level of prices in the

construction industry between the date of completion of the design phase and the date on which proposals or bids are sought.

6.2. **Termination.** The obligation to provide further services under this **Agreement** may be terminated by either party upon 30 calendar days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. This **Agreement** may be terminated by **OWNER**, under the same terms, whenever **OWNER** shall determine that termination is in its best interests.

6.3. **Suspension.** Upon written notice to **ENGINEER**, **OWNER** may suspend all or any part of **ENGINEER's** work. Suspension for any reason exceeding 60 calendar days shall, at **ENGINEER's** option, make this **Agreement** subject to re-negotiation or termination as provided for elsewhere in this **Agreement**. Any suspension shall extend the period of service in a manner that is satisfactory to both **OWNER** and **ENGINEER**.

6.4. **Ownership and Reuse of Documents.**

6.4.1. Contract Documents and reports prepared by **ENGINEER** pursuant to this **Agreement** shall be the property of **ENGINEER**. **ENGINEER** grants to **OWNER** a perpetual, irrevocable license to use,

duplicate, replicated, and modify the Contract Documents and reports.

6.4.2. Contract Documents prepared or furnished by **ENGINEER** and **ENGINEER's** independent professional associates and consultants, pursuant to this **Agreement** are instruments of service with respect to the **Project**. These documents are not intended or represented to be suitable for reuse by **OWNER** or others on extensions of the **Project** or on any other project. Any reuse without written verification or adaptation by **ENGINEER** for the specific purpose intended will be at **OWNER's** sole risk and without liability or legal exposure to **ENGINEER**, or to **ENGINEER's** independent professional associates or consultants. **OWNER** shall indemnify and hold harmless **ENGINEER** and **ENGINEER's** independent professional associates and consultants from all claims, damages, losses and expenses including attorneys' fees arising out of or resulting from any unauthorized reuse. Any such verification or adaptation by **ENGINEER** will entitle **ENGINEER** to further compensation at rates to be agreed upon by **OWNER** and **ENGINEER**.

6.5. **Insurance.**

6.5.1. **ENGINEER** agrees to maintain the following insurance coverages with the following

available limits of insurance during the performance of **ENGINEER's** work hereunder:

6.5.1.1. Commercial General Liability insurance with standard ISO coverage and available limits of \$1,000,000 per occurrence and \$2,000,000 general aggregate;

6.5.1.2. Automobile Liability insurance with standard ISO coverage and available combined single limits of \$1,000,000 per accident;

6.5.1.3. Workers' Compensation insurance with limits as required by statute and Employer's Liability insurance with limits of \$1,000,000 per employee for bodily injury by accident/\$1,000,000 per employee for bodily injury by disease/\$1,000,000 policy limit for disease; and

6.5.1.4. Professional Liability insurance covering **ENGINEER's** negligent acts, errors, or omissions in the performance of professional services with available limits of \$2,000,000 per claim and annual aggregate.

6.6. **ENGINEER** shall provide evidence of procuring the above insurance coverages by delivering a certificate of insurance to **OWNER** prior to the start of **ENGINEER's** work and annually upon renewal of coverage. **ENGINEER** shall cause **OWNER** to be endorsed as an additional insured on **ENGINEER's** commercial general liability policy, which shall be primary and noncontributory.

6.7. **Personnel and Facilities.** The **ENGINEER** has, or will secure at his own expense, personnel, equipment and other materials and supplies required to perform the services under this **Agreement** within the period of service set forth in Section 4. **ENGINEER** may subcontract a portion of these services, but these Subcontractors shall be subject to written approval by **OWNER**. Such personnel shall not be employees of nor have contractual relationship with **OWNER**.

6.8. **Accounting System.** **ENGINEER** shall maintain an accounting system which accounts for costs in accordance with generally accepted accounting principles. **OWNER** reserves the right to audit **ENGINEER's** accounts which relate to services provided under this **Agreement**.

6.9. **Successors and Assigns.** Neither **OWNER** nor **ENGINEER** shall assign any interest in this **Agreement** without the prior written consent of the other and in no case shall assignment relieve assignor from liability under this **Agreement**. This **Agreement** shall bind the successors and legal representatives of both parties. Nothing in this **Agreement** shall give any rights or benefits to anyone other than **OWNER** and **ENGINEER**.

6.10. **Relationship.** **OWNER** has retained **ENGINEER** to provide professional services. The

relationship is that of a buyer and seller of professional services and it is understood that the parties have not entered into any joint venture or partnership with the other, nor is the relationship a fiduciary relationship between **ENGINEER** and **OWNER**. **ENGINEER** shall not be considered to be the agent of **OWNER**. To the extent that **OWNER** is a public entity or a person or entity obligated to repay some or all of an amount borrowed in a municipal securities offering, it is expressly understood and agreed that **ENGINEER** is not acting as a municipal advisor to **OWNER**, as that term applies to the Dodd-Frank Wall Street Reform and Consumer Protection Act and its supporting regulations, that **ENGINEER's** services will not include the provision of advice or recommendations regarding municipal financial products or the issuance of municipal securities, and that **OWNER** is responsible for retaining an independent registered municipal advisor for such advice or recommendation.

6.11. **Standard of Care.** **ENGINEER** will strive to perform services under this **Agreement** in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. No other representation, express or implied, and no warranty or guarantee is included or intended in

this Agreement or in any report, opinion, document, or otherwise.

6.12. Indemnification.

6.12.1. To the fullest extent permitted by law, ENGINEER agrees to hold harmless, defend (for reasonable defense costs for claims arising out of Consultant's professional negligence), and indemnify OWNER from and against liability arising out of ENGINEER's negligent act, error, or omission in the performance of professional services under this Agreement. It is specifically understood and agreed that in no case shall ENGINEER be required to pay an amount disproportional to ENGINEER's adjudicated culpability, or any share of any amount levied to recognize more than actual economic damages.

6.12.2. To the fullest extent provided by law, the OWNER agrees to hold harmless, defend, and indemnify ENGINEER from and against liability arising out of OWNER's negligence. It is specifically understood and agreed that in no case shall OWNER be required to pay an amount disproportional to OWNER's culpability, or any share of any amount levied to recognize more than actual economic damages.

6.12.3. OWNER shall not be liable to ENGINEER and ENGINEER shall not be liable to OWNER for any special, incidental or consequential

damages, including, but not limited to, loss of use and loss of profit, incurred by either party due to the fault of the other, regardless of the nature of this fault, or whether it was committed by OWNER, or ENGINEER or their employees, agents or subcontractors.

6.11.5 ENGINEER's indemnification obligation, except for the obligation to defend, as set forth herein is expressly subject to and limited by the limitation of liability provision agreed upon by OWNER and ENGINEER as set forth in Risk Allocation Section of this Agreement.

6.13. Compliance with Codes and Standards. ENGINEER's professional services shall exercise due professional care to incorporate those publicly announced federal, state and local laws, regulations, codes and standards that are applicable at the time the services are rendered. In the event of a change in a law, regulation, et al., ENGINEER shall assess its impact. If, in ENGINEER's professional opinion, the impact is such to significantly affect ENGINEER's compensation or the period of service, then the compensation and/or period of service can be renegotiated and OWNER may terminate this Agreement, in which case ENGINEER will be compensated only for completed work at the compensation set forth herein.

6.14. **Force Majeure.** Neither **OWNER** nor **ENGINEER** shall be liable for faults or delays caused by any contingency beyond his control, including, but not limited to, acts of God, wars, strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.

6.15. **Risk Allocation.** In light of the relative risks and rewards of the parties, **OWNER** and **ENGINEER** have allocated the risks such that **OWNER** agrees to limit **ENGINEER's** liability to **OWNER** and all contractors arising from this **Agreement** such that the total aggregate liability of **ENGINEER** shall not exceed the amount of the required professional liability insurance and any retention of **ENGINEER** required by that insurance policy.

6.16. **Waiver of Subrogation.** **OWNER** waives any rights or claims for damage to persons or property that it or any of its successors in interest or insurers may have against **ENGINEER** for any claim or action arising out of **ENGINEER's** operations related to the **Project** or this **Agreement** to the extent that such rights or claims for damages are covered by a third party policy of liability, casualty, property or other insurance procured by **OWNER** but not **OWNER's** self-insurance retention.

6.17. **Hazardous Materials.**

6.17.1. When hazardous materials are known, assumed or suspected to exist at a project site, **ENGINEER** is required to take appropriate precautions to protect the health and safety of his personnel, to comply with the applicable laws and regulations and to follow procedures deemed prudent to minimize physical risks to employees and the public. **OWNER** hereby warrants that, if he knows or has any reason to assume or suspect that hazardous materials may exist at the project site, he will inform **ENGINEER** in writing prior to initiation of services under this **Agreement**.

6.17.2. Hazardous materials may exist at a site where there is no reason to believe they could or should be present. **OWNER** agrees that the discovery of unanticipated hazardous materials constitutes a changed condition mandating a renegotiation of the scope of work or termination of services. **ENGINEER** agrees to notify **OWNER** as soon as practically possible should unanticipated hazardous materials or suspected hazardous materials be encountered. **OWNER** waives any claim against **ENGINEER** and agrees to indemnify, defend and hold **ENGINEER** harmless from any claim or liability for injury or loss arising from **ENGINEER's** encountering unanticipated hazardous materials or suspected hazardous materials to the extent of **ENGINEER's** own negligence or failure to comply with applicable laws and regulations.

6.18. **Subsurface Conditions and Utilities.**

6.18.1. **OWNER** recognizes that a comprehensive sampling and testing program implemented by trained and experienced personnel of **ENGINEER**, or **ENGINEER**'s subconsultants, with appropriate equipment may fail to detect certain hidden conditions. **OWNER** also recognizes that actual environmental, geological and geotechnical conditions that **ENGINEER** properly inferred to exist between sampling points may differ significantly from those that actually exist.

6.18.2. **ENGINEER** will locate utilities which will affect the **Project** from information provided by **OWNER** and utility companies and from **ENGINEER**'s surveys. In that these utility locations are based, at least in part, on information from others, **ENGINEER** cannot and does not warrant their completeness and accuracy.

6.19. **Anticipated Change Orders.** **OWNER** recognizes and expects that a certain amount of imprecision and incompleteness is to be expected in Contract Documents; that all details of a completed project are not intended to be covered in the Contract Documents; that a certain amount of errors, omissions, ambiguities and inconsistencies are to be expected in Contract Documents; that contractors are expected to furnish and perform work, materials and equipment that

may reasonably be inferred from the Contract Documents or from the prevailing custom or trade usage as being required to produce the intended result whether or not specifically called for; and that a certain amount of Change Orders are to be expected. As long as **ENGINEER** provides services within professional standards and the standard of care of **ENGINEER**'s profession in accordance with paragraph 6.10, **OWNER** agrees not to make any claim against **ENGINEER** unless **OWNER** can demonstrate that such costs were higher through issuance of the Change Order than they would have been if originally included in the Contract Documents in which case any claim of **OWNER** against **ENGINEER** will be limited to the cost increase and not the entire cost of the Change Order. **ENGINEER** agrees to correct any errors and omissions, as well as any ambiguities and inconsistencies that are outside the standard of care, with no additional fee to **ENGINEER**.

6.20. **Value Engineering.** If **OWNER** retains the services of a Value Engineer (VE) to review the Contract Documents prepared by **ENGINEER**, it shall be at **OWNER**'s sole expense and shall be performed in a timely manner so as not to delay the orderly progress of **ENGINEER**'s services. The **OWNER** shall promptly notify the **ENGINEER** of the identity of the VE and shall define the VE's scope of services and responsibilities for **ENGINEER**. All

recommendations of the VE shall be given to **ENGINEER** for review, and adequate time will be provided to **ENGINEER** to respond to these recommendations. If **ENGINEER** objects to any recommendations made by the VE, it shall so state in writing to **OWNER**, along with the reasons for objecting. If **OWNER** requires the incorporation of changes in the Contract Documents to which **ENGINEER** has objected, **OWNER** agrees, to the fullest extent permitted by law, to waive all claims against **ENGINEER** and to indemnify and hold harmless **ENGINEER** from any damages, liabilities or costs, including reasonable attorneys' fees and costs of defense, which arise in connection with or as result of the incorporation of such changes required by **OWNER**. In addition, **ENGINEER** shall be compensated for services necessary to incorporate recommended VE changes into reports, drawings, specifications, bidding or other documents. **ENGINEER** shall be compensated as Additional Services for all time spent to prepare for, review and respond to the recommendations of the VE. **ENGINEER's** time for performance of its services shall be equitably adjusted.

6.21. **Affirmative Action.** During the performance of this **Agreement**, **ENGINEER** agrees to take affirmative action to ensure that applicants are

employed, and employees are treated during employment, without regard to their race, color, religion, sex or national origin.

6.22. **Conflicts.** In the event of a conflict between the main text of this **Agreement** and any appendix thereof, provisions of the main text shall govern.

6.23. **Governing Law.** The laws of the State of Tennessee will govern the validity of this **Agreement**, its interpretations and performance, and remedies for any claims related to this **Agreement**.

6.24. **Dispute resolution.** All disputes, controversies or claims, or whatever kind or character, between the parties, their agents and/or principals, arising out of or in connection with the subject matter of this **Agreement**: shall be litigated in no other venue other than the Rutherford County, Tennessee or the United States District Court for the Middle District of Tennessee; and shall be litigated only before a judge hearing the matter alone, as both finder of fact and law, without a jury. By entering into this **Agreement**, the parties knowingly, purposefully and intelligently agree to waive their individual rights to have any dispute, controversy or claim amongst them, to include **OWNER's** individual shareholders, directors, and officers, decided, heard or adjudged by a trial by jury.

6.25. **Amendment.** This Agreement shall not be subject to amendment unless another instrument is executed by duly authorized representatives of each of the parties.

6.26. **Entire Understanding of Agreement.** This Agreement represents and incorporates the entire understanding of the parties hereto, and each party acknowledges that there are no warranties, representations, covenants or understandings of any kind, matter or description whatsoever, made by either party to the other except as expressly set forth herein. OWNER and ENGINEER hereby agree that any purchase orders, invoices, confirmations, acknowledgments or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of this Agreement shall be null, void and without effect to the extent they conflict with the terms of this Agreement.

6.27. **Nonwaiver.** No waiver by a party of any provision of this Agreement shall be deemed to have been made unless in writing and signed by such party.

6.28. **Course of Dealing.** OWNER and ENGINEER agree that these General Terms and Conditions establish a course of dealing between them and shall apply to this and all other services, projects, agreements or dealings between the them, unless

OWNER or ENGINEER gives the other written notice of objection to any term or condition before commencement of performance in connection with any other provision of services or projects involving the two of them

6.29. **Separate Provisions.** If any provisions of this Agreement are held to be invalid or unenforceable, the remaining provisions shall be valid and binding.

SECTION 7 — DEFINITIONS

As used herein, the following words and phrases have the meanings indicated, unless otherwise specified in various sections of this Agreement:

7.1. **Addenda.** Written or graphic instruments issued prior to the opening of bids which clarify, correct or change the bidding documents or the Contract Documents.

7.2. **Agreement.** This contract including all exhibits and documents included by reference.

7.3. **Application for Payment.** The form accepted by ENGINEER which is to be used by Contractor in requesting progress or final payments and which is to include such supporting documentation as is required by the Contract Documents.

7.4. **Bid.** The offer or proposal of the bidder submitted on the prescribed form setting forth the prices for the construction work to be performed.

7.5. **Change Order.** A document recommended by **ENGINEER** which is signed by Contractor and **OWNER** and authorizes an addition, deletion or revision in the construction work, or an adjustment in the contract price or the contract time, issued on or after the effective date of the construction contract. Change orders are written and fully executed documents only. No verbal statement, course of conduct, acknowledgement or acceptance of work shall be deemed a change order.

7.6. **Contract Documents.** The drawings and specifications, addenda, and other documents required to obtain bids from contractors for construction of the **Project**.

7.7. **Contractor.** The person, firm or corporation with whom **OWNER** has entered into a contract for construction of the **Project**.

7.8. **Construction Cost.** Total cost of entire **Project** to **OWNER** not including **ENGINEER's** compensation and expenses, cost of land and rights-of-way, or compensation for or damages to properties, unless this **Agreement** so specifies; nor will it include **OWNER's** legal, accounting, insurance counseling or auditing services, or interest and financing charges incurred in connection with the **Project** or the cost of services to be provided by others to **OWNER** pursuant to Section 3 of this **Agreement**.

7.9. **Direct Labor Costs.** Salaries and wages paid to **ENGINEER's** personnel engaged directly on the **Project**, including engineers, draftsmen, technicians, designers, surveyors, resident project representatives and other technical and administrative personnel; but does not include indirect payroll related costs or fringe benefits.

7.10. **Drawings.** The drawings which show the character and scope of the **Project** and which have been prepared or approved by **ENGINEER** and are referred to in the Contract Documents.

7.11. **Reimbursable Expenses.** Actual expenses incurred by **ENGINEER** directly in connection with providing services for the **Project**. These include, but are not limited to, transportation and subsistence; reproduction and printing; communications; postage and express mail; equipment rental; and expense of computers and other specialized equipment.

7.12. **Resident Project Representative.** The authorized representative of **ENGINEER** who is assigned to the construction site or any part thereof for the purpose of observing the performance of the work of the Contractor.

7.13. **Shop Drawings.** All drawings, diagrams, illustrations, schedules and other data which are specifically prepared by or for Contractor to illustrate

some portion of the work and all illustrations, brochures, standard schedules and other information prepared by a Supplier and submitted by Contractor to illustrate material or equipment for some portion of the Project.

7.14. **Specifications.** Those portions of the Contract Documents consisting of written technical descriptions of materials, equipment, construction systems, standards and workmanship as applied to the Project and certain administrative details applicable thereto.

7.15. **Subcontractor.** An individual, firm or corporation having a direct contract with Contractor or with any other subcontractor for the performance of a part of the Project at the site.

7.16. **Supplier** A manufacturer, fabricator, supplier, distributor, material man or vendor of products or equipment used in construction of the Project.

SECTION 8 — SPECIAL PROVISIONS AND EXHIBITS

8.1. This Agreement is subject to the following Special Provisions. N/A

8.2. The following Exhibits are attached to and made a part of this Agreement.

8.2.1. Exhibit A, "Scope of Design Phase Services"

8.2.2. Exhibit B, "Project Schedule"

8.2.3. Exhibit C, "Payments to Engineer"

8.3. This Agreement, consisting of Pages 1 to 16, inclusive, together with the Exhibits identified above, constitutes the entire agreement between OWNER and ENGINEER and supersedes all prior written and oral understandings. This Agreement and said Exhibits may only be amended, supplemented, modified or canceled through a duly executed written instrument.

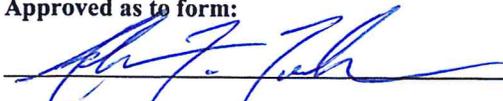

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first written above.

ENGINEER: NEEL-SCHAFFER, INC.

BY:  _____

TITLE: Tennessee Operations Manager

Exhibit A

Scope of Design Phase Services for the Mercury Boulevard (US 70/SR 1) Sidewalk Construction Project-Phase II City of Murfreesboro, Rutherford County, Tennessee Locally Managed Project

Project Description

This Pedestrian Facilities Improvement Project will include the survey and design of approximately 1.4 miles of Americans with Disabilities Act (ADA) compliant 5-foot wide sidewalks and crosswalks designed in accordance with Public Right-of-Way Accessibility Guidelines (PROWAG) along Mercury Boulevard from Middle Tennessee Boulevard to Apollo Drive on both sides of the route. The project will include retrofitting the existing signalized intersection to accommodate pedestrians.

Project Understanding

Based on our discussion with the City of Murfreesboro, Neel-Schaffer has the following general project understandings:

- The Project Delivery Plan for this project will be conducted in accordance with the Local Government Guidelines for the Management of Federal and State Funded Transportation Projects (TDOT's Local Programs Manual).
- The existing signal along the route will be included as part of this design to accommodate pedestrians by installing crossing push buttons, pedestrian signal indications and marked crosswalks.
- Right-of-Way and/or permanent and temporary easements are expected to be required to construct this project.
- Sidewalk will be a minimum of 5 feet in width and shall be constructed on compacted subgrade using 4 inches of Type "A" Base, Grading "D" and 4 inches of Portland cement concrete, Class "A".
- Both curb and gutter and ditch section roadway design elements will be incorporated utilizing the same typicals as were utilized for the Mercury Phase 1 project.
- No utility design or relocation plans are anticipated (outside of those which may be required from individual utilities).
- The City of Murfreesboro will provide ROW appraisal and acquisition services.

PE – NEPA Services

A NEPA environmental document will to be provided for this project in accordance with the rules and regulations contained in TDOT's Tennessee Environmental Procedures Manual (*TEPM*). It is anticipated that this project will require a C-List Categorical Exclusion (CE) environmental document.

- Environmental Document – To be performed under subconsultant agreement with Griggs and Maloney, Inc. in accordance with the Scope of Services and Fee Proposal attached hereto.

PE – Final Design Services

Neel-Schaffer will perform a field survey, prepare plans and an Engineer's Opinion of Probable Construction cost in accordance with TDOT's Local Programs Manual. The tasks associated with PE-Final Design will include the following:

- Mobile lidar data previously captured under the ASCT project will be utilized to provide roadway and above ground survey information and data.
- Field Survey – To be performed under subconsultant agreement with Wisner Consultants, LLC in accordance with the Scope of Services and Fee Proposal attached hereto.
- Plans – Plans will be developed based on information obtained from the survey. It is expected that the plans set will include the following sheets:
 - Title Sheet
 - Typical Section(s)
 - Present Layout, Proposed Layout & Profile
 - Drainage Maps
 - Erosion & Sediment Control (including contours)
 - Cross-Sections
 - Preliminary Signal Layouts
 - Sheet(s) may be added or deleted as necessary
- Engineer’s Opinion of Probable Construction Cost – Based on the above plans, Neel-Schaffer will prepare an Engineer’s Opinion of Probable Construction Cost at the end of Preliminary Plans Phase. Unit prices used to develop this Opinion of Probable Construction Cost will be based on TDOT Average Unit Prices.

Right-of-Way (ROW) Services

Right-of-Way and/or permanent and temporary easements will be required to construct this project. This scope of work includes tasks required to receive ROW Plans approval and Utility Certification in accordance with the TDOT’s Local Programs Manual. These tasks include the following:

- Provide ROW descriptions and exhibits.
- Submitting plans to utility companies identified along the project corridor.
- Conduct a ROW Field Review and Utility Coordination Meeting.
- Respond to utility companies’ questions or concerns.
- Compile utility companies’ response letters and submit to TDOT ROW/Utility sections for Utility Certification.
- Provide updated Engineer’s Opinion of Probable Cost for TDOT submission.
- Field Staking – See the attached Wisner Consultants, LLC Scope of Services and Fee Proposal.

Construction Plans Development

Neel-Schaffer will prepare Final Construction Plans, Final Engineer’s Opinion of Probable Construction Cost, specifications and bid book in accordance with TDOT’s Local Programs Manual. The tasks associated with Final Construction Plans will include the following:

- Plans – Final Construction Plans will be developed and are expected to include the following additional sheets:
 - Construction Title Sheet
 - Estimated Quantities
 - Tabulated Quantities
 - Standard Drawings and General Notes
 - Special Details – (Modified catch basin design if needed)
 - Final Signal Design and Details
 - Traffic Control Plans
 - Signing & Pavement Marking
 - Sheet(s) may be added or deleted as necessary

- Signing and pavement marking will be limited to items required at intersections.
- Sidewalks, crosswalks, pedestrian accessible signals, and etc. will be Americans with Disabilities Act (ADA) compliant designed in accordance with Public Right-of-Way Accessibility Guidelines (PROWAG) standards.
- Engineer's Opinion of Probable Construction Cost – Based on the above plans, Neel-Schaffer will prepare an Engineer's Opinion of Probable Construction Cost at the end of Final Construction Plans Phase. Unit prices used to develop this Opinion of Probable Construction Cost will be based on TDOT Average Unit Prices.
- Specifications & Bid Book – Neel-Schaffer will prepare the specifications, special provisions and bid book in accordance with TDOT's Local Program Manual. Advertisement will be coordinated with the City and will be placed on TDOT's website per Local Programs requirements.
- Water Quality Permits –
 - Neel-Schaffer will prepare a SWPPP document under this scope of work. All fees required by the local, state and federal agencies will be the responsibility of the City of Murfreesboro.

If other Water Quality permits are required (that could include wetland mitigation, stream relocation, individual permits, etc.), that are not included in this Scope of Work and if required, Neel-Schaffer will prepare these under a separate Scope of Work.

Bid Services

Neel-Schaffer will prepare construction bid documents in accordance with TDOT and City standards in support of the project bid plans. This task will also include holding a pre-bid meeting and moderating the bid opening. Neel-Schaffer will review all bids and other required bid documentation submitted with the bids for compliance with TDOT and City requirements and make a recommendation to the City as to the acceptance of the most responsive and responsible bid.

Construction Engineering & Inspection (CEI)

If desired by City, Neel-Schaffer will perform CEI services and fee proposal shall be negotiated separately.

Services not included under this Scope of Work

- Right of way appraisal and acquisitions services
- Utility Design or Utility Relocation plans
- SWPPP Submittal Fee
- Water Quality Permits and Fees
- Retaining Wall Design / Geotechnical
- Material Testing Services during construction
- Mitigation Plans (if required)

Exhibit B

Project Schedule for the Mercury Boulevard (US 70/SR 1) Sidewalk Construction Project-Phase II City of Murfreesboro, Rutherford County, Tennessee Locally Managed Project

Project Beginning

The Engineer will begin work immediately upon issuance of a Notice to Proceed by Owner.

Project Design Phase

The Engineer shall provide the Owner with documents, plans, certifications, and clearances necessary to obtain the Tennessee Department of Transportation Notice to Proceed with the construction phase on or before July 1, 2021.

Dana Richardson
Neel-Shaffer
201 East Main Street, Suite 325
Murfreesboro, TN 37130

Subject: Mercury Boulevard Sidewalks Phase II Survey

Dear Mr. Richardson:

Thank you for the opportunity to provide a proposal for the Mercury Boulevard Sidewalks Phase II project. Our scope, assumptions and fee follow:

SCOPE AND ASSUMPTIONS:

Wiser will perform a full engineering design survey along Mercury Boulevard from Middle Tennessee Boulevard to Apollo Drive with a total length of approximately 3,500 feet. Side roads will be collected for 150' from centerline of Mercury Boulevard. Total DTM width will be 300' centered on the Mercury Blvd centerline. All roadway and above-ground survey information will be extracted from mobile lidar data acquired during the Phase I project. No new lidar data will be acquired for this project.

In addition to the extracted features, Wiser will provide field survey services to collect Right of way, underground utilities, storm and sanitary inverts and any areas obscured in the lidar data. Right of way lines will be resolved throughout the survey limits. Property tracts will be shown per City of Murfreesboro GIS information. Tract surveys will be completed on an as-needed basis at the direction of Neel-Shaffer.

Deliverables will include planimetrics, contours, digital terrain model and classified lidar data. CAD deliverables will be in Microstation and Geopak formats per TDOT CADD standards.

Wiser will also perform ROW staking throughout the corridor. This will be a one time staking of ROW and proposed easements. At Neel-Schaffer's request, Wiser will provide tract surveys, ROW/easement exhibits and legal descriptions for specified tracts.

FEE:

Initial Topographic and ROW Survey:	Hourly not to exceed \$27,125
Right of Way Staking:	Hourly not to exceed \$3,500
Tract Surveys/Exhibits & Legals:	Hourly estimated at \$1,000 per tract

f. 615-890-1479

SCHEDULE:

Field work can begin immediately upon notice to proceed with full delivery occurring no later than 16 weeks later.

Please let us know if you have any questions or concerns. Thanks again for the opportunity and we hope that you will consider us in the future.

Sincerely,
Wiser Consultants, LLC

COUNCIL COMMUNICATION

Meeting Date: 03/21/2019

Item Title: Veterans Parkway Atmos Easement Donation

Department: Engineering

Presented by: Chris Griffith, City Engineer

Requested Council Action:

Ordinance	<input type="checkbox"/>
Resolution	<input type="checkbox"/>
Motion	<input checked="" type="checkbox"/>
Direction	<input type="checkbox"/>
Information	<input type="checkbox"/>

Summary

The donation of a Gas Line Easement to Atmos Energy along City-owned property adjacent to Veterans Parkway.

Staff Recommendation

Approve donation of the requested Gas Line Easement to Atmos Energy.

Background Information

In preparation for the future development along Veterans Parkway, Atmos Energy is acquiring easements outside the Veterans Parkway ROW to install a utility for additional capacity. The City owns a remnant from ROW acquisition for Veterans Parkway between Old Salem Road and the abandoned portion of Windrow Road. The easement donation was approved by Planning Commission during their March 6, 2019 meeting.

Council Priorities Served

Safe and Livable Neighborhoods

Enhanced gas service along Veterans Parkway that will support continued economic development along that corridor.

Fiscal Impact

There are not any fiscal impacts with this donation.

RIGHT-OF-WAY AND EASEMENT

STATE OF TENNESSEE §
 § **KNOW ALL MEN BY THESE PRESENTS:**
COUNTY OF RUTHERFORD §

THAT, **City of Murfreesboro**, a Municipal Corporation existing in the State of Tennessee, whose legal address is P. O. Box 1139, Murfreesboro, Tennessee 37133-1139 hereinafter called GRANTOR (whether one or more), for and in consideration of the sum of Ten and NO/100 (\$10.00) DOLLARS, and other good and valuable consideration in hand paid by **Atmos Energy Corporation**, a Texas and Virginia corporation, whose address is 810 Crescent Centre Drive, Suite 600, Franklin, Tennessee 37067-6226, hereinafter called Grantee, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, have granted, bargained, sold and conveyed, and by these presents do grant, bargain, sell and convey, unto the said Grantee, its successors and assigns, a perpetual right-of-way and easement in, across, under, over and through the following described property in Rutherford County, State of Tennessee (hereinafter the "Property"), and described in Deed Book 880, Page 2346, Register's Office of Rutherford County, State of Tennessee.

A Distribution Pipeline Easement thirty feet (30') in width to install, construct, reconstruct, inspect, operate, maintain, alter, repair, change the size of, replace and remove, abandon in place and/or remove at will, in whole or in part, relocate along the same general direction, relocate in the same relative position to any adjacent road if and as such road is widened in the future, one or more gas pipelines, service laterals and extensions thereto, together with meters, regulators, cathodic protection equipment and aerial markers, and all other facilities, equipment and other appurtenances thereto, over and through the Property, necessary or convenient to Grantee in the use of said pipeline(s) collectively, unless the context indicates otherwise, the "Pipeline", as shown in the attached **Exhibit A**.

This grant shall carry with it the rights of ingress and egress to and from said Property and/or Facilities Property, including the right to temporarily utilize adjoining property of Grantor during construction, repair and maintenance of the Pipeline and/or Facilities with the right to use existing roads for the purpose of constructing, operating, inspecting, repairing, and maintaining the Pipeline and/or Facilities, and the right of removal or replacement of the same with either like or different size or type pipe, facilities or equipment, whether larger or smaller, or other construction at will, either in whole or in part.

TO HAVE AND TO HOLD the above described rights and easements, together with any other rights necessary to operate and maintain the Pipeline and/or Facilities over and across the above described property unto the said Grantee, its successors and assigns.

With the exception of the easement area comprising the Facilities Property, if applicable, Grantor shall have the right to fully use and enjoy the surface of the easement area except for the purposes herein granted provided that such use and enjoyment shall not, in the sole judgment of Grantee, hinder, conflict or interfere with the exercise of the Grantee's rights hereunder. No permanent building, house, well, reservoir, structure or obstruction shall be constructed upon, under or across the easements or rights-of-way herein granted without the Grantee's written consent. Further, Grantor shall not fence the easement area or change the grade of the easement area or excavate within the easement area without the written permission of Grantee. Grantor further agrees not to change the grade, remove dirt from the surface of the easement or impound water over the easement without prior approval of Grantee. Grantee shall have the right to install at its expense, permanent gates in any existing fence to permit ingress and egress along the easement or right-of-way herein granted. Grantee agrees to pay for damages to growing crops and other property of Grantor, or any tenant or lessee of Grantor, as their respective interests may appear, arising out of the construction, operation, repair, inspection, maintenance or replacement of the Pipeline and/or Facilities maintained hereunder unless caused by the negligence of Grantor or of Grantor's agents, employees representatives or assigns. Grantee agrees to hold Grantor harmless from all damages, injuries or claims by third parties resulting from the construction, operation or maintenance of any pipeline(s), facilities and/or appurtenances thereto constructed by Grantee under this easement.

The Grantee shall bury the Pipeline, if applicable, to a depth not less than that required by applicable law or regulation. All construction, maintenance and repairs which shall be made to the Pipeline and/or Facilities shall be done at times suitable to Grantee and, if possible, at such times as will least interfere with the agricultural use of the Property. Grantee shall have the full right, at its sole option, to clear, and keep clear, the right-of-way and easement herein granted, and all timber, trees, undergrowth and other obstructions which might interfere with the construction, operation, inspection, repairing or maintenance of the Pipeline and/or Facilities, or endanger same. Grantee shall have the right to select the exact location of said Pipeline(s) and any future Pipeline(s) within said easement, and to do whatever may be requisite for the use and enjoyment of the rights herein granted. Grantee agrees to restore the Property and/or Facilities Property to as close to the original condition as is reasonable.

Grantor represents that Grantor is the owner in fee simple of the land above described, free and clear of any unstated liens, encumbrances or imperfections, and warrants the title to the Property and/or Facilities Property, subject to outstanding mortgages, if any, now on record in said County/Parish.

Grantor shall retain all oil, gas and other mineral rights in, on and under the right of way and easement granted herein.

This right-of-way and easement shall run with the Property and/or Facilities Property and inure to the benefit of, and be binding upon, the successors in interest of Grantor, in and to the Property and/or Facilities Property.

Grantee shall have the right to assign this easement in whole or in part of one or more assignees.

This contract is binding upon any subsequent owner or owners of said land, and it is hereby expressly understood that the parties securing this grant in behalf of Grantee are without authority to make any covenant or agreement not herein expressed.

COUNCIL COMMUNICATION

Meeting Date: 3/21/2019

Item Title: Lytle Street Phase 2 – Change Order #5

Department: Engineering

Presented by: Chris Griffith, City Engineer

Requested Council Action:

- Ordinance
 - Resolution
 - Motion
 - Direction
 - Information
-

Summary

Change Order No. 5 for exceeding projected estimated quantities due to an increase in scope of work and safely maintaining traffic.

Staff Recommendation

Approve of the change order with Jarrett Builders in the amount of \$486,156.

Background Information

During the construction of the Lytle Street Phase 2 project several unforeseen circumstances were encountered as is common when working in older areas. Several of these items included both utility and drainage facilities. Therefore, additional excavations, conduits, shoring of those excavations, concrete removal, materials for backfill and measures to ensure vehicle and pedestrian safety throughout construction were needed .

The original bid price for the project was \$5,244,688.90. There has been a total of 4 change orders previously for the project. Change Order No. 1 and No. 4 have been previously presented and approved by the Engineering Department for a total of \$111,052. Change Order No. 2 and No. 3 have been previously presented by MWRD and approved for a total of \$251,560. The sum of the previous change orders to date total \$362,6120.01 and brought the contract price to \$5,607,301. The addition of Change Order No.5 of \$486,156 will bring the new contract price to \$6,093,457.

Council Priorities Served

Excellent Services with a Focus on Customer Service.

Improvement of City streets enhances the safety and livability of neighborhoods and the City's roadway system.

Fiscal Impact

None. Funds are available in the balance of previous debt issuances allocated for this project.

**RE: Lytle Street Improvements – Phase 2
Change Order #5**

Dear Chris,

During construction, unforeseen conditions caused quantities for certain items to overrun. These additional quantities had to be used in order to complete the project.

Change Order #5 contains multiple items that were overrun on the project. Descriptions of why each item overran are also contained within the change order.

Upon review of the attached documentation for Change Order #5, Wiser has concluded the pricing for each of the items are acceptable. Wiser recommends the City of Murfreesboro to approve Change Order #5.

Sincerely,

Wiser Consultants, LLC

Lytle Street Phase 2 Quantity Over Runs

Below are the items included in the change order that overran on the project and their descriptions of why they overran:

202-03 Removal of Rigid Pavement

Quantity overran due to:

1. Extra work completed on Church St. sidewalk and ramps due to utility relocation and conduits
2. Extending and reworking sidewalks and ramps along Maple St. to College St. due to utilities
3. Reworking sidewalks in various locations throughout project, for example: Burton St. new ramp, sidewalk at County Motor Vehicle Department., Front St. to College St. existing ramps and sidewalk repairs and modifications
4. Additional island installations on Front St. at two location

203-02.01 Borrow Excavation Graded Solid Rock & 203-05 Undercutting

Both items overran due to encountering existing bad material in roadway that was removed and replaced with good material. Locations and measured undercut areas varied throughout project:

1. Front St. from Lytle St. to College St.
2. Lytle St. from Walnut St. to Front St.
3. Maple St. from Lytle St. to Burton St.
4. Maple St. from Lytle St. to College St.
5. Various locations in parking areas

303-01 Mineral Aggregate Type a Base

Overran due to:

1. Maintenance of roadway
2. Grading and placing of base stone outside of construction limits on roadways that were extended to side streets
3. Grade issues throughout project
4. Extra stone used to finish Lytle Street Phase 1 project

604-01.04 1-1/2" Handrail tubing

Handrailing overran due to grade discrepancies, building codes, and ADA requirements in areas not shown on approved plans.

712-02.02 Interconnected portable Barrier Rail

Overrun due to deep utility cuts and safety issues. The item was also used to hold poles in place to install storm drainage and to protect pedestrians from construction activities.

730-12.31 Trenching (24x64) & 730-12.32 Trenching (16x58)

Both items overrun due to missed utilities in project including:

1. Windstream and XO communications
2. Street lighting around RCJB and various locations
3. Trenching for future traffic signal conduits at Burton St. @ Church St. and Lytle St. @ Front St.
4. Conduit extensions for utilities to College St. on Church St. and Church St. to Burton St.
5. Utility redesign at Front St. to Burton St.

730-12-51 4" Conduit

Overrun due to:

1. Traffic signal relocation at Burton St. at Maple St.
2. New signal conduits at Burton St. @ Church St. and Lytle St. @ Front St.
3. Redesign and extension to College St. at Church St. from Lytle St.
4. Relocation of county fiber conduits
5. Other locations adjusted and relocated due to storm drainage redesign

730-12.53 4" PVC Future

Overrun due to missed utilities on project including: Windstream, Xo communications, Level 3, and other utility relocations and redesign issues throughout project.

730-12.57 Conduit 3" MED

Overrun due to redesign of MED and roadway extensions past construction limits.

730-12.58 2" conduit MED

Overrun due to redesign and relocation of utilities and street lighting and communication conduits unforeseen on project.

730-23.30 Pedestal pole (Halophane)

Overrun due to:

1. Additional street light pole located at Burton St. @ Lytle St.
2. Reinstallation of poles at Burton St. at Health Department
3. Removal and reinstallation of poles at County Clerk's parking lot.
